Program Description

This accelerated plan of study provides a pathway to earning a master’s degree in Strategic Communication along with a bachelor’s degree in any Communication Studies concentrations. Students enrolled in the BA/MA program complete 12 graduate-level credits during their senior year. These credits are offered at the reduced undergraduate tuition rate and fulfill both undergraduate and graduate program requirements.

The MA in Strategic Communications at SUNY New Paltz is a “low residency” program: most coursework can be completed online, but three on-campus weekends per semester give students access to campus resources and opportunities to collaborate with professors and a cohort of peers. The program offers conceptual and applied knowledge taught by scholars who study communication dynamics and by practitioners who put this knowledge into practice in industry. Throughout the program, students will develop their skills in identifying, analyzing, and solving communication problems across a wide range of contexts, with particular attention to non-profit organizations and issues of sustainability. Core courses provide students with a foundation of knowledge and tools for communication while electives offer the opportunity to pursue individualized and interdisciplinary plans of study. An approved internship may substitute for one elective course.

Academic Standing Requirements for Accelerated Pathway Students

A cumulative GPA of less than 3.0 in graduate-level courses taken in the undergraduate portion of an accelerated pathway program precludes the student's good standing. Students with a cumulative GPA between 2.75 to 2.99 are strongly advised to reconsider continuing into the graduate program. Students with a cumulative GPA below 2.75 may not continue and will be de-matriculated from GR program.
