Program Requirements

- Complete the prescribed course work and other requirements within five years after matriculation.
- Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B-.

Additional Requirements

- This program is field-based. As a result, a significant amount of your teacher preparation program will be conducted in the professional field under supervision with students and cooperating teachers. The required practicum is offered during the spring and fall. Summer practicum is available to those meeting certain criteria. This is important to consider in planning your program since working in the field demands that you have time available to spend in schools, clinics, and classrooms. This may necessitate an adjustment to your daily schedule. You must have a 3.0 average in graduate courses and no more than two courses with a B- in order to enroll in the practicum course, SPE753.
- Deadlines for practicum application forms are available in the Educational Studies Office, Old Main Building 108.

Graduation Requirements

- Certification Exam
- In order for SUNY New Paltz to recommend a student for certification, you must pass the Students with Disabilities Content Specialty Test.
