Program Description

The Psychology Graduate Program offers a 39-credit Master of Science degree in Psychological Science. This research-based program exposes students to research in a variety of fields including social, cognitive, developmental and applied psychology. In addition, students learn advanced statistical and experimental and non-experimental methodological skills. The degree may serve as preparation for entry into a doctoral program or as additional training for those who plan to enter or continue work in applied areas of psychology with an emphasis on research.

Admission Requirements

The Psychology Graduate Programs' Admissions Committee reviews applications. Please prepare the following items for inclusion in the online application process:

- Baccalaureate degree from an accredited institution with a minimum grade point average of 3.0 for all undergraduate work or strong evidence of recent academic achievement.
- Successful completion of undergraduate General Psychology, Statistics, and Research Methods in Psychology.
- One official copy of transcripts of all undergraduate and graduate work.
- Contact information for three individuals who have agreed to provide letters of recommendation.
- Statement of professional goals.
- International students must meet these additional requirements for admission: [International Graduate Admissions | SUNY New Paltz](#)
- Please send OFFICIAL transcripts to:
