Any credits taken to obtain basic skills may not, however, be applied toward the MBA degree.

- Entering MBA students who have earned a "B" or better in any of the foundation courses approved to be equivalent to the corresponding courses at New Paltz may have these courses waived. In addition, up to nine credits of graduate coursework approved to be equivalent to the corresponding courses at New Paltz may be transferred into the MBA program.

MBA program. The core requirements are designed to provide students with key concepts and strategies that pervade the functional areas of business management today. They constitute the major common body of knowledge with which students develop critical thinking and analytical abilities in the business world. The courses in the core reflect our commitment to a well-rounded business background.

The foundation segment comprises seven courses that are designed to provide students coming from an academic discipline outside of business with the prerequisite knowledge required for successful completion of the core courses. The foundation courses must be taken before the core and elective courses and students must earn a "B" or better in each of these courses. Candidates with a B.S./B.A. in Business Administration or Accounting may receive waivers for some of the foundation courses if they earned a B or higher in those courses.

Students enrolled in the MBA in Business Administration program must take four elective courses. The elective courses provide flexibility in customizing the degree program to suit career goals. Electives are offered in the areas of accounting, project management, finance, international business, marketing, and management. Students may also participate in an internship, independent study, or the Business Plan Contest to fulfill one elective course requirement.

In addition, all MBA students must take a zero-credit Business Workshop at the beginning of the first semester at SUNY New Paltz, which consists of a general orientation, a business writing session, and an ethics test.
