* The MA in Strategic Communication is a “low residency” program: most coursework can be completed online, but three on-campus weekends per semester give students access to campus resources and opportunities to collaborate with professors and a cohort of peers.

**Program Description**
The Master of Arts in Strategic Communication offers conceptual and applied knowledge taught by scholars who study communication dynamics and by practitioners who put this knowledge into practice in industry. Throughout the program, students will develop their skills in identifying, analyzing, and solving communication problems across a wide range of contexts, with particular attention to non-profit organizations and issues of sustainability. Core courses provide students with a foundation of knowledge and tools for communication while electives offer the opportunity to pursue individualized and interdisciplinary plans of study. An approved internship may substitute for one elective course.
