

MSED IN LITERACY EDUCATION GRADES 5-12

Literacy education in the 21st century includes so much more than reading and writing. The School of Education at SUNY New Paltz is preparing a new generation of literacy specialists for rewarding careers, helping children of all ages discover new ways of understanding the world and expressing themselves.

Tech-Intensive Learning

The Literacy curriculum is thoroughly modern, designed to help teacher candidates support their students in a world that increasingly demands digital literacy. Earn foundational knowledge in reading and writing instruction, while gaining proficiency with technological tools and applications at the College's Center for Innovation in Education.

Online, In-Person & Accelerated Options

We've created a new, flexible, fully online curriculum that lets you join a cohort of remote learners in completing classes and fieldwork requirements remotely. Our traditional, on-campus model remains available, and we can also accommodate part-time or accelerated course schedules to help you achieve your goals in a way that fits into your life.

Clinical Fieldwork at our Remote or Campus Literacy Center

The Literacy Education program employs a unique, clinical fieldwork model that creates faculty-mentored opportunities – both in-person and remotely – to apply classroom learning with families in need of diagnostic and remedial services. Work with us at the Literacy Center at SUNY New Paltz, and gain real-world experience that makes a difference in the lives of children and adolescents.

Strong & Dedicated Faculty

The Literacy faculty at SUNY New Paltz go above and beyond to support their students and the broader educational community. They are leaders in their disciplines, published scholars, educators and technology experts, devoted to helping teacher candidates grow into professional literacy coaches and advocates for education at all levels.
