MS IN COMMUNICATION DISORDERS - SPEECH-LANGUAGE PATHOLOGY CONCENTRATION

Admission Requirements

• A baccalaureate degree from an accredited institution

• A minimum cumulative undergraduate grade point average (GPA) of 3.0 (4.0 scale)

• A college-level course in statistics with a minimum grade of 2.0 (4.0 scale)

• At least nine courses in communication disorders at the undergraduate level. Courses must be determined to be equivalent to the New Paltz minimum specified courses listed below, and must have been completed in the last 10 years. These courses may be in progress at the time of application but must be completed prior to entry into the program.

• Official results of the GRE general test with satisfactory test scores

• One copy of ALL official transcripts (including transfer schools)

• A non-refundable application fee of $60

• Three letters of recommendation from persons familiar with your recent professional/academic activity and qualifications. At least two must be from academic faculty

• A typed, 400-500 word graduate admissions essay

• A completed Prerequisites Form

• An interview and proctored writing sample may be required

Code     Title                                      Credits
Specified Courses (27 Credits)
Anatomy and Physiology of Speech and Hearing     3
Audiology                                       3
Aural Rehabilitation                            3
Hearing and/or Speech Science                    3
Language Development in Children                 3
Diagnostic and/or Clinical Methods               3
Phonetics                                       3
Speech and/or Language Disorders                 6
Total Credits                                   27

1 Must include 25 observation hours
2 Minimum of two courses

Additional Courses

In addition, students applying for the Speech Language Disabilities Program (090I) must complete the following three courses, or their equivalents. These courses should be taken in advance but may be completed during graduate study:

• A course in the Foundations of Education, e.g., equivalent to EDS340 Sociological and Philosophical Foundations of Education (3 credits)

• A course in child or adolescent development, e.g., equivalent to EDS371 Child Psychology and Development (3 credits)

• A course in special education inclusion, e.g., equivalent to SPE350 Creating Inclusive Elementary School Classrooms or SPE385 Differentiating Instruction in the Secondary School (3 credits). Alternatively, students may take SPE565 Teaching in Inclusive Classrooms (3 credits) after starting the graduate program

Other required courses for ASHA certification that should be taken in advance but may be completed during graduate study are listed below. A minimum grade of C (2.0) is required in each course:

• A college-level biological science course, preferably human or animal (3 credits)

• A college-level physics or chemistry course relevant to the field of Communication Disorders (3 credits)

• Two college-level social science courses (total of 6 credits)

• Manual communication proficiency is required for ASHA certification, and although there are a variety of ways to fulfill this requirement, we recommend a course or certificate in manual communication (such as American Sign Language)

Refer to the ASHA.org website for examples of courses that fulfill these requirements: ASHA Certification Courses

Application Deadlines

Applications Open - August 1
Applications Close - February 1

M.S. in Communication Disorders – Speech-Language Pathology Concentration 090S

The Speech-Language Pathology concentration comprises 61 credits and leads to New York State licensure and ASHA certification.

</table>

1. 1 credit course. Taken twice.
2. Repeatable course.

Students must:

- File a “plan of study” during the first semester after matriculation
- Complete prescribed course work within four years after matriculation
- Maintain a cumulative average of 3.0 or higher, with no more than two grades below B-
- Successfully complete a comprehensive examination with written and oral components
- Demonstrate clinical competence by successfully completing the prescribed number of clinical contact hours. These will be between 325 and 375 clock hours depending on previous clinical experience
