

HEALTHCARE ADMINISTRATION

Overview

Program Coordinator	Aaron Hines, (845) 257-2968, hinesa@newpaltz.edu
Credits	9
Stackability	Microcredential may be used as a component of the MBA program.
Modality	In-person

Microcredential Description

The Healthcare Administration microcredential recognizes the completion of a three-course sequence covering healthcare policy, healthcare financing, and healthcare administration. With the projected growth of more than 20% in healthcare administration jobs between 2016-2026, there is considerable demand for professionals with knowledge of the healthcare field. The healthcare administration microcredential exists within the MBA program as a selection of electives that allow students to add a specialized expertise without investing in a second master's degree. Although situated within the MBA program, non-matriculated students are eligible to earn this microcredential as well.
