The Office of Graduate and Extended Learning at SUNY New Paltz has a long and proud history of providing professionals in the Hudson Valley region and beyond the tools for success in their chosen career paths. New York at New Paltz, January 2018. We provide administrative, admissions, and academic advising services, and – through the work of the Graduate Council – promote academic excellence and program and curriculum development.

Looking for advice or insight on a graduate program? We provide program and admissions information to prospective graduate students in person, by phone, or via email. Prospective students are able to meet on a walk-in basis or by appointment with an advisor who provides individualized program and application information.

**Staff**

E-mail: gradstudies@newpaltz.edu

**Our Mission:** The Office of Graduate & Extended Learning at SUNY New Paltz aims to meet the educational needs of graduate, pre-professional, professional and career-changing students seeking timely, innovative, and intellectually stimulating study while providing the breadth and depth of knowledge necessary in their chosen disciplines. Whether in the classroom, in the field, or online, our graduate, certificate and non-credit programs prepare students to be knowledgeable and skilled, ethical, and culturally sensitive individuals prepared to contribute meaningfully to their profession and their communities.

SUNY New Paltz Mission (http://www.newpaltz.edu/about/mission.html)
STATE UNIVERSITY OF NEW YORK

Facts
The nation’s largest and most comprehensive state university system, The State University of New York (SUNY), was founded at Potsdam, New York in 1816. Years later, the Morrill Act of 1862 led to the creation of four Ivy League land-grant SUNY colleges, which now currently exist at Cornell University. SUNY was officially established in February 1948 when New York became the 48th state to create a state university system. SUNY initially represented a consolidation of 29 unaffiliated institutions, including 11 teachers’ colleges. All of these colleges, with their unique histories and backgrounds, united for a common goal: To serve New York State. Since 1948 SUNY has grown to include 64 individual colleges and universities that were either formerly independent institutions or directly founded by the State University of New York.

Today, the State University of New York’s 64 geographically dispersed campuses bring educational opportunity within commuting distance of virtually all New Yorkers and comprise the nation’s largest comprehensive system of public higher education. The State University of New York’s 64 campuses are divided into four categories, based on educational mission, the kinds of academic opportunities available, and degrees offered. SUNY offers students a wide diversity of educational options: short-term vocational/technical courses, certificate programs, associate degree programs, baccalaureate degree programs, graduate degrees and post-doctoral studies. The University offers access to almost every field of academic or professional study somewhere within the system via 7,669 degree and certificate programs overall.

SUNY students represent the society that surrounds them. In January 2008, 19.9% of all enrolled students were minorities. While SUNY students are predominantly New York State residents, representing every one of the state’s 62 counties, they also hail from every other state in the United States, the District of Columbia, four U.S. territories, and 168 foreign countries. SUNY enrolls 40% of all New York State high school graduates, and the total enrollment of 418,000 full-time and part-time students represents 37% of New York State’s higher education student population. SUNY alumni number over 2.4 million graduates residing in New York State and throughout the world.

SUNY attracts the best and brightest scholars, scientists, artists and professionals and boasts nationally and internationally recognized faculty in all major disciplines. Faculty are regular recipients of prestigious awards and honors. SUNY colleges and universities range from world-renowned community colleges, such as the Fashion Institute of Technology, to first-rate graduate schools and the nation’s top veterinary school. The highly-regarded doctoral degree granting universities are home to top research programs and attract experts in a variety of fields. Studies study in campus classrooms and laboratories or work from a distance through the SUNY Learning Network, which provides educational opportunities to more than 70,000 students through 4,000 courses and 60 degree and certificate programs.

The State University of New York is committed to providing quality education at an affordable price to New Yorkers and students from across the country and the world.

Faculty
SUNY is committed to bringing its students the very best and brightest scholars, scientists, artists and professionals. SUNY campuses boast nationally and internationally recognized faculty in all the major disciplines. Their efforts are regularly recognized in numerous prestigious awards and honors. Among our faculty are Nobel Laureates, Dirac and Fields Medal winners, National Medal of Science Laureates, and members of the National Academies of Science, Engineering and Medicine. Also among SUNY faculty are winners of the Pulitzer Prize, MacArthur Foundation “Genius Grants” and Grammy, Emmy and Tony Awards. SUNY highly values the work our faculty do in the classroom as well. We are proud to note that the 62 percent of our faculty at state-operated campuses who are full-time teach 75 percent of total credit hours.

Research
SUNY encourages research and innovation. In FY 2005, funding for SUNY research and sponsored programs totaled $894.1 million, supporting more than 18,000 employees and 10,500 SUNY research projects. This is a 10 percent increase from the previous year and more than a 95.3 percent increase since FY 1995. In FY 2004, a diverse range of SUNY ideas and discoveries generated 44 U.S. patents and $13.5 million in royalties. Based on the most recent Association of University Technology Managers “Licensing Survey: FY 2003,” SUNY is ranked the 14th largest producer of patents of all universities public and private, just behind Harvard and Cornell Universities. Our research also ranked 10th among New York State organizations in number of patents from 1999 to 2003, ahead of Carrier Corp., Siemens, Lockheed Martin, Bausch & Lomb and Bristol-Meyers Squibb.

Biomedical advances by SUNY professors include the invention of MRI technology, the first implantable heart pacemaker, discovery of the causes of Lyme disease and the invention of Nicorette® gum for smoking withdrawal.

State University of New York is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the State University Board is defined by law.

The University’s motto is: “To Learn—To Search—To Serve.”

Board of Trustees
The SUNY Board of Trustees (https://www.suny.edu/about/leadership/board-of-trustees/meet-the-trustees/) is comprised of 18 members, 15 of whom are appointed by the Governor, with consent of the NYS Senate:

H. Carl McCall (Chairman)
Joseph Belluck
Courtney Burke
Marc Cohen
Eric Corngold
Robert Duffy
Angelo Fatta
Gwen Kay
Eunice A. Lewin

Vice Chancellor and Chief Diversity Officer
Dr. Carlos Medina

Vice Chancellor for Human Resources

Curtis L. Lloyd

Student Assembly President
Marc Cohen

University Faculty Senate President
Dr. Gwen Kay

Faculty Council of Community Colleges President
Nina Tamrowski
The State University of New York at New Paltz is an exciting blend of tradition and vision. At its educational core is the ever-present belief in the importance of a liberal arts education. This served as the guiding principle at the time the university was founded, in 1828, and continues to aid in the preparation of students for transition into the global community today. Equally important is the commitment to the growth of the student -intellectually, culturally, and socially. Throughout its history, New Paltz has led the way in the development of significant innovations, not the least of which has been its dedication to providing an international focus to all areas of its curriculum.

Between the founding of this school and the establishment of the present 257-acre campus of SUNY New Paltz, many historic changes took place.

1828 - School for teaching of classics started
1833 - The New Paltz Academy established
1885 - State normal school established
1886 - Normal school opened
1925 - Changed from offering a two year degree to three year
1942 - Normal school becomes State Teachers College at New Paltz; authorized to grant baccalaureate degree
1947 - Graduate courses leading to master’s degree introduced
1948 - State University of New York created by legislative action; The College at New Paltz joins 30 other institutions of higher learning
1951 - New Paltz adds art education degree to its program
1959 – College’s name changed to College of Education
1960 – Authorization of liberal arts program leading to Bachelor of Arts degree granted
1961 - College renamed State University of New York College of Arts and Science at New Paltz
1994 - College renamed State University of New York at New Paltz

Today, SUNY New Paltz has many more programs, facilities, and students than the founders of the classics school could have foreseen in 1828. What has not changed in the course of the history of higher education at SUNY New Paltz is a strong commitment to the principle of excellence in teaching and learning.

College Council

Members of the SUNY New Paltz College Council are:

Eli Basch
Interim Chairperson
Kingston

Michael Catalinotto
Saugerties

Vincent Cozzolino ’83

Taijah Pink
Student Association President

Anne Balant
Faculty Representative

Robin Cohen-La Valle ’77, 82g
Alumni Representative

Retired Members

Kenneth J. Abt
Previous Chairperson
Middletown

Bythema B. Bagley ’83
New Paltz

The Community

Located in the 329 year-old village of New Paltz (founded in 1677 by French Huguenots), the contemporary buildings of the landscaped campus are a fitting contrast to the historic structures of the community and to the farmlands and vineyards beyond. Nestled between the historic Hudson River to the east and the majestic Shawangunk Mountains to the west, New Paltz provides some of the most breathtakingly beautiful countryside on the east coast. The community is surrounded by the fertile farmlands of the Wallkill River Valley and hill upon hill of apple orchards and vineyards, making the region one of the prime apple-growing and wine making areas in New York State.

New Paltz is an aesthetic blend of commerce and natural beauty and is great for hiking and biking or just strolling along its many quiet tree-lined streets. Restaurants, retail shops and professional offices intermingle with historic stone houses built in the 17th and 18th centuries.

New Paltz is most famous for Huguenot Street, the oldest street in America, where visitors are welcome to tour the original stone houses, gaining a glimpse of 17th century colonial life.

The local terrain – from underground caverns to mountain peaks – is perfect for on-site study in geology. New York City, an educational gold mine, is less than a two hour drive, and benefits business, political science, communication, international relations, and fine and performing arts students with voluminous offerings: the UN, network studies, national publications, Wall Street, Broadway, museums and galleries, – to scratch only the surface.

Regional beauty is but one reason to consider attending New Paltz. The region itself abounds in educational experiences. History students, for example, would be hard-pressed to find a more suitable location for exploring America’s past. The nation’s oldest street with its original houses is just blocks from campus and ancient Native American artifacts abound. Former US presidents’ homes, as well as Kingston’s historic Rondout district, become natural labs for history and anthropology students. Political science majors are just a short drive away from the state capital and internships in state government. An abundance of
health care agencies offer beneficial observation experience to students with ambitions for medical or allied health careers.

The Faculty

SUNY New Paltz faculty have been cited for excellence in teaching – SUNY Chancellor’s Award for Teaching and SUNY Distinguished Faculty – and numerous research honors such as Fulbright, Guggenheim, National Science Foundation and National Endowment for the Arts fellowships.

Chancellor’s Awards

State University’s Chancellor’s Award for Excellence in Teaching

Emeriti Faculty:

The Chancellor’s Award for Excellence in Faculty Service

Emeriti Faculty:
Elaine B. Hofstetter, 2003

The Chancellor’s Award for Excellence in Professional Service

Emeriti Faculty:

The Chancellor’s Award for Excellence in Librarianship
Corinne Nyquist, 1986

Emeriti Faculty:

The Chancellor’s Award for Excellence in Scholarship and Creative Activities

Emeriti Faculty:
James Bennett, 2003; and Katherine L. French, 2008.

Distinguished Faculty

Distinguished Professors
Gerald Benjamin, Lawrence Fialkow, Keqin Li

Emeriti Faculty:
Arthur Cash, David Clark, Laurence Hauptman, Ronald Knapp

Distinguished Service Professorship

Emeriti Faculty:
Peter D.G. Brown, Dorothy Hayes, Henry Urbanski

Distinguished Teaching Professors
Jan Z. Schmidt, Harry Stoneback

Emeriti Faculty:
Gerald Sorin

Student Consumer Information Requirement

In compliance with both Federal and State laws, the College makes available to students or prospective students information about instructional programs, costs of attending the institution, financial assistance available to students, refund policy, qualification of faculty, graduation rates and placement of graduates. The College Registrar is available to assist students or prospective students in obtaining information specified in the Regulations of the Commissioner of Education, Chapter 2, Sections 53.1-3, 4.

A copy of the SUNY New Paltz campus crime statistics as reported annually to the U.S. Department of Education will be provided upon request by SUNY New Paltz University Police. Please direct all such requests to University Police at (845) 257-3340, or (845) 257-3802, or download the report at https://www.newpaltz.edu/police/. Additionally, information may be obtained from the U.S. Department of Education website at www.ed.gov.

Access to Educational Records

1. The Family Education Rights and Privacy Act (FERPA) provides that qualified individuals and agencies shall have the right to inspect and review certain student educational records. Individuals and agencies so qualified are:
   - Presently and formerly enrolled students (who may see their own records);
   - Parents of formerly enrolled students of the van den Berg Learning Center;
   - School and government officials and agencies specifically described in Section 438 of the Act.

2. The following records are maintained by the college and may be reviewed by duly qualified persons by making a written request at the designated office. The law requires that access must be provided not more than 45 days after receipt of the request.
   - Records relating to student payments, receipts, applications for refunds, dormitory damage assessments – Office of Student Accounts.
   - Information concerning NDSL and Perkins Loans Student Loan Office.
   - Student teaching records, including personal information and evaluation reports (other than confidential evaluation reports received prior to January 1, 1975) – Student Teaching Office.
   - Records and recommendations relating to overseas academic programs (other than letters of recommendation received prior to January 1, 1975) – Center for International Programs.
• Student housing records, including current addresses, records of dormitory disciplinary actions, requests for single rooms and accommodations for other special housing needs, dormitory damage assessments, resident assistant employment information – Department of Residence Life.
• Records relating to Continuing Education (other than letters of recommendation received prior to January 1, 1975) – Office of Extended Learning.
• Undergraduate admissions and readmissions files (other than letters of recommendation received prior to January 1, 1975) – Office of Records & Registration.
• Records relating to Educational Opportunity Program students including academic records, letters of academic probation and dismissal – Educational Opportunity Program.
• Graduate admissions applications, related correspondence (other than letters of recommendation received prior to January 1, 1975), and transcripts of baccalaureate work for matriculated and non-matriculated graduate students – Office of Graduate & Extended Learning. Graduate Record Examination or Miller Analogies Test scores where required and letters of reference for matriculated students are on file in the respective department offices. Duplicate transcripts of baccalaureate work are on file in the respective department offices.
• Records relating to career planning and placement – Career Resource Center. Transfer students credit evaluations – Office of Records & Registration. Records relating to student financial aid (other than Parents’ Confidential Statements and Income tax returns) – Office of Financial Aid.
• Records relating to disciplinary action, legal action, or complaints about students – Office of the Vice President for Student Affairs.
• Student employment records – Payroll Office.
• Records relating to applications to medical and dental schools (other than letters of recommendation dated prior to January 1, 1975) – Pre-Medical and Pre-Dental Advisory Committee, Dr. Tom Nolan, Chairman.

3. The following records maintained by the college are specifically excluded from the Family Education Rights and Privacy Act and will not be available for inspection:
• Personal notes made by instructional, supervisory, or administrative personnel, in the sole possession of the maker and not available to anyone else except a substitute.
• Records maintained by the Health and Counseling Centers, or by other college counselors. These records will be made available to an appropriate professional of the student’s (or parent’s) choice.
• Confidential letters of recommendation, reference, or evaluation if the right of access has been waived (see paragraph 8).
• Other letters of recommendation, reference, or evaluation received prior to January 1, 1975.
• Parents’ Confidential Statements and parents’ income tax returns.

4. Each of the offices mentioned in paragraph 2 will maintain a record of individuals or agencies who have requested and/or obtained access to the student records for which it is responsible, and will be available for inspection on the same basis as the basic records.

5. Access to records listed in paragraph 2 may be obtained by submitting a written request to the office indicated. Forms for this purpose are available in these offices but are not required. Arrangements will be made available within 45 days of the request for inspection of such records in the office in which they are maintained.

6. Requests by the student (or parent) for permanent removal of any document or record from the file or for permission to file a response to such document or record shall be made to the officer maintaining the record. If the request is denied, a hearing may be obtained in the following manner:
• If the officer maintaining the record is a vice president, the hearing will be conducted by the president (or designee).
• If the officer maintaining the record is not a vice president, the hearing will be conducted by the vice president (or designee) responsible for supervision of the office in which the record is maintained. In such cases the president (or designee) may entertain appeals.
• The hearing will be held within a reasonable time after request thereof is made and a written decision will be issued within 10 working days of completion of the hearing.

7. Each student may waive his/her right to access confidential recommendations used solely in connection with applications for admission to this or any other college or university, applications for employment, or receipt of an honor. The names of persons making such recommendations will be provided upon request. The executed waiver will be sent to the individual providing the recommendation and will place the recommendation in the category of documents not available for inspection and review.

8. It is the general policy of the college to obtain a student’s consent before releasing any information. However, in the case of normal public relations such as a specific public event (theatrical production, concert, athletic event, graduation, awarding of scholarship), information regarding a student’s participation in that event, the student’s class and major field of study, and the height and weight of members of athletic teams maybe released without consent. Any student who does not wish to have this information released must so notify the college relations officer in writing not later than the second week of classes – Office of Public Affairs.

GRADUATE PROGRAMS

Become A Teacher
It’s never too late to become an educator. SUNY New Paltz offers two pathways for non-certified students who have bachelors’ degrees in an approved academic discipline and who wish to earn a NYS teaching credential.

- MST in Childhood Education 1-6 (p. 125)
- MST in Childhood Education 1-6 and Early Childhood Education B-2 (p. 126)
- MAT - Master of Arts in Teaching (p. 127)

Diversify Your Teaching Portfolio
Expand your areas of expertise by adding a new certification to your teaching portfolio.

- MSEd Childhood 1-6 - Early Childhood Specialization (p. 129)
- MSEd Childhood 1-6 - Reading/Literacy Specialization (p. 130)
- MSEd Childhood 1-6 - STEM Specialization (p. 131)
- MSEd Adolescence Education (7-12) (http://catalog.newpaltz.edu/graduate/education/secondary-education/msead-adolescence-education-7-12/#overviewtext)
- MSEd Literacy Education (B-6 and 5-12) (p. 132)

Broden Your Opportunities
Three ways to engage in English

Become a Counselor, Speech Pathologist, Music Therapist or Researcher

- MS in Clinical Mental Health Counseling (p. 150)
- MS in School Counseling (p. 152)
- Adv Cert in Mental Health Counseling (p. 153)
- Adv Cert in Trauma and Disaster Mental Health (p. 154)
- MS in Communication Disorders (p. 155)
  - MS in Communication Disorders - Speech and Language Disabilities Concentration (p. 159)
  - MS in Communication Disorders - Speech-Language Pathology Concentration (p. 161)
- MS in Music Therapy (p. 162)
  - Master of Science in Music Therapy (p. 165)
  - MS in Psychological Science (p. 166)

Succeed in Business, Engineering or Computer Science

- MBA in Business Administration (p. 167)
- MBA in Public Accountancy (p. 168)
- MS in Electrical Engineering (p. 168)
- BS/MS in Electrical Engineering (p. 169)
- BS Computer Engineering/MS Electrical Engineering (p. 169)
- MS in Computer Science (p. 170)

Establish a Professionally Sustainable Art Practice

- MFA in Studio Art (p. 171)
  - MFA in Studio Art (p. 182)
- MSEd Visuals Art Education (p. 184)
  - MSEd in Visual Arts Education (p. 186)

Bachelor's + Master's Degree in 5 Years

- BA/MA English (p. 148)
- BA in Chemistry + MAT in Adolescence Ed: Chemistry (p. 187)
- BA in Geology + MAT in Adolescence Ed: Earth Science (p. 188)
- BS/MS in Electrical Engineering (p. 169)
- BS Computer Engineering/MS Electrical Engineering (p. 169)
COURSE DESCRIPTIONS

Abroad (ABD)

ABD552. STUDY ABROAD LONDON ART. 12 Credits.
ABD570. Art History Abroad. 12 Credits.
ABD583. Business Studies in Europe. 12 Credits.
ABD585. SUNY Abroad IPSL. 12 Credits.
ABD598. STUDY ABROAD OTHER SUNY. 12 Credits.

Ancient World Studies (ANC)

ANC593. Ancient Studies Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

Anthropology (ANT)

ANT534. Archaeological Field School. 6 Credits.
Intensive field and laboratory instruction in excavation techniques, mapping and recording, artifact cataloging, analysis and curation, and the preparation and writing of archaeological reports.
Restrictions:
• Must have the following level: Graduate

ANT595. Indep Study Anthropology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ANT795. Indep Study Anthro. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Arabic (ARB)

ARB595. Indep Study Arabic. 1-12 Credits.

Art Education (ARE)

ARE501. Graduate Readings in Art Education. 1 Credit.
Presents contemporary and historic readings in art education. Includes antecedents to and examples of contemporary pedagogical approaches to learning and teaching in art.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE517. Visual Arts Research I. 2 Credits.
Working concurrently with Graduate Studio Research I, students will write a written proposal for a body of artwork based on theories, practices and contexts of the visual arts and art education pedagogy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE518. Visual Arts Research II. 2 Credits.
Students continue to probe the relationship between theory and practice as a core element in artistic and pedagogical research as a result of their exploration of research in Visual Arts Research I.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE519. Art and Pedagogy I: Contemporary Approaches. 3 Credits.
Students will utilize theoretical frameworks shaping contemporary art education practice to develop an expanded repertoire of contemporary pedagogical strategies for engaging students with making and discussing art.
Prerequisites:
• ARE 501 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE520. Winter Session Review. 1 Credit.
In this Winter session weekend course, students will synthesize and refine ideas for their body of artwork, Artist Statement, Journal, and classroom experience developed during the fall semester.
Prerequisites:
• ARE 517 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
ARE593. Art Ed Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on
a particular topic of interest. Descriptions are printed in the Schedule
of Classes each semester. Selected topics courses may be used as
elective credit and may be repeated for credit, provided that the topic of
the course changes.
Restrictions:
• Must have the following level: Graduate

ARE594. Fieldwork In Art Ed. 3 Credits.
Restrictions:
• Must have the following level: Graduate

ARE595. Indep Study Art Ed. 0 Credits.
Restrictions:
• Must have the following level: Graduate

ARE701. Seminar in Art Education . 3 Credits.
This course will focus on the current directions and practices in
art education, art and related disciplines. Attention will be given to
the reflection on current practice of graduate students writing a
comprehensive plan of study. This required course must be taken within
the first six credits of graduate study.
Restrictions:
• Must have the following level: Graduate

ARE717. Research in Art Education . 3 Credits.
Designed as an introduction to research topics and methods in art
education. Topics include: Identification of research problems, the
literature review, conducting searches, and reading and interpreting
research journal articles. Different types of inquiry – descriptive,
quantitative, qualitative, philosophical and curriculum research – will be
examined. This course is designed for students to complete individual
scholarly reviews of the literature in the topic areas for this master’s
thesis projects.
Prerequisites:
• ARE 701 with a minimum grade of D-

ARE721. Art and Pedagogy II. 3 Credits.
Students synthesize studio and pedagogical research and apply to
the development of curriculum emerging from contemporary artistic
practices. Includes designing curriculum and instructional strategies,
organizing and presenting synthesis research in a public forum, and
developing writing for publication.
Restrictions:
• Must have the following level: Graduate

ARE790. Thesis in Art Education (3-6) . 3-6 Credits.
Preparation and writing of a thesis under the guidance of the major
professor. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate

ARE793. Art Ed Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on
a particular topic of interest. Descriptions are printed in the Schedule
of Classes each semester. Selected topics courses may be used as
elective credit and may be repeated for credit, provided that the topic of
the course changes.
Restrictions:
• Must have the following level: Graduate

ARE794. Fieldwork in Art Educat. 3 Credits.
Restrictions:
• Must have the following level: Graduate

ARE795. Indep Study Art Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARE799. Continued Registration. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Art History (ARH)

ARH500. Art Criticism . 3 Credits.
Philosophic and aesthetic foundations for a theory of criticism in the
visual arts. Development of critical technique.
Restrictions:
• Must have the following level: Graduate

ARH501. Studies in Prehistoric Art . 3 Credits.
The earliest art and architecture of pre-literature cultures, especially in
Europe before about 1000 B.C.
Prerequisites:
• ARH 201 with a minimum grade of D-

ARH502. Studies in the Art of the Ancient Near East . 3
Credits.
An examination of selected topics dealing with the art of Mesopotamia,
Iran, Anatolia and the Levant from the seventh millennium to the end of
the first.
Prerequisites:
• ARH 201 with a minimum grade of D-

ARH503. Studies in the Art of Ancient Egypt . 3 Credits.
This course examines selected topics relevant to the art and architecture
of pharonic Egypt.
Prerequisites:
• ARH 202 with a minimum grade of D-

ARH504. Studies in the Art of the Ancient Near East . 3
Credits.
An examination of selected topics dealing with the art of Mesopotamia,
Iran, Anatolia and the Levant from the seventh millennium to the end of
the first.
Prerequisites:
ARH504. Studies in Minoan and Mycenaean Art . 3 Credits.
This course examines selected topics relevant to the cultures of Crete and Mycenaean Greece from the beginning of the third to the end of the second millennium B.C.
Prerequisites:
• ARH 202 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH505. Studies in Greek Art . 3 Credits.
An examination of selected topics dealing with the art and architecture of Greece, from 1000 B.C. to the end of the first millennium B.C.
Prerequisites:
• ARH 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH506. Studies in Roman Art . 3 Credits.
An examination of selected topics dealing with Roman art in the Republican Period and the Imperial Era, from the second century B.C. to the fourth century A.D.
Prerequisites:
• ARH 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH507. Studies in Byzantine Art . 3 Credits.
An examination of selected topics dealing with East Christian art from the age of Constantine the Great in the early fourth century B.C. to the fall of Constantinople in A.D. 1453.
Prerequisites:
• ARH 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH508. Studies in Medieval Art . 3 Credits.
European art and architecture from the Early Christian period to the end of the Middle Ages c. A.D. 1500.
Prerequisites:
• ARH 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH509. Studies in Italian Renaissance Art . 3 Credits.
A detailed analysis of a specific topic concerned with Early Renaissance and High Renaissance art in Italy such as: the Renaissance Portrait; or, Donatello and Early Renaissance Sculpture; or, Classical Subjects in Renaissance Painting and Sculpture — the influence of Classical Art and Literature. Topics will be chosen to take advantage of art collections and special exhibitions in New York City and other nearby museums.
Prerequisites:
• ARH 202 with a minimum grade of D- and ARH 361 with a minimum grade of D- and ARH 364 with a minimum grade of D- and ARH 440 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH510. Studies in Northern Renaissance Art . 3 Credits.
A detailed analysis of a specific topic such as: Developments in Landscape Painting, Drawing and Prints in the Low Countries, Germany and Austria; Image and Meaning from Bosch to Bruegel; Albrecht Durer, His Contemporaries and His Influence. Topics will be chosen to take advantage of the art collections and special exhibitions of museums in New York City and the region.
Prerequisites:
• ARH 202 with a minimum grade of D- and ARH 361 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH511. Studies in Sixteenth-Century Art . 3 Credits.
This course examines a specific aspect of Renaissance and Mannerist art in Italy, including Italian artistic influence upon northern European artists during this time. Topics that might be investigated include: Problems in Mannerist Art; Titian and Venetian Painting of the Sixteenth Century; Michelangelo as Sculptor, Painter and Architect. Topics will be chosen to take advantage of the art collections and special exhibitions of museums in New York City and the region.
Prerequisites:
• ARH 202 with a minimum grade of D- and ARH 361 with a minimum grade of D- and ARH 362 with a minimum grade of D- and ARH 440 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH512. Studies in Baroque Art . 3 Credits.
This course examines a specific aspect of the art and architecture of the seventeenth century in Europe such as: Rembrandt and His Influence; Genre Painting in the Low Countries; The Baroque Portrait; Bernini and the Roman Baroque. Topics will be chosen to take advantage of the art collections and special exhibitions in New York City and the region.
Prerequisites:
• ARH 202 with a minimum grade of D- and ARH 361 with a minimum grade of D- and ARH 362 with a minimum grade of D- and ARH 383 with a minimum grade of D- and ARH 440 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH513. Studies in Eighteenth-Century Art . 3 Credits.
A detailed analysis of an aspect of the period from Louis XIV to Napoleon in European Art and Architecture. Topics that could be investigated include: Asian Influences in European Art, Architecture and Gardens of the Eighteenth Century; Romantic Classicism to Neo-Classicism — Changes in a Vision of Classical Antiquity; Women as Subjects, Patrons and as Artists in the Eighteenth Century. Topics will be chosen to take advantage of the art collections and special exhibitions in museums in New York City and the region.
Prerequisites:
• ARH 202 with a minimum grade of D- and ARH 383 with a minimum grade of D- and ARH 442 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
ARH514. Studies in Nineteenth-Century Art . 3 Credits.
A detailed analysis of an aspect of nineteenth-century European art.
Prerequisites:
• ARH 202 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH515. Studies in Modern and Contemporary Art. 3 Credits.
Theory and criticism of major artists and artistic movements in Europe, America, and elsewhere from the beginning of the twentieth century.
Restrictions:
• Must have the following level: Graduate

ARH516. Studies in American Art . 3 Credits.
A detailed analysis of an aspect of American art from the Colonial period to the present. Students should have a basic understanding of the styles and periods of European art since the Renaissance as a foundation for the study of American art on the graduate level.
Restrictions:
• Must have the following level: Graduate

ARH517. Studies in East Asian Art . 3 Credits.
This course examines selected topics relevant to the arts and architecture of China, Korea, and Japan from the earliest times to the twentieth century.
Restrictions:
• Must have the following level: Graduate

ARH518. Studies in South Asian Art . 3 Credits.
This course examines selected topics relevant to the arts and architecture of South Asia, including India, Pakistan, Bangladesh, and Sri Lanka.
Prerequisites:
• ARH 360 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH519. Studies in Islamic Art . 3 Credits.
This course examines selected topics relevant to the arts and architecture of the Islamic world, including both the central Islamic lands and outlying areas of Europe, Africa, and Asia.
Restrictions:
• Must have the following level: Graduate

ARH520. Studies in Pre-Columbian Art . 3 Credits.
Art and architecture in Mexico, Central and South America before European intervention c. A.D. 1500.
Restrictions:
• Must have the following level: Graduate

ARH521. Studies in the Native Arts of Africa, Oceania, and North America . 3 Credits.
Traditional sculpture, painting, building and crafts of the indigenous peoples of Africa, the islands of the South Pacific and North America.
Restrictions:
• Must have the following level: Graduate

ARH522. Studies in the History of Architecture . 3 Credits.
Theory and criticism of architectural development at certain times and in certain places selected at the discretion of the instructor.
Restrictions:
• Must have the following level: Graduate

ARH523. Studies in the History of Drawings . 3 Credits.
This course examines specific aspects of style, technique, and function of drawings in the context of works for which they are preparatory studies and, also, drawings as finished works of art. Detailed analysis of individual topics would be emphasized in the context of subjects such as: Italian Renaissance Drawings; or, Landscape-Studies from Nature; or, Redefinitions of Drawing in the Twentieth Century. Topics will be chosen to take advantage of the art collections and special exhibitions of museums and galleries in New York City and the region.
Prerequisites:
• ARH 373 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARH524. Studies in the History of Prints . 3 Credits.
A detailed examination of a selected topic concerned with developments in the art of the print, such as: Innovation in Impressionist and Post-Impressionist Prints; or Illustrated Books and Artists’ Prints; or Japanese Prints and their Influence on Western Artists in the nineteenth century.
Restrictions:
• Must have the following level: Graduate

ARH525. Studies in the History of Decorative Arts . 3 Credits.
The aesthetics and techniques of media other than architecture, painting, sculpture and the graphic arts, namely ceramics, metalwork, furniture, glass and other decorative objects.
Restrictions:
• Must have the following level: Graduate

ARH526. Studies in the History of Design . 3 Credits.
Evolution of form and function in objects made in media such as furniture, glass, ceramics, metalwork and graphics with an emphasis on the rise of industrial design in the nineteenth and twentieth centuries.
Restrictions:
• Must have the following level: Graduate

ARH527. Studies in the History of Photography . 3 Credits.
Aesthetics and criticism of photography from its inception in the nineteenth century until today.
Restrictions:
• Must have the following level: Graduate

ARH528. Studies in the History of Film . 3 Credits.
Aesthetics and criticism of film since its inception at the beginning of the twentieth century.
Restrictions:
• Must have the following level: Graduate
ARH529. Studies in Art Theory and Criticism . 3 Credits.
Studies concerning the ways in which art is created, perceived and
discussed as well as its relationship to the political, social, economic and
religious forces of the society in which it is produced.
Restrictions:
• Must have the following level: Graduate

ARH546. Surrealism. 3 Credits.
Survey Surrealist ideas, writings, paintings, films, objects, etc. in their
historical contexts, examining the various positions of those claim the
label "Surrealist, the impact that the movement had in its own time, and
since.
Restrictions:
• Must have the following level: Graduate

ARH569. Art in Contemporary Culture . 3 Credits.
This course is an exploration of diverse trends in contemporary art,
foocusing on the relationship of this art to major social and political issues
of our time.
Restrictions:
• Must have the following level: Graduate

ARH571. Film Aesthetics and Criticism . 3 Credits.
Aesthetic basis of film as an art form. Critical analysis of six major
film works from silent and sound eras. Examination of structural and
symbolic theories of film; specific study of shooting scripts and final
film. Readings from Eisenstein, Munsterberg, Arnheim, and contemporary
criticism.
Restrictions:
• Must have the following level: Graduate

ARH593. Art History Selected Topic . 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on
a particular topic of interest. Descriptions are printed in the Schedule
of Classes each semester. Selected topics courses may be used as
elective credit and may be repeated for credit, provided that the topic of
the course changes.
Restrictions:
• Must have the following level: Graduate

ARH594. Fieldwork In Art History. 0 Credits.
Restrictions:
• Must have the following level: Graduate

ARH595. Indep Study Art History. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARH793. Art History Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on
a particular topic of interest. Descriptions are printed in the Schedule
of Classes each semester. Selected topics courses may be used as
elective credit and may be repeated for credit, provided that the topic of
the course changes.
Restrictions:
• Must have the following level: Graduate

ARH795. Indep Study Art History. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Art Studio (ARS)

ARS501. Graduate Art Seminar . 3 Credits.
An examination of critical and theoretical ideas, social and political
conditions, and new environments and technologies that have influenced
the perception and production of the visual arts. A range of contemporary
art including both experimental as well as more traditional forms is
considered. All MAAS and MFA students are required to take this course.
FEE FOR TICKETS AND TRANSPORTATION.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
  concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS511. Introduction to Graduate Studio Research. 4
Credits.
ARS 511 is an intensive studio methods course in which students will
both re-engage with their artistic practice as well as be introduced to a
range of contemporary art making strategies.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
  concentration):
  • Studio Art (300)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
  • Interdisciplinary (050I)

ARS512. Graduate Studio Research I. 2 Credits.
In this online studio research course, students will earn and implement a
range of visual research methods and techniques and apply them to their
teaching practice as well as to their own studio work.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
  concentration):
  • Studio Art (300)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
  • Interdisciplinary (050I)
ARS513. Graduate Studio Research II. 2 Credits.
In this online studio research course, students will learn and implement a range of visual research methods and techniques and apply them to their teaching practice as well as to their own studio work.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
  • Interdisciplinary (050I)

ARS521. Ceramics I . 3 Credits.
Focus on the development of content within the student’s work. Research of ceramic history and processes. Examination of critical and theoretical ideas through readings, discussions, and critiques.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS523. Clay and Glaze Materials . 3 Credits.
Research of raw materials (clay and glaze), firing processes at several temperatures. The class stresses the individual research based on empirical techniques and calculations. The class is divided into equal parts of technical lectures and labs.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS524. Ceramic Sculpture . 3 Credits.
Emphasis on the execution of defined and personally developed ideas, through form, surface and color. Formal, critical, individual, and issues of material-process will be considered and discussed in relation to contents.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS525. Contemporary Issues in Clay . 3 Credits.
Seminar that focuses on the cognitive aspects of ceramics. The course will be comprised of: discussions, presentations, research, field experience, and professional practice as related to the medium.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS533. Metal I . 3 Credits.
Introduction to various theoretical and critical concerns in metal. Students work collaboratively and independently to develop aesthetic and procedural modes while gaining awareness of the field’s expanding discourse.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)
AR535. Problems in Metal I. 3 Credits.
Provides concentrated time to develop a progressive, critical dialogue regarding one’s creative production, developing interests and avenues of exploration.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

AR541. Painting I. 3 Credits.
Advanced experimental study with emphasis on contemporary approaches to content, process, format, and materials. Studio experience is balanced with critical/theoretical dialogue. Students may register for up to two sections of painting per semester.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

AR551. Photography and Related Media I. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to content, process and materials. Focus on board artistic research combined with critical dialogue.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

AR552. Photography and Related Media II. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to content, process and materials. Focus on project development based on artistic research combined with critical dialogue.
Restrictions:
- Must have the following level: Graduate

AR561. Printmaking I. 3 Credits.
Projects and individual study in advanced printmaking conceptions and techniques.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

AR562. Printmaking II. 3 Credits.
Projects and individuals study in advanced printmaking conceptions and techniques. Students may enroll in Printmaking I, II and III simultaneously.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

AR571. Sculpture I. 3 Credits.
Projects and individual study in advanced sculpture conceptions and techniques.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS572. Sculpture 2. 3 Credits.
Projects and individual study in advanced sculpture conceptions and techniques.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS573. Sonic Measures . 3 Credits.
Sonic measures is an advanced, interdisciplinary course which explores the realm of sound as material for imaginative expression and as support for other multimedia work in video installation and performance.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS574. Sculpture Situations . 3 Credits.
Sculpture Situations is an advanced course which addresses the contexts in which sculpture operates in contemporary art. The course investigates installation, site intervention/alteration, video art and performance.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS576. Site Projects . 3 Credits.
To provide ground-work for developing skills in preparation of proposals and grants, dealing with public art, architecture and environmental ideas in model form. For senior Art majors and graduate Art majors.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Studio Art (300)

ARS578. Artist Survival Skills. 3 Credits.
Seminar focuses on professional skills utilized by artists for survival in the field. Students investigate contemporary professional practices relevant to artists. Topics may include: grant writing, documentation of artwork, web presence, and exhibition opportunities.

ARS579. Contemporary Ideas in Sculpture. 3 Credits.
Seminar explores critical viewpoints relevant to the field of sculpture. Course is structured around readings from contemporary and historical sources, presentations, written and verbal responses, and field research.

ARS593. Art Studio Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS594. Fieldwork In Art. 0.5-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS595. Independent Study Art. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARS690. Studio Critique. 3 Credits.
Studio Critique facilitates regular, one-on-one interaction in each student's studio environment. The class focuses on a rigorous individual examination of research methodologies, material processes and conceptual inquiry.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Art Studio (256)
  • Visual Arts (277)
  • Sculpture (306)
  • Ceramics (301)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Studio Art (300)

ARS700. Graduate Critical Dialogues. 3 Credits.
An interdisciplinary class that will concentrate on critiques and discussions of student work. The class includes presentations, visiting artist dialogues professional practice, and the option to develop collaborative projects. Required elective for MFA students. Elective class for MA students, repeatable for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS705. Graduate Drawing . 3 Credits.
Individual and group projects on an advanced level employing a variety of subject matter and techniques. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS706. Thematic Studio. 3 Credits.
This course focuses on individual thematic investigations in contemporary art practice and collaborative art making. Students will learn to create arts-based research engaged as studio art practice and modes for reflecting on art pedagogy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Visual Arts Education (050A)

ARS714. Studio Graduate Research III. 4 Credits.
ARS 714 is a 6-week summer course taken concurrently with Graduate Seminar and ARE 721. In this course, students will complete and mount their capstone studio exhibition.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
  • Interdisciplinary (050I)

ARS725. Ceramics II . 3 Credits.
Students pursue a realm of inquiry and investigation at an advanced level. This inquiry assimilates technical and critical research the student has pursued as they work toward developing a cohesive body of work. May be repeated for credit. Students may enroll in Ceramics I, II, III and IV simultaneously.
Prerequisites:
• ARS 521 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Studio Art (300)
ARS726. Ceramics III . 3 Credits.
Continued advanced study as described in 09725, Ceramics I. Students may enroll in Ceramics I, II, III and IV simultaneously.

Prerequisites:
- ARS 521 (may be taken concurrently) with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Studio Art (300)

ARS727. Ceramics IV . 3 Credits.
Continued advanced study as described in 09725, Ceramics I. Students may enroll in Ceramics I, II, III and IV simultaneously.

Prerequisites:
- ARS 521 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Studio Art (300)

ARS731. Metal II . 3 Credits.
Building on comprehension of the field's historical, contemporary and critical discourse, students develop their research and consider their work in context to the broader field. Continuation of ARS533. Students may enroll in Metal I, II, and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS732. Metal III . 3 Credits.
Students expand and further develop a research agenda conversant with the theoretical models of the discipline. Students may enroll in Metals I, II and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS734. Problems in Metal II. 3 Credits.
Students identify specific concerns in relation to their inquiry in metal, jewelry and objects, establishing material investigations and a range of studio outcomes. Students may enroll in Problems in Metal I, II and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS735. Problems in Metal III. 3 Credits.
Students further clarify the direction of their research, identify and develop strategies in their work as it pertains to subject matter, process, format, context, and imaging. Students may enroll in Problems in Metal I, II, and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS740. Book Arts . 3 Credits.
Book Arts is an interdisciplinary course, designed to introduce students to the concepts and techniques used in making artists’ books. Topics to be explored include the visualization of ideas in book form, the book as a physical object, the use of a variety of materials and forms, narrative progression and combining text and images. Traditional book formats and binding techniques will be taught, but emphasis will be on innovative uses of the book as a vehicle for ideas. This course is designed to be interdisciplinary, and requires that students have prior experience in a variety of studio techniques so that those techniques can be used in the course.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)
ARS742. Painting II . 3 Credits.
Advanced experimental study with emphasis on contemporary approaches to content, process, format, and materials. Studio experience is balanced with critical/theoretical dialogue. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Sculpture (306)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Studio Art (300)
  • Metal (302)

ARS743. Graduate Digital Painting Lab. 3 Credits.
Multi-media studio course introducing digital art studio practice focused on digital imaging and cross-media experimentation; builds on skills, techniques, and critique of digital art concepts like compositing, appropriation, collage, and remixing. Direct and transfer printing taught for varied substrates.

Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS745. Painting III . 3 Credits.
Individually planned studio research. Critical/theoretical discourse is combined with advanced technical and conceptual approaches to image development. May be repeated for credit. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Sculpture (306)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Studio Art (300)
  • Metal (302)

ARS746. Painting IV . 3 Credits.
Individually planned studio research. Critical/theoretical discourse is combined with advanced technical and conceptual approaches to image development. May be repeated for credit. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Sculpture (306)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Studio Art (300)
  • Metal (302)

ARS750. . 3 Credits.
Introduction to photographic studio lighting with strobes and hot lights, on-site lighting, and on-camera lighting. Creation of constructed images and related concept and creative project development.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS751. Photography and Related Media III. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to concept, process, and materials. Focus on conceptual and technical precision in project development combined with critical dialogue.

Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)
ARS752. Photography and Related Media IV. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to concept, process and materials. Focus on modes of presentation and contextualization in project development combined with critical dialogue.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS753. Advanced Digital Color Print. 3 Credits.
Exploration of the role of technical and material research in photographic project development. Focus is on advanced digital image processing and printing techniques in relation to concept and content.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS754. Digital Video. 3 Credits.
Introduces digital video and audio capture and editing techniques. Explores the creative dimension of time-based media and related techniques through individual and/or collaborative experimental projects.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS758. The Large Format Image. 3 Credits.
Introduces the view camera and advanced black-and-white darkroom printing techniques as creative tools as well as high resolution scanning and large format digital printing from digitally captured or scanned images. Conceptual and technical development of related bodies of work.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS759. Photo Books and Installations. 3 Credits.
Exploration of the photographic image in context: mixed media, site specificity, image sequence. Conceptual and technical development of individual creative projects.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS760. The Document. 3 Credits.
Introduces strategies and concepts of documentary photography and related practices and engages with traditional and emerging forms of dissemination. Social, psychological, environmental, and/or political issues are explored through creative projects.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS761. Contemporary Issues in Photography. 3 Credits.
Explores visual culture and the evolving role and potential of lens based media. Focuses on artistic research strategies as the foundation of the conceptual and technical development of a related body of work.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS762. Printmaking II . 3 Credits.
Continuation of 09561. Students may enroll in Printmaking I, II and III simultaneously.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Printmaking (305)
  - Studio Art (300)

ARS763. Papermaking. 3 Credits.
Covers a variety of papermaking techniques. Course material will be presented by a variety of means, including demonstrations, Power Point presentations and slide lectures, field trips, visiting artists, reading assignments, research assignments, etc.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS764. Contemporary Ideas in Printmaking. 3 Credits.
Seminar explores critical viewpoints relevant to the field of printmaking. Course is structured around readings from contemporary and historical sources, discussion, presentations, field research, and the development of research projects and image based on presentations.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS765. Printmaking III . 3 Credits.
Projects and individual study in advanced printmaking conceptions and techniques. May be repeated for credit. Students may enroll in Printmaking I, II and III simultaneously.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Printmaking (305)
  - Studio Art (300)

ARS766. Monotype . 3 Credits.
This course will explore the fine art of monotype printmaking, a spontaneous process that combines drawing, painting and printmaking techniques. It results in a one-of-a-kind image that is developed on a flat plate with oil and/or water-based mediums, and then transferred to another source, usually paper.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Printmaking (305)
  - Studio Art (300)

ARS767. Media-Intervention . 3 Credits.
An exploration of a cross-disciplinary integration between printmaking and sculpture methods. It will lead to the production of works that capitalize on the potential of mixed media and experimental blends that are inherent to each option.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Printmaking (305)
  - Studio Art (300)
ARS768. Photo Silkscreen . 3 Credits.
This versatile process, Photo Silkscreen, will allow the student to transfer drawings or computer printouts on transparencies to their screens. Using water-based inks, the images will be printed on paper, fabric, plexiglass or a diverse range of other surfaces.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS771. New Media 3D + 4D. 3 Credits.
Students will explore the use of new digital media in the third and fourth dimensions by investigating digital video, DVD authoring, and interactivity/robotics. Students will spend equal time in the computer lab and sculpture studio.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS773. Sonic Measures . 3 Credits.
Sonic measures is an advanced, interdisciplinary course which explores the realm of sound as material for imaginative expression and as support for other multimedia work in video installation and performance.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS774. Sculpture Situations . 3 Credits.
Sculpture Situations is an advanced course which addresses the contexts in which sculpture operates in contemporary art. The course investigates installation, site intervention/alteration, video art and performance.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Art Studio (256)

ARS775. Sculpture Projects. 3 Credits.
Projects and individual studio research in advanced sculpture conceptions and techniques. May be repeated for credit. Students may enroll in Sculpture I and II simultaneously.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Sculpture (306)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Studio Art (300)
  • Metal (302)

ARS776. Site Projects . 3 Credits.
To provide ground-work for developing skills in preparation of proposals and grants, dealing with public art, architecture and environmental ideas in model form. For senior Art majors and graduate Art majors.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Art Studio (256)

ARS780. Internship in College Art Studio Teaching . 3 Credits.
Student audits an undergraduate studio course and assists the instructor in planning and instruction. Internship includes a bi-weekly seminar exploring issues of college-level teaching in the arts. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate

ARS782. Studio in Intermedia Design: VRL . 3 Credits.
Production and critique of studio work in graphic design and photography generated in response to the theory seminar. Assigned and self-directed projects or problem investigations relative to candidate’s area of interest and research conducted in seminar. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate

ARS784. VRL Studio . 3 Credits.
Specialized course studies in graphic design and photography related to study project of the candidate, elected from offerings of the graduate level. Approval of the candidate’s advisory committee and approval of the instructor are required. May be repeated for credit, courses are non-sequential.
Restrictions:
• Must have the following level: Graduate
ARS785. Graduate Study in Design: VRL II . 3 Credits.
Specialized course study in graphic design and photography related to study project of the candidate, elected from offerings of graduate level. Approval of the candidate’s advisory committee and approval of the instructor are required. May be repeated for credit, courses are non-sequential.
Restrictions:
• Must have the following level: Graduate

ARS788. MFA Thesis in Intermedia Design: VRL . 6 Credits.
Execution and presentation of a body of significant work in graphic design/photography as evidence of the candidate’s level of accomplishment. Project selected in consultation with VRL faculty and thesis committee. Paper and slides required. Must be repeated once for credit.
Restrictions:
• Must have the following level: Graduate

ARS790. Thesis in Art Studio. 3-12 Credits.
Students complete and exhibit a body of creative work culminating the graduate degree. MAAS candidates complete one semester of Thesis for 3 credits. MFA candidates complete a total of 12 credits, Thesis I and II for 6 credits each. MFA candidates must convene a thesis committee. An artist statement and appropriate documentation of the thesis exhibition are submitted to the college library. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS793. Art Studio Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS794. Fieldwork In Art Studio. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARS795. Independent Study Art. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARS799. Continued Registration. 1-6 Credits.
Restrictions:
• Must have the following level: Graduate

Asian Studies (ASN)

ASN593. Asian Studies Selected Topics. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

Biology (BIO)

BIO505. Transmission Electron Microscopy . 4 Credits.
This course has the format of a research project. Students are taught how to use the transmission electron microscope (TEM) as a research tool in the bio-medical disciplines. Students learn first hand the procedures associated with biological sample preparation: embedding, sectioning, staining, examination in the TEM and printing of the final electron photomicrographs.
Restrictions:
• Must have the following level: Graduate

BIO508. Scanning Electron Microscopy Annual/Spring . 4 Credits.
The principles of microscopy sciences with emphasis on the use and applications of the scanning electron microscope (SEM). The course examines the theoretical basis of biological scanning electron microscopy and provides a practical introduction to the operation of the SEM.
Restrictions:
• Must have the following level: Graduate

BIO509. Advanced Ornithology Alternate year/Spring . 4 Credits.
Birds of the world, their taxonomy, anatomy, geographic distribution, ethology, and ecology; laboratory devoted to anatomical studies; methods of photographing birds, recording of bird songs, uses of telemetry, bird behavior, life history studies, identification of local species.
Restrictions:
• Must have the following level: Graduate

BIO510. Fungal Biology . 4 Credits.
Morphology, development, physiology, and ecology of fungi, their significance in diseases, and their utilization by man.
Restrictions:
• Must have the following level: Graduate
BIO511. Advanced Vertebrate Zoology Alternate year/Fall . 4 Credits.
Morphology, physiology, geographical distribution, and evolution of vertebrates of the world. Field and laboratory work devoted to studying life cycles of selected species. Oral presentation and written research paper required.
Restrictions:
• Must have the following level: Graduate

BIO514. Plant Diseases . 4 Credits.
Nature and cause of disease in plants. Special emphasis on fungal diseases of plants.
Restrictions:
• Must have the following level: Graduate

BIO516. Molecular Biology Alternate year/Spring . 3 Credits.
Basic theory and techniques of molecular biology with the analysis of current molecular advances in diverse fields of study. Class discussions, independent literature research, written and oral presentations required.
Restrictions:
• Must have the following level: Graduate

BIO517. Molecular Biology Laboratory Alternate year/Fall . 3 Credits.
Current molecular techniques and theory. Cloning, PCR, DNA preparation, RNA preparation, Southern blots, Northern blots and tissue culture techniques will be employed and analyzed within the context of the immune system. Project required.
Restrictions:
• Must have the following level: Graduate

BIO519. Wetlands Ecology Alternate year/Fall . 4 Credits.
An introduction to the ecology of wetland ecosystems. Structure and function of different types of wetlands will be compared. Alteration and protection will be examined as well as methods used to study them.
Restrictions:
• Must have the following level: Graduate

BIO520. Advanced Entomology Alternate year/Fall . 4 Credits.
Major orders of insects with emphasis of life histories. Laboratory opportunity for individual studies of life histories and taxonomic studies of selected orders and families.
Restrictions:
• Must have the following level: Graduate

BIO522. Prin Human Biology . 3 Credits.
An overview of the major aspects of human biology, including physiology, genetics, reproduction, behavior and evolution. In depth coverage of recent advances in the understanding of human biology, including the application of modern technologies and methodologies, as well as evolutionary theory.
Restrictions:
• Must have the following level: Graduate

BIO525. Animal Communication . 3 Credits.
Theory and controversy in the study of animal communication. The various functions, mechanistic, adaptive and evolutionary approaches to communication, information theory, signal transmission, signal reception and human language will be explored. Examples of communication systems will be surveyed across a wide range of taxonomic groups. Examples of hypothesis testing and the analysis of signals will be the focus of class discussions.
Restrictions:
• Must have the following level: Graduate

BIO528. Endocrinology . 3 Credits.
An introduction to the basic principles of endocrinology followed by a study of the physiology and biological chemistry of endocrine tissue and their secretions.
Restrictions:
• Must have the following level: Graduate

BIO530. Human Genetics . 2 Credits.
Current status of human genetics, with emphasis on molecular aspects. Topics include pedigree analysis, gene mapping strategies, genome organization, chromosome abnormalities, mutations, genetic basis of cancer and the Human Genome Project.
Restrictions:
• Must have the following level: Graduate

BIO540. Immunology Alternate year/Spring . 3 Credits.
The genetic, cellular, molecular, developmental and biochemical aspects of the immune system will be covered. These aspects are discussed in relation to the disease process and experimental analysis. Discussions of current research are included.
Restrictions:
• Must have the following level: Graduate

BIO545. Cell Development and Differentiation . 3 Credits.
Emphasis is placed upon the mechanisms by which cells specialize during embryogenesis, wound healing, regeneration and transformation. Specific attention to the mechanisms of movement, shape acquisition, and biosynthesis as well as certain new ideas regarding their genetic control.
Restrictions:
• Must have the following level: Graduate

BIO546. Human Embryonic Development Annual/Fall . 3 Credits.
Focuses on the embryology and anatomy of human development. In addition the physiological changes in the pregnant woman are discussed with regard to the developing embryo and fetus.
Restrictions:
• Must have the following level: Graduate

BIO550. Recent Advances in Biology . 3 Credits.
Recent developments in a specialized field of biology. May be repeated for credit at five-year intervals for the same special field.
Restrictions:
• Must have the following level: Graduate
BIO561. Endangered Species . 3 Credits.
Focuses on the conservation of biological diversity. Topics include value of bio-diversity, threats to bio-diversity, vulnerability of species to extinction, conservation of populations and species, and protection of bio-diversity at international, national and local levels.
Restrictions:
• Must have the following level: Graduate

BIO562. Biotechnology . 3 Credits.
Underlying principles and recombinant DNA methods employed to produce genetically modified organisms for agricultural, environmental, industrial, pharmaceutical and biomedical purposes are covered. Discussions on societal and ethical issues involving biotechnology are included.
Restrictions:
• Must have the following level: Graduate

BIO563. Electron Microscopy . 5 Credits.
Theory and application of scanning electron microscopy (SEM) and transmission electron microscopy (TEM) are covered. Laboratory includes all aspects of specimen preparation and use of SEM, x-ray diffraction analysis and TEM. This is an advanced course and requires that students have the ability to work individually, taking precautions with hazardous chemicals and delicate equipment.
Restrictions:
• Must have the following level: Graduate

BIO590. Thesis in Biology. 3-6 Credits.
Writing and defense of a thesis under guidance of major professor. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate

BIO593. Biology Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

BIO594. Fieldwork In Biology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

BIO595. Indep Study Biology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

BIO599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Biology (202)

BIO795. Indep Study Bio . 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

BIO799. Continued Registration. 1-6 Credits.
Restrictions:
• Must have the following level: Graduate

Black Studies (BLK)

BLK502. Blacks in New York History . 3 Credits.
A thematic examination of the socioeconomic and political contributions of peoples of African descent to the history of New York State, from the colonial period to the present.
Restrictions:
• Must have the following level: Graduate

BLK510. Contemporary Black Women's Literature . 3 Credits.
Analysis of mostly contemporary novels, essays, dramas, poems, and autobiographies by women of African ancestry in the United States, the Caribbean and Africa. Aesthetics, womanist approaches, the oral tradition, and critiques will be examined.
Restrictions:
• Must have the following level: Graduate

BLK522. African/African-American History & Experiences . 3 Credits.
Presents the history of Africans in an unbroken continuity from Egypt to modern African American experiences, highlighting retention aspects of African culture including language, art, music and religion, and an appreciation of African contributions to world civilizations.
Restrictions:
• Must have the following level: Graduate

BLK593. Black Studies Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

BLK594. Fieldwork Black Studies . 0 Credits.
Restrictions:
• Must have the following level: Graduate

BLK595. Indep Study Black Studies. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Business Administration (BUS)

BUS500. Excel Tutorial. 0 Credits.
Non-credit competency exam and tutorial demonstration ability to carry out required Excel functions.
BUS501. Financial Accounting . 3 Credits.
This course introduces MBA students to the accounting information
system and to the financial statements prepared for external users.
Topics include the accounting cycle, the preparation and evaluation of
financial statements, concepts of revenue and expense recognition, and
the valuation of asset, liability and equity accounts.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Public Accountancy (262)
  • Pre-MBA (0MBA)

BUS502. Internship & Career Practicum. 1 Credit.
Coverage of topics that prepare students for internships and their career,
including identifying prospective employers, writing an effective resume,
networking, interviewing skills, ethics, and corporate culture.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Public Accountancy (262)
  • Pre-MBA (0MBA)

BUS503. Management . 3 Credits.
This course is designed to provide graduate-level business students
with exposure to (1) the evolution of management thought, (2) the four
functions of management, (3) various theories and empirically derived
principles, and (4) contemporary issues related to process and practice.
Students will engage in problem-solving through individual and team-
based business case analyses and research projects.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Public Accountancy (262)
  • Pre-MBA (0MBA)

BUS505. Marketing . 3 Credits.
This course is an introduction to the principles and practice of marketing.
A major part of the course involves a review of the four elements of the
marketing mix: product, price, place, and promotion. The course provides
the knowledge and skills that students need for taking the marketing
management course.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Pre-MBA (0MBA)

BUS507. Managerial Finance . 3 Credits.
This course conveys major issues facing a financial manager: financial
statement analysis, discounted cash flow analysis, time value of
money, the risk-return tradeoff, and the valuation of financial assets.
This course also examines capital budgeting, financial planning, asset
management, cost of capital, long-term financing through debt and equity,
and multinational financial management.
Prerequisites:
• BUS 501 with a minimum grade of D- and BUS 515 with a minimum
grade of D- and BUS 509 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Pre-MBA (0MBA)

BUS508. Financial Statement Analysis. 3 Credits.
Students will learn about the principals and standards of financial
accounting, and then prepare, interpret, analyze corporate financial
statements.
Restrictions:
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Pre-MBA (0MBA)

BUS509. Statistics Analysis & Decision Theory . 3
Credits.
This course is an introduction to probability and statistics. Main goal
is to teach students how to apply various statistical concepts to
decision making under uncertainty. After this course, students should
be able to analyze data and relationships among variables using both
descriptive and inferential statistics, and to evaluate and update decision
alternatives so that they can find solutions to real life business problems.
Prerequisites:
• (Math Placement Level with a score of 5 or Math Placement Level
with a score of 4) and (MAT 171 with a minimum grade of C-)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or
concentration):
  • Business Administration (261)
  • Pre-MBA (0MBA)
BUS511. Accounting for Management Decisions . 3 Credits.
Using accounting information to achieve management objectives. Topics include budgeting, cost behavior and costing systems, relevant information and decision-making, performance analysis, control systems and responsibility accounting. (This course is only for general MBA students, not CPA track MBA students.)
Prerequisites:
• BUS 201 with a minimum grade of B or BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Business Administration (261)

BUS515. Business Economics for Managers . 3 Credits.
The course is designed to provide a strong foundation in microeconomic theory for managerial and decision making. It emphasizes the "economic way of thinking" about real-world business/management curriculum such as finance, cost accounting, marketing, business strategy and quantitative analysis. The goal is to reinforce what students have learned in other courses and provide a foundation for future course work and beyond.
Prerequisites:
• Math Placement Level with a score of 3 or MAT 151 with a minimum grade of C- or MAT 093 with a minimum grade of C- or MAT 153 with a minimum grade of C- or MAT 120 with a minimum grade of C- or MAT 121 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Business Administration (261)
  • Pre-MBA (0MBA)

BUS520. Managing Operations and Information Technology . 3 Credits.
Focuses on the integration of information and operations strategies to enhance competitive advantage. Topics include global supply chain management, enterprise resource planning, artificial intelligence, cloud computing, information security, and their legal and social impacts.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS525. Quantitative Methods for Business Research . 3 Credits.
Focuses on developing analytical skills mainly formulating problems, collecting data and interpreting the results using quantitative methods such as statistics and/or optimization tools.
Prerequisites:
• BUS 509 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS526. Managing in a Global Environment. 3 Credits.
Critical analysis of issues facing firms in a dynamic global environment. Discussion of external factors, such as country institutional differences, and internal factors, including strategic and managerial issues, faced by international businesses.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS528. Marketing Management . 3 Credits.
Application of applying key marketing concepts for making effective marketing decisions about products, pricing, promotion, and distribution, given a firm's goals, abilities, customers and competitors.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS529. Accounting - Financial Reporting and Control . 3 Credits.
Development and use of financial reports in a global economy. Topics include setting accounting standards, the content of financial statements, accounting for assets and liabilities, ethical issues in accounting, and current topics facing the profession.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)
BUS535. Financial Markets and Institutions . 3 Credits.
The role of financial markets and institutions in the capital formation process. Topics covered include financial systems and the economy, debt and equity markets, depository institutions, non-depository financial institutions, financial derivative markets, and risk management.
Prerequisites:
• BUS 536 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS536. Corporate Financial Management . 3 Credits.
The role of financial management in business decisions, the relationship between finance and other corporate functions, and quantitative techniques used for analysis. Topics include cash flow analysis, valuation, risk and return, investing and financing decisions, costs of capital, and capital structure.
Prerequisites:
• BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS537. Options and Futures . 3 Credits.
Futures and options, derivatives markets, and their role in risk management and portfolio strategy. Topics include types of futures, pricing models and hedging strategies.
Prerequisites:
• BUS 536 with a minimum grade of C
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS538. Investments. 3 Credits.
Theoretical and applied study of investment fundamentals and portfolio management. Topics include markets, trading, risk and return, valuation, portfolio theories, alternative investment instruments, global investing, and current developments.
Prerequisites:
• BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS539. Personal Financial Planning Principals and Applications. 3 Credits.
Management of personal finances and investments. Topics include monitoring household wealth, personal financial planning, managing liquidity and credit, financing a home, using insurance, retirement and estate planning, and investing. Students prepare a personal financial plan.
Prerequisites:
• BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS544. Health Care Financing . 3 Credits.
Financial management concepts and techniques for the health care industry. Topics include the regulatory environment, costs and revenues, accounting reports and budgets, financial statement analysis, and capital planning.
Prerequisites:
• BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS546. Multinational Finance. 3 Credits.
Analysis of key financial decisions within the global framework. Topics include international financial markets, exchange rate behavior and management of its risk, international banking, multinational financial management, and multinational strategic planning.
Prerequisites:
• BUS 508 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)
BUS547. International Marketing. 3 Credits.
Discussion of Marketing opportunities in a globally competitive environment. Topics include profiling international segments, international consumer behavior, and the role of cross-culturalism in the development of marketing strategies.
Prerequisites:
• BUS 528 with a minimum grade of C
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS548. International Accounting. 3 Credits.
This course examines accounting principles, and emphasizes accounting research, from an international perspective. Topics include comparative reporting practices, harmonization of accounting standards, accounting for international transactions and subsidiaries, management accounting issues, and accounting for changing prices with an emphasis on accounting research techniques.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS555. Marketing Research. 3 Credits.
Examination of the research process used in marketing decision-making. Methodology for conducting marketing research for product development, pricing, and channel selection, and the analysis of results.
Prerequisites:
• BUS 528 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS557. Integrated Marketing Communications. 3 Credits.
Development and implementation of integrated marketing communications programs. Topics include the communication process, budget determination, strategic brand management, internet marketing and issues of monitoring, evaluation, and control.
Prerequisites:
• BUS 528 with a minimum grade of C
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS558. Consumer Behavior for Marketing Strategy. 3 Credits.
Study of consumer behavior using social science concepts. Topics include buyer decision making, product and service choice, consumer attitudes and motivation, and shopping behavior.
Prerequisites:
• BUS 528 with a minimum grade of C
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS563. Strategic Sustainability Management. 3 Credits.
Analysis of environmental and social sustainability in a business context through case studies and a semester-long project.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS564. Staffing Organizations. 3 Credits.
Coverage of the staffing process. Topics include human resource planning, recruitment, selection, measurement in selection, legal issues in staffing, job analysis, decision making, and retention management.
Prerequisites:
• BUS 567 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS565. Training and Development. 3 Credits.
Coverage of the process of training and development. Topics include needs analysis of organizational objectives, strategies for designing training and development programs, and the evaluation of training programs.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)
BUS566. Organizational Change and Development . 3 Credits.
Understanding and managing organizational change in a turbulent environment. Topics include action learning, the collaborative inquiry process, methodologies for implementing change interventions, and models of change and development.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS567. Managing Human Capital. 3 Credits.
Theory, research, and applications in major areas of human resource management. Topics include human resource strategy, recruitment, selection, development, training, compensation, performance appraisal, retention, leadership, and legal issues in human resources.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS568. Individual and Group Behavior Analysis. 3 Credits.
Study of classic and contemporary theories in micro organizational behavior. Topics include perception, personality, attitudes, motivation, leadership, communication, group dynamics, decision making, power, influence, and organizational change.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS569. Leadership and Management in a Changing World . 3 Credits.
Study of theory and applications in the field of leadership as it relates to business. Topics include leadership traits and behaviors, power and influence, situational and contingency leadership, ethics and values in leadership, motivation, and team leadership.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS571. Management Information Systems (MIS) . 3 Credits.
This course is intended to provide students in the MBA program with a firm grasp of the function of computer-based information systems in modern business organizations. Students should come away with a working knowledge of which information systems are best suited to a given company. Emphasis is placed on technical concepts fundamental to business applications and management of information systems.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS572. Electronic Commerce and Management . 3 Credits.
This course is designed to help students understand the impact electronic commerce can have and is having on different aspects of business. The course will first examine and define trends in electronic commerce. Next, the impact electronic commerce has on several business functions, from marketing to operations, will be discussed. Once this foundation has been established, it will be possible to involve the students in applied projects, and look at where electronic commerce can still produce larger changes and improvements.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS573. Management Science . 3 Credits.
Covers mathematical programming, graphs and networks, stochastic processes, queuing theory and simulations. In addition to introducing basic theories, emphases will be put on formulations of business problems and interpretations of the output generated by computer software.
Prerequisites:
• BUS 525 with a minimum grade of C
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)
BUS575. Linear Models . 3 Credits.
Topics include simple linear regression, multiple regression, generalized linear models, graphical analysis of model adequacy, violations of assumptions, and alternative to least squares.

**Prerequisites:**
- BUS 509 with a minimum grade of B-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS576. Design of Experiments and Quality Control . 3 Credits.
Experiments are designed to identify key sources of variability in manufacturing, consumer behavior, organizational behavior, and other variables of interest to managers. Once identified, this variability can be monitored and controlled thereby improving output and reducing risk.

**Prerequisites:**
- BUS 525 with a minimum grade of C

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS577. Knowledge Management Yearly . 3 Credits.
This course is designed to address the importance of knowledge management in today's knowledge economy where knowledge is considered as the most important resource. At strategic levels, the course examines the competitive advantages an organization obtained from its knowledge processing capability and capacity. At operational levels, it introduces various knowledge systems. Design and implementation issues of those systems are addressed using hand-on projects.

**Prerequisites:**
- BUS 571 with a minimum grade of C

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS579. Business Intelligence . 3 Credits.
This course examines the recent development in Business Intelligent Systems, including On-Line Analytical Processing, Data Mining, and Customer Relationship Management. It introduces the need of a data warehouse as the foundation for an intelligent system followed by discussions of the unique goal and design of each intelligent system. The course also addresses the role and impact of business intelligence in an organization's decision-making processes. Practical projects and computer software are used to enhance students' experience in business intelligence systems.

**Prerequisites:**
- BUS 571 with a minimum grade of C

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS580. Project Management for MBAs. 3 Credits.
This course will introduce the operational, design, personnel, budget, and communication issues involved in managing projects. Course objectives will be met through lectures, in-class exercises, team projects, and homework. Students' experience will enrich discussions.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS581. Accounting Information Systems . 3 Credits.
Study of the main ideas and fundamental technology underlying the development, implementation, and use of modern Accounting Information Systems (AIS), and the relationship of AIS to business processes and internal controls. The use of software packages for processing accounting information.

**Prerequisites:**
- BUS 201 with a minimum grade of B or BUS 508 with a minimum grade of B-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)
BUS583. Advanced Auditing . 3 Credits.
Detailed coverage of legal liability and professional responsibilities. Topics include statistical sampling, analytical review procedures, fraud detection, and computer auditing.
Prerequisites:
- BUS 375 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS585. Accounting Theory . 3 Credits.
Financial accounting concepts, theory, and practice. Topics include recognition and measurement of assets and liabilities, accounting for leases, postretirement benefits, income taxes, and recent changes in accounting standards.
Prerequisites:
- BUS 369 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS586. Advanced Concepts in Federal Income Taxation . 3 Credits.
Tax issues related to various taxable entities, including corporations and partnerships. Emphasis on tax planning and tax research.
Prerequisites:
- BUS 371 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS587. Entrepreneurship and Business Planning. 3 Credits.
This course will focus on the skills needed to start a business. Topics include identifying markets, developing business plans, and financing operations. Working in teams, students create business plans and may present them to a team of judges.

BUS588. Applied Research Project in Business . 3 Credits.
Preparation and writing of an applied research project in the concentration area under the guidance of the major professor. Required form available in the Records and Registration Office and the Office of the Department of Business Administration. Contact faculty advisor for further details.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS589. Cases in Strategy and Business Policy. 3 Credits.
Case studies and readings are used to build expertise in strategy formulation and implementation. This capstone experience integrates knowledge and concepts introduced throughout the program. Emphasis on application of conceptual, analytical, communication, and team-work skills.
Prerequisites:
- BUS 526 with a minimum grade of C and BUS 528 with a minimum grade of C

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS590. Thesis or Current Topic Seminar . 6 Credits.
Preparation and writing of a thesis in the concentration area under the guidance of the major professor. Two additional readers are required to approve the final thesis. Required form available in the Records and Registration Office and the Office of the Department of Business Administration. Contact faculty advisor for further details.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)

BUS593. Business Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Public Accountancy (262)
  - Business Administration (261)
BUS594. Fieldwork in Business. 1-12 Credits.
Supervised experience in a business environment.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS595. Indep Study Business. 1-12 Credits.
Supervised study and research.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

BUS795. Independent Study Business. 1-12 Credits.
BUS799. Continued Registration. 1 Credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Public Accountancy (262)
  • Business Administration (261)

Chemistry (CHE)

CHE503. Advanced Organic Chemistry . 3 Credits.
Topics of current interest in organic research.
Prerequisites:
• CHE 319 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE509. Spectrometric Identification of Organic Compounds . 3 Credits.
Application of spectrometry (mass, infrared, ultraviolet and nuclear magnetic resonance) to the identification of organic compounds.
Prerequisites:
• CHE 319 with a minimum grade of D- and PHY 202 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE512. Advanced Inorganic Chemistry . 3 Credits.
Prerequisites:
• CHE 314 with a minimum grade of D- and CHE 321 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE531. Separation Methods in Chemistry . 3 Credits.
A course that applies physical, chemical and equilibrium properties to the problems of isolating components in analytical processes with emphasis on chromatographic procedures. Applications from current literature.
Prerequisites:
• CHE 303 with a minimum grade of D- and CHE 321 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE535. Chemical Engineering for Chemists . 3 Credits.
Expands skills and techniques acquired in physical chemistry by providing applications to large systems of reaction occurring in flow systems. Introduction to the mass, momentum and energy balances and design concepts familiar to chemical engineers. Not for engineers.
Restrictions:
• Must have the following level: Graduate

CHE570. Biochemistry . 3 Credits.
Structure of biomolecules and their assemblies and the chemical reactions of metabolic processes. Molecular aspects of gene replication, transcription and translation.
Prerequisites:
• CHE 319 with a minimum grade of D- and CHE 461 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE572. Biotechnology Laboratory . 4 Credits.
Methods of modern biotechnology, including molecular cloning, gene isolation, gene amplification, design and creation of recombinant plasmids and phages, site-specific mutagenesis, isolation and sequencing of recombinant DNA.
Prerequisites:
• CHE 319 with a minimum grade of D- and CHE 461 with a minimum grade of D- and BIO 320 with a minimum grade of D- and BIO 350 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE573. Principles of Physical Chemistry . 3 Credits.
Fundamental principles and their application in thermodynamics, solution and phase equilibria, the solid state, and topics such as physical chemistry of surfaces. Not open to undergraduate chemistry majors.
Prerequisites:
• CHE 202 with a minimum grade of D- and MAT 252 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE574. Principles of Polymer Sciences . 3 Credits.
Principles of formation and behavior of large molecules and their relationship to industrial and biochemical applications.
Prerequisites:
• CHE 319 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
CHE575. Principles of Materials Science. 3 Credits.
Prerequisites:
• CHE 319 with a minimum grade of D- and PHY 202 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

CHE590. Thesis in Chemistry (1-6). 0 Credits.
An individual research project conducted under the direction of a faculty advisor. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate

CHE593. Chemistry Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

CHE594. Fieldwork in Chemistry. 0 Credits.
Restrictions:
• Must have the following level: Graduate

CHE595. Indep Study Chemistry. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

CHE599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Chemistry (203)

CHE693. Chemistry Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

CHE795. Indep Study Chemistry. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

CHE799. Continued Registration. 1 Credit.
Restrictions:
• Must have the following level: Graduate

Communication Disorders (CMD)

CMD500. Orientation Practicum. 1 Credit.
Students will participate in an introductory graduate clinic. Graduate Clinicians will develop essential clinical practice skills. This course will provide students with scope of practice, prevention in SLP, implications of assessment, developing and modifying therapy plans (clinical decision-making), implementing therapy, data collection skills and clinical recommendations. Summer Session.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD501. Clinical Methods in Speech-Language Pathology 1. 2 Credits.
Therapeutic procedures in the management of disorders of oral communication. First-level direct clinical experience working with clients in individual therapy programs at the New Paltz Speech-Language and Hearing Center. Planning of long- and short-term goals, development of lesson plans, selection of appropriate materials and clinical procedures, use of clinical instrumentation, ongoing diagnosis, and accurate written reporting of these experiences.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD502. Clinical Methods in Speech Language Pathology 2. 2 Credits.
Therapeutic procedures in the management of communication disorders. Participation in the planning and procedures for SLP therapy including the evaluation of therapeutic progress.
Prerequisites:
• CMD 501 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

CMD503. Practicum in Speech Language Pathology: On-Campus Summer. 2 Credits.
On-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD504. Phonological Disorders. 3 Credits.
Analysis of theories of speech sound acquisition and development over the lifespan, phonological processes and their impact on other language processes, and techniques for assessment and remediation of phonological disorders; phonetic transcription on linguistically different & disordered speech.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Speech and Lang Pathology (090S)
  - Communication Disorders Cert (790)
  - Speech and Lang Disabilities (090I)

CMD505. Child Language Disorders. 3 Credits.
An investigation of language pathologies, etiologies, assessment procedures and therapies for children.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD507. Seminar in Motor Speech Disorders. 3 Credits.
Etiology, diagnosis and clinical management of motor speech disorders.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD508. Neurophysiology of Speech and Language. 3 Credits.
Advanced study of the neuroanatomical structures and the neurological integrations necessary for speech, language and swallowing.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD509. Advanced Speech Science. 3 Credits.
Advanced overview of the relationships among speech production, the acoustic properties of the speech signal, and speech perception. Main topics include a review of anatomy and physiology of speech production, acoustic characteristics of vowels and consonants, acoustic cues for speech perception, and models of speech perception.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Communication Disorders Cert (790)
  - Communication Disorders (090)

CMD510. Professional Issues in Communication Disorders. 2 Credits.
Consideration of professional, ethical, and legal issues; structure of programs providing speech and language services in public schools and other settings; strategies for life-long learning and continuing professional development.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Communication Disorders Cert (790)
  - Communication Disorders (090)

CMD511. Aural Rehabilitation of Children and Adults. 3 Credits.
Social, emotional, and communicative impact of hearing impairment; (re)habilitation strategies for children including amplification, cochlear implants, auditory training, assistive technology and educational placement; rehabilitation strategies for adults including speech reading, auditory training and assistive technology; distance learning format.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Communication Disorders Cert (790)
  - Communication Disorders (090)

CMD512. Fluency Disorders. 3 Credits.
Modern theories, research findings and treatment methods related to the study of the nature, etiology and treatment of stuttering and other fluency disorders.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD513. Practicum in Speech Language Pathology: On-Campus. 1 Credit.
On-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD514. Practicum in Speech Language Pathology: Off-Campus Fall. 3 Credits.
Off-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD515. Practicum in Speech Language Pathology: Off-Campus Spring. 3 Credits.
Off-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD516. Adult Language Disorders. 3 Credits.
Nature and significance of language deficits and communicative disorders associated with aphasia, closed head injury, and dementia. Theoretical concepts and evaluative and therapeutic techniques are examined. Recent research findings analyzed.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD519. Swallowing Disorders . 4 Credits.
An introduction to the clinical and professional practice aspects of swallowing disorders, dysphagia, from the speech-language pathologist’s perspective.
Prerequisites:
• CMD 508 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD520. Augmentative Communication Systems . 3 Credits.
Theory and practice of augmentative communication systems. Examines basic decision-making issues in the areas of assessment, device selection and intervention strategies for those unable to use speech as a primary mode of communication.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Communication Disorders Cert (790)
  • Communication Disorders (090)

CMD521. Early Intervention for Speech-Language Pathologists . 3 Credits.
A practical approach to early intervention and preschool special education as it relates to the speech-language pathologist: overview of federal and state regulations and their implementation; review of birth-five development across domains; multidisciplinary evaluations and treatment; documentation and record-keeping, service coordination; service provision in home, center, and inclusionary settings, and effective networking strategies.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Communication Disorders Cert (790)
  • Communication Disorders (090)

CMD522. Voice Disorders. 2 Credits.
Recent developments, research findings, and treatment methods related to the etiology and therapy of voice disorders.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD523. Language and Literacy Development . 3 Credits.
Explores the nature of language and literacy development and provides an introduction to modern theories, recent developments, research findings, and treatment methods related to language and literacy.
Restrictions:
• Must have the following level: Graduate

CMD524. Applied Language Sciences. 1 Credit.
Formal aspects of syntax and morphology as appropriate to the assessment and treatment of breakdowns in typical language production and comprehension. Syntactic terms used by language interventionists are reviewed and applied through practice exercises. Topics are addressed within the framework of Brown’s stages of developmental expectations.
Restrictions:
• Must have the following level: Graduate

CMD525. Advanced Diagnosis of Speech and Language Disorders . 3 Credits.
Theoretical and practical application of the scientific method to the diagnosis of speech, language, and voice disorders in individuals.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD526. Diagnostic Practicum in SLP. 1 Credit.
Guided clinical practice in diagnostic procedures in speech and language in an on-campus clinical setting, toward meeting requirements for ASHA certification. May be repeated for credit up to 2 times.
Prerequisites:
• CMD 525 (may be taken concurrently) with a minimum grade of C-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD527. Practicum in Speech Language Pathology: Specialty Clinic. 1 Credit.
Speciality Clinic Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD528. Practicum in Speech Language Pathology: Off-Campus Screenings. 1 Credit.
Off-Campus Screenings Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD529. Communication and Communication Disorders in Autism Spectrum Disorders. 3 Credits.
Designed to explore the nature of communication and communication disorders in autism spectrum disorders, emphasizing issues related to characteristics, diagnosis, etiology, and intervention of communication disorders across the lifespan.
Restrictions:
• Must have the following level: Graduate

CMD530. Practicum in Speech-Language Pathology in the Schools. 3 Credits.
Guided clinical practice in the therapeutic procedures for the prevention, assessment and management of communication disorders in an educational setting. Sufficient to meet requirements for initial New York State certification as Teachers of Students with Speech and Language Disabilities (TSSLD).
Prerequisites:
• CMD 501 and CMD 503 and CMD 506 and CMD 525 with a minimum grade of C- and CMD 526

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD532. Clinical Instrumentation Laboratory. 1 Credit.
Principals of assessment of speech and voice, including physiologic, acoustic, and perceptual measures. Students will acquire practical experience in performing voice assessments and in interpreting and reporting the results.
Prerequisites:
• CMD 509 with a minimum grade of C-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD550. Research Methods and Evidence Based Practice 1. 2 Credits.
The first of two research courses that introduce the research process, research techniques and research sources. Dual goals of the course are the enable students to write effective research proposals for questions they desire to answer and to understand and critically evaluate research reports they read.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD551. Research Methods and Evidence Based Practice 2. 2 Credits.
One of two research courses that expand students’ knowledge on the research process, research techniques and research sources. Dual goals of the course are to enable students to write effective research proposals for questions they desire to answer and critically evaluate reports they read.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD553. Research Practicum. 1 Credit.
A mentored forum for students to refine their own research interests while participating in clinical and non-clinical research specific to Communication Disorders. May be repeated for credit up to three times.
CMD570. Diagnostic Audiology Practicum for the SLP. 1 Credit.
Students will be introduced to diagnostic audiological environment and develop skills commensurate with Scope of Practice for Speech Language Pathologist (ASHA Legislative Council on September 2, 2007, LC 09-07). Student will engage with patient in audiological evaluation techniques with specific focus on aural rehabilitation. Basic evaluation interpretation in a strictly supervised setting.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD593. Communication Disorders Selected Topic. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

CMD594. Fieldwork In Communication Disorders. 1 Credit.
Restrictions:
• Must have the following level: Graduate

CMD595. Indep Study Communication Disorders. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

CMD599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD799. Continued Registration. 1 Credit.

Communication Studies (CMM)
CMM595. Independent Study Communication. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Computer Science (CPS)
CPS500. Computer Graphics . 3 Credits.
Graphics software and hardware, representation of points, lines, and surfaces in three dimensions, windowing, clipping, hidden surfaces and lines, shading.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS501. Computer Systems . 3 Credits.
A study of computer systems covering both software and hardware. Topics include number systems, machine language, assembly language, linking and loading, digital electronics, microprogramming, and computer architecture.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS505. Computer Simulation . 3 Credits.
Use of the computer as a simulation tool, discrete and continuous simulation techniques, simulation languages, selected applications such as queuing theory, financial analysis, and simulation of computer systems.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS515. Programming Languages . 3 Credits.
A critical evaluation of the design and implementation of programming languages. Topics include: history of programming languages, syntax and semantics, data and control structures, expressions, subprograms, scope and visibility, data abstraction, and exception handling.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS520. Concurrent Programming . 3 Credits.
Mutual exclusion, Dekker’s algorithm, semaphores, languages for concurrent programming, applications in operating systems.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate
CPS522. Operating Systems . 3 Credits.
A comprehensive investigation of Operating Systems concepts, including the following topics: Process Management, Memory Management, File Management, Input/Output, and Deadlocks. Examples of these concepts will be illustrated using the Unix operating system.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS524. Parallel Computation . 3 Credits.
Efficient parallel algorithms on arrays, trees, hypercubes, and PRAMS for a variety of problems. Structural properties of various network architectures and their relationships.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS526. Advanced Data Structures . 3 Credits.
In-depth study of methods for organizing, retrieving, and modifying data in digital computers, as well as mathematical analysis of these techniques.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS528. Algorithms . 3 Credits.
Algorithms for a variety of applications. Various design and analysis techniques, Probabilistic and approximation algorithms.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS530. Computer Networks . 3 Credits.
Network topology and communication media, resource sharing, performance analysis, protocols, local networks.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS532. Theory of Computation . 3 Credits.
Computability by Turing machines, grammars, and recursive functions. Uncomputability and computational complexity.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS535. Formal Languages . 3 Credits.
Phrase-structure languages, automata and their languages, applications of formal languages to pattern recognition.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS540. Artificial Intelligence . 3 Credits.
Basic problem solving methods, game playing, knowledge representation using first order logic, knowledge representation using other logics, theorem proving, pattern recognition, symbolic processing.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS545. Advanced Operating Systems . 3 Credits.
The study of modern operating systems. Process, memory, device, and file management; virtual machines, distributed systems, security, reliability, performance analysis.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS550. Software Engineering . 3 Credits.
Program development tools, structured design and programming methodologies, software testing and validation, managing software development.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS552. Object Oriented Programming . 3 Credits.
The concepts of object oriented programming – encapsulation, aggregation, inheritance, constructors, destructors, polymorphism, and templates. Various choices for design and implementation. Writing programs is typically a major component of this course.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS554. User Interface Programming . 3 Credits.
Introduction to methodologies, techniques, libraries, interfaces, and tools to design and implement window-based graphical user interfaces. The course is typically a programming intensive course.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate
CPS555. Advanced Database Principles . 3 Credits.
Recovery, integrity, concurrency, data models, extended relational model, distributed databases, database machines.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS560. Cryptography . 3 Credits.
Transposition ciphers, substitution ciphers, algebraic systems, block ciphers, public key systems, data encryption standard.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS565. Compiler Design . 3 Credits.
Compiler design and implementation using top-down and bottom-up parsing. Scanner and parser generators.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS567. Compiler Optimizations . 3 Credits.
An overview of the evolving field of compiler optimizations. Internal program representations, local and global optimizations, control flow analysis, data flow frameworks, static single assignment form, control dependence analysis, automatic parallelization, interprocedural analysis, pointer alias analysis, loop transformations.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS570. Systems Programming . 3 Credits.
Systems programming in assembly and/or high-level language. Students will write several systems programs, such as a RAM disk and a virus detection program.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS575. Advanced Computer Architecture . 3 Credits.
Study of current trends in computer architecture with topics selected by instructor. Among these may be parallel processing, capability-based systems and microprocessor architecture.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS580. Functional Programming . 3 Credits.
The functional language mode, lambda calculus, functional programming in one or more languages, the design and implementation of an interpreter for a functional programming language.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS590. Thesis in Computer Science . 3-6 Credits.
Preparation and writing of a thesis under the guidance of graduate faculty. Required form available in the Records and Registration Office.
Prerequisites:
• Computer Science MS Prelim with a score of 1
Restrictions:
• Must have the following level: Graduate

CPS593. Computer Science Selected topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

CPS594. Fieldwork Comp Science. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

CPS595. Indep Study Comp Science. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

CPS599. Comprehensive Exam Workshop. 0 Credits.
Restrictions:
• Must have the following level: Graduate

• Must have the following field(s) of study (major, minor or concentration): Computer Science (270)

CPS693. Computer Science Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

CPS793. Computer Science Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

CPS795. Indep Study Comp Science. 0 Credits.
Restrictions:
• Must have the following level: Graduate
CPS799. Continued Registration. 1 Credit.  
Restrictions:  
• Must have the following level: Graduate

Counseling (COU)

COU501. Ethics and Professional Identity in Mental Health Counseling. 3 Credits.  
Overview of ethics and professional identity in mental health counseling.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration):  
  • Mental Health Counseling Cert (291)  
  • Clinical Mental Health Counsel (293)  
  • Mental Health Counseling (290)

COU502. Ethics and Professional Identity in School Counseling. 3 Credits.  
Overview of ethics and professional identity in school counseling.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration): School Counseling (295)

COU505. Professional Roles in Mental Health Counseling. 3 Credits.  
Overview of the professional roles that mental health counselors engage in, including - but not limited to - supervision, consultation, leadership and social advocacy.  
Restrictions:  
• Must have the following field(s) of study (major, minor or concentration):  
  • Mental Health Counseling Cert (291)  
  • Clinical Mental Health Counsel (293)  
  • Mental Health Counseling (290)

COU506. Professional Roles in School Counseling. 3 Credits.  
Overview of the professional roles that school counselors engage in including - but not limited to - supervision, consultation, leadership, classroom management and social advocacy.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration): School Counseling (295)

COU515. Counseling Skills. 3 Credits.  
Contemporary counseling skills. Techniques from approaches such as analytic, person-centered, cognitive-behavioral, and family systems.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration):  
  • School Counseling (295)  
  • Clinical Mental Health Counsel (293)  
  • Mental Health Counseling (290)  
  • Mental Health Counseling Cert (291)

COU520. Career Development, Counseling, and Assessment. 3 Credits.  
Career counseling theory and practice. Models of career development and implications of these models for career counseling and assessment across diverse populations.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration):  
  • School Counseling (295)  
  • Clinical Mental Health Counsel (293)  
  • Mental Health Counseling (290)  
  • Mental Health Counseling Cert (291)

COU525. Multicultural Counseling. 3 Credits.  
Reviews knowledge and research in multicultural counseling. Teaches skills useful in counseling individuals from diverse populations; focus on personal awareness about stereotypes and how they may impact counseling diverse clients.  
Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration):  
  • School Counseling (295)  
  • Clinical Mental Health Counsel (293)  
  • Mental Health Counseling (290)  
  • Mental Health Counseling Cert (291)

COU530. Practicum in Mental Health Counseling. 3 Credits.  
Continued development and practice of skills learned in COU515: Counseling Skills. Application of ethical/legal standards, socio-cultural/diversity issues, and professional skills including documentation and treatment planning in mental health counseling; includes supervised practicum experience in mental health counseling setting.  
Prerequisites:  
• COU 501 with a minimum grade of B and COU 510 with a minimum grade of B and COU 515 with a minimum grade of B and COU 520 with a minimum grade of B

Restrictions:  
• Must have the following level: Graduate  
• Must have the following field(s) of study (major, minor or concentration): Mental Health Counseling (290)
COU535. Practicum in School Counseling. 3 Credits.
A 100-hour semester long experience working in schools learning about and practicing the various roles and responsibilities of a school counselor. The course includes an in-class training component with includes group supervision, conduction case conferences, applying counseling theories relevant to school counseling.

Prerequisites:
• COU 501 with a minimum grade of B and COU 510 with a minimum grade of B and COU 515 with a minimum grade of B and COU 520 with a minimum grade of B

Restrictions:
• Must have the following level: Graduate

COU540. Psychopathology. 3 Credits.
Reviews approaches to psychopathology, particularly as they pertain to counseling. Examines systems for conceptualizing, comprehending, and understanding those diagnosed with psychopathology. Covers theoretical approaches and the Diagnostic and Statistical Manual of Mental Disorders.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Clinical Mental Health Counsel (293)
  • School Counseling (295)
  • Mental Health Counseling Cert (291)

COU545. Group Dynamics and Counseling. 3 Credits.
Theory and practice of group counseling. Examines group dynamics and theories of group development in counseling contexts. Techniques and principles of group counseling, with special emphasis on implications for school and mental health counseling settings.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Clinical Mental Health Counsel (293)
  • Mental Health Counseling (290)
  • Mental Health Counseling Cert (291)

COU550. Couple and Family Counseling. 3 Credits.
A variety of approaches to family and couples therapy including psychoanalytic, behaviorial, transgenerational, structural, strategic and systems will be examined. The theory and technique of Bowen, Minuchin, Haley, and the Milan associates will be emphasized.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Clinical Mental Health Counsel (293)
  • Mental Health Counseling (290)
  • Mental Health Counseling Cert (291)

COU555. Assessment. 3 Credits.
Theoretical and applied examination of issues pertinent to personality and intellectual assessment. Introduces practical applications (administration, scoring, interpretation, and report-writing), as well as theoretical issues (ethics, utility, reliability, and validity).

Restrictions:
• Must have the following level: Graduate

COU561. Evidence-Based Assessment & Treatment of Traumatic Stress. 3 Credits.
Understanding, assessing and treating traumatic stress and post-traumatic stress disorder (PTSD), including the nature and impact of trauma, risk and protective factors, assessing post-traumatic effects, early intervention and PTSD prevention strategies, an overview of cognitive-behavioral treatments, and cross-cultural perspectives.

Prerequisites:
• COU 510 with a minimum grade of D- and COU 515 with a minimum grade of D-

Restrictions:
• Must have the following level: Graduate

COU562. Assessment and Interventions with Children, Adolescents, and Families. 3 Credits.
The social-emotional and developmental needs of children make them a special population that necessitates specialized training for individuals who will work with children and families. This course will train students to assist child survivors and their caregivers following disasters and traumatic events, especially those events that cause the sudden death of a parent or other loved one.

Prerequisites:
• COU 510 with a minimum grade of D- and COU 515 with a minimum grade of D-

Restrictions:
• Must have the following level: Graduate

COU563. Assisting Veterans and First Responders. 3 Credits.
This online course will prepare clinicians to engage and treat military personnel and first responders and their families, examining the unique cultural and clinical considerations affecting these populations and using theory and research to identify appropriate treatment modalities.

Prerequisites:
• COU 510 with a minimum grade of D- and COU 515 with a minimum grade of D-

Restrictions:
• Must have the following level: Graduate
COU565. Disaster Counseling and Crisis Intervention. 3 Credits.
Theory and research in disaster mental health are studied. Activities of disaster counseling are practiced. Students complete a one-day American Red Cross training in DMH that will allow them to be deployed to disasters.
**Prerequisites:**
- (COU 510 with a minimum grade of D- or PSY 551 with a minimum grade of D-) and (COU 515 with a minimum grade of D- or PSY 553 with a minimum grade of D-) and (COU 540 with a minimum grade of D- or PSY 552 with a minimum grade of D-)

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Clinical Mental Health Counsel (293)
  - Mental Health Counseling (290)
  - Mental Health Counseling Cert (291)

COU566. Assisting Vulnerable Populations. 3 Credits.
Understanding the needs of individuals and groups considered vulnerable prior to, during, and after a disaster, including learning to assess needs, understanding the systems already in place, knowing how to access appropriate supports and structures, and an overview of factors that may assist in mitigating the effects of disasters.
**Prerequisites:**
- COU 510 with a minimum grade of D- and COU 515 with a minimum grade of D-

**Restrictions:**
- Must have the following level: Graduate

COU567. Grief, Loss and Bereavement. 3 Credits.
Understanding and treating reactions to death and loss, especially due to disaster. Topics include attachment, typical and extreme reactions, models of adjustment, death rituals, and grief counseling and other evidence-informed interventions for survivors.
**Prerequisites:**
- COU 510 with a minimum grade of D- and COU 515 with a minimum grade of D-

**Restrictions:**
- Must have the following level: Graduate

COU570. Substance Use and Addictions Counseling. 3 Credits.
Introduction to the fundamental principles, theories, and skills of substance and use and addictions counseling.
**Prerequisites:**
- COU 510 with a minimum grade of C- and COU 515 with a minimum grade of C-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Clinical Mental Health Counsel (293)
  - Mental Health Counseling (290)
  - Mental Health Counseling Cert (291)

COU575. Human Growth and Development. 3 Credits.
This course examines theory and research related to the social, emotional, cognitive, and physical development of individuals. Consideration is given to diverse pathways to and through adulthood, normative transitions, and ecological and contextual models of development.
**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Clinical Mental Health Counsel (293)
  - Mental Health Counseling Cert (291)
  - Music Therapy (285)

COU585. Contemporary Issues in Counseling. 3 Credits.
In depth examination of a particular area related to counseling. May be repeated multiple times for credit, as long as the topic is different each time course is taken.
**Restrictions:**
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Clinical Mental Health Counsel (293)
  - Mental Health Counseling (290)
  - Mental Health Counseling Cert (291)

COU590. Thesis. 1-12 Credits.
Students write a counseling-related thesis under the supervision of a thesis committee (a faculty adviser and two committee members). Students do a literature review/conceptual thesis (3 credits) or an empirical thesis (6 credits). All empirical projects must conform to IRB guidelines.
**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Mental Health Counseling (290)
COU593. Counseling Selected Topic. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

COU595. Indep Study Counseling. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

COU599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Mental Health Counseling (290)

COU610. Research Methods and Program Evaluation. 3 Credits.
The primary objective of this course is to enable you to develop the necessary knowledge and skills that are essential for becoming a critical producer of empirical research.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Clinical Mental Health Counsel (293)
  • Mental Health Counseling (290)
  • Mental Health Counseling Cert (291)

COU771. Internship in Mental Health Counseling 1. 3 Credits.
First half of intensive supervised internship experience in mental health counseling agencies. The sequential training experience presents students with an increasingly advanced understanding of the roles and duties of mental health counselors. Course includes on-site supervised training experience in addition to in-class training component.
Prerequisites:
• (PSY 580 with a minimum grade of D- or COU 530 with a minimum grade of S)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Mental Health Counseling (290)

COU772. Internship in Mental Health Counseling 2. 3 Credits.
Second half of intensive supervised internship experience in mental health counseling agencies. The sequential training experience presents students with an increasingly advanced understanding of the roles and duties of mental health counselors. Course includes on-site supervised training experience in addition to in-class training component.
Prerequisites:
• (PSY 581 with a minimum grade of B- or COU 771 with a minimum grade of B)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Mental Health Counseling (290)

COU781. Internship in School Counseling 1. 3 Credits.
First half of an intensive supervised internship experience in mental health counseling agencies. The sequential training experience presents students with an increasingly advanced understanding of the roles and duties of mental health counselors. Course includes on-site supervised training experience in addition to in-class training component.
Prerequisites:
• (COU 535 with a minimum grade of B)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): School Counseling (295)

COU782. Internship in School Counseling 2. 3 Credits.
Second half of intensive supervised internship experience in school counseling. The sequential training experience presents students with an increasingly advanced understanding of the roles and duties of school counselors. Course includes on-site supervised training experience in addition to in-class training component.
Prerequisites:
• (COU 781 with a minimum grade of B)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): School Counseling (295)

COU795. Independent Study Counseling. 1-12 Credits.
Economics (ECO)

ECO501. Survey of Economics . 3 Credits.
Introduction to economic analysis for management decisions. Prediction of individual prices, the price of factors of production for optimization and forecasting. Study of the performance of the national economy. The goals and problems of high employment, price stability, growth, and the balance payments are analyzed. Introduction to monetary and banking institutions, fiscal policy and their applications to current domestic and international issues. Not open to undergraduate Business or Economics majors.
Prerequisites:
• MAT 152 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

Education Interdisciplinary (EDI)

EDI526. Thg and Learn Middle School . 3 Credits.
Restrictions:
• Must have the following level: Graduate

EDI593. Interdisciplinary Ed Selected Topic. 12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EDI594. Fieldwork In Interdisciplinary Ed. 0 Credits.
Restrictions:
• Must have the following level: Graduate

EDI595. Indep Study Interdisciplinary Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

EDI599. Modular Course. 1 Credit.

EDI769. Design and Administration of Educational Media Systems . 3 Credits.
Procedures for designing, developing and implementing an educational media program for schools, colleges, and other educational agencies; examining various kinds of instructional media support systems; tailoring the media program to specific situations; dealing with media problems; improving facilities; helping teachers to use media; staffing; budget.
Restrictions:
• Must have the following level: Graduate

EDI775. Graduate Reading Seminar . 3 Credits.
Reviews and synthesizes major aspects of reading presented through the master's program, based on required current readings. Additionally requires students to complete an action research project. This is the final course in the master's program in education for students with a K-12 reading concentration.
Prerequisites:
• EED 746 with a minimum grade of B
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Education: 5 - 12 (030B)
  • Literacy Education: B - 6 (030A)
  • Literacy Ed and Child Spec Ed (029A)
  • Literacy Ed and Adol Spec Ed (029B)

EDI793. Theoretical Fndtns Read. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EDI795. Indep Study Interdisciplinary Ed. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

EDI798. Principles of Research. 3 Credits.
Students will read, discuss, debate and write about education research and its intersection with teaching. Participants will design their own research project with the approval and support of the professor.

EDI799. Modular Course. 1 Credit.

Educational Administration (EDA)

EDA701. Internship in Educational Administration and Supervision. 3-12 Credits.
Planned and individual program will provide training and experience in a school leadership position in the area where certification is sought. Will be part-time for two semesters. Three credits per semester. There are visitations from college personnel to assist and guide the intern. Four (4) seminars are required.
Restrictions:
• Must have the following level: Graduate

EDA702. Internship In Educational Administration and Supervision II. 6 Credits.
A planned and individual program will provide training and experience in a school leadership position in the area where certification is sought. May be full-time for one semester. Three credits per semester. There are visitations from college personnel to assist and guide the intern. Eight (8) seminars are required.
Restrictions:
• Must have the following level: Graduate
EDA760. Current Issues in Educational Administration . 3 Credits.
This course will examine the effects social conditions have on children and families whose educational needs have been marginalized. Students will evaluate the effectiveness of school reform initiatives and develop ways to provide equitable education for all children.
Restrictions:
• Must have the following level: Graduate

EDA763. Educational Supervision and Accountability . 3 Credits.
This course examines the administrator's role in the application of effective supervisory practices as they relate to certified and non-certified personnel. COURSE FEE FOR WATERMARK .
Restrictions:
• Must have the following level: Graduate

EDA769. The Principalship . 3 Credits.
This course examines the various roles and responsibilities of the building Principal as school building leader. Students will examine the issues facing the Principal and develop coping strategies for addressing them.
Restrictions:
• Must have the following level: Graduate

EDA772. Administrative Theory and Practice . 3 Credits.
This course provides an overview of administrative theory and its impact on educational administration. A variety of theories, concepts, ideas, and practices are reviewed in the areas of organization, leadership, decision-making, communication, change, conflict, and ethics. COURSE FEE FOR WATERMARK .
Restrictions:
• Must have the following level: Graduate

EDA775. New York State Education Law and Policy Implementation . 3 Credits.
This course addresses the laws and policies that affect schools in New York State. New York State laws and regulations, as influenced by federal constitutional and statutory laws, will be examined as they relate to governing, managing, and implementing school programs.
Restrictions:
• Must have the following level: Graduate

EDA776. Finance and Revenue Management . 3 Credits.
Theory and practices of educational finance in public education. Relations with state and federal sources, changing conceptions of government functions. Foundation support for education, grants for research and innovation. Weaknesses and strengths of current educational finance and suggested improvements. Interrelations of education and the economy; financing local school systems.
Restrictions:
• Must have the following level: Graduate

EDA784. Curriculum Development for Administrators . 3 Credits.
This course examines the foundations, principles, and issues in curriculum. Emphasis will be placed on evaluation of the structure and content of curriculum, effectiveness of the delivery systems, and on development and alignment of the curriculum.
Restrictions:
• Must have the following level: Graduate

EDA789. The Superintendency . 3 Credits.
This course examines the roles and responsibilities of a superintendent of schools. There will be additional emphasis on the tasks and problems faced by superintendents in an ever-changing pluralistic society. Attention will also be given to the superintendency in New York State. The American Association of School Administrator's Professional Standards for the Superintendency will serve as a basis for this course.
Restrictions:
• Must have the following level: Graduate

EDA793. Ed Admin Selected Topic. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EDA795. Indep Study Ed Admin. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Educational Studies (EDS)

ED511. Child Development . 3 Credits.
Examines recent research findings in the social, emotional, intellectual, and physical development of children and implications for teachers' relationship with individual children.
Restrictions:
• Must have the following level: Graduate

ED520. History of Education . 3 Credits.
Traces the history of American education from the Colonial Period. It includes a discussion of the development of public schools, and the relationship between cultural pluralism and schooling.
Restrictions:
• Must have the following level: Graduate

ED537. Issues in Multicultural Education . 3 Credits.
This course examines the way that racial and cultural differences shape the purposes and practices of education. It examines the social foundations of multicultural education, with particular attention to inequities among racial and cultural groups.
Restrictions:
• Must have the following level: Graduate

ED538. Psychological Foundations of Education . 3 Credits.
This course examines the links between education, particularly schooling, and psychological development. Themes addressed include development, the interplay of psyche and culture, paradigmatic and narrative modes of thinking, etc. Central to the course is the consideration of how theory influences individual learners and their communities.
Restrictions:
• Must have the following level: Graduate
EDS539. Social Foundations of Education . 3 Credits.
Examines the relationship of schooling to its context through philosophy and/or social science. It addresses cultural diversity, economic stratification, gender, and the social condition of children as they affect contemporary educational challenges and possibilities.
Restrictions:
• Must have the following level: Graduate

EDS541. Humanistic/Multicultural Approaches to Education and Human Services . 3 Credits.
This introductory course examines the philosophical, psychological and social foundations of humanistic/multicultural education. Students explore the challenge of implementing humanistic principles that support achievement, diversity and equity in their school, human service institutions and society.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Humanistic-Multicultural Ed (070)

EDS542. Women's Issues in Human Services . 3 Credits.
This course focuses on contemporary issues concerning the status and welfare of women from diverse social groups who are served by human service organizations.
Restrictions:
• Must have the following level: Graduate

EDS545. Cooperatively Structured Learning . 3 Credits.
This course focuses on methods to make teaching and learning cooperative in heterogeneous groups and educational settings. Examination of the implications of cooperation and competition for schools, organizations and society.
Restrictions:
• Must have the following level: Graduate

EDS546. Conflict Resolution in Education . 3 Credits.
A focus on understanding and constructively dealing with conflict as it manifests itself in educational settings, with particular emphasis on mediation, peer mediation programs, and dealing with diversity.
Restrictions:
• Must have the following level: Graduate

EDS547. Education of Self for Professionals . 3 Credits.
This experiential course focuses on the role of self-knowledge in teaching and learning. The impact of gender, age, race, class, culture and family history on personal development are explored. Students examine limiting patterns and design alternatives.
Restrictions:
• Must have the following level: Graduate

EDS548. Multicultural Approaches to Helping. 3 Credits.
Focuses on the development of a multicultural model for facilitating helping relationships and recognizes helping as a structured social process and an essential human quality. Explores traditional healing practices and contemplative approaches to helping.
Restrictions:
• Must have the following level: Graduate

EDS549. Issues in Literacy for Diverse Learners . 3 Credits.
Explores issues in the sociocultural, moral, political, historical, and developmental dimensions of literacy. Students consider how classroom practices for secondary students relate to theories of learning, to first- and second-language acquisition, and to literacy development. This course presents a broad view of literacy as a form of communication.
Restrictions:
• Must have the following level: Graduate

EDS550. Expressive Arts, Leadership, and Change . 3 Credits.
The expressive arts can be utilized in envisioning and leading change initiatives that address social justice issues in schools and community organizations. This reflective and experiential course will explore practical, arts-based teaching and learning strategies.
Restrictions:
• Must have the following level: Graduate

EDS556. Drug Education for School Personnel. 1 Credit.
Introduction to drugs, drug use, drug education, and disciplinary responses to drug use in public schools. Cultivates capacities for understanding and investigating the impact of drug policy in schools.
Restrictions:
• Must have the following level: Graduate

EDS580. Current Issues in Education . 3 Credits.
Current issues in public education in the United States, the context from which they emerge, and their possible resolution.
Restrictions:
• Must have the following level: Graduate

EDS581. Issues of Racism and Sexism in Education . 3 Credits.
This course examines personal and institutional racism and sexism and their intersections with discrimination based in class, sexual orientation, religion, ability, gender identity, language, age and nationality. It offers strategies for creating multicultural, gender-fair and equitable curricula, classrooms, schools and organizations.
Restrictions:
• Must have the following level: Graduate

EDS582. Exploration of Gender in Education . 3 Credits.
This course examines experiences of gender in educational institutions from early childhood through graduate school. Students analyze curriculum materials, classroom interaction patterns, organizational/social forces, and methods for creating gender-fair, multicultural classrooms and other educational settings.
Restrictions:
• Must have the following level: Graduate

EDS593. Ed Studies Selected Topics. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate
EDS594. Fieldwork In Ed Studies. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

EDS595. Indep Study Ed Studies. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

EDS702. Human Motivation and Learning . 3 Credits.
Principles of motivation and learning taken from psychological theory and their application to classroom learning. Works of some outstanding psychologists examined for similarities and differences in points of view toward how learning takes place and how people are motivated.
Restrictions:
• Must have the following level: Graduate

EDS730. Adolescent Development . 3 Credits.
Study of adolescent behavior and factors that determine it; special reference to the educational implications of such behavior for secondary school teachers. Not open to students who have taken an adolescent psychology course.
Restrictions:
• Must have the following level: Graduate

EDS732. Group Dynamics . 3 Credits.
A laboratory for experiencing and analyzing group processes such as leadership, diversity, decision-making, communication, conflict resolution, problem-solving and team building. Students analyze and enhance their own behavior in groups and practice process-observation skills.
Restrictions:
• Must have the following level: Graduate

EDS735. Experiential Workshop Design . 3 Credits.
An exploration of the knowledge, skills and attitudes necessary to plan, design and evaluate experiential learning activities. Course competencies can be applied in a wide variety of settings and with a diverse range of learners.
Restrictions:
• Must have the following level: Graduate

EDS741. Social-Emotional Learning for Social Justice. 3 Credits.
This course focuses on social-emotional learning in an interdisciplinary social justice context. Participants will explore programs and resources for use with a diverse range of learners in educational and human service settings.
Restrictions:
• Must have the following level: Graduate

EDS742. Dynamics of Transformative Social Change. 3 Credits.
Explores the personal, social, political and technological context of organizational and community work and identifies theoretical and practical approaches for fostering democratic and just social transformation.
Restrictions:
• Must have the following level: Graduate

EDS748. Qualitative Research Methods . 3 Credits.
This required course introduces students to qualitative research methods. Students design, implement and present a major research project. This course should be taken near the end of the program.
Prerequisites:
• EDS 541 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

EDS749. Seminar in Humanistic/Multicultural Education and Human Services . 3 Credits.
A focus on the contributions of critical theory to a broader definition and vision of humanistic approaches to education and the human services. This course should be taken near the end of the program.
Prerequisites:
• EDS 541 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

EDS752. Philosophy of Education . 3 Credits.
Examines the purposes, ideals and central concepts of education. It draws on texts from the history of philosophy as well as contemporary educational thought.
Restrictions:
• Must have the following level: Graduate

EDS753. Leadership in Education and Human Service Settings . 3 Credits.
This course examines a variety of theoretical models of leadership and personal leadership styles. Students develop skills in areas of planning, staff evaluation and development, personal goal setting, conflict resolution and supporting diversity.
Restrictions:
• Must have the following level: Graduate

EDS793. Ed Studies Selected Topics. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EDS794. Fieldwork In Ed Studies. 3 Credits.
Restrictions:
• Must have the following level: Graduate

EDS795. Indep Study Ed Studies. 1-6 Credits.
Restrictions:
• Must have the following level: Graduate
Elementary Education (EED)

**EED501. Fieldwork in Early Childhood. 1 Credit.**
Fieldwork focused on developmentally appropriate practices and teaching reading in grades pre K-2, including managing the physical classroom environment, evaluating the literacy environment, conducting a successful read aloud, and analyzing developmentally appropriate practices. 40 hours. COURSE FEE FOR WATERMARK.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Ed 1-6 & Early Child B-2 (020E)
  - Childhood Ed 1-6 (020C)

**EED502. Fieldwork in Math, Science, and Technology. 1 Credit.**
Fieldwork focused on mathematics, science and technology for children in grades 1-6 with an emphasis on inquiry-based instructional models and educational games. 20 hours.

**Prerequisites:**
- EED 523 with a minimum grade of C and EED 501 with a minimum grade of C

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Ed 1-6 & Early Child B-2 (020E)
  - Childhood Ed 1-6 (020C)

**EED503. Fieldwork in Grades 3-6. 1 Credit.**
Teacher candidates complete a minimum of 60 hours participating in elementary classrooms (grades 3-6) as they take on the role of observer, assistant, and teacher for one-on-one, small group, and whole class instruction. 60 hours.

**Prerequisites:**
- EED 501 with a minimum grade of S and EED 502 with a minimum grade of S

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Ed 1-6 & Early Child B-2 (020E)
  - Childhood Ed 1-6 (020C)

**EED505. Microcomputer as Ed Tool. 3 Credits.**

**Restrictions:**
- Must have the following level: Graduate

**EED507. Creative Experience for Young Children . 3 Credits.**
Use of ideas, concepts, and materials to develop teachers' awareness of alternative creative approaches to curriculum experiences dealing with the self, the senses, and the environment for nursery school, kindergarten, and primary children.

**Restrictions:**
- Must have the following level: Graduate

**EED508. Language and Literature for Young Children . 3 Credits.**
Children's literature for the nursery school, kindergarten, and primary level. Total language arts program, including storytelling.

**Restrictions:**
- Must have the following level: Graduate

**EED509. Curriculum One: Infant and Toddler . 3 Credits.**
Study of children prenatal through age two. Investigation of child development principles to promote physical, intellectual, social, and emotional development and competence in the child.

**Restrictions:**
- Must have the following level: Graduate

**EED510. Teaching Writing & Multimodal Text Production. 3 Credits.**
This clinically-rich course explores methods of teaching writing in grades K-12. Course activities are designed to meet the needs of diverse learners, and students will learn digital production skills across disciplines.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)

**EED511. Piaget's Theory and App for Curr and Inst. in Elementary Classroom . 3 Credits.**
A study of the development stage from sensori-motor through formal operations, the relationship to intellectual, social, and moral development, and the application to curriculum development and materials. Use of clinical method with children.

**Restrictions:**
- Must have the following level: Graduate

**EED512. Children's and Young Adult Literature. 3 Credits.**
Available reading materials in the light of children's interest and capabilities; contribution of literature to child growth. Concentration may be made on particular grade levels. It is suggested that students in the reading specialization cover grade levels K-Middle School.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)

**EED513. Curriculum III: First and Second Grade . 3 Credits.**
Focus on whole child and the integrated nature of learning and development in young children with specific attention to children in first and second grade and their families. Course integrated with arts, math, science and technology, health/physical development and social studies.

**Restrictions:**
- Must have the following level: Graduate
EED514. Developmentally Appropriate Practices: Birth - Second Grade . 3 Credits.
Candidates will consider cognitive and social development of children, birth through second grade and the implications for child development, curriculum planning, classroom management, environment and organization.
Restrictions:
• Must have the following level: Graduate

EED515. Curriculum Two: Preschool and Kindergarten . 3 Credits.
Focuses on the whole child and the integrated nature of learning and development in young children. Provides preparation for working with preschool/kindergarten children and their families.
Restrictions:
• Must have the following level: Graduate

EED516. Teaching Reading/Language Arts in the Elementary School . 3 Credits.
Explores the nature of an effective writing, reading, and language arts program in the elementary school by exploring evidence-based instruction and methods for assessment.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Childhood Education (020A)
• Students cannot elect the Satisfactory/Unsatisfactory grade option for this course

EED517. Teaching Science in the Elementary School . 3 Credits.
The nature of a good science program in the elementary school; selection and organization of science experiences of particular importance to children. Effective procedures for promoting in children a lasting interest in science.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Childhood Education (020A)

EED518. Teaching Mathematics in the Elementary School . 3 Credits.
Recent developments in the reorganization of mathematics programs in modern elementary schools. Research findings in effective classroom methods and materials for improving mathematics skills.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Childhood Education (020A)

EED519. Teaching Social Studies in the Elementary School . 3 Credits.
Research findings in teaching social studies in the elementary school. Implications for improving organization of all school programs in social studies and selection of effective methods and materials of instruction.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Childhood Education (020A)

EED520. Literacy and Reading Development - Birth - Kindergarten . 3 Credits.
This course focuses on early literacy development and how it can be fostered while honoring children’s individual differences, home environments, and backgrounds. Major themes include the exploration of interaction between symbolic development, language and literacy acquisition in children birth through five years of age. Major theories of literacy development are analyzed in light of early childhood classroom instructional techniques and the development of strategies to encourage language and literacy in young children. Working with parents to develop language and literacy skills and dispositions is also a major theme in this course. 20 hours of fieldwork required.
Restrictions:
• Must have the following level: Graduate

EED521. Field Experience Three: Implementing Instruction in the Classroom . 3 Credits.
This course will support the student in becoming a proficient teacher. The student will become familiar with lesson plans; teaching principles and practices to skillfully teach all students; individualization; and leadership.
Restrictions:
• Must have the following level: Graduate

EED522. Play: The Foundations of Literacy for Young children (B-K). 3 Credits.
Students will explore the complex issues of play, its role and value in the early classroom from both theoretical and practical perspectives, with particular focus upon early literacy development. Students will be required to identify and obtain permission to complete 15 hours of field observations at appropriate sites approved by the instructor.
Restrictions:
• Must have the following level: Graduate

EED523. Reading in the Primary Grades . 3 Credits.
Discusses the importance of language development and experiential background in the reading process. Emphasis is placed on early reading, language experience approaches and beginning developmental reading. An in-depth analysis of various methodologies for beginning reading instruction grades K-3 is provided.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Child Ed 1-6 & Early Child B-2 (020E)
  • Childhood Ed 1-6 (020C)

EED524. Reading in the Middle School . 3 Credits.
Concentrates on the teaching of reading in grades 4-8. Provides an in-depth study of general comprehension strategies, study skills, recreational reading, and reading strategies appropriate for content areas. Instructional techniques, including diagnostic procedures, are an important part of the course.
Restrictions:
• Must have the following level: Graduate
EED525. Fundamentals of Reading . 3 Credits.
Presents an overview of the reading process. Discusses current models of reading. Emphasizes comprehension strategies and word recognition skills, along with an overview of diagnostic procedures, from early reading stages through the middle school years. This course is designed for graduate students who have no previous formal college-level course work in the teaching of reading. Open only to students who have never taken a reading course or have not taken a reading course in five years.

Restrictions:
- Must have the following level: Graduate

EED526. Creative Writing for Elementary School Teachers . 3 Credits.
Opportunities for teachers to do some writing of their own for children, in addition to studying approaches in helping children to write. Contemporary children’s literature will be studied in regard to the various genres and styles of writing each type.

Restrictions:
- Must have the following level: Graduate

EED528. Literacy and Language Learners. 3 Credits.
Students engage with issues around developing literacy in a second language. Students explore theories of second language acquisition, ways to modify assessment and remediation based on students' first language, and culturally responsive approaches to instruction.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)

EED530. Health and Drug Education: Problem-Solving . 3 Credits.
Study of basic health and drug education information essential for teachers to cope constructively with related problems in home, school, community, and society. Particular emphasis on experience with effective techniques in adult-student interaction and communication in an open, sensitive, and realistic manner.

Restrictions:
- Must have the following level: Graduate

EED535. Research in Child, Family, School in Grades B-2. 3 Credits.
Considerations of the cognitive and social development of children preschool through third grade. Implications for curriculum planning, classroom management and organization. Exploration of the relationship between the family and the school. Participants will design their own research project with the support and approval of the supervisor.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Ed 1-6 & Early Child B-2 (020E)
  - Childhood Ed 1-6 (020C)

EED536. Research in Child, Family, School in Grades 3-6. 3 Credits.
Investigation of developmental stages and theories for children in grades 3-6 (ages 8-12); implications for curriculum planning, classroom organization, and management. Study of school, family and community impact of the child.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Ed 1-6 & Early Child B-2 (020E)
  - Childhood Ed 1-6 (020C)

EED540. Field Studies in Environmental/Outdoor Education I: The Natural World . 3 Credits.
Recognize examples of the natural systems and cycles that make up the Earth environment. Evaluate school grounds and community for outdoor education opportunities. Develop cross-curriculum resources for environmental literacy regarding the natural world and school.

Restrictions:
- Must have the following level: Graduate

EED550. Advanced Child Development . 3 Credits.
Focus on recent research findings, social issues and theoretical underpinnings in the development of children. Implications for teachers’ relationship with individual children and families will be discussed using a multicultural, sociological, psychological and historical perspective in understanding child and family development.

Restrictions:
- Must have the following level: Graduate

EED555. Content Area Literacy, 1-6. 3 Credits.
Explores the theories, methods, and materials necessary for successful integration of all language arts with content area subject matter for the B-6 learner in a clinically-rich format.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: B - 6 (030A)
  - Reading-Literacy: 1-6 (013R)

EED571. The Microcomputer as an Educational Tool . 3 Credits.
The use of the computer to improve learning and teaching with "tool programs" such as word processors, spreadsheets, record keeping programs, tests and instructional material generators, telecommunications, and database programs. Includes discussion, and use of these programs on microcomputers in a laboratory.

Restrictions:
- Must have the following level: Graduate
EED578. Hudson River Studies . 3 Credits.
Intended for teachers (K-12), this course leads participants on a Hudson River odyssey, exploring the river’s ecology, human and natural history, and environmental issues through field trips and classroom presentations. The course will cover methods and materials used in classroom teaching about the river. A $60 fee is required for field trip and materials costs.
Restrictions:
• Must have the following level: Graduate

EED579. Integrating Reading, Language Arts and Social Studies in Grades 1-6 . 6 Credits.
Focuses on assessment techniques, curriculum development and instruction based on New York State learning standards in English/Language Arts and Social Studies in the elementary school. Special emphasis on reading and writing in content areas at intermediate grade levels, with specific attention to social studies.
Prerequisites:
• EED 523 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Child Ed 1-6 & Early Child B-2 (020E)
  • Childhood Ed 1-6 (020C)

EED580. Connecting Mathematics, Science, and Technology in Elementary School . 6 Credits.
Focuses on assessment techniques, curriculum development and instruction based on New York State Learning Standards in mathematics, science, and technology in the elementary school, grades 1-6. Special emphasis is given to inquiry-based methodologies and the connectedness of the disciplines. Must take, at least, three credits before this course.
Prerequisites:
• EED 523 with a minimum grade of B
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Child Ed 1-6 & Early Child B-2 (020E)
  • Childhood Ed 1-6 (020C)

EED581. Foundations of Bilingual/Bicultural Education . 3 Credits.
Provides an overview of issues related to the education of limited English proficient students. The historical and legal foundations for bilingual education, models of bilingual education, and research findings regarding the effectiveness of bilingual education will be examined.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

EED583. Methods and Materials in Bilingual Education . 3 Credits.
A review of the methods, techniques and materials for teaching in a bilingual setting. Includes methods and techniques for the teaching of mathematics, science and social studies in Spanish. Students will prepare and adapt materials for use in a bilingual classroom.
Prerequisites:
• EED 581 with a minimum grade of D- and SED 573 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

EED585. Teaching Reading and Language Arts in a Bilingual Setting . 3 Credits.
An analysis of the methods and materials for teaching reading and language arts in Spanish to bilingual students. Discussion will focus on the role of language and experience in reading instruction and on the effectiveness of native language reading instruction.
Restrictions:
• Must have the following level: Graduate

EED589. Practicum in Bilingual Education . 6 Credits.
A college-supervised experience in teaching in a bilingual setting required of all students in the Bilingual Education concentration during their final semester in the program. A research project based on the practicum experience will be required.
Prerequisites:
• EED 585 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

EED593. Elem Ed Selected Topic. 12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EED594. Fieldwork In Elementary Ed. 0 Credits.
Restrictions:
• Must have the following level: Graduate

EED595. Indep Study Elementary Ed. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

EED604. Student Teaching Grades B-3. 3 Credits.
Student teaching field experience in the preschool through elementary classroom setting. Candidates observe and demonstrate proficiency in the fundamentals of teaching; planning and/or execution of standards-based pupil learning experiences; development of appropriate instructional practices and assessment tools; implementation of classroom management procedures; communication with parents and school personnel; maintenance of pupil progress and evaluation records.
Restrictions:
• Must have the following level: Graduate
EED605. Student Teaching Grades 4-6. 3 Credits.
Student teaching field experience in the preschool through elementary classroom setting. Candidates observe and demonstrate proficiency in the fundamentals of teaching: planning and/or execution of standards-based pupil learning experiences; development of appropriate instructional practices and assessment tools; implementation of classroom management procedures; communication with parents and school personnel; maintenance of pupil progress and evaluation records.
Restrictions:
  • Must have the following level: Graduate

EED606. Student Teaching Seminar. 1 Credit.
Candidates explore and respond to issues in student teaching including: standards-based instructional practice; assessment and evaluation; critical reflection; classroom management; school-community relations; ethics and law; and post-commencement professional transitions.
Restrictions:
  • Must have the following level: Graduate

EED693. Elementary Ed Selected Topic. 3-12 Credits.
Restrictions:
  • Must have the following level: Graduate

EED700. Foundations of Early Childhood Education. 3 Credits.
Major historical and philosophical concepts in teaching young children from the seventeenth century to the present and their contribution to current curriculum practices.
Restrictions:
  • Must have the following level: Graduate

EED703. Program Planning for Young Children. 3 Credits.
Restrictions:
  • Must have the following level: Graduate

EED707. Workshop in Teaching Mathematics and Technology in the Elementary School. 3 Credits.
Current issues in elementary school mathematics instruction will be addressed, with an emphasis on problem solving and the use of manipulatives. Topics covered will include remediation, the role of technology, assessment, and the integration of mathematics with other subject areas to enhance STEM education objectives.
Restrictions:
  • Must have the following level: Graduate

EED709. Workshop in Teaching Science and Literacy in the Elementary School. 3 Credits.
Foci of course: (1) National Science & ELA Standards; (2) hands-on materials, inquiry activities, children's literature, and science notebooks; (3) utilization of community, environment, and integrated approaches to connecting science and literacy; (4) includes development of learning centers, curriculum guides, and/or other alternate instructional strategies.
Restrictions:
  • Must have the following level: Graduate

EED710. Seminar in Elementary Education. 3 Credits.
Analysis of recent research, innovations, and experimentation in the elementary curriculum and instruction. Students demonstrate reasonable mastery of an area of elementary education relevant to their selected area of concentration through research projects.
Restrictions:
  • Must have the following level: Graduate

EED716. Science, Math, and Engineering for Young Children. 3 Credits.
Develop in children scientific and mathematical curiosity, awareness and skill in fundamental processes, concepts and operations. A variety of approaches, focusing on sensory experiences, to develop concepts in science, math and engineering. A study of developmental stages of children as they relate to concepts and skills aligned with state content standards and STEM education objectives.
Restrictions:
  • Must have the following level: Graduate

EED718. Models of Teaching: A Repertoire of Teaching. 3 Credits.
Effective models of teaching for teachers to use in their classroom settings. Opportunities to apply model syntax and teaching strategies in multiple classroom instructional arrangements.
Restrictions:
  • Must have the following level: Graduate

EED721. Assessment and Curriculum Planning Preschool and Elementary Grades. 3 Credits.
Consideration of current trends in assessment and classroom assessment practices that can be used in planning appropriate activities for students in the regular classroom.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Childhood Education (020A)

EED735. Workshop in Environmental/Outdoor Education and Mathematics. 3 Credits.
Teachers and administrators evaluate environmental education programs in schools and plan for children in the areas of social studies, science, mathematics, and physical health as they interrelate within an environmental education program. Opportunity to work cooperatively on environmental education programs using data analysis related to developmental curriculum and STEM education objectives.
Restrictions:
  • Must have the following level: Graduate
EED746. Workshop for the Remediation of Reading Difficulties . 3 Credits.
Working in a supervised laboratory setting, the student diagnoses, translates diagnostic results into a plan for remediation and carries out the plan within the time limitations of the course. The student develops competency in working with client and parent, in using specific remedial materials and techniques, and in reporting results.

Prerequisites:
- (EED 745 with a minimum grade of B)

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)
  - Literacy Ed and Child Spec Ed (029A)
  - Literacy Ed and Adol Spec Ed (029B)

EED747. Clinical Practices in Reading. 3 Credits.
(Summer only) Under close supervision, student works intensively with one or more children with serious reading problems, diagnosing, establishing a remedial program, tutoring, and reporting results. Student works with the client to discover and monitor the strategies that will bring greater comprehension. Family support is an ongoing consideration. Seminar explores functions and organization of a reading clinic, professional organizations, professional ethics.

Prerequisites:
- (EED 746 with a minimum grade of B)

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)
  - Literacy Ed and Child Spec Ed (029A)
  - Literacy Ed and Adol Spec Ed (029B)

EED748. Current Practices in Reading . 3 Credits.
Provides an in-depth study of current research trends in reading and their application in the classroom. Emphasis is placed on library research, the reading of research and professional journal articles, and teacher effectiveness in reading.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)
  - Pre-K-6: General (013)

EED750. Developing Environmental/Outdoor Education Programs . 3 Credits.
Study of environmental and outdoor education programs, including planning, curriculum development, funding, administration and evaluation. Develop programs that teach the Learning Standards using the environment as context. Participation in field studies at the Mohonk Preserve and independent field trips to regional centers. (Footnote: Instruction takes place at the Mohonk Preserve Visitor Center. Ten days: 8 days in class from 9 am - 3:00 pm; 2 days independent field observations.)

Restrictions:
- Must have the following level: Graduate

EED751. Internship in Environmental/Outdoor Education . 6 Credits.
Individualized contract in design, set-up, implementation and operation of an environmental education program for elementary children under direct guidance of a faculty advisor at an approved location.

Restrictions:
- Must have the following level: Graduate

EED752. Theoretical Foundations of Reading and Writing. 3 Credits.
Explores current theories underlying the reading and writing process and the research on which they are based. Participants use research to develop their own theories of reading and writing. A proctoring fee for test taking may apply.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)

EED753. Workshop in Understanding Literacy Difficulties. 3 Credits.
Following a developmental approach, literacy candidates will explore potential difficulties in the reading and writing acquisition process. Include in-depth analysis of the phonological, orthographic, and morphological structures of English.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Education: 5 - 12 (030B)
  - Literacy Education: B - 6 (030A)
EED754. Workshop in Diagnosing Literacy Difficulties. 3 Credits.
Clinically-rich course that prepares students to understand, select, develop, administer, and interpret a variety of literacy assessments, as well as use assessment information to plan and evaluate literacy instruction.
Prerequisites:
• EED 753 with a minimum grade of B
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Education: 5 - 12 (030B)
  • Literacy Education: B - 6 (030A)

EED755. Workshop in Intervention of Literacy Difficulties, B-6. 3 Credits.
Under supervision in a clinically-rich setting, each candidate assesses, designs an intervention plan, and adjusts instruction based on progress monitoring data for a child in grades K-6 with literacy difficulties.
Prerequisites:
• EED 754 with a minimum grade of B
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Education: B - 6 (030A)
  • Child Special Ed and Lit Ed (059C)
  • Literacy Ed and Child Spec Ed (029A)

EED756. Workshop in Intervention of Literacy Difficulties, 5-12. 3 Credits.
Under supervision in a clinically-rich setting, each candidate assesses, designs an intervention plan, and adjusts instruction based on progress monitoring data for a child in grades 5-12 with literacy difficulties.
Prerequisites:
• EED 754 with a minimum grade of B
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Adol Special Ed and Lit Ed (059G)
  • Literacy Education: 5 - 12 (030B)

EED757. Clinical Practices in Literacy Intervention, B-6. 3 Credits.
In this capstone course, candidates work in a clinically-rich setting assessing, designing, implementing, and adjusting as needed an intervention plan for students in grades B-6 to demonstrate mastery of program content. The course also provides information as mandated by NYS Education law in instruction students in fire and arson prevention, prevention alcohol, tobacco, and other drug abuse, and child abduction prevention.
Prerequisites:
• EED 755 with a minimum grade of B-
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Education: B - 6 (030A)
  • Child Special Ed and Lit Ed (059C)
  • Literacy Ed and Child Spec Ed (029A)

EED758. Clinical Practices in Literacy Intervention, 5-12. 3 Credits.
In this capstone course, candidates work in a clinically-rich setting assessing, designing, implementing, and adjusting as needed an intervention plan for students in grades 5-12 to demonstrate mastery of program content. The course also provides information as mandated by NYS Education law in instruction students in fire and arson prevention, prevention alcohol, tobacco, and other drug abuse, and child abduction prevention.
Prerequisites:
• EED 756 with a minimum grade of B
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Adol Special Ed and Lit Ed (059G)
  • Literacy Education: 5 - 12 (030B)

EED759. Workshop in Action Research for Literacy Leaders. 3 Credits.
Candidates develop a critical stance toward historically shared knowledge in literacy education. Candidates learn about the critical role of action research in professional learning communities and develop an action research project for their capstone clinical experience.
Prerequisites:
• EED 754 with a minimum grade of B
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Adol Special Ed and Lit Ed (059G)
  • Literacy Education: 5 - 12 (030B)
  • Child Special Ed and Lit Ed (059C)
  • Literacy Ed and Child Spec Ed (029A)
EED760. Literacy Leadership and Coaching. 3 Credits.
Within this clinically-rich course, candidates study literacy leadership and adult learning. Practices include leading RTI/assessment meetings, analyzing literacy programs, coaching, responding to policy decisions, writing grants, planning professional development, and establishing learning communities.
Prerequisites:
• (EED 755 with a minimum grade of B or EED 756 with a minimum grade of B) and EED 759 with a minimum grade of B
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Adol Special Ed and Lit Ed (059G)
  • Literacy Education: 5 - 12 (030B)
  • Child Special Ed and Lit Ed (059C)
  • Literacy Ed and Child Spec Ed (029A)
  • Literacy Education: B - 6 (030A)

EED771. Creativity in the Classroom . 3 Credits.
Analysis of research in identification, development and measurement of creativity. Instructional designs and teacher behavior in creative teaching. Creative problem-solving and creativity training.
Restrictions:
• Must have the following level: Graduate

EED793. Elementary Ed Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EED794. Fieldwork in Elementary Ed . 0 Credits.
Restrictions:
• Must have the following level: Graduate

EED795. Indep Study Elementary Ed. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

Engineering-Computer (EGC)
EGC593. Comp Eng Select Topics. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

EGC595. Indep Study Comptr Engin. 0 Credits.
Restrictions:
• Must have the following level: Graduate

EGC795. Indep Study Comptr Engin. 1-5 Credits.
Restrictions:
• Must have the following level: Graduate

Engineering-Electrical (EGE)
EGE505. Analytical Techniques I . 3 Credits.
Restrictions:
• Must have the following level: Graduate

EGE506. Analytical Techniques II . 3 Credits.
Restrictions:
• Must have the following level: Graduate

EGE511. Digital Data and Computer Communication . 3 Credits.
Restrictions:
• Must have the following level: Graduate

EGE512. Communication Systems. 3 Credits.
Signal analysis, signal transmission. Digital communication systems. Amplitude modulation; angle modulation.
Restrictions:
• Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Electrical Engineering (265)

EGE513. Digital Signal Processing . 3 Credits.
Prerequisites:
• EGE 311 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

EGE514. Advanced Communications. 3 Credits.
Prerequisites:
• EGE 312 with a minimum grade of C- or EGE 412 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate
EGE521. CMOS Analog Circuit Design. 3 Credits.
Analysis and optimized design of analog integrated circuits and systems in CMOS technology. Specific topics include MOS devices, device physics, basic CMOS analog circuit building blocks, single stage amplifiers, differential amplifiers, operational amplifiers, reference sources, distortions and controls, various circuit design techniques, options and trade-offs. Graduate Standing or Permission of the Instructor.
Restrictions:
- Must have the following level: Graduate

EGE522. Advanced Analog Circuits. 3 Credits.
Prerequisites:
- EGE 321 with a minimum grade of C-
Restrictions:
- Must have the following level: Graduate

EGE523. Wireless Communications. 3 Credits.
Overview of wireless systems, propagation characteristics of wireless channels, modems for wireless communications, cells and cellular traffic, fading and multiple access techniques.
Restrictions:
- Must have the following level: Graduate

EGE525. Microelectronic Fabrication. 3 Credits.
The physics and technology of various steps required to fabricate complicated integrated circuits are explained. The Si and GaAs materials will be covered. The course will cover microelectromechanical systems (MEMS) fabrication as well.
Restrictions:
- Must have the following level: Graduate

EGE527. Electronic Properties of Materials. 3 Credits.
Introduction to electronic properties of materials through the concepts of classical mechanics and quantum mechanics principles. Topics include fundamentals of quantum mechanics, Schrodinger wave equations, energy bands, free-electron energy, applications of electronic theory upon electrical, thermal, optical and magnetic properties of materials. Graduate Standing or Permission of the Instructor.

EGE532. Computer Arithmetic. 3 Credits.
Deals with algorithms and architectures used for computer arithmetic. Issues that will be addressed include: number systems and representation, redundant and residue systems. Addition/subtraction circuits. Multiplication, division, square route algorithms, cordic arithmetic system. Floating-point arithmetic systems. Implementation issues – pipelining, low-power, fault- tolerant designs.
Restrictions:
- Must have the following level: Graduate

EGE533. Introduction to Parallel Computing. 3 Credits.
Paradigms of parallel computer systems, memory system implementation, idealized versus practical parallel computer models, parallel algorithms, algorithmic complexity, survey of commercial parallel machines.
Restrictions:
- Must have the following level: Graduate

EGE534. Fault-Tolerant Design of Digital Systems. 3 Credits.
Restrictions:
- Must have the following level: Graduate

EGE535. Low Power VLSI Design. 3 Credits.
Deals with the design of digital systems for low power dissipation. Issues that will be addressed include CMOS power dissipation, analysis and design tools used for low power digital circuits, design methodologies for low power CMOS circuits, low power memory system designs and a discussion on future challenges in low power digital design. Builds on the VLSI design course previously covered by students in Electrical Engineering/Computer Engineering/Computer Science areas. Students are expected to have a background in circuit theory, electronics, digital logic fundamentals, and probability theory fundamentals. These courses are all covered under core courses in the undergraduate program.
Restrictions:
- Must have the following level: Graduate

EGE536. Computer Architecture. 3 Credits.
Computer architecture and hardware system organization are examined. Topics include performance issues, CPU organization and instruction set implementation, performance enhancement through pipelining, memory organizations, input/output structure, and an introduction to parallel architectures.
Prerequisites:
- EGC 330

EGE537. VLSI Design. 3 Credits.
Introduction to MOS devices and circuits (N-MOS and CMOS), MOS transistor theory, integrated circuit processing technology and design rules (N-MOS and CMOS), circuit characterization and performance estimation, logic design, interfacing, design tools, testability analysis, and discussion of chip design projects.
Prerequisites:
- (EGE 230 with a minimum grade of C- or EGE 220 with a minimum grade of C- and EGE 320 with a minimum grade of C-)

EGE541. Transmission Line Theory. 3 Credits.
Analysis and design of short, medium and long transmission lines. Bundled conductors, skin effect, proximity effect and geometric mean distance. Ferranti effect. Standing waves and traveling waves.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Electrical Engineering (265)
EGE542. Numerical Methods in Engineering . 3 Credits.
Review of electromagnetic theory and analytical methods. Time domain and frequency domain finite difference methods. Moment methods application to radiation and scattering problems.
Restrictions:
• Must have the following level: Graduate

EGE543. Antennas and Wave Propagation . 3 Credits.
Wire antennas and arrays. Aperature antennas and arrays. Solutions of antennas by the moment method. Antenna synthesis and optimization.
Restrictions:
• Must have the following level: Graduate

EGE544. Microwave Circuits . 3 Credits.
Review of transmission lines, waveguides, impedance matching and scattering parameters. Microwave resonators, power dividers, direction couplers, and hybrids, microwave litters, microwave defectors, mixers, amplifiers, and oscillators.
Restrictions:
• Must have the following level: Graduate

EGE545. Satellite Communication . 3 Credits.
Restrictions:
• Must have the following level: Graduate

EGE548. Software Defined Networks. 3 Credits.
Broadband and Carrier Ethernet Networks and technologies. Role of SDN in defining architecture of the next generation of networks. Determination of conformance criteria for networks standards and protocols to support industry solutions and applications.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Electrical Engineering (265)

EGE550. Electromechanical Energy Conversion. 3 Credits.
Fundamentals of energy conversion including electric circuits and magnetic circuits. Ideal transformers will be introduced first, and real transformer construction and equivalent circuit will be presented. The equivalent circuit will be solved to determine the transformer efficiency and voltage regulation. Single phase and three phase induction machine construction, equivalent circuit and its analysis under load will be performed to determine motor load characteristics and efficiency. Single phase and three phase synchronous machine construction, excitation, and load characteristics will be studied in detail, and machine transient characteristics will be covered briefly.
Restrictions:
• Must have the following level: Graduate

EGE551. Real Time Systems. 3 Credits.
Practical experience of real-time operating systems (RTOS) and real-time debugging as applied to real-time embedded systems. Design and implementation of real-time embedded systems: controller, data storage, data acquisition, and communication using a commercially available RTOS.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Electrical Engineering (265)

EGE552. Electric power Systems. 3 Credits.
Energy courses, transmission line parameters, transmission lines modeling, power flow analysis, voltage frequency control, and power system protection.
Restrictions:
• Must have the following level: Graduate

EGE551. Adaptive Control . 3 Credits.
Prerequisites:
• EGE 317 with a minimum grade of C- or EGE 417 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

EGE562. Optimal Control . 3 Credits.
Prerequisites:
• EGE 316 with a minimum grade of C- or EGE 416 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

EGE564. Non-Linear Control . 3 Credits.
Prerequisites:
• EGE 316 with a minimum grade of C- or EGE 416 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

EGE570. Fiber Optics. 3 Credits.
Restrictions:
• Must have the following level: Graduate

EGE572. Engineering Management. 3 Credits.
Prepares engineering students for a career in management. Through class discussions, group projects, role playing, and guest speakers, students find out what a management role will entail. Students learn how to go from being a practicing engineer to being an engineering manager.
EGE575. Heterostructure Devices. 3 Credits.

EGE580. Power Electronics. 3 Credits.
Restrictions:
  • Must have the following level: Graduate

EGE590. Thesis in Electrical Engineering. 3-6 Credits.
Research, writing, and defense of a thesis under the guidance of the major professor. Required form available in the Records and Registration Office. Required each semester after thesis research project is begun.
Restrictions:
  • Must have the following level: Graduate

EGE593. Engineering Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
  • Must have the following level: Graduate

EGE594. Fieldwork Engineering. 1-12 Credits.
Restrictions:
  • Must have the following level: Graduate

EGE595. Indep Study Elec Engineering. 1-12 Credits.
Restrictions:
  • Must have the following level: Graduate

EGE599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Electrical Engineering (265)

EGE790. Thesis Engineering. 1-12 Credits.

EGE795. Indep Study Elec Engineering. 0 Credits.
Restrictions:
  • Must have the following level: Graduate

EGE799. Continued Registration. 1 Credit.
Restrictions:
  • Must have the following level: Graduate

Engineering-General (EGG)

EGG593. Engineering Selected Topic. 3-12 Credits.
Restrictions:
  • Must have the following level: Graduate

EGG595. Indep Study General Engi. 0 Credits.
Restrictions:
  • Must have the following level: Graduate

EGG795. Indep Study Generl Engin. 0 Credits.
Restrictions:
  • Must have the following level: Graduate

English (ENG)

ENG501. Introduction to Old English. 3 Credits.
Old English as a language and readings in the original.
Restrictions:
  • Must have the following level: Graduate

ENG504. English Literature of the Sixteenth Century. 3 Credits.
Selected prose and poetry of the English Renaissance, including works of such figures as Spenser, Sidney, Wyatt, Surrey, Nashe, Green, and Dekker.
Restrictions:
  • Must have the following level: Graduate

ENG505. Shakespeare. 3 Credits.
An introductory survey of Shakespeare’s works, with emphasis upon historical, cultural, and critical problems.
Restrictions:
  • Must have the following level: Graduate

ENG506. English Drama through the Jacobean Period. 3 Credits.
Medieval drama and later playwrights such as Kyd, Marlowe, Jonson, Webster, Chapman, Beaumont, and Fletcher.
Restrictions:
  • Must have the following level: Graduate

ENG507. English Literature of the Seventeenth Century. 3 Credits.
Leading English writers of poetry and prose in the seventeenth century, excluding Milton. Metaphysical and Cavalier poets and such prose authors as Browne, Burton, Bunyan, and Pepys.
Restrictions:
  • Must have the following level: Graduate

ENG508. Milton. 3 Credits.
Milton’s major poetical works and selected minor poems and prose works in relation to his time and seventeenth-century thought.
Restrictions:
  • Must have the following level: Graduate

ENG515. Modern Theories of Writing Annual/Fall. 3 Credits.
A general introduction to developments in writing theory and instruction including such topics as the composing process, cognition and writing, invention and revision strategies, discourse theory, alternative approaches to teaching grammar and style. (Especially suitable for students planning to teach.)
Restrictions:
  • Must have the following level: Graduate

ENG522. Modernity and Modernism in Britain. 3 Credits.
British novelists and poets of the first half of the twentieth century: Conrad, Joyce, Forster, Woolf, Lawrence, Yeats, Eliot, Graves, and others.
Restrictions:
  • Must have the following level: Graduate
**ENG524. Virginia Woolf . 3 Credits.**
Virginia Woolf produced innovative, influential work in many genres: stories, novels, non-fiction, criticism, biography. We explore these and use her Diary to document her life as a writer.

**Restrictions:**
- Must have the following level: Graduate

**ENG525. Postmodern Literature. 3 Credits.**
Investigation of the emerging themes in prose and poetry since World War II.

**Restrictions:**
- Must have the following level: Graduate

**ENG526. Twenty-First Century Literature. 3 Credits.**
A study of primary American and British literature since the late 1990's with attention to continuities with twentieth-century literature and innovations in form, genre, and theme.

**Restrictions:**
- Must have the following level: Graduate

**ENG527. American Fiction in the Twentieth Century to 1945 Annual/Fall . 3 Credits.**
Study of important American novelists, 1900-1945, including the work of major novelists such as Faulkner, Hemingway, Fitzgerald and Warren.

**Restrictions:**
- Must have the following level: Graduate

**ENG528. American Poetry in the Twentieth Century to 1945 . 3 Credits.**
Reading of the principal American poets at home and abroad in the period up to 1945: Eliot, Frost, Cummings, Pound, and Auden, among others.

**Restrictions:**
- Must have the following level: Graduate

**ENG529. Seminar in Creative Writing . 3 Credits.**
A seminar in Creative Writing. Workshop in the techniques of writing fiction, poetry, or drama for proficient writers who wish to be published. Not applicable to the MS or MA degrees.

**Restrictions:**
- Must have the following level: Graduate

**ENG530. Workshop in Fiction and Memoir. 3 Credits.**
A graduate workshop where students share and critique original works of fiction and memoir in a constructive environment dedicated to the writing process. Students examine works by contemporary and classic authors and analyze vital craft techniques.

**Restrictions:**
- Must have the following level: Graduate

**ENG531. Workshop in Poetry. 3 Credits.**
A graduate poetry workshop considering traditions and trends animating contemporary poetry and consider strategies for constructing their own. Each poet will find a distinctive identity in terms of imagery, language, identity, and subject matter.

**Restrictions:**
- Must have the following level: Graduate

**ENG532. Seminar in Teaching Creative Writing. 3 Credits.**
A seminar on various pedagogical approaches to instruction in creative writing. We’ll discuss issues related to teaching, how to effectively edit and critique the work of students, and ways to lead an effective workshop.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): English (204)

**ENG533. Academic Writing Seminar for MA Students in English. 1 Credit.**
Introduces students to academic writing in English at the graduate level. Students will gain exposure to a variety of genres and perform academic writing with study of nuances of style, organization, citation, evidence, and transitions.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): BA/MA English (204M)

**ENG534. Advanced Research Methods for MA Students in English. 1 Credit.**
An introduction to advanced methods and tools of research in the study of literature.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): English (204)

**ENG535. Career Seminar for MA Students in English. 1 Credit.**
Course provides instruction, workshops, and mentoring to help students identify possible career paths, explore professional opportunities, and prepare effective job search related materials such as resumes, cover letters, and online profiles.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): English (204)

**ENG536. Forms of Autobiography. 3 Credits.**
An introduction to classic and/or contemporary autobiographies. Discussion of principles of autobiographical writing; forms of the genre; and critical and theoretical perspectives. Topics and readings will vary from year to year.

**Restrictions:**
- Must have the following level: Graduate

**ENG537. Studies in Middle English Literature . 3 Credits.**
May be repeated for credit.

**Restrictions:**
- Must have the following level: Graduate

**ENG538. Studies in Sixteenth-Century English Literature . 3 Credits.**

**Restrictions:**
- Must have the following level: Graduate
ENG575. Studies in Seventeenth-Century English Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG576. Studies in Eighteenth-Century English Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG577. Studies in English Romanticism. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG578. Studies in Victorian Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG579. Studies in Nineteenth-Century American Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG581. Studies in Twentieth-Century American Fiction to 1945. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG583. Studies in Twentieth-Century British Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG585. Studies in Contemporary Criticism and Theory. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG586. Studies in Contemporary Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG588. Studies in Comparative Literature. 3 Credits.
Restrictions:
- Must have the following level: Graduate

ENG589. From Gutenberg to Google Books: Studies in Books, Readers, and Culture. 3 Credits.
Critical examination of book publishing, reading, and the cultural effects of this combination from Gutenberg to the present: emphasis on analytic bibliogrophy, book history into the digital age, literacy, and the spread of ideas through publishing.
Restrictions:
- Must have the following level: Graduate

ENG590. Thesis in English. 3 Credits.
Writing of a substantial essay under the guidance of a faculty advisor. (Arrangements must be made well in advance of the semester in which the thesis is to be written.)
Restrictions:
- Must have the following level: Graduate

ENG593. English Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
- Must have the following level: Graduate

ENG594. Fieldwork in English. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate

ENG595. Indep Study English. 1-12 Credits.
Directed study under the guidance of a faculty advisor. (Arrangements must be made well in advance of the semester in which the study is to be undertaken.)
Restrictions:
- Must have the following level: Graduate

ENG599. Graduate Comprehensive Exam Registration. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): English (204)

ENG799. Continued Registration. 1 Credit.
Restrictions:
- Must have the following level: Graduate

Environmental Science (ENS)

ENS593. Envr Selected Topic. 3-12 Credits.
Restrictions:
- Must have the following level: Graduate

ENS595. Indep Study Envr. 0 Credits.
Restrictions:
- Must have the following level: Graduate

Evolutionary Studies (EVO)

EVO595. Evolutionary Independent Study. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate

French (FRN)

FRN501. Intensive Practice in French I. 3 Credits.
Advanced study and practice in spoken and written French. Variants of style, and selected problems in vocabulary and syntax. Conducted in French. 46501 and 46502 may be taken separately and in either sequence.
Restrictions:
- Must have the following level: Graduate
FRN502. Intn Prac French 2. 3 Credits.
Advanced study and practice in spoken and written French. Variants of style, and selected problems in vocabulary and syntax. Conducted in French.
Restrictions:
- Must have the following level: Graduate

FRN503. Explication de Texte. 3 Credits.
Analytic study of literature. Exercises in the interpretation of selected texts.
Restrictions:
- Must have the following level: Graduate

FRN505. Seminar in Modern French Literature. 3 Credits.
Intensive study of a topic, genre, or author of the contemporary period to be announced. Conducted in French.
Restrictions:
- Must have the following level: Graduate

FRN507. Nineteenth-Century French Literature I. 3 Credits.
Intensive study of a topic, genre, or author of the period. Conducted in French.
Restrictions:
- Must have the following level: Graduate

FRN509. Eighteenth-Century French Literature I. 3 Credits.
Intensive study of a topic, genre, or author of the period. Conducted in French.
Restrictions:
- Must have the following level: Graduate

FRN511. Seventeenth-Century French Literature I. 3 Credits.
Intensive study of a topic, genre, or author of the period. Conducted in French.
Restrictions:
- Must have the following level: Graduate

FRN593. French Selected Topic. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
- Must have the following level: Graduate

FRN594. Fieldwork in French. 0 Credits.
Restrictions:
- Must have the following level: Graduate

FRN595. Indep Study French. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate

Geography (GEO)

GE0501. Geography for Teachers. 3 Credits.
Basic concepts about the physical environment and the geographic relationships between the Earth and its human occupants. The National Geography Standards are used in this course to facilitate the implementation of geography in the K-12 curriculum.
Restrictions:
- Must have the following level: Graduate

GE0506. Contemporary China Alternate year/Spring. 3 Credits.
Examination and analysis of the recent transformation of China's landscape, emphasizing physical, economic, and social changes.
Restrictions:
- Must have the following level: Graduate

GE0526. Urban Planning. 3 Credits.
An introduction to the history, theory and practice of Urban Planning in the United States. This course includes current issues in land use, natural resources, housing, zoning, transportation and innovative planning techniques. Field research encouraged.
Restrictions:
- Must have the following level: Graduate

GE0541. Geography of American Cities and Suburbs. 3 Credits.
Among the most dramatic, controversial, and significant trends in the human geography of the United States has been the decline of the central city and expansion of suburbs. The causes and consequences of these trends and some proposed remedies to alleviate those aspects perceived to be detrimental.
Restrictions:
- Must have the following level: Graduate

GE0551. Environmental Conservation Alternate year/Fall. 3 Credits.
Comparative analysis of the distribution, use, and interrelationships of the natural resources of the world. Efforts at conservation and public policies adopted in various nations are studied.
Restrictions:
- Must have the following level: Graduate

GE0593. Geography Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
- Must have the following level: Graduate

GE0594. Fieldwork In Geography. 0 Credits.
Restrictions:
- Must have the following level: Graduate

GE0595. Indep Study Geography. 3-12 Credits.
Restrictions:
- Must have the following level: Graduate
GE0693. Geography Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

Geology (GLG)

GLG501. Economic Geology . 4 Credits.
Practical applications of geology. Origin and occurrence of metallic and non-metallic mineral resources such as oil, coal, and uranium and their importance in the world's economy as "one-crop" deposits. Conservation of such valuable natural resources as oil and water. Field trips.
Prerequisites:
• GLG 311 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG502. Advanced Geomorphology. 4 Credits.
Fluvial, glacial, volcanic, eolian, and solutional land forms and their interpretation. Relationships of climate, weathering, mass wasting, soil development, rock types, and ground water to landscape. Geologic and geomorphic interpretation of topographic maps.
Prerequisites:
• GLG 338 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG504. Geochemistry . 4 Credits.
Geochemical knowledge and methods of geochemical research. Geochemistry of the lithosphere. Distribution and mobility of the elements in the earth, their relative abundance, migration, and mode of occurrence, and the geochemical structure of the earth. Detailed study of the applications of the principles of physical chemistry to selected geochemical problems.
Prerequisites:
• GLG 314 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG505. Tectonics . 3 Credits.
Origin and characteristics of the major structures of the earth's crust. Emphasis on plate tectonic theory, including the geometry and kinematics of plate motions, and the structural evolution of mountain belts, rifts, transient fault zones and other regions of crustal deformation.
Prerequisites:
• GLG 338 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG507. Introduction to Hydrogeology . 4 Credits.
Hydrologic cycle, occurrence and movement of ground water, aquifer analysis and ground water hydrology. Water quality and pollution measurement and abatement. Nature of water supplies, ground water exploration, and conservation of ground water.
Prerequisites:
• GLG 220 with a minimum grade of D- and PHY 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG509. Water Resources Management. 3 Credits.
Water use, problems of water supply, water resource management, water quality (present and potential pollution problems and solutions), and water conflicts around the world.
Restrictions:
• Must have the following level: Graduate

GLG519. Geophysics . 3 Credits.
Introduction to concepts of geophysics and methods used to study earth; its internal structure. Earth temperatures, seismic waves, gravity, isostasy, and magnetism. Phenomena such as earthquakes, continental drift, sea floor spreading, and mountain building considered.
Prerequisites:
• GLG 338 with a minimum grade of D- and MAT 252 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG533. Analysis of Soils and Sediments . 3 Credits.
Prerequisites:
• GLG 311 with a minimum grade of D- and GLG 331 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG535. Sedimentation . 4 Credits.
Prerequisites:
• GLG 311 with a minimum grade of D- or GLG 331 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
GLG541. Geology and Geophysics of Petroleum. 4 Credits.
Origin of petroleum and its mode of occurrence in Earth and the stratigraphic and structural problems involved in the accumulation of petroleum. Principles used in geophysical exploration by the gravitational, magnetic, electric, seismic and radioactive methods.
Prerequisites:
• GLG 338 with a minimum grade of D- and PHY 202 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG543. Principles of Sedimentary Petrology. 3 Credits.
Petrology and classification of sedimentary rocks. Factors governing sediment dispersal, lithification and diagenesis. Mineralogy and texture of terrigenous clastic sediments as a reflection of possible source terrains. Carbonate petrology and petrography; consideration of limestone and dolostone textures as environmental indicators.
Prerequisites:
• GLG 331 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG545. Advanced Igneous and Metamorphic Petrology. 4 Credits.
Origin, classification, distribution and association of igneous and metamorphic rocks. Introduction to the use of microcomputers in petrology. Individual projects emphasizing advanced studies of rocks in thin section and/or computer analysis of petrogenesis.
Prerequisites:
• GLG 314 with a minimum grade of D- and CHE 202 with a minimum grade of D- and PHY 201 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG575. Geology for Teachers. 3 Credits.
Development of life on earth and geological processes that have shaped its surface: glaciation, erosion, mountain building; earth movements and volcanism. Study of minerals, rocks and a few common fossils. One or two field trips to inspect local geological features. Not open to students seeking a graduate degree in geology or earth science, or those who have taken GLG220 or equivalent.
Restrictions:
• Must have the following level: Graduate

GLG578. Geology of New York State. 3 Credits.
Principles, methods and knowledge from the science of geology pertinent to a study of the geologic history of the eastern United States. Emphasis on the development of New York State geology. Evolution of life as shown by the fossil record. Field trips. Not open to students seeking a graduate degree in geology or earth science.
Prerequisites:
• GLG 220 with a minimum grade of D- and GLG 575 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG581. Regional Geology (1-3). 1-12 Credits.
Geology of selected areas of North America. Readings and discussions of the detailed tectonic and petrological evolution of selected classical geological areas. Field excursions to type areas. May be repeated for credit provided listed topic changes.
Restrictions:
• Must have the following level: Graduate

GLG583. Computer Applications in Geology. 3 Credits.
Use of computers in the geological sciences. Use of drafting, graphing, contouring, and other software. Basic theory of contouring, curve and surface fitting, least squares methods, data analysis, matrix manipulation, and equation solving.
Prerequisites:
• Math Placement Level with a score of 5 or MAT 181 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

GLG585. Geology Seminar. 3 Credits.
An integrated consideration of some current problems selected from the various branches of geology. Critical reading and evaluation of primary source materials.
Restrictions:
• Must have the following level: Graduate

GLG590. Thesis in Geology (1-3). 0 Credits.
Research, writing and defense of a thesis under the guidance of the major professor. Required form available in the Records and Registration Office. Required each semester after thesis research project is begun.
Restrictions:
• Must have the following level: Graduate

GLG593. Geological Selected Topics. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

GLG594. Fieldwork In Geology. 0 Credits.
Restrictions:
• Must have the following level: Graduate

GLG595. Indep Study Geology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

GLG599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
GLG693. Geological Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

GLG795. Indep Study Geology. 0 Credits.
Restrictions:
• Must have the following level: Graduate

GLG799. Continued Registration. 1 Credit.
Restrictions:
• Must have the following level: Graduate

German (GER)

GER593. German Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

GER594. Fieldwork In German. 0 Credits.
Restrictions:
• Must have the following level: Graduate

GER595. Indep Study German. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Hebrew (HEB)

HEB593. Hebrew Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

History (HIS)

HIS506. Medieval Society . 3 Credits.
Medieval life and institutions, especially in the twelfth and thirteenth centuries.
Prerequisites:
• HIS 207 with a minimum grade of D- or HIS 346 with a minimum grade of D- or HIS 348 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

HIS521. Interpretations of American History . 3 Credits.
Selected problems in American history studied as reflections of different historical interpretations; emphasis on the most recent scholarly developments. Of special interest to teachers of American history.
Restrictions:
• Must have the following level: Graduate

HIS522. Colonial America . 3 Credits.
Topics in the history of colonial America.
Restrictions:
• Must have the following level: Graduate

HIS523. The American Revolution . 3 Credits.
Selected problems in the Revolutionary period; special attention to causes and nature of the American Revolution.
Restrictions:
• Must have the following level: Graduate

HIS527. Recent American History . 3 Credits.
Selected problems in United States history from 1890 to the present. Topics selected from a broad range of possible areas of concentration, including social, intellectual, diplomatic, economic, and political issues.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Social Studies (445)
  • History (532)
  • Adolescence Ed: Social Studies (109A)

HIS529. Studies in American Social History: 1880 to Present . 3 Credits.
Selected topics in the history of American society from 1880 to present, emphasis on newer methodologies of social history. Themes: urbanization, industrialization, immigration, ideas in their social context, and changing cultural values as expressed in literature, education, religion and the fine and performing arts.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • History (532)
  • Adolescence Ed: Social Studies (445)

HIS534. Modern Europe Social Hst . 3 Credits.
Examines the social lives and experiences of Europeans from the sixteenth to the nineteenth century. Traces the dramatic change from the rural, agricultural societies of the early modern period to the urban, industrialized nations of the nineteenth century and the effect of this shift on ordinary men and women.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • History (532)
  • Adolescence Ed:Social Studies (109B)
  • Adolescence Ed: Social Studies (445)
  • Adolescence Ed:Social Studies (040B)
  • Adolescence Ed: Social Studies (109A)
HIS545. The Middle East and The West . 3 Credits.
A study of the history, and historiography, of the political, economic and cultural contacts and interactions between societies of the Middle East and the West from the 18th century to the present.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • History (532)
  • Adolescence Ed: Social Studies (445)

HIS549. World War II . 3 Credits.
Surveys the war from 1939 to 1945 as a phase of global history. Emphasis on relating diplomatic and military history to world-wide social, economic, scientific and political changes.
Restrictions:
• Must have the following level: Graduate

HIS550. America and Vietnam . 3 Credits.
The origins, nature and consequences of America’s involvement in Vietnam, the most important and traumatic episode in recent U.S. foreign policy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Social Studies (109A)
  • History (532)
  • Adolescence Ed: Social Studies (040)

HIS557. Global History . 3 Credits.
An advanced introduction to the study of the interconnections among major civilizations of the world, beginning with pre-history; focuses on global history since 1500.
Restrictions:
• Must have the following level: Graduate

HIS562. American Indians . 3 Credits.
A history of selected Native American nations north of Mexico. Among the nations treated will be the Six Nations of the Iroquois Confederacy, Navajos, Delawares, Cherokees, Menominees, and Sioux.
Prerequisites:
• HIS 221 with a minimum grade of D- and HIS 222 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • History (532)
  • Adolescence Ed: Social Studies (445)

HIS575. American Immigration . 3 Credits.
An analysis of patterns of American immigration from the colonial era to the present. Traces old-world sources and examines similarities and differences in ethnic group behavior.
Restrictions:
• Must have the following level: Graduate

HIS593. History Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

HIS594. Fieldwork in History . 0 Credits.
Restrictions:
• Must have the following level: Graduate

HIS595. Indep Study History. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

HIS693. History Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

HIS795. Indep Study Hst . 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Interdisciplinary (INT)

INT520. Related Arts 2. 3 Credits.
Restrictions:
• Must have the following level: Graduate

INT593. ID Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

INT594. Fieldwork In Interdisciplinary. 0 Credits.
Restrictions:
• Must have the following level: Graduate

INT595. Indep Study Interdisciplinary. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

INT693. ID Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

INT795. Indep Study Interdisciplinary. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
INT798. Principals of Research. 3 Credits.
Students will read, discuss, debate and write about educational research and its intersection with teaching. Participants will design their own research project with the approval and support of the professor.
Restrictions:
• Must have the following level: Graduate

Italian (ITA)
ITA593. Italian Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

ITA595. Independent Study - Italian. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ITA795. Indep Study Italian. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Japanese (JPN)
JPN593. Japanese Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

JPN595. Indep Study Japanese. 12 Credits.
Restrictions:
• Must have the following level: Graduate

JPN795. Indep Study Japanese. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Jewish Studies (JST)
JST593. Jewish Studies Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

Latin Amer & Caribbean Studies (LAM)
LAM567. Approach Spn Amer Cultur. 3 Credits.
The cultural contents of language, arts, and the ways of life in Latin-American countries.

LAM595. Indep Study Latin Americ. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Linguistics (LIN)
LIN593. Linguistic Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

LIN594. Fieldwork in Linguistics . 0 Credits.
Restrictions:
• Must have the following level: Graduate

LIN595. Indep Study Linguistics. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

LIN795. Indep Study Linguistics. 0 Credits.
Restrictions:
• Must have the following level: Graduate

Mathematics (MAT)
MAT500. Combinatorics and Graph Theory . 3 Credits.
Combinatorial and graphical techniques for complexity analysis, generating functions, recurrence relations, Polya’s Theory of Counting, graph theory, NP-complete problems.
Restrictions:
• Must have the following level: Graduate

MAT510. Geometry for Elementary and Middle School Teachers . 3 Credits.
This course provides a geometric experience which clarifies, extends, and unifies geometric topics in Euclidean, analytic, transformational, and projective geometries. This course is open only to students doing graduate course work in elementary or middle school education in the School of Education.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Mathematics (107A)
  • Mathematics (206)
  • Adolescence Ed: Mathematics (037A)
**MAT511. Theory of Groups . 3 Credits.**
First course in algebraic structures. Basic set theory and number theory. Axioms of groups. Homomorphisms, isomorphisms, and quotient groups. For MS in Education degree students only. Not open to undergraduates. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.

**Prerequisites:**
- MAT 252 with a minimum grade of D-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT512. Real and Complex Number Systems . 3 Credits.**
Survey and development of number systems from the natural numbers to the complex numbers. Basic theory and properties. Applications to high school mathematics. For MS in Education degree students only. Not open to undergraduates. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT513. The Joys of Geometry . 3 Credits.**
Topics in modern geometry such as finite geometries, transformations, non-Euclidean and projective geometries, Mascheroni constructions. Axiomatic approach is often used. Proofs constitute an important part of the course. For MS in Education degree students only. Not open to undergraduates.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT514. Linear Algebra with Applications to Geometry . 3 Credits.**
Matrices, linear transformations, and quadratic forms. Solutions of linear systems. Applications to analytic geometry of 2, 3, or n dimensions. For MS in Education degree students only. Not open to undergraduates. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT517. History of Mathematics . 3 Credits.**
Topics in mathematics from a historical perspective. The course may be a survey of the history of mathematics or it may concentrate on a few specific topics. In either case, students are required to solve problems and to prove theorems. Recommended for MS in Education degree students. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT518. Theory of Rings and Fields . 3 Credits.**
Rings, Fields and their extensions. Introduction to Galois Theory. Solutions of equations by radicals. For MS in Education degree students only. Not open to undergraduates.

**Prerequisites:**
- MAT 511 with a minimum grade of C-

**Restrictions:**
- Must have the following level: Graduate

**MAT519. Sequences, Series, and Their Applications . 3 Credits.**
Sequences of real and complex numbers. Convergence criteria, series, uniform convergence, definition of functions by series and Taylor’s theorem. For MS in Education degree students only. Not open to undergraduates. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT520. Statistics for Elementary/Middle School Teachers . 3 Credits.**
Liberal arts course in basic statistical ideas and their application to public policy and education. Emphasis on statistical reasoning and numerical arguments. Focus on drawing conclusions from data taken from diverse settings and contexts.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Mathematics (206)

**MAT531. Point Set Topology I . 3 Credits.**
Part of a two-semester sequence covering the fundamental theorems of geometric topology in abstract topological and metric spaces.

**Restrictions:**
- Must have the following level: Graduate

**MAT532. Point Set Topology II . 3 Credits.**
Part of a two-semester sequence covering the fundamental theorems of geometric topology in abstract topological and metric spaces.

**Restrictions:**
- Must have the following level: Graduate
MAT541. Complex Analysis I . 3 Credits.
Provides a foundation for advanced work in analysis. Differentiation, Cauchy-Riemann Equations, elementary functions, conformal mapping, expansions, and analytic continuation.
Restrictions:
• Must have the following level: Graduate

MAT543. Real Analysis I . 3 Credits.
Part of a two-semester sequence covering the following topics: The real number system, topology of R^n, measure theory, and the Lebesgue integral. Convergence theorems, differentiation, and Lebesgue decompositions. Fubini's theorem, Radon-Nikodym theorem, and other advanced topics.
Restrictions:
• Must have the following level: Graduate

MAT544. Real Analysis II . 3 Credits.
Part of a two-semester sequence covering the following topics: The real number system, topology of R^n, measure theory, and the Lebesgue integral. Convergence theorems, differentiation, and Lebesgue decompositions. Fubini's theorem, Radon-Nikodym theorem, and other advanced topics.
Prerequisites:
• MAT 543 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

MAT561. Abstract Algebra I . 3 Credits.
Part of a two-semester sequence covering the following topics: Groups, rings, integral domains, fields, modules, and vector spaces.
Restrictions:
• Must have the following level: Graduate

MAT562. Abstract Algebra II . 3 Credits.
Part of a two-semester sequence covering the following topics: Groups, rings, integral domains, fields, modules, and vector spaces.
Prerequisites:
• MAT 561 with a minimum grade of C-
Restrictions:
• Must have the following level: Graduate

MAT563. Topics in Algebra I . 3 Credits.
Topics chosen by the instructor, may include structure theory of Abelian groups, commutative rings and finite fields, lattice theory, universal algebra. Students must complete 21 credits beyond Calculus 2 with a C- or better before taking this course.
Restrictions:
• Must have the following level: Graduate

MAT590. Thesis in Mathematics . 1-12 Credits.
Writing and preparation of an expository or original thesis under the guidance of graduate faculty. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate

MAT593. Math Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

MAT594. Fieldwork in Math . 0 Credits.
Restrictions:
• Must have the following level: Graduate

MAT595. Indep Study Math. 1-3 Credits.
Restrictions:
• Must have the following level: Graduate

MAT599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate

MAT795. Indep Study Math. 1-6 Credits.
Restrictions:
• Must have the following level: Graduate

MAT799. Continued Registration. 1 Credit.
Restrictions:
• Must have the following level: Graduate

Music (MUS)

MUS521. Applied Music: Piano . 3 Credits.
Individual weekly lessons in piano. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per semester will be given. Offered every semester.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS522. Applied Music: Voice . 3 Credits.
Individual weekly lessons in voice. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per student will be given. Offered every semester.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS523. Applied Music: Misc . 3 Credits.
Individual weekly lessons in a classical or jazz instrument. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per semester will be given. Offered every semester.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)
MUS540. Foundations of Music Therapy . 3 Credits.
This course examines varied clinical theories in music therapy service delivery and procedures related to these theories. Students develop musical programming, assessment and treatment plans for clients with varied needs.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS541. Repertoire in Therapy. 3 Credits.
Focuses on the music therapist’s development of approaches to new repertoire for personal growth as a musician-therapist in order to better serve clients with diverse musical preferences and needs. Students develop personal philosophical statements relative to ongoing musical learning and prepare varied pieces for performance.

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS542. Music in Counseling . 3 Credits.
A graduate level course for Music Therapists and Music Therapy majors designed to learn and practice verbal processing within the Music Therapy context. In addition, students will learn creative music therapy strategies in working with psychiatric clients and will develop a working knowledge of group dynamics.

Prerequisites:
• COU 540 (may be taken concurrently) with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS543. Music Therapy for Older Adults. 3 Credits.
A graduate level course for Music Therapists and Music Therapy majors. Clinical needs of the elderly will be explored, including the needs of the well elderly based on the research literature. Music Therapy techniques will be practiced, and students will expand their repertoire in working with clients.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS544. Medical Music Therapy Assessment and Treatment . 3 Credits.
Focuses on the common and diverse needs of clients in acute care and rehabilitation medical settings. Assessment and treatment goals and procedures for patients who are verbal or non-verbal will be presented. Students develop music therapy protocols to reduce anxiety indicators and increase desired behaviors by unit.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS545. Music Therapy in Special Education . 3 Credits.
Provides an overview of issues and practices in special education service delivery for music therapists. Course content includes: national and state educational policy directives, learning standards-based curricular development and clinical techniques for working in diverse settings with students with special needs in terms of assessment and treatment strategies.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS546. Improvisation for Therapy . 3 Credits.
Varied improvisational styles and techniques are presented. Students demonstrate improvisational skills in terms of melody, harmony and rhythm. Techniques include pentatonic, rhythmic, and harmonic improvisation on voice, drums, guitar and piano.

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS547. Advanced Guitar for Therapists and Educators . 3 Credits.
This course will provide students with advanced guitar skills such as movable chords, jazz chords, lead guitar parts, and various accompaniment patterns unique to given styles and artists.

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)
MUS548. Music Therapy Ensemble . 2 Credits.
This course provides students the opportunity to play and lead pre- composed and improvised musical activities in a variety of styles within a group context. Focus will be directed on leading clients with varying musical abilities, assigning instruments and the parts to be played according to the clinical needs of clients, and the synthesis of jazz, pop and pentatonic improvisation techniques into ensembles.

Prerequisites:
• MUS 546 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS549. Creative Arts Therapies with Autism Spectrum Disorder. 3 Credits.
A survey of the theory and practice of the New York State licensed creative arts therapies; art therapy, music therapy, dance & movement therapy, poetry therapy, and drama therapy, as specifically applied to clients with ASD.

Restrictions:
• Must have the following level: Graduate

MUS593. Music Selected Topic. 12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

Restrictions:
• Must have the following level: Graduate

MUS594. Fieldwork in Music . 1-12 Credits.

Restrictions:
• Must have the following level: Graduate

MUS595. Indep Study Music. 1-12 Credits.

Restrictions:
• Must have the following level: Graduate

MUS742. Music Therapy Research and Program Evaluation . 3 Credits.
Students examine major research styles including quantitative, qualitative, and historical in order to develop a thesis proposal. Issues in program evaluation are discussed and models examined.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS743. Fieldwork 1. 2 Credits.
Supervised continuing clinical experiences of work with groups and individuals at University - affiliated sites. Weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy.

Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS744. Fieldwork 2. 2 Credits.
Supervised continuing clinical experiences of work with groups and individuals at University - affiliated sites. Weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy.

Prerequisites:
• MUS 743 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS745. Music Therapy Internship I . 3 Credits.
Students will be placed in community settings such as local hospitals, schools, and rehabilitation programs to provide opportunities to practice advanced music therapy techniques with clients under the supervision of a Board Certified Music Therapist. Students must complete at least 125 hours of clinical practice.

Prerequisites:
• MUS 744 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS746. Music Therapy Internship II . 3 Credits.
This second semester course in the music therapy internship sequence places students in clinical settings such as hospitals, schools, and rehabilitation programs providing opportunities that expand the range of experiences resulting from working with a variety of populations and professionals who provide services to them. In addition to clinical work at their respective sites, students participate in a bi-weekly internship seminar held by their supervising academic instructors in which students engage in discussion about music therapy and clinical matters as well as present their clinical work and receive feedback from peers and supervising instructors.

Prerequisites:
• MUS 745 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)
MUS748. Thesis Seminar . 1 Credit.
Provides students with a forum to discuss issues related to the conducting of a thesis project. Topics covered will include legal issues and institutional policies regarding the conducting of research on human subjects.
Prerequisites:
• MUS 742 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS749. Thesis . 2 Credits.
This is a requirement of all graduate music therapy students. Theses may be conducted in a research project (i.e., evaluating the effects of music therapy on various client needs or outcomes), in a format to guide clinical practice (i.e., a manual of clinical interventions for an identified population), or as a program development project (i.e., creating a new music therapy program within the community).
Prerequisites:
• MUS 742 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS793. Music Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

MUS794. Fieldwork in Music. 1-12 Credits.

MUS795. Indep Study Music. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

MUS799. Continued Registration. 6 Credits.
Restrictions:
• Must have the following level: Graduate

Physics (PHY)

PHY593. Physics Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

PHY594. Fieldwork in Physics . 0 Credits.
Restrictions:
• Must have the following level: Graduate

PHY595. Indep Study Physics. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

PHY693. Phy Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

PHY795. Indep Study Physics. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Political Science (POL)

POL532. The American Presidency . 3 Credits.
The role of the federal executive in the American constitutional system, the sources of his power, and the organization of the Executive Office.
Restrictions:
• Must have the following level: Graduate

POL533. Government and Politics of China . 3 Credits.
Study of the thought and political-military strategies of Mao Tse-tung, the Communist Party, the government, mass organizations, and other means of control and mobilization of the People's Republic of China.
Restrictions:
• Must have the following level: Graduate

POL593. Political Science Select Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

POL595. Indep Study Polit Science. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Psychology (PSY)

PSY500. Research Practicum. 1 Credit.
Forum for exploration, development, and refinement of students' research projects. Focuses on presentations and discussions related to students' personal research interests. Development, execution, and presentation of research emphasized.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Psychological Science (210)
  • Psychology (208)
PSY501. Analysis of Variance. 3 Credits.
An examination of various ANOVA models and their applications (including SPSS usage) for between and within-subjects designs, such as one-factor and factorial ANOVA, and analysis of covariance. Assumptions, effect size, and power will be discussed.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY503. Correlation & Multiple Regress. 3 Credits.
Introduction to analysis techniques within the multiple regression family of inferential statistics. Topics include bivariate, semi-partial and partial correlation, mediators and moderators, and regression approaches for interactions, curvilinear relationships and categorical and dichotomous data.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY506. Multicultural Psychology. 3 Credits.
Multicultural psychology from social, developmental, organizational and interpersonal perspectives. Sociopolitical history of different cultural groups, social shaping of cultural experience, cultural identity development, cross-cultural counseling, and the development of multicultural sensitivity and competence. Psychological research and practice implications of multicultural theory and philosophy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Psychological Science (210)
  • Mental Health Counseling (290)
  • Psychology (208)

PSY507. Research Methods in Psychology. 3 Credits.
Principles of research design in psychology, including field studies, randomized experiments, and quasi-experimental designs. Discussion of moral and ethical problems encountered in conducting animal and human research. Each student designs a research project.
Prerequisites:
• PSY 551 with a minimum grade of D- or PSY 501 with a minimum grade of D- or PSY 503 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY511. Research Methods I. 3 Credits.
Principles of experimental research in psychology, including between subject designs, within subjects designs, and mixed factorial designs. Discussion of moral and ethical problems encountered in conducting animal and human research.
Prerequisites:
• PSY 311 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Psychological Science (210)

PSY513. Research Methods II. 3 Credits.
Overview of major qualitative and quantitative approaches in non-experimental research, including survey construction, interviewing techniques, archival data, assessment and program evaluation, and case studies.
Prerequisites:
• (PSY 311 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Psychological Science (210)

PSY515. Women and Health. 3 Credits.
Women’s health issues from an interdisciplinary perspective. History and structure of the medical establishment as it affects women consumers. Designed for lay persons, this course will increase understanding of women and health care, and foster informed decision making.
Restrictions:
• Must have the following level: Graduate
PSY516. Organizational Psychology . 3 Credits.
Examines individual behavior in work settings, primarily at the group, team, and organizational levels. We will explore issues concerning work motivation, leadership, organizational culture, group conflict, and job-related attitudes.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY528. Infancy and Early Childhood. 3 Credits.
Current issues in psychological development, with a focus on contemporary research and theoretical perspectives in socio-emotional and cognitive development in infancy and childhood. Central issues include controversies about the role of nature in development and about the formative role of early experiences on personality and relationships.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Music Therapy (285)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY529. Adulthood. 3 Credits.
Examines theory and research related to the social, emotional, cognitive, and physical development of adults. Although consideration is given to diverse pathways to and through adulthood, normative transitions and issues are emphasized, along with ecological and contextual models of development.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Music Therapy (285)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY530. Developmental Psychology. 3 Credits.
This course focuses on the central issues in psychological development, such as nature/nurture, the formative role of early experiences, and the influences of culture and context. Contemporary and classic research and theoretical perspectives in socioemotional and cognitive development are critically examined.
Prerequisites:
• (PSY 311 with a minimum grade of D-)
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Psychological Science (210)

PSY531. Middle Childhood & Adolescence. 3 Credits.
Explores theory and research related to the study of middle childhood and adolescence. Biological, social, emotional, and cognitive aspects of development are examined with an emphasis on the contextual factors that inform developmental outcomes.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Music Therapy (285)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY532. Disorders of Childhood. 3 Credits.
An overview of the psychological, emotional, cognitive, and behavior disorders that occur during childhood adolescence. An empirically-based developmental perspective will be featured, with an emphasis on conceptual and scientific issues and methods.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY540. Applied Psychology. 3 Credits.
This course incorporates an interdisciplinary approach to understanding the application of scientific and diverse psychological perspectives to a variety of contexts including the workplace, the community, the law, sports, schools, and they clinical setting. While the particular setting that will be covered varies, the course examines how psychological principles apply to individuals, groups, and institutions within these applies contexts.
Prerequisites:
• PSY 311 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Psychological Science (210)
PSY550. Social/Personality Psychology. 3 Credits.
Issues, concepts, theories, and research in major areas of social and personality psychology are examined.

Prerequisites:
- PSY 311 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Psychological Science (210)

PSY552. Psychopathology . 3 Credits.
Investigation of the concept of "mental disorder", focusing on the history, development, and application of systems for conceptualizing, comprehending, and working with persons experiencing psychological difficulties. Examines various theories of abnormality, including but not limited to psychodynamic, behavioral, humanistic, cognitive, and constructivist. Also explores issues surrounding the Diagnostic and Statistical Manual of Mental Disorders.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Mental Health Counseling (290)
  - Music Therapy (285)
  - Psychology (208)
  - Psychological Science (210)

PSY554. Research Methods in Psychology . 3 Credits.
Principles of research design in psychology, including field studies, randomized experiments, and quasi-experimental designs. Discussion of moral and ethical problems encountered in conducting animal and human research. Each student designs a research project.

Prerequisites:
- PSY 551 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Psychological Science (210)
  - Mental Health Counseling (290)
  - Psychology (208)

PSY556. Contemporary Issues in Social Psychology . 3 Credits.
Issues, concepts, theories, and research in major areas of social psychology are examined.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Mental Health Counseling (290)
  - Psychology (208)
  - Psychological Science (210)

PSY558. Seminar in Contemporary Research . 3 Credits.
Investigation of one or more areas of general experimental psychology: Cognition, developmental, learning, motivation, perception, and/or physiological.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Mental Health Counseling (290)
  - Psychology (208)
  - Psychological Science (210)

PSY560. Cognitive Processes . 3 Credits.
Classical and contemporary theories in the areas of cognitive psychology and cognitive science are examined. Empirical evidence is reviewed. Topics include (but are not limited to) attention, encoding, memory, imagery, psycholinguistics, reasoning, problem solving, artificial intelligence, emotion, and cognitive disorders.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Music Therapy (285)
  - Mental Health Counseling (290)
  - Psychology (208)
  - Psychological Science (210)

PSY570. Cognitive Neuroscience. 3 Credits.
Main concepts and methods of investigation in cognition and neuroscience. Topics include (but are not limited to) perception, attention, memory, emotion, language, neural plasticity, consciousness, and brain-mind problem.

Prerequisites:
- PSY 311 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - School Counseling (295)
  - Mental Health Counseling (290)
  - Psychology (208)
  - Psychological Science (210)

PSY576. Families in Transition. 3 Credits.
An investigation of the effects of significant family change, such as separation, divorce, remarriage, and loss. Topics may include cultural differences and implications for applied fields such as education and mental health.

Restrictions:
- Must have the following level: Graduate
PSY580. Lifespan Development for Individuals with ASD. 3 Credits.
A survey of psychological research on the impact of autism on the cognitive, neurobiological, social and affective development of the individual. Typical development provides the context for exploring how Autism Spectrum Disorder (ASD) affects growth and development from infancy through adulthood.
Restrictions:
• Must have the following level: Graduate

PSY582. Ethics & Practice II:Internship. 4 Credits.
Students participate in a variety of counseling related activities that are sequentially presented according to advanced levels of training and representing an increasingly complex area of client related problems.
Prerequisites:
• PSY 581 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Mental Health Counseling (290)

PSY590. Thesis in Psychology (3-6). 3-12 Credits.
Students carry out a research project under the supervision of a faculty advisor and two readers. Students can opt to do a literature review (3 credits) or an empirical project (up to 6 credits). All empirical projects must conform to IRB guidelines for scientific integrity and ethical treatment of participants. The required form is available from Records and Registration.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY593. Psy Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

PSY594. Fieldwork In Psychology . 0 Credits.
An approved fieldwork experience in psychology to enable students to enrich their academic program with applied work in their field of study.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Psychological Science (210)
  • Mental Health Counseling (290)
  • Psychology (208)

PSY595. Indep Study Psychology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Psychological Science (210)
  • Psychology (208)

PSY795. Indep Study Psy . 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

PSY799. Continued Registration. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • School Counseling (295)
  • Mental Health Counseling (290)
  • Psychology (208)
  • Psychological Science (210)

Russian (RUS)

RUS593. Russian Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

RUS594. Fieldwork In Russian. 0 Credits.
Restrictions:
• Must have the following level: Graduate
RUS595. Indep Study Russian. 0 Credits.
Restrictions:
- Must have the following level: Graduate

RUS795. Indep Study Russian. 0 Credits.
Restrictions:
- Must have the following level: Graduate

Secondary Education (SED)

SED507. Fieldwork I Second Language Education. 1 Credit.
Fieldwork and targeted observations toward the teaching and learning of English learners (ELs) at the elementary level. Roles consist of observer, assistant, and teacher for one-on-one, small group, and whole class instruction.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED509. Fieldwork II Second Language Education. 1 Credit.
Fieldwork and targeted observations toward the teaching and learning of English learners (ELs) at the secondary level. Roles consist of observer, assistant, and teacher for one-on-one, small group, and whole class instruction.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED525. Digital Literacies and Learning in Secondary Education. 1 Credit.
An introduction to issues and research related to digital literacies and learning in face-to-face and virtual environments. Students will examine relevant research and strategies for integrating digital tools and resources in secondary classrooms and in the professional work of teachers.
Restrictions:
- Must have the following level: Graduate

SED540. Graduate Foundations of Secondary Education Seminar. 1 Credit.
In a series of classroom activities, students will inquire into key curriculum issues in secondary education within the broader philosophical, psychological, social, and sociocognitive contexts of schools and schooling.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - Adolescence Ed: English (103A)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - Adolescence Ed: French (105A)
  - Adolescence Ed: French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed: Spanish (110B)
  - Adolescence Ed: Biology (101A)

SED541. Constructing Scientific Conceptual Knowledge. 3 Credits.
A study of the nature of science and the ways students learn about science. Topics include students' conceptions (and misconceptions) about natural phenomena and instructional strategies to promote meaningful learning, especially conceptual change.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Biology (031B)
  - Adolescence Ed: Chemistry (032A)
  - Adolescence Ed: Chemistry (032B)
  - Adolescence Ed: Earth Science (033A)
  - Adolescence Ed: Earth Science (033B)
  - Adolescence Ed: Biology (101A)
  - Adolescence Ed: Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - BA/MAT Earth Science (102E)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Chemistry (50CH)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Biology (031A)
SED 542. Meaningful Problem Solving in Science . 3 Credits.
A study of how students solve science problems and how teachers can enhance the likelihood that their students will solve such problems meaningfully, i.e., by understanding the relevant concepts rather than by mechanically following a prescribed set of rules.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Biology (031B)
  - Adolescence Ed: Chemistry (032A)
  - Adolescence Ed: Chemistry (032B)
  - Adolescence Ed: Earth Science (033A)
  - Adolescence Ed: Earth Science (033B)
  - Adolescence Ed: Biology (101A)
  - Adolescence Ed: Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - BA/MAT Earth Science (102E)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Chemistry (50CH)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Biology (031A)

SED 543. Science in the Secondary School . 3 Credits.
Science as a process of inquiry with examples from current research. Cultural implications of scientific and technological development and their effect upon the secondary school science curriculum. Course will also include a series of structured instructional experiences intended to further students' first-hand knowledge of secondary schools and schooling.

Prerequisites:
- EDS 539 with a minimum grade of D- and EDS 730 with a minimum grade of D-

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Chemistry (50CH)
  - Adolescence Ed: Biology (101A)
  - BA/MAT Earth Science (102E)

SED 545. Mathematics in the Secondary School . 3 Credits.
This course will provide methods and techniques for effective teaching of mathematics in secondary schools. It will help the pre-service teacher develop the knowledge, skills and attitudes necessary for successful mathematics teaching. Course will also include a series of structured instructional experiences intended to further students' first-hand knowledge of secondary schooling.

Prerequisites:
- EDS 539 with a minimum grade of D- and EDS 730 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Mathematics (107A)

SED 546. Social Studies in the Secondary School . 3 Credits.
Students will analyze various methods of secondary school social studies instruction and will prepare several types of instructional strategies, both short and long term. Course will also include a series of structured instructional experiences intended to further students' first-hand knowledge of secondary schools and schooling.

Prerequisites:
- EDS 539 with a minimum grade of D- and EDS 730 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Social Studies (109A)

SED 547. Foreign Language in the Secondary School . 3 Credits.
Acquaints foreign language teachers with elements of organization, classroom management, lesson planning and teaching strategies appropriate to the needs and abilities of students in secondary foreign language classrooms. Students will be exposed to the best sources of information available to foreign language teachers as well as to traditional and new approaches in teaching.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: French (105B)
  - Adolescence Ed: French (105A)
SED548. Literacy Instruction in the Secondary School . 3 Credits.
Initiation, organization, and development of secondary literacy programs. Interpretation and use of reading and writing assessments (e.g., standardized tests, portfolios, informal assessment) with the goal of recognizing and addressing literacy difficulties. Selection of appropriate reading materials. Development of classroom libraries and literacy projects.
Prerequisites:
  • EDS 372 with a minimum grade of D-
Restrictions:
  • Must have the following level: Graduate

SED549. Teaching Literacy Across the Disciplines 6-12. 3 Credits.
Examines strategies for developing literacy and thinking across the disciplines, focusing on text "comprehension" and its variety of guises. Topics include reading and writing processes related to the understanding of literary and expository texts, instructional and assessment strategies designed to improve test comprehension, developing integrated curricula, selection and evaluation of classroom materials.
Restrictions:
  • Must have the following level: Graduate

SED550. Teaching Mathematics for All . 3 Credits.
Special instructional strategies and tactics for effective teaching of mathematics for all students.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration):
    • Adolescence Ed:Mathematics (037A)
    • Adolescence Ed:Mathematics (037B)

SED551. Field Experience I . 1 Credit.
Students will immerse themselves in secondary school settings, cultures, and teaching-related activities. This includes interviewing, observing, and interacting with students, teachers, administrators and staff. COURSE FEE FOR WATERMARK .
Prerequisites:
  • SED Fieldwork Form with a score of Y
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration):
    • Adolescence Ed:Biology (031A)
SED552. Field Experience II . 1 Credit.
Students will immerse themselves in secondary school settings, cultures and direct discipline-related activities. This includes interviewing, observing, and interacting with students, discipline-specific teachers, administrators and staff. Co-requisite with a discipline-specific methods course (SED370, SED371, SED373, SED374, SED375, SED381, SED391).
Prerequisites:
- SED 551 and SED 370 with a minimum grade of D-
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - Adolescence Ed: English (103A)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - Adolescence Ed: French (105A)
  - Adolescence Ed: French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed: Spanish (110B)
  - Adolescence Ed: Biology (101A)

SED553. Field Experience III . 1 Credit.
Students will immerse themselves in particular secondary school settings with the purpose of understanding the school culture in which they will be student teaching. This will involve interviewing, observing, and interacting with students, teachers, administrators and staff in a broad range of "normal" school-related activities. Co-requisite with a discipline-specific student teaching course (SED404, SED405).
Prerequisites:
- SED 552 and SED 604 and SED 605 and SED 606
Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - BA/MAT Earth Science (102E)
  - Adolescence Ed: English (103A)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Adolescence Ed: French (105A)
  - Adolescence Ed: French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed: Spanish (110B)
  - Chemistry (50CH)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Biology (101A)

SED554. HVWP Invitational Institute I: Teachers as Writers. 3 Credits.
Engage in personal and professional writing while developing skills as a writing teacher. Learn how to model writing and other research-proven teaching strategies. Work with a Hudson Valley Writing Project coach to design a professional development workshop based on what works in your classroom. For application, go to http://www.newpaltz.edu/hvwp/

SED555. HVWP Invitational Institute II: Teachers as Learners. 3 Credits.
Deepens understanding of writing instruction, writing assessment, digital learning environments, and professional development leadership. Work with Hudson Valley Writing Project colleagues to plan and lead a writing workshop for teachers, student writers, and their families.
Prerequisites:
- SED 554 with a minimum grade of D-
SED556. Storytelling, Folklore and the English Language Arts Curriculum . 3 Credits.
Explores the central role of oral narrative as a learning tool for diverse cultures throughout the centuries. Students will experience and research stories from a wide range of genre and examine the potential of story to foster community and develop critical literacy skills in K-12 classrooms.
Restrictions:
• Must have the following level: Graduate

SED557. Computers in Secondary School Mathematics Education . 3 Credits.
Study the various ways of analyzing mathematics software, teaching programming and developing applications of the computer as it relates to the NYS Mathematics curriculum.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Biology (031B)
  • Adolescence Ed: Chemistry (032A)
  • Adolescence Ed: Chemistry (032B)
  • Adolescence Ed: Earth Science (033A)
  • Adolescence Ed: Earth Science (033B)
  • Adolescence Ed: English (034A)
  • Adolescence Ed: English (034B)
  • Adolescence Ed: French (035A)
  • Adolescence Ed: French (035B)
  • Adolescence Ed: Mathematics (037A)
  • Adolescence Ed: Mathematics (037B)
  • Adolescence Ed: Spanish (039A)
  • Adolescence Ed: Spanish (039B)
  • Adolescence Ed: Social Studies (040B)
  • Adolescence Ed: Biology (101A)
  • Adolescence Ed: Biology (101B)
  • Adolescence Ed: Earth Science (102A)
  • Adolescence Ed: Earth Science (102B)
  • Adolescence Ed: English (103A)
  • Adolescence Ed: English (103B)
  • Adolescence Ed: Chemistry (104A)
  • Adolescence Ed: Chemistry (104B)
  • Adolescence Ed: French (105A)
  • Adolescence Ed: French (105B)
  • Adolescence Ed: Mathematics (107A)
  • Adolescence Ed: Mathematics (107B)
  • Adolescence Ed: Social Studies (109A)
  • Adolescence Ed: Social Studies (109B)
  • Adolescence Ed: Spanish (110A)
  • Adolescence Ed: Spanish (110B)
  • Adolescence Ed: Biology (031A)

SED558. Dealing with Diversity in the Foreign Language Classroom . 3 Credits.
Deals with diversity and its scope and impact in the foreign language classroom. Participants will be helped to define diversity and multiculturalism and its place within the foreign language classroom. Understanding diversity, teaching diversity, confronting issues of diversity, and lesson planning to promote diversity and student involvement will be the focus of the course.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: French (035B)
  • Adolescence Ed: Spanish (039A)
  • Adolescence Ed: Spanish (110B)
  • Adolescence Ed: French (105A)
  • Adolescence Ed: French (105B)
  • Adolescence Ed: Spanish (110A)
  • Adolescence Ed: French (035A)
  • Adolescence Ed: Spanish (039B)

SED559. Problem Solving for Mathematics Teachers . 3 Credits.
Problem solving is a major focus of the current upper elementary and secondary mathematics curricula. A study and investigation of methods for solving problems in mathematics, and teaching these problem solving skills to our students.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Mathematics (107B)
  • Adolescence Ed: Mathematics (107A)
  • Adolescence Ed: Mathematics (037A)
  • Adolescence Ed: Mathematics (037B)
SED560. Technology in the Classroom. 3 Credits.
Designed to introduce students to the microcomputer and related technologies and how they may be used to support teaching and learning. Students will learn how to integrate the microcomputer and related technologies to achieve curriculum goals.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Second Language Education (065)
  - Adolescence Ed: Biology (101A)
  - Adolescence Ed: Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - Adolescence Ed: English (103A)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - Adolescence Ed: French (105A)
  - Adolescence Ed: French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Social Studies (040)
  - Adolescence Ed: Social Studies (040B)
  - Literacy Education: 5 - 12 (030B)

SED564. Reconstructing Social Studies Using Diverse Perspectives. 3 Credits.
While learning diverse perspectives on the history and teaching of social studies, students will reflect on their practices by asking: Toward what end should I teach social studies so that all students learn better?

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed: Spanish (110B)
  - Literacy Education: 5 - 12 (030B)

SED565. World History Institute. 3 Credits.
Students will develop a conceptual understanding of the field of World History in order to make effective choices concerning content to be taught in a high school course.

SED566. Education Across Borders: International Ideas and Experience. 3 Credits.
Through interdisciplinary study of the policies, practices, histories, and guiding ideals of educational systems internationally, we will gain some understanding of other systems and also a broader perspective on our own.

SED567. HVWP Invitational Institute III: Teachers as Leaders. 3 Credits.
Participants deepen their understanding of leadership and professional development, considering purposeful and practical opportunities in an ever-shifting context of school reform. Work includes strategic planning, engagement, and evaluation of leadership in the teaching of writing. This class will be taught at an off-campus site.

Prerequisites:
- SED 554 with a minimum grade of D- and SED 555 with a minimum grade of D-

SED573. Teaching English as a New Language I. 3 Credits.
Examination of methods, materials, and assessment for teaching English as a new language at the elementary (P-6) level. Includes differentiation of instruction for learners of English as a new language at different proficiency levels. Focus on teaching language modalities (listening, speaking, reading, and writing), second language acquisition, and multicultural perspectives.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED575. Teaching Literacy in English as a New Language. 3 Credits.
Examination of literacy skills, methods, and assessments, including reading enrichment and remediation, for teaching English to speakers of a new language and to English learners with disabilities at elementary and secondary levels. Includes study of phonetic and phonological awareness through reading instruction.

Prerequisites:
- SED 573 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED576. Teaching English as a New Language II. 3 Credits.
Examination of methodologies, materials, and assessments used in teaching language and content (e.g., mathematics, social studies, and science) to learners of English as a new language, including those with disabilities. Focus on incorporating language modalities into 7-12 content instruction, as well as second language acquisition and multicultural perspectives.

Prerequisites:
- SED 573 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)
SED577. Applied Linguistics for Teachers of English as a New Language (ENL). 3 Credits.
Examination of the structure of the English language, including discussion and evaluation of techniques for teaching the phonological, morphological, and syntactical components of English to learners of English as a new language.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED578. Second Language Learning . 3 Credits.
Discussion of the psychological, sociological and anthropological aspects of language. Provides an overview of bilingualism and second language acquisition theory and research as related to the teaching and learning of other languages. Co-requisite: SED575, SED576.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED579. Practicum in Teaching English as a Second Language . 6 Credits.
A college-supervised experience in the Teaching of English to Speakers of Other Languages required of all students in the TESOL concentration during their final semester. A research project based on the practicum experience will be required.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED580. English Grammar for Teachers of English as a New Language (ENL). 3 Credits.
Provides candidates with a systematic understanding of English grammar and its implications for writing, reading, and oral communication. This course focuses on the role of grammar and syntax in classroom instruction, including a review of techniques and materials for teaching English grammar to learners of English as a new language.
Prerequisites:
  • SED 577 with a minimum grade of D-
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)

SED585. Materials Development for the Foreign Language Classroom. 3 Credits.
Focuses on the development of effective foreign language instructional materials in light of SLA theoretical views, state and national standards, findings in the areas of cognition, individual learner styles, multiple intelligences, differentiation, and teacher/learner beliefs.
Restrictions:
  • Must have the following level: Graduate

SED591. Inquiry Learning in Science Education. 3 Credits.
Student develop critical abilities to explore, plan and implement inquiry-based educational practices, and demonstrate how inquiry questioning and problem-based/project-based lessons develop critical thinking and process skills during the creation of student-oriented scientific investigative design.
Restrictions:
  • Must have the following level: Graduate

SED593. Secondary Ed Selected Topic. 12 Credits.
Restrictions:
  • Must have the following level: Graduate
  • Must have the following field(s) of study (major, minor or concentration):
    • Adolescence Ed:Chemistry (032B)
    • Adolescence Ed:Earth Science (033B)
    • Adolescence Ed:English (034B)
    • Adolescence Ed:French (035B)
    • Adolescence Ed:Mathematics (036B)
    • Adolescence Ed:Spanish (039B)
    • Adolescence Ed:Social Studies (040B)
    • Adolescence Ed:Biology (101B)
    • Adolescence Ed:Earth Science (102B)
    • BA/MAT Earth Science (102E)
    • Adolescence Ed:English (103B)
    • Adolescence Ed:Chemistry (104B)
    • BA/MAT Chemistry (104C)
    • Adolescence Ed:French (105B)
    • Adolescence Ed:Mathematics (107B)
    • Adolescence Ed:Social Studies (109B)
    • Adolescence Ed:Spanish (110B)
    • Chemistry (50CH)
    • Geology/Earth Science (51ES)
    • Adolescence Ed:Biology (031B)
SED595. Indep Study Secondary Ed. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed: Biology (031B)
  - Adolescence Ed: Chemistry (032A)
  - Adolescence Ed: Chemistry (032B)
  - Adolescence Ed: Earth Science (033A)
  - Adolescence Ed: Earth Science (033B)
  - Adolescence Ed: English (034A)
  - Adolescence Ed: English (034B)
  - Adolescence Ed: French (035A)
  - Adolescence Ed: French (035B)
  - Adolescence Ed: Mathematics (037A)
  - Adolescence Ed: Mathematics (037B)
  - Adolescence Ed: Spanish (039A)
  - Adolescence Ed: Spanish (039B)
  - Adolescence Ed: Social Studies (040B)
  - Adolescence Ed: Biology (101A)
  - Adolescence Ed: Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed: Earth Science (102B)
  - BA/MAT Earth Science (102E)
  - Adolescence Ed: English (103A)
  - Adolescence Ed: English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed: Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Adolescence Ed: French (105A)
  - Adolescence Ed: French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed: Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed: Spanish (110B)
  - Chemistry (50CH)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Biology (031A)

SED606. Practicum Seminar. 1 Credit.
All secondary education students must take this seminar while student teaching. The goals of the seminar are to provide practical support for candidates and time to reflect on their experiences so as to enhance teaching and learning in schools.
Restrictions:
- Must have the following level: Graduate

SED607. Practicum Seminar: Second Language Education. 1 Credit.
Sec Lang Ed Students must take this seminar while student teaching. The goals are to provide practical support for candidates and time to reflect on their experiences so as to enhance teaching and learning in schools.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Second Language Education (065)
SED701. Inquiry into Teaching, Learning, and School: Part I . 3 Credits.
First course in a two-semester sequence in which candidates read, discuss, debate, and write about educational research and its intersection with teaching and learning. An "action research" investigation will be designed and carried out during the second semester.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Childhood Education 1-6 (013C)
  • Adolescence Ed: Biology (031A)
  • Adolescence Ed:Biology (031B)
  • Adolescence Ed: Chemistry (032A)
  • Adolescence Ed:Chemistry (032B)
  • Adolescence Ed: Earth Science (033A)
  • Adolescence Ed:Earth Science (033B)
  • Adolescence Ed: English (034A)
  • Adolescence Ed:English (034B)
  • Adolescence Ed: French (035A)
  • Adolescence Ed:French (035B)
  • Adolescence Ed: Mathematics (037A)
  • Adolescence Ed:Mathematics (037B)
  • Adolescence Ed: Spanish (039A)
  • Adolescence Ed:Spanish (039B)
  • Adolescence Ed: Social Studies (040B)
  • Economics (040E)
  • Geography (040G)
  • History (040H)
  • Political Science (040P)
  • Second Language Education (065)
  • Adolescence Ed: Biology (101A)
  • Adolescence Ed:Biology (101B)
  • Adolescence Ed: Earth Science (102A)
  • Adolescence Ed:Earth Science (102B)
  • Adolescence Ed: English (103A)
  • Adolescence Ed:English (103B)
  • Adolescence Ed: French (105A)
  • Adolescence Ed:French (105B)
  • Adolescence Ed: Mathematics (107A)
  • Adolescence Ed:Mathematics (107B)
  • Adolescence Ed: Social Studies (109A)
  • Adolescence Ed:Social Studies (109B)
  • Adolescence Ed: Spanish (110A)
  • Adolescence Ed:Spanish (110B)
  • Early Childhood: B-2 (13EC)
  • Reading/Literacy (13RL)
  • Sci
  • Tech
  • Engr & Math (STEM) (13ST)
  • Early Childhood Education (011A)
SED702. Inquiry into Teaching, Learning, and School: Part II Every Semester . 3 Credits.
Second course in a two-semester sequence in which candidates, under the guidance of the professor, carry out an empirical study designed in Inquiry into Teaching, Learning, and School:Part 1 (SED 701).
Prerequisites:
• SED 701 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Childhood Education 1-6 (013C)
  • Adolescence Ed: Biology (031A)
  • Adolescence Ed:Biology (031B)
  • Adolescence Ed: Chemistry (032A)
  • Adolescence Ed:Chemistry (032B)
  • Adolescence Ed: Earth Science (033A)
  • Adolescence Ed:Earth Science (033B)
  • Adolescence Ed: English (034A)
  • Adolescence Ed:English (034B)
  • Adolescence Ed: French (035A)
  • Adolescence Ed:French (035B)
  • Adolescence Ed: Mathematics (037A)
  • Adolescence Ed:Mathematics (037B)
  • Adolescence Ed: Spanish (039A)
  • Adolescence Ed:Spanish (039B)
  • Adolescence Ed: Social Studies (040B)
  • Economics (040E)
  • Geography (040G)
  • History (040H)
  • Political Science (040P)
  • Second Language Education (065)
  • Adolescence Ed: Biology (101A)
  • Adolescence Ed:Biology (101B)
  • Adolescence Ed: Earth Science (102A)
  • Adolescence Ed:Earth Science (102B)
  • Adolescence Ed: English (103A)
  • Adolescence Ed:English (103B)
  • Adolescence Ed: French (105A)
  • Adolescence Ed:French (105B)
  • Adolescence Ed: Mathematics (107A)
  • Adolescence Ed:Mathematics (107B)
  • Adolescence Ed: Social Studies (109A)
  • Adolescence Ed:Social Studies (109B)
  • Adolescence Ed: Spanish (110A)
  • Adolescence Ed:Spanish (110B)
  • Early Childhood: B-2 (13EC)
  • Reading/Literacy (13RL)
  • Sci
  • Tech
  • Engr & Math (STEM) (13ST)
  • Early Childhood Education (011A)
SED703. Curriculum: Designs for Literacy, Learning, and Assessment in Secondary Schools. 3 Credits.
Teacher candidates will read, discuss, debate, and write and philosophies and practices related to curriculum assessment, and adolescent literacy. The co-requisite, Field Experience 1, permits candidates to observe and analyze curriculum, assessment, and literacy as it is enacted by local teachers and students.

Prerequisites:
- SED Fieldwork Form with a score of Y

Restrictions:
- Must have the following level: Graduate

SED712. Recent Research in Education . 3 Credits.
Current research methods and findings and their significance for education in the United States. Each student explores an intensive research program.

Restrictions:
- Must have the following level: Graduate

SED741. Teaching English in the Secondary School . 3 Credits.
Examines effective methods of secondary school English instruction in heterogeneous classrooms and helps the pre-service teacher develop the knowledge, skills and dispositions necessary for successful English teaching. Course will also include a series of structured instructional experiences intended to further students’ first-hand knowledge of secondary schools and schooling.

Prerequisites:
- SED 703 with a minimum grade of D-

Restrictions:
- Must have the following level: Graduate

SED742. Teaching Dramatic Literature in the Secondary School . 3 Credits.
An examination of performance as a method of comprehension and engagement. Participants will learn to make dramatic literature accessible to all students as well as to make literature dramatic (e.g., readers’ theatre, storytelling).

Restrictions:
- Must have the following level: Graduate

SED743. Teaching Writing and Thinking in the Secondary School. 3 Credits.
Examines writing as a constructive process and mode of learning. Topics include the development of writing abilities; creating classroom ecologies that support critical thinking and creativity; differentiating instruction in heterogeneous, multicultural classrooms; opening texts through writing and writing through texts; preparing students for high-stakes writing examinations; responding to and evaluating writing.

Restrictions:
- Must have the following level: Graduate

SED745. Teaching Literature in the Middle School Every Semester . 3 Credits.
Examines quality literature that appeals to young adults and focuses on teaching methods that support literary understanding. Topics include aesthetic and efferent reading processes; developing curriculum for heterogeneous, multicultural classrooms; using writing and the arts as tools for developing literary comprehension; assessment and evaluation of literature learning.

Restrictions:
- Must have the following level: Graduate

SED747. Teaching Geometry and Algebra in the Secondary School . 3 Credits.
From the study of geometry, criteria for identifying objectives for various subsets of the student body. Methods and materials to accomplish these goals.

Restrictions:
- Must have the following level: Graduate

SED748. Teaching Literature in the High School Spring . 3 Credits.
Students will examine and research quality literature appropriate for in-depth study at the high school level. Topics include pedagogies that support literary thinking; curriculum development for heterogeneous, multicultural classrooms; using writing, the arts, and various media to teach literature; assessing and grading literature learning; developing school-wide literature programs.

Restrictions:
- Must have the following level: Graduate
SED761. Instruction and Curriculum in Secondary Mathematics . 3 Credits.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Earth Science (033B)
  - Adolescence Ed:Mathematics (107B)
  - Adolescence Ed:Mathematics (037B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed: Earth Science (033A)
  - Adolescence Ed: Mathematics (037A)

SED793. Secondary Ed Selected Topic. 3-12 Credits.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Adolescence Ed:Biology (031B)
  - Adolescence Ed: Chemistry (032A)
  - Adolescence Ed:Chemistry (032B)
  - Adolescence Ed: Earth Science (033A)
  - Adolescence Ed:Earth Science (033B)
  - Adolescence Ed: English (034A)
  - Adolescence Ed:English (034B)
  - Adolescence Ed: French (035A)
  - Adolescence Ed:French (035B)
  - Adolescence Ed: Mathematics (037A)
  - Adolescence Ed:Mathematics (037B)
  - Adolescence Ed: Spanish (039A)
  - Adolescence Ed:Spanish (039B)
  - Adolescence Ed:Social Studies (040B)
  - Adolescence Ed: Biology (101A)
  - Adolescence Ed:Biology (101B)
  - Adolescence Ed: Earth Science (102A)
  - Adolescence Ed:Earth Science (102B)
  - BA/MAT Earth Science (102E)
  - Adolescence Ed: English (103A)
  - Adolescence Ed:English (103B)
  - Adolescence Ed: Chemistry (104A)
  - Adolescence Ed:Chemistry (104B)
  - BA/MAT Chemistry (104C)
  - Adolescence Ed: French (105A)
  - Adolescence Ed:French (105B)
  - Adolescence Ed: Mathematics (107A)
  - Adolescence Ed:Mathematics (107B)
  - Adolescence Ed: Social Studies (109A)
  - Adolescence Ed:Social Studies (109B)
  - Adolescence Ed: Spanish (110A)
  - Adolescence Ed:Spanish (110B)
  - Chemistry (50CH)
  - Geology/Earth Science (51ES)
  - Adolescence Ed: Biology (031A)
SED795. Indep Study Secondary Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Adolescence Ed: Biology (031B)
  • Adolescence Ed: Chemistry (032A)
  • Adolescence Ed: Chemistry (032B)
  • Adolescence Ed: Earth Science (033A)
  • Adolescence Ed: Earth Science (033B)
  • Adolescence Ed: English (034A)
  • Adolescence Ed: English (034B)
  • Adolescence Ed: French (035A)
  • Adolescence Ed: French (035B)
  • Adolescence Ed: Mathematics (037A)
  • Adolescence Ed: Mathematics (037B)
  • Adolescence Ed: Spanish (039A)
  • Adolescence Ed: Spanish (039B)
  • Adolescence Ed: Biology (101A)
  • Adolescence Ed: Biology (101B)
  • Adolescence Ed: Earth Science (102A)
  • Adolescence Ed: Earth Science (102B)
  • BA/MAT Earth Science (102E)
  • Adolescence Ed: English (103A)
  • Adolescence Ed: English (103B)
  • Adolescence Ed: Chemistry (104A)
  • Adolescence Ed: Chemistry (104B)
  • BA/MAT Chemistry (104C)
  • Adolescence Ed: French (105A)
  • Adolescence Ed: French (105B)
  • Adolescence Ed: Mathematics (107A)
  • Adolescence Ed: Mathematics (107B)
  • Adolescence Ed: Social Studies (109A)
  • Adolescence Ed: Social Studies (109B)
  • Adolescence Ed: Spanish (110A)
  • Adolescence Ed: Spanish (110B)
  • Chemistry (50CH)
  • Geology/Earth Science (51ES)
  • Adolescence Ed: Biology (031A)

Sociology (SOC)

SOC502. The Family in American Culture . 3 Credits.
Theoretical and structural aspects of American family life.
Restrictions:
• Must have the following level: Graduate

SOC503. Research Methods . 3 Credits.
Training in the methods and techniques of data collection, interpretation and analysis, utilizing both quantitative and qualitative orientations.
Restrictions:
• Must have the following level: Graduate

SOC504. Sociology of Education . 3 Credits.
Socio-cultural context of education. Social system analysis of school and community. Interpersonal relations between teachers and students. Community power structure and the education process.
Restrictions:
• Must have the following level: Graduate

Sociology (SOC)

SOC505. Autism and Human Services. 3 Credits.
Autism and Human Services explores family systems theory, social networks, social policies, advocacy, and human rights as these relate to autism. The course also focuses on international approaches in the work with people with autism.
Restrictions:
• Must have the following level: Graduate

SOC511. Urban Sociology . 3 Credits.
Historical, spatial patterns, and social organizations of cities. Public affairs, social problems, amenities of cities and suburbs systematically observed and analyzed.
Restrictions:
• Must have the following level: Graduate

SOC514. Cancer and Society . 3 Credits.
Analysis of popular ideologies and attitudes; problems in the evaluation of statistical and clinical data; cancer prevention versus cancer treatment; and ideological and economic forces shaping this debate.
Restrictions:
• Must have the following level: Graduate

SOC515. Alienation and Mental Illness . 3 Credits.
Critical examination of major schools of thought about alienation and mental illness in contemporary society. The effects of social structure and ideology in contemporary society form a sociological and socio-psychological perspective with an eye toward a synthesis of various schools of thought.
Restrictions:
• Must have the following level: Graduate

SOC523. Social Gerontology . 3 Credits.
Problems in the field of aging.
Restrictions:
• Must have the following level: Graduate

SOC525. Race and Ethnicity . 3 Credits.
Sociological perspectives on racial-ethnic inequality in the United States. An investigation into particular socio-historical events and their impact on individuals.
Restrictions:
• Must have the following level: Graduate
SOC532. Social Policy . 3 Credits.
Analysis of social policy and social welfare; policy shifts regarding disability rights and environmental justice. The changing relationship between the state, social movements, and economic forces in historical perspective.
Restrictions:
• Must have the following level: Graduate

SOC533. Gender Inequality . 3 Credits.
Theoretical and historical perspectives on gender in society. Topics may include: family and work, the impact of technology and culture in shaping work and domestic life, women's rights as human rights.
Restrictions:
• Must have the following level: Graduate

SOC535. Applied Sociology . 3 Credits.
Training in research designed for specific applications. Emphasis on evaluation research, focus groups, statistical analysis and needs-assessment studies.
Restrictions:
• Must have the following level: Graduate

SOC551. Social Statistics . 3 Credits.
Training in the use of statistical techniques in the analysis of sociological data. Measures of central tendency and dispersion, correlation, and regression analysis will be employed.
Restrictions:
• Must have the following level: Graduate

SOC552. Seminar in Sociological Issues . 3 Credits.
Critical concerns within the field of sociology. Emphasis upon current sociological debates. Specific issues reflect the work and interest of the instructor.
Restrictions:
• Must have the following level: Graduate

SOC553. Seminar in Delinquent Behavior . 3 Credits.
Sociological study of the causes and characteristics of delinquent behavior; recent trends in the prevention and control of delinquency.
Restrictions:
• Must have the following level: Graduate

SOC590. Thesis in Sociology (3-6) . 1-12 Credits.
Research under the guidance of a faculty advisor, resulting in a thesis. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate

SOC593. Soc Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

SOC594. Fieldwork In Sociology. 0 Credits.
Restrictions:
• Must have the following level: Graduate

SOC595. Indep Study Sociology. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

SOC599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Sociology (209)

SOC795. Indep Study Sociology. 0 Credits.
Restrictions:
• Must have the following level: Graduate

SOC799. Continued Registration. 1 Credit.
Restrictions:
• Must have the following level: Graduate

Spanish (SPA)

SPA561. Intensive Practice in Spanish. 3 Credits.
Offers advanced study and practice in spoken and written Spanish. Variants of old style, and selected problems in vocabulary and syntax. Conducted in Spanish. SPA561 and SPA562 may be taken separately and in either sequence.
Restrictions:
• Must have the following level: Graduate

SPA565. Latin American and Caribbean Poetry. 3 Credits.
Poetry of Latin American and the Caribbean, from various periods. Conducted in Spanish.
Restrictions:
• Must have the following level: Graduate

SPA567. Approaches to Latin American Culture. 3 Credits.
The cultural contents of language, arts, and the ways of life in Latin-American countries.
Restrictions:
• Must have the following level: Graduate

SPA568. History Spanish Language. 3 Credits.
Restrictions:
• Must have the following level: Graduate

SPA572. Latina and Latin American Women Dramatists . 3 Credits.
Analysis of women-authored plays written from the 1950's to the present in Mexico, Puerto Rico, Argentina and Latino USA to trace the socio-historical origins of the subordination of women in public and private domains.
Restrictions:
• Must have the following level: Graduate

SPA573. Seminar in Spanish Literature I . 3 Credits.
Intensive study of a topic to be announced. Conducted in Spanish.
Restrictions:
• Must have the following level: Graduate
SPA575. Seminar in Latin American & Caribbean Literature. 3 Credits.
Restrictions:
• Must have the following level: Graduate

SPA578. Cervantes . 3 Credits.
Critical analysis of the "Don Quixote," and of other works by Cervantes. Conducted in Spanish.
Restrictions:
• Must have the following level: Graduate

SPA593. Spanish Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

SPA594. Fieldwork In Spanish. 0 Credits.
Restrictions:
• Must have the following level: Graduate

SPA595. Indep Study Spanish. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

Special Education (SPE)

SPE513. Single Subject Research. 3 Credits.
Provides an overview of single subject research methodology. Topics include measurement of behaviors, single subject research designs, threats to validity, and data analysis.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE514. Advanced Applied Behavior Analysis. 3 Credits.
Provides an application of the principals and concepts of behavior analysis to social behaviors. Topics include: applied behavior analysis (ABA), identifying and defining target behaviors, measuring behaviors, assessing behaviors, determining functions of behavior, using behavior change systems, selecting intervention strategies, and implementing and managing services.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE515. Ethical Considerations in Applied Behavior Analysis. 3 Credits.
Provides an overview of ethical considerations in the field of behavior analysis. Topics include: history of ethics, qualifications and responsibilities of being a Board Certified Behavior Analyst (BCBA), selection of interventions for clients, and implementation and evaluation of behavior change procedures.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE516. Methods of Instruction. 3 Credits.
Provides behavioral techniques to teach individuals academic, functional living, and communication skills. Topics include instructional objectives, chaining response prompting, incidental teaching, observational learning, preference assessment, naturalistic interventions, and verbal behavior.
Prerequisites:
• SPE 512 with a minimum grade of D- and SPE 513 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE517. Management Procedures for Severe Problem Behaviors. 3 Credits.
Learn how to evaluate severe problem behavior and intervene in order to decrease the occurrence of the problem behavior and teach individuals exhibiting these behaviors more socially appropriate behaviors. You will also consider ethical issues when evaluating interventions that target severe problem behaviors.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE518. Autism Practicum. 3 Credits.
Provides candidates with the opportunity for hands on experience with assessing behaviors, creating behavior modification programs, and making decisions on current cases with individuals with autism under the supervision of a licensed behavior analyst.
Prerequisites:
• SPE 512 with a minimum grade of D- and SPE 513 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE563. Multiple Intelligences in Inclusive Classrooms . 3 Credits.
Participants will develop understanding and skills in the use of multiple intelligences for planning and collaborating in instructional design, supporting students' full participation, and working with colleagues and community.
Restrictions:
• Must have the following level: Graduate
SPE565. Teaching in Inclusive Classrooms . 3 Credits.
Examines a variety of issues and strategies related to educating learners with disabilities in general education classrooms. It also is designed to provide students with an understanding of the nature and needs of exceptional children and youth from culturally and linguistically diverse backgrounds.
Restrictions:
• Must have the following level: Graduate

SPE571. Teaching Communication Skills to Learners with Disabilities . 3 Credits.
Methods, materials, and procedures for increasing the communication skills of students with disabilities.
Restrictions:
• Must have the following level: Graduate

SPE572. Tchg. Learners of Culturally/Linguistically Diverse Backgrounds. 3 Credits.
This course examines the academic and social challenges education poses faced by students from culturally and linguistically diverse backgrounds. Methods for implementing culturally relevant instruction and programs for all students will be discussed.
Restrictions:
• Must have the following level: Graduate

SPE575. Technology in Special Education . 3 Credits.
This course is designed for educators who are interested in learning how to use educational technology with individuals with disabilities. Technology content dealing with ways technology can be employed to teach exceptional students will be discussed as well as other practical applications of educational technology.
Restrictions:
• Must have the following level: Graduate

SPE593. Special Ed Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

SPE594. Fieldwork in Autism Studies. 0 Credits.
Restrictions:
• Must have the following level: Graduate

SPE595. Indep Study Special Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

SPE700. Educating Special Learners . 5 Credits.
This course will examine issues related to the education of learners with special needs, including the philosophical, historical, social, and legal foundations of special education; characteristics of learners with disabilities; employment and independence for learners with disabilities; and professionalism and ethical practices. The course will also offer students field-based experiences working with learners with disabilities in educational programs that address a wide range of academic, social, and transitional needs.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Ed and Adol Spec Ed (029B)
  • Adol Special Ed and Lit Ed (059A)
  • Special Ed:Adolescence Ed. (060G)
  • Adol Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060A)
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Early Childhood Ed (060E)
  • Literacy Ed and Child Spec Ed (029A)
  • Child Special Ed and Lit Ed (059C)

SPE701. Educational Assessment of Learners with Disabilities . 5 Credits.
This course explores critical issues in the educational assessment process and focuses on the use of informal and formal assessment strategies to identify and assess learners with disabilities. This course offers students field-based experience in assessing the educational performance of learners with disabilities.
Prerequisites:
• SPE 700 (may be taken concurrently) with a minimum grade of B-
SPE702. Teaching Math, Science and Technology in Inclusive Classrooms. 3 Credits.
This course examines methods for planning, implementing, and evaluating instructional strategies for students with disabilities, particularly in the areas of math, science, and technology. It emphasizes differentiating instruction based upon learner characteristics, learning environment, curriculum and standards.

**Prerequisites:**
- SPE 700 with a minimum grade of B-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Adolescence Ed. (060G)
  - Special Ed: Early Childhood Ed (060E)
  - Special Ed: Adolescence Ed (060A)
  - Special Ed: Childhood Ed (060C)

SPE703. Research in Special Education . 3 Credits.
Reviews current issues in special education research. Students design and execute a research project addressing their interest.

**Prerequisites:**
- SPE 700 (may be taken concurrently) with a minimum grade of B-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Literacy Ed and Adol Spec Ed (029B)
  - Adol Special Ed and Lit Ed (059A)
  - Special Ed: Adolescence Ed. (060G)
  - Adol Special Ed and Lit Ed (059G)
  - Special Ed: Adolescence Ed (060A)
  - Special Ed: Childhood Ed (060C)
  - Special Ed: Early Childhood Ed (060E)
  - Literacy Ed and Child Spec Ed (029A)
  - Child Special Ed and Lit Ed (059C)

SPE706. Working with Learners with Emotional/Behavioral Problems . 3 Credits.
Students with emotional/behavioral problems will be studied through analysis of case studies.

**Restrictions:**
- Must have the following level: Graduate

SPE711. Educating Learners with Autism Spectrum Disorders. 3 Credits.
Provides an overview of the educational strengths and challenges of students with Autism Spectrum Disorders. Topics include: historical overview, major theories and trends, effective practices, and collaboration strategies.

**Restrictions:**
- Must have the following level: Graduate

SPE712. Learning Environments for Students with Autism Spectrum Disorders. 3 Credits.
This course will focus on planning and implementing safe, positive, supportive and universally designed learning environments. Teaching prosocial skills, and employing evidence-based best practices for including students with Autism Spectrum Disorders in general education settings will be included.

**Restrictions:**
- Must have the following level: Graduate

SPE722. Practicum in Special Education . 6 Credits.
This course provides students with the opportunity to teach childhood learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Childhood Ed (060C)
  - Special Ed: Adolescence Ed (060A)

SPE723. Teaching Students with Learning Disabilities . 3 Credits.
A study of students with learning disabilities including an emphasis on diagnosis and prescription. Different theories of learning disability are examined.

**Restrictions:**
- Must have the following level: Graduate

SPE728. Seminar in Special Education . 3 Credits.
Explores selected problems in the education of learners with disabilities.

**Restrictions:**
- Must have the following level: Graduate

SPE731. Literacy and Social Studies Inst. for Childhood Learners w/Disabilities . 5 Credits.
This course will examine methods for planning, implementing, and evaluating instructional strategies for students with disabilities on the childhood level, particularly in the areas of literacy and social studies. Emphasis will be placed on methods for differentiating instruction based upon learner characteristics, learning environment, curriculum and technology considerations, and state, and national standards.

**Prerequisites:**
- SPE 700 (may be taken concurrently) with a minimum grade of B- and
- SPE 701 (may be taken concurrently) with a minimum grade of B-

**Restrictions:**
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Childhood Ed (060C)
  - Special Ed: Early Childhood Ed (060E)
  - Child Special Ed and Lit Ed (059C)
SPE732. Learning Environments for Childhood Learners with Disabilities. 3 Credits.
This course will focus on planning and implementing safe, positive and supportive learning environments. Teaching prosocial skills, and employing best practices for including childhood learners with disabilities in general education settings will be included.
Prerequisites:
- SPE 700 (may be taken concurrently) with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Early Childhood Ed (060E)
  - Special Ed: Childhood Ed (060C)
  - Literacy Ed and Child Spec Ed (029A)
  - Child Special Ed and Lit Ed (059C)

SPE733. Practicum in Childhood Special Education. 6 Credits.
This course provides students with the opportunity to teach childhood learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
- SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Special Ed and Lit Ed (059C)
  - Special Ed: Childhood Ed (060C)
  - Literacy Ed and Child Spec Ed (029A)

SPE741. Literacy and Social St. Instr. for Adol. Learners w/Disabilities. 5 Credits.
Examines methods for planning, implementing, and evaluating instructional strategies for students with disabilities on the adolescent level, particularly in the areas of literacy and social studies. It emphasizes differentiating instruction based upon learners, environment, curriculum, and standards.
Prerequisites:
- SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Adolescence Ed. (060G)
  - Adol Special Ed and Lit Ed (059G)
  - Special Ed: Adolescence Ed (060A)
  - Literacy Ed and Adol Spec Ed (029B)
  - Adol Special Ed and Lit Ed (059A)

SPE742. Learning Environments for Adolescent Learners with Disabilities. 3 Credits.
This course will focus on planning and implementing safe, positive and supportive learning environments. Teaching prosocial skills, and employing best practices for adolescent learners with disabilities in general education settings will be included.
Prerequisites:
- SPE 700 (may be taken concurrently) with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed:Adolescence Ed. (060G)
  - Adol Special Ed and Lit Ed (059G)
  - Special Ed: Adolescence Ed (060A)
  - Literacy Ed and Adol Spec Ed (029B)
  - Adol Special Ed and Lit Ed (059A)

SPE743. Practicum in Adolescent Special Education. 6 Credits.
Provides students with the opportunity to teach adolescent learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
- SPE 700 with a minimum grade of B- and SPE 742 with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Child Special Ed and Lit Ed (059C)
  - Special Ed: Adolescence Ed (060A)
  - Literacy Ed and Adol Spec Ed (029B)
  - Adol Special Ed and Lit Ed (059A)

SPE750. Collaboration Strategies for Educators. 3 Credits.
Offers information, theories, resources, and guidelines to help educators enhance their ability to collaborate effectively with families, other professionals, and community members to support the teaching and learning processes.
Restrictions:
- Must have the following level: Graduate

SPE753. Practicum in Early Childhood Special Education. 6 Credits.
Provides teacher candidates with the opportunity to teach young children with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
- SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-

Restrictions:
- Must have the following level: Graduate
SPE761. Working with Families of Students with Disabilities . 3 Credits.
An investigation of various problems confronting parents, siblings, and other members of the family of persons with disabilities. Such issues as schooling, personal-social adjustment, vocational adjustment, and independent living arrangements are addressed.
Restrictions:
• Must have the following level: Graduate

SPE793. Special Ed Selected Topic. 3-12 Credits.
Restrictions:
• Must have the following level: Graduate

SPE794. Field Experience Spec Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Adolescence Ed (060A)

SPE795. Indep Study Special Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Adolescence Ed (060A)

SPE798. Young Children with Disabilities. 3 Credits.
This course examines current issues, research, and best practices to support successful programming for young children with disabilities (birth to eight years) and their families.
Prerequisites:
• SPE 700 with a minimum grade of D- and SPE 701 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Special Ed: Childhood Ed (060E)

Study Abroad (SAB)

SAB500. Study Abroad France. 1-12 Credits.

• Must have the following level: Graduate

SAB502. Israel-Disaster Mental Health. 1 Credit.
Restrictions:
• Must have the following level: Graduate

SAB503. Archaeology in Croatia. 3-6 Credits.
SAB504. Cultural Engagement in Guatemala: Art, Activism, and Social Justice. 1-12 Credits.
This class will introduce you to the role that activism and artistic practices have had in struggles for human rights and in creating conditions for achieving social justice in contemporary Guatemala. The course will give you historical and cultural tools to help you understand the political and cultural challenges different communities have faced, and are still facing, as they try to achieve social justice in the country. Through service learning, lectures and visits to historical and cultural sites, we will attempt to understand the internal structures of class, race and gender, as well as external geopolitical forces that have created unequal, exploitative conditions in the country. We will focus on past authoritarian regimes and repressive practices that still have deep effects in contemporary Guatemalan culture, while also exploring past and current social movements and contestatory artistic practices that have resisted these genocidal forces. Although Guatemala is now a democratic country, exploitation, marginalization, and other issues that keep reproducing unequal conditions for different communities are still pervasive. This program will give you the unique opportunity of engaging with activists who work every day to better conditions of indigenous people, migrants, women, and children. It will also give you the chance of meeting artists who work to preserve and disseminate Guatemala's unique culture, to make visible social contradictions, and to imagine new ways of achieving social justice.

SAB515. Guatemala Art Education. 1-12 Credits.
SAB530. Study Abroad Business. 1-12 Credits.
SAB539. Ethiopia Deaf Study Abroad. 3 Credits.

GRADUATE ACADEMIC POLICIES

State University of New York at New Paltz

We have made every effort to provide salient and accurate information in this handbook. However, the SUNY New Paltz assumes no liability for errors or omissions in this publication and reserves the right to alter existing rules and regulations such as those governing academic programs, academic standards, and organizational structures within its jurisdiction and after appropriate consultation. Students, faculty, and staff are expected to be governed by the information herein published or subsequently altered.

Affirmative Action

SUNY New Paltz supports Affirmative Action and Equal Opportunity and does not discriminate against individuals or groups on the basis of race, sex, age, national origin, religion, disability, veteran status, marital status, or sexual orientation in education or employment, or in any of its policies or programs. All actions toward employees and students are based upon performance-related criteria. Further, SUNY New Paltz will not tolerate sexual harassment of employees or students.

Any persons alleging discrimination should contact the Affirmative Action Office at 257-3271.

Degree Programs

SUNY New Paltz offers programs leading to eight Master’s Degrees, four Advanced Certificates, and the Certificate of Advanced Study.

Master of Science in Education

The Master of Science in Education degree is for teachers who wish to improve their professional competence and mastery of subject matter. Completion of a degree program may lead to professional certification in a field and level, providing the student has at least three years of full-time teaching experience and has initial certification in a teachable major.

Master of Arts in Teaching

The Master of Arts in Teaching degree is designed specifically for non-certified students who have bachelors’ degrees in an academic discipline and who wish to earn a teaching certificate at the secondary level in grades 7-12.

Master of Science in Teaching

The Master of Science in Teaching degree is designed specifically for non-certified students who have bachelors’ degrees in an academic discipline and who wish to earn a teaching certificate at the elementary level in grades B-2 or 1-6.

Master of Professional Studies

The Master of Professional Studies degree is offered in humanistic/multicultural education. This program is designed for individuals who are involved in education in its broadest sense who are seeking to help others develop their intellectual capacities, expand their self-knowledge, enhance interpersonal skills, and foster humane working, learning, or living situations. Students currently enrolled include individuals in the helping professions and teachers with certification in special subjects such as family-consumer science, health, music, physical education, and technology.

Master of Arts

The Master of Arts degree may serve as a complete program in a specific discipline or as a first stage of graduate study. If a student has initial certification at the secondary level in the same discipline as the MA, application for professional certification may be made upon completion of the degree, providing the student has at least two years of full-time teaching experience in the area of certification.

Master of Science

The Master of Science degree is offered in the following areas:

Communication Disorders

The Master of Science degree in Communication Disorders prepares students who have a strong undergraduate background in Communication Disorders for a wide range of career opportunities and for doctoral study. The programs are accredited by the American Speech-Language Hearing Association (ASHA) and are registered as licensure qualifying in New York State. The Speech and Language Disabilities concentration leads to New York State teacher certification as a Teacher of Students with Speech and Language Disabilities (TSSLD).

Computer Science

The Master of Science degree in Computer Science is designed to help students from all backgrounds advance to new careers in technology fields. Core courses emphasize aptitudes like software application engineering, data science and web technologies, while electives allow students to pursue cutting-edge topics like machine learning and artificial intelligence. The program offers courses in both flexible online formats and in-person at state-of-the-art facilities like our new Science Hall. The program does not require a baccalaureate degree in computer science and can be completed in less than two years.

Counseling

The Master of Science degree in Mental Health Counseling comprises 60-credits. It offers students the opportunity to pursue a specialized course of study. It serves both students seeking licensure as mental health counselors and those who intend to pursue doctoral study. Degree requirements cover a core curriculum and specialized courses. Three required fieldwork courses provide unique, varied, and intense hands-on mental health counseling training experiences under supervision of licensed professionals.

The Master of Science degree in School Counseling comprises 60-credits and leads to certification as a school counselor. The curriculum covers school counseling practice and research, in addition to necessary coursework in human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program development, and professional orientation. Practicum and internship experiences provide unique, varied, and intense hands-on school counseling training experiences that meet state certification requirements. The degree can be completed full-time in two years, including summer classes.

Electrical Engineering

The Master of Science degree in Electrical Engineering is designed to serve recent graduates and practicing engineers who need in-depth knowledge in the rapidly changing and expanding areas
of electrical engineering beyond what is typically included in a bachelor's program. The program offers the following areas of specialization: Computer Engineering, Energy, Microelectronics, and Systems. Students may elect a 30 credit thesis option, which emphasizes research, or a 30 credit non-thesis option which requires the successful completion of a comprehensive examination.

**Music Therapy**
The Master of Science degree in Music Therapy comprises 48-credits and provides students with a baccalaureate degree in music the opportunity to study music therapy at an advanced level. In this program, students acquire musical, clinical, and research skills essential for professional practice. The program is approved by the American Music Therapy Association (AMTA), the New York State Department of Education, and the National Association of Schools of Music. Upon completion of the required 48 credit curriculum and minimum 1200 hours of supervised clinical training, students are eligible to sit for the Certification Board Examination in Music Therapy.

**Psychological Science**
The Master of Science degree in Psychological Science comprises 39-credits. This research-based program exposes students to research in a variety of fields including social, cognitive, developmental, and applied psychology. In addition, students learn advanced statistical and experimental and non-experimental methodological skills. The degree may serve as preparation for entry into a doctoral program or as additional training for those who plan to enter or continue work in applied areas of psychology with an emphasis on research.

**Master of Business Administration**
The Master of Business Administration degree prepares career-oriented individuals for a broad range of management responsibilities by offering concentrated study in business administration or public accountancy. The MBA program will enable students to take managerial and professional leadership roles in regional, national, and international enterprises.

**Master of Fine Arts**
The Master of Fine Arts degree comprises 60-credits specializing in ceramics, metal, painting/drawing, printmaking and sculpture (photography and graphic design). Candidates holding a master's degree in art studio or fine arts may petition the department to transfer a maximum of 30 credits toward the 60-credit MFA program.

**Advanced Certificate Programs**

**Mental Health Counseling**
The 18-24-credit Advanced Certificate in Mental Health Counseling is a bridge program that addresses the needs of two distinct cohorts, both requiring supplemental coursework and training to qualify for licensure as mental health counselors in New York State.

**Trauma & Disaster Mental Health**
The 15-credit Advanced Certificate in Trauma and Disaster Mental Health program is designed for mental health professionals who are pursuing, or who have already earned an MA, MS, or higher degree in counseling, social work, or related fields, and who would like to receive intensive specialized education in assisting survivors of disasters and trauma. All classes are taught entirely online with the exception of one weekend on the New Paltz campus.

**Multicultural Education**
The 15-credit Advanced Certificate in Multicultural Education is designed for teachers and other educational professionals who are interested in enhancing their cultural competencies. This post-master's certificate program provides educators with the knowledge and skills needed for culturally-responsive teaching and leadership, as well as, approaches for creating socially-just educational settings. This program does not lead to a NYS teaching certificate.

**Teaching English to Speakers of Other Languages**
This clinically-rich Advanced Certificate in Teaching English to Speakers of Other Languages is designed for initially and professionally NYS certified teachers who have an interest in working with multilingual learners. This convenient program allows teachers to complete fieldwork in their own classrooms, assigns a mentor teacher in their building, offers classes on Saturdays, and leads to NYS certification in teaching English to Speakers of Other Languages (ESOL) all grades.

**Certificate of Advanced Study**
The Certificate of Advanced Study program in School Leadership is a 60-credit program (30 credits from master's degree + 30 additional credits) leading to professional NYS certification as a School Building Leader and School District Leader.

**Academic Policies and Procedures**
Consistent with its mission as a public institution of higher education, SUNY New Paltz sponsors a broad spectrum of opportunities and services for graduate students in its service region. Although there is a stringent set of criteria for matriculation in a degree program, most students will have access to post-baccalaureate study at New Paltz. Although enrollment in some courses is restricted to matriculated students, many courses have prerequisites, and many others are open and available to students with graduate standing regardless of their field of preparation.

Graduate studies at New Paltz presupposes a rigorous course of study at a higher level, and greater depth than at the undergraduate level. Matriculated students follow a prescribed program, the "plan of study," and must remain in academic good standing. Other students may register for courses for which they are qualified without regards to a "plan."

Non-degree students who subsequently apply for matriculation are considered in a manner similar to undergraduate transfer students. That is, graduate credits earned prior to matriculation will be evaluated by the department to determine which, if any, may be applied to the degree. Factors to be considered in evaluating these credits include the grade received, the accreditation status of the school, and, for rapidly changing fields, the currency of skills and information covered in the courses.

The non-degree classification includes visiting students, students in the last term of their baccalaureate study, and others who do not plan to work toward a degree. Upon request, the College will provide an official transcript of all graduate courses completed and the grades earned. No official status or obligation pertains to non-degree students.
Academic "Good Standing"

**Academic Good Standing** is defined as a cumulative GPA between 3.0 and 4.0.

**Academic Warning** is defined as a cumulative GPA between 2.75 and 2.99, after nine credits of graduate coursework. Students placed on academic warning will receive a letter from the Graduate School and must make appointments to meet with their academic advisor and the Dean of the Graduate School. After two consecutive semesters of academic warning, a student’s registration is barred and the block is only removed after the student meets with the Dean of the Graduate School. If the student’s academic status does not return to good standing after the third consecutive semester, the student may be academically dismissed.

**Academic Probation** is defined as a cumulative GPA between 2.50 and 2.74 after nine credits of graduate coursework. Students placed on academic probation will receive a letter from the Graduate School and must make appointments to meet with their academic advisor and the Dean of the Graduate School. While in this academic status, the student’s transcript will be marked with a probation indicator. If a student fails to meet with the Dean, he/she will be blocked from future registration. Students will be academically dismissed after two consecutive semesters of academic probation.

**Academic Dismissal** is incurred once a student has earned a cumulative GPA below 2.5, after twelve credits of graduate coursework. Students will also be dismissed after three consecutive semesters of academic warning or after two consecutive semesters of academic probation. Once a student has been academically dismissed, the student is deregistered from current coursework and future registration is prohibited. This action also means that the student cannot matriculate into another graduate program at SUNY New Paltz.

**Graduate Academic Integrity Policy**

Students are expected to maintain the highest standards of honesty in their college work. Cheating, forgery, and plagiarism are serious offenses, and students found guilty of any form of academic dishonesty are subject to disciplinary action.

**Cheating** is defined as giving or obtaining information by improper means in meeting any academic requirements. The use for academic credit of the same work in more than one course without knowledge or consent of the instructor(s) is a form of cheating and is a serious violation of academic integrity.

**Forgery** is defined as the alteration of college forms, documents, or records or the signing of such forms or documents by someone other than the proper designee.

**Plagiarism** is the representation, intentional or unintentional, of someone else’s words or ideas without attribution or as one’s own. Since words in print are the property of an author or publisher, plagiarizing is a form of larceny punishable by fine. When using another person’s words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate footnoting. When students use only the ideas and change the words, they must clearly identify the source of the ideas.

Plagiarism, whether intentional or unintentional, therefore, is a violation of the property of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own. If students have any questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

Faculty members must report in writing cases of cheating, plagiarism or forgery to their department chair, academic Dean and Associate Dean for Student Affairs. Faculty members are also responsible for making the initial determination of the academic penalty to be imposed in cases of cheating, plagiarism, or forgery and for informing in writing the department chair, the academic Dean, and the student of the alleged violation and the proposed penalty. The academic penalty may range, for instance, from failure of a specific piece of work in a college course to failure of the course itself.

Cases requiring disciplinary and/or grade appeal action will be adjudicated in accordance with *Procedures for Resolving Academic Integrity Cases*, a copy of which is available in the Office of Graduate & Extended Learning, the office of the Provost for Academic Affairs, and in the academic Dean’s office.

**Advising**

Candidates for graduate degrees are assigned an adviser who will assist in developing a plan of study to reflect the student’s interests and career plans and to fulfill degree requirements. Students should not select courses without consulting their adviser or developing a plan of study.

Non-degree students may contact the Manager for Graduate Recruiting & Advising (https://www3.newpaltz.edu/directory/profile/alanamatuszewski/) for advisement.

**Audit Privileges**

Some academic courses may be audited. Registered students at the State University of New York at New Paltz may audit courses without paying a registration fee. For all others, a registration fee of $254.00 ($50.00 Audit fee, $204.00 Technology fee) will be charged. This fee is non-refundable after the first week of classes (see academic calendar for exact dates). Persons who would like to audit a course must obtain an Audit Form from Records and Registration or download it from their website: http://www.newpaltz.edu/registrar/forms.html.
The completed form must have the signatures of:

- The course instructor
- The chair of the department offering the course
- Professional staff member of Academic Computing (Humanities 103)

**Persons 60 Years of Age or Older:**

Persons over the age of 60 or older will be exempt from all fees except course fees associated with a few specialty courses that cover cost of materials, travel, and so forth.

**Forms must be submitted to Records & Registration (Wooster Hall 115) with the proper signatures.**

The audit privilege permits the auditor to attend a course, providing there is room in the course and the necessary approvals have been granted, and to do assignments, but it does not permit the auditor to take examinations in the course or to have his or her work evaluated in any other way. The auditor receives a “grade” of AU for the course, and no credits are earned.

**Students may not change their enrollment status from audit to credit, or from credit to audit.**

Audit privileges are not available in studio, laboratory, performance courses, or courses where class participation of students is of major importance, nor are they available in credit-free courses offered by the institution or in any foreign study program or course. Online courses cannot be audited.

**Comprehensive Examinations**

Comprehensive exams or another form of culminating assessment is required for most graduate programs. Students should consult their adviser or department chair regarding the details of specific programmatic assessments. Students who fail their comprehensive examination may petition the department for permission to take it a second time. The petitioner must outline what additional study is planned to prepare for the second attempt. In some cases, students may not repeat the examination earlier than one calendar year after the first attempt. Failure of the examination on the second attempt results in forfeiture of matriculation.

**Continuous Enrollment**

All students admitted to a graduate program at SUNY New Paltz, unless they are on an officially approved Leave of Absence (see Leave of Absence/Withdrawal From College Form (https://www.newpaltz.edu/graduate/forms.html)), are required to be continuously registered in the fall and spring semesters throughout their degree program from their first semester of enrollment through their graduating term. Students who are continuously registered will have access to faculty advising and campus student services including but not limited to the university library and campus computing services, as well as any key cards or other access to labs and/or studios appropriate to the program of study.

Continuous enrollment can be accomplished by enrolling in at least 1 credit hour of coursework during the term. (Note, however, that international students must be enrolled full-time to maintain their F-1 or J-1 immigration status). Students who have completed their coursework and are working on their Comprehensive Exam or doing Thesis Work must enroll in Continued Registration (CR) courses as described below.

**Continued Registration for Non-Completers of Comprehensive Exams**

Students register for the Comprehensive Exam by enrolling in Comprehensive Exam Preparation (xxx599).

1. **Comprehensive Exam Preparation (xxx599)** is a zero-credit (no fee) course open to students in their final semester of coursework, or the semester immediately following the completion of coursework. This course may only be taken once. Students may take Comprehensive Exam Preparation once only. (See Graduate Comprehensive Exam Workshop form (https://www.newpaltz.edu/registrar/comprehens_exam_wkshop.pdf))

1. Students who have registered for **Comprehensive Exam Preparation (xxx599)** and have failed to complete the comprehensive exam at the end of the semester must register and pay for one credit of **Continued Registration (xxx799)** each subsequent semester until they pass the comprehensive exam.

1. Students must pass the comprehensive exam within the time limit allowed for earning their degree. Requests for extensions of time must be made through petition to the Assistant Vice President for Graduate & Extended Learning.

**Continued Registration for Thesis Work**

The “H” grade is assigned when the student is making good progress on the thesis, but is not finished within the semester the credits were taken.

1. Students with an “H” grade who are not taking any other classes must register and pay for one credit of **Continued Registration (xxx799)** for every fall and spring semester that follows until the thesis is completed. (See Continued Registration Form (https://www.newpaltz.edu/registrar/continued_reg_form.pdf))

1. If the student is working on the thesis during a summer session, the student must register for and pay for one credit **Continued Registration (xxx799)** for that summer session as well.

1. Students must complete their thesis within the time limit allowed for earning their degree. Requests for extensions of time must be made through petition to the Assistant Vice President for Graduate & Extended Learning.

**Consequences for Failure to Maintain Continuous Enrollment**

When a matriculated graduate student with an H grade is not enrolled in **Continued Registration (xxx 799)** or another approved course and is not on an approved leave: After the 7th day of the semester, the student will be notified by campus email of the need to take appropriate action. Without enrollment or approved leave, on the 21st day of the semester the student will be de-matriculated from the program. Readmission to the program requires meeting with the Assistant Vice President for Graduate & Extended Learning and the program advisor, reapplying to the program, and paying the application fee. Readmission is program-specific and not guaranteed.
For other matriculated graduate students who are not enrolled in any courses and are not on approved leave:

1. The first semester a matriculated graduate student is not enrolled and not on an approved leave of absence: After the 7th day of the semester, the student will be notified via campus email of the need to be enrolled or on approved leave. They will be alerted that a second consecutive semester without enrollment or leave will result in de-matriculation (see paragraph 2b of this policy).

2. The second semester a matriculated graduate student is not enrolled and not on an approved leave of absence: After the 7th day of the semester, the student will be notified by campus email of the need to take appropriate action. Without enrollment or approved leave, on the 21st day of the semester the student will be de-matriculated from the program. Readmission to the program requires meeting with the Assistant Vice President for Graduate & Extended Learning and the program advisor, reapplying to the program, and paying the application fee. Readmission is program-specific and not guaranteed.

Course-Numbering System

The first three letters of a course identify its department of origin, while the first digit denotes its level. Graduate students do not receive credit for any course below a 500-level.

500-Level Courses

These are graduate courses designed to build upon the knowledge and skills achieved in an undergraduate field of specialization.

700-Level Courses

These are advanced courses designed specifically to extend in depth and specialization the knowledge and skills of the student who has an extensive background in the subject area. Appropriate prerequisites are indicated for these courses.

Culminating Assessments

One requirement for a master’s degree may include at least one of the following culminating assessments: passing a comprehensive exam, writing a thesis based on independent research, giving an oral defense of the thesis, or completing an appropriate special project or internship.

Deferral Policy

The following deferral policy is applicable to some programs. Students should check with their departmental adviser to see if this policy applies to them. Graduate program acceptance and matriculation is for the semester indicated in the student’s acceptance letter.

Students who do not enroll in the semester for which they are accepted forfeit their place in the program. Students who have forfeited acceptance into a program have up to one year to request that their acceptance be reinstated. However, granting this request remains at the discretion of the program and the Assistant Vice President for Graduate & Extended Learning. After that point, it will be necessary to reapply. Please email us at gradstudies@newpaltz.edu for more information.

Fieldwork/Selected Topics Courses

Fieldwork

Fieldwork courses are approved experiences offered by individual academic departments to enable students to enrich their academic program with applied work in their field of study. Fieldwork courses may be offered by any department. Permission of the instructor, the chair, and the Dean of the faculty offering the course are required to enroll in a fieldwork course. The Fieldwork request form may be downloaded from the Registrar’s website at: http://www.newpaltz.edu/registrar/forms.html

Selected Topics Course

Selected topics courses (xxx593 or xxx793) are regularly scheduled courses that focus on a particular subject. They may be offered by any department. Descriptions of selected topics courses are printed in the Schedule of Classes (http://www.newpaltz.edu/classes/) each semester.

Grading System

Student performance in most courses is evaluated by letter grades according to the following scale: grades of A, A- which is outstanding work of consistently high order; B+ for work which is distinctly above average; B which is average work; B-, C+ for below average work; C, C-, D+; D, or D- for less than marginal work; F is failing.

The computation of grade point average is based upon the following point values:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B-</td>
<td>2.67</td>
</tr>
<tr>
<td>C+</td>
<td>2.33</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>D+</td>
<td>1.33</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D-</td>
<td>0.67</td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
</tr>
</tbody>
</table>

The mark of I (Incomplete) is awarded at the discretion of the instructor and at the request of a student, only when the student has completed at least three-quarters of the required work for a course, and where a personal emergency prevents the student from finishing the work on schedule. A student who receives an incomplete grade must complete the course work by the midterm (or by the date indicated on the campus calendar) of the next semester or the I will be converted to an F.

A student who does not register for one calendar year after the semester or summer session in which the incomplete was awarded will have the incomplete converted to a “permanent incomplete” (*) if the course is not completed, or an extension not granted, and the instructor does not change the grade within a calendar year of granting the incomplete. The “permanent incomplete” can never be changed, but a student may graduate with the mark on his/her record.

A student who enrolls in a course and neither attends, nor withdraws will earn a grade of F*. This grade is included in the student’s GPA as an F.
The mark of H (Hold) is used only in those few courses for which it has been approved, such as where the work begun for a Thesis in a given semester is continued into the following semester. The grade given at the end of the second semester automatically replaces the H given for the first semester. The mark of H is also frequently assigned, instead of an I, when the coursework in “Thesis” is incomplete.

Students may not graduate with an H or an I on their record. There is one exception to this rule. A student with an incomplete in a course which was taken in his/her last semester at New Paltz and which is not needed to fulfill any college, curriculum, major, or minor requirement may request a permanent incomplete (P). This request must be made in writing to the Registrar, HAB 13, and, if the permanent incomplete is granted, the mark can never be changed. This exception does not apply to the mark of H.

Calculation of Grade Point Average

All SUNY New Paltz graduate courses on the student’s graduate transcript regardless of matriculation status are used to calculate the GPA.

S/F Option

Graduate students may not elect the S/F Option (formerly listed as the S/U Option) for graduate classes.

Graduate students who take an undergraduate class outside of their disciplinary area may petition the Assistant Vice President for Graduate & Extended Learning for the S/F option (formerly listed as the S/U Option) for this class. This option will be granted once for any graduate student.

Graduate Student Grievances and Academic Appeals

Student Grievance

The State University of New York at New Paltz complies with New York State Education Department regulations requiring that campuses have procedures in place for filing complaints and seeking resolution of perceived academic problems.

Purpose: The purpose of these policies is to facilitate the reconciliation of student complaints, including academic and nonacademic issues (e.g., student services, administrative concerns, or matters involving any form of discrimination). Grievances involving academic issues will be limited to final course grades and satisfactory completion of instructional program requirements.

Student Complaints Regarding Alleged Sexual Assault, Harassment, and/or Discrimination

If the complaint involves allegations of sexual assault or harassment, and/or discrimination based on race, sex, ethnicity, national origin, sexual orientation, religion, age, disability, or marital status, the student should use procedures administered through the Office of Compliance and Campus Climate, Haggerty Administration Building, Room 602A. Allegations of sexual assault, harassment, and/or discrimination should be reported immediately to this office for confidential discussion.

Student Complaints Regarding Nonacademic Issues

If the complaint involves nonacademic issues, the student should follow the procedures set forth by the Department of Student Affairs and administered by the Dean of Students, Haggerty Administration Building, Room 702. However, students are encouraged to seek resolution of the perceived problem directly in the unit in question before initiating processes that are more formal.

Student Complaints Regarding Academic Competence and/or Disposition

If the complaint involves failure of a course, placement/practicum, or suspension or dismissal from a program for reasons related to competence or disposition, the student should contact the department chair or coordinator of the program in which the course is offered. They will assist you in dealing with these kinds of grievances.

Student Grade Appeals

The following procedures pertain to a student’s grade appeal and reflect the College’s commitment to a fair and prompt resolution of such appeals.

Grade Appeal Procedures

The procedures begin with an informal process (see Step 1 below) and proceed to a formal process (see Steps 2-5 below) that includes hearings and investigations that are intended to render an impartial solution. The student may only appeal a final course grade (i.e., the grade submitted by the instructor at the end of the course.) The grades on individual course assignments may, however, serve as the primary evidence for a grade appeal.

Basis for Student Grade Appeals

1. The student may not base a grade appeal on disagreement with the grading policy as established and published by the course instructor.
2. Only the final grade submitted by the course instructor at the conclusion of the course can be appealed. Grades on individual course assignments cannot be appealed separately in this process although demonstration of instructor’s error on the grades for individual assignments may serve as the primary evidence for a successful appeal of the final course grade.
3. The student may base a grade appeal on the instructors’ (a) failure to follow a published grading policy in calculating grades for the course as a whole or in calculating the grade for the complainant and/or (b) erroneous or unfair application of the published grading policy or standards in determining the complainant’s grade in the course.

Time Limits

At the informal level (Step 1), the student must file a grade appeal by the second week of the following semester. At the formal level (Steps 2), the grade appeal must be submitted to the department chair by the fifth week of the following semester.

Guidance Regarding Documentation

The burden of proof in the grade appeal is always on the student. Therefore, the student must substantiate the grievance. Retention of all documentation from a course, including but not limited to the syllabus, tests, papers, and any other graded evaluations is strongly recommended.
**Grievance Resolution Process**

The grade appeal process includes the possibility of hearings at the Department, School, graduate Council/Assistant Vice President for Graduate & Extended Learning, and Provost levels.

It is imperative that the student recognizes the responsibility for taking the initiative in the appeal and for processing the appeal. It is the student’s decision whether or not to proceed to each step of the process.

### Step 1:
A student grade appeal can be filed only if the student has first attempted to resolve the complaint informally with the instructor involved. As previously stated, the contact must be initiated by the second week of the following semester. If the instructor is not available, the student should contact the department chair for assistance in contacting the instructor. It sometimes is the case that instructors are not available after the spring semester ends and during the summer months.

If a satisfactory resolution of the problem is not achieved and the student wishes to initiate a formal grade appeal, the instructor must provide the student a signed acknowledgement stating that the consultation took place, and that the student’s attempt to resolve the appeal was unsuccessful. If a student wishes to initiate a formal appeal, see Step 2.

### Step 2:
The student who is unable to achieve resolution with the instructor may initiate a formal grade appeal, with the department chair (by the fifth week of the semester), by preparing a written statement. **If the chair is the party against whom the grade appeal is brought, the student may appeal at the dean’s level (i.e., the dean of the School/College offering the course).** The appeal to the chair (or dean if the chair is by-passed) should include:

- A statement of the case in detail, including the reasons the student believes the grade should be reconsidered.
- All information about the consultation with the instructor.
- All relevant supporting materials, which should be identified and listed in an appendix.

The department chair will notify the instructor of the student’s decision and, if deemed necessary, will advise the instructor to prepare a written statement explaining his/her position on the case. In attempting to resolve the grievance, the chair may consult with the student, instructor, and program coordinator. The chair’s response to the student must be made within ten days of the date of the student’s appeal. It should briefly state the nature of the appeal and the reason for its approval or denial. If a satisfactory resolution of the problem is not achieved, the student may appeal at the dean’s level (i.e., the dean of the School/College offering the course).

### Step 3:
The student who decides to appeal to the School/College dean must inform the department chair of the decision, and must file the appeal with the dean within two weeks of receiving the department chair’s decision. The chair will notify the instructor of the student’s decision and will forward to the dean any correspondence pertaining to the case, as deemed necessary. The documentation that the student submits to the dean includes those described in Step 2, along with the correspondence from the instructor and the department chair.

Upon receiving the student’s grade appeal, the School/College dean or his/her designee will examine the documentation and determine whether a hearing is needed. If the dean/dean’s designee finds that there are no valid grounds for the grade appeal, s/he will inform the student and the course instructor (with a copy to the chair) of the finding. However, if the dean/dean’s designee finds valid grounds for the grade appeal, the dean/designee will notify the student, the chair, and the instructor that a hearing will be held. The student and instructor may seek the dean’s/dean’s designee permission to bring to the hearing witnesses to support their position. The dean/dean’s designee will hold the hearing as quickly as possible.

If the dean/dean’s designee finds that the student has not proven that the course grade should be changed, the instructor’s grade will stand, and the student will be notified of the decision within one week of the hearing. However, if the dean/dean’s designee finds grounds to uphold the appeal, the dean/dean’s designee, in consultation with the course instructor, will determine what the correct grade should be, and the dean/dean’s designee will inform the student of the decision within two weeks of the hearing. The dean/dean’s designee will require the course instructor to change the grade by submitting a grade change via my.newpaltz.edu. A record of this decision will be kept on file in the dean’s office for six years.

### Step 4:
The student who is unable to achieve resolution at the School/College dean’s level may appeal to the Assistant Vice President for Graduate & Extended Learning, and must inform the dean/dean’s designee of the decision. The student must file the appeal with the Assistant Vice President within two weeks of receiving the dean/dean’s designee decision. The documentation that the student submits to the Assistant Vice President includes those described in Step 2, along with the letters from the instructor, department chair, and School/College dean/dean’s designee.

The Assistant Vice President and Graduate Council will examine the documentation and determine whether a hearing is needed. If the Assistant Vice President and Graduate Council find that there are no valid grounds for the grade appeal, the Assistant Vice President will inform the student, course instructor, and School/College dean of the finding. However, if the Assistant Vice President and Graduate Council find valid grounds for the grade appeal, the Assistant Vice President will notify the student, the chair, and dean that a hearing will be held. The student and instructor may seek the Assistant Vice President’s permission to bring to the hearing witnesses to support their position. The Assistant Vice President and Graduate Council may also call witnesses. The Assistant Vice President and Graduate Council will hold the hearing as quickly as possible. If the Assistant Vice President and Graduate Council find that there are grounds to uphold the appeal, the Assistant Vice President, in consultation with the course instructor and School/College dean will determine what the correct grade should be. The Assistant Vice President will require the course instructor to change the grade by submitting a grade change via my.newpaltz.edu. The Assistant Vice President will notify the student of the decision, copied to the instructor, chair, School/College dean, and Provost. A record of this decision will be kept on file in the Office of the Graduate & Extended Learning for six years.
Step 5:
The student who is unable to achieve resolution at the Assistant Vice President /Graduate Council level may appeal to the Provost/ Vice President for Academic Affairs. The student must inform the Assistant Vice President of the decision to continue the appeal, and must file the appeal with the Provost/Vice President for Academic Affairs within two weeks of receiving the Assistant Vice President's decision. The documentation that the student submits to the Provost/Vice President for Academic Affairs includes those described in Step 2, along with the letters from the instructor, department chair, School/College dean/dean’s designee, and the Assistant Vice President.

The Provost/Vice President for Academic Affairs or designee will examine the documentation and determine whether the appeal will be granted or denied. In deciding the appeal, the Provost/Vice President for Academic Affairs or designee may consult with one or more of the following: student, instructor, chair, dean, and/or Assistant Vice President. The Provost will notify the student of the decision, copied to the instructor, chair, School/College dean, and Assistant Vice President. A record of this decision will be kept on file in the Provost's Office for six years.

The Provost/Vice President for Academic Affairs' decision on the student’s grade appeal is final. In other words, there is no appeal of this decision beyond the Provost's Office or in the future—with one exception. Only new evidence on the student’s or course instructor’s part will reopen an appeal. Any subsequent request to reactivate the appeal must be brought within one calendar year of a decision by the Provost/Vice President for Academic Affairs and would be addressed to the School/College Dean's office.

If a student grade appeal submitted by a graduate student in his/her last semester is successful after the student graduated, the College Registrar is authorized to make any grade change to the student’s final transcript as directed by the School/College dean. A student must file a grade appeal by the mid-point of the following semester or forfeit his or her right to appeal the grade.

Confidentiality

All individuals involved with a grade appeal are required to maintain the confidentiality of the proceedings and of all materials presented.

Independent Study

The primary purpose of an independent study is to enable the student to pursue knowledge and understanding in an area not covered by a regularly offered course, or to study a subject at a greater depth than is possible through an existing course. Independent study places the major responsibility for learning directly upon the student, who must have sufficient maturity to identify and resolve a problem through extensive and rigorous research, searching for and integrating information from a variety of sources, interpreting the data, and expressing clearly the meaning of the whole. It is essentially a tutorial course involving frequent, and in depth contact between the student and an instructor.

Since an independent study presupposes a serious interest on the part of the student to study and to research a particular problem or area, it is expected that the instructor and student will devote sufficient time to consider the project in advance to ensure that it is both worthwhile and feasible.
Advising
As a non-degree graduate student, please reach out Ms. Alana Matuszewski (https://www3.newpaltz.edu/directory/profile/alanamatuszewski?origin=search%3Fentity_id%3D%26first_name%3D%26last_name%3Dmatuszewski%26phone%3D/), Manager of Graduate Recruiting & Advising, with any questions regarding your enrollment, transfer credit, or if you decide to apply for matriculation into a graduate program.

Registering for Classes
Within 24 hours of receiving notification that your application has been finalized, you will receive an email with your New Paltz Computer User ID (NPCUID) and password information to log into New Paltz’s Student Portal called my.newpaltz.edu. You will use your NPCUID to log into my.newpaltz.edu, where you can manage your registration, student account, and access Blackboard (which is used to access your online and seated courses), and Hawkmail (your New Paltz email account). You may review step-by-step directions for registering here: Register for Classes (https://www.newpaltz.edu/graduate/students/non-degree-students/register-for-classes/)

Email
A New Paltz email (Hawkmail) account will be generated for you upon course registration. To access your campus email, click the Hawkmail link on the www.newpaltz.edu (http://www.newpaltz.edu/) homepage.

IMPORTANT:
Check your Hawkmail account regularly, or have your messages forwarded to a personal account. All correspondence including student invoices will be made via your New Paltz Hawkmail account.

Health Forms
All students must provide proof of immunization for mumps, measles, and rubella (MMR) and submit the meningitis information response form. For more information regarding our immunization requirements, the meningitis law, and to download the appropriate forms, please visit the Student Health Center’s website (http://www.newpaltz.edu/healthcenter/privacy.html).

Books
You may choose to purchase books before classes begin, or wait to receive the book list on the first day of class. If you wish to purchase books before classes begin, you may contact the Campus Bookstore (http://www.thebookstoreatnewpaltz.com/) at (845) 257-3050.

Library
The Sojourner Truth Library provides you access to a large collection of physical books and research materials, computers to access online research, multimedia research, and research librarians to assist you. You must have your student ID card and be current on your tuition to check out books. You may find information on the library here (http://library.newpaltz.edu/).

Dining on Campus
Review our dining web page (https://newpaltzdining.sodexomyway.com/) to see which campus dining facilities are open at any time of the day.

Parking
All students planning to use the parking facilities must obtain a parking hang-tag from the Parking Office in Wooster Hall, rm 114. Parking permit applications may be downloaded from their website (http://www.newpaltz.edu/parking/).

Plan of Study
Once a student receives an offer of admission to a graduate program and confirms the student’s intention to enroll, the student should meet with the assigned adviser to complete a Plan of Study. The Plan of Study lists all of the courses that will comprise the student’s degree program. It should be signed by the student, the student’s academic adviser(s), the department chair, and is approved by the Assistant Vice President for Graduate & Extended Learning. Graduate students pursuing a degree in adolescence education must have their plans approved by the Education and Content area advisers. Only two courses below B- (2.67 on the 4.00 scale) will be counted toward a graduate degree. Matriculated students with four or more grades below B- will forfeit their matriculated status. Please note that neither undergraduate courses, nor graduate courses with a grade of F may be included on a graduate Plan of Study.

An official Plan of Study must be forwarded to Graduate & Extended Learning for final approval by the Assistant Vice President by end of the student’s first semester of coursework following matriculation. Subsequent minor revisions to the plan may be made using the “Request for Change in Plan of Study” form which is available from the academic adviser(s) or from the Graduate Studies website at: http://www.newpaltz.edu/graduate/forms.html. If the student requires more extensive revision to his/her original plan of study, then a replacement plan should be filed with the office of Graduate & Extended Learning.

Replace Course Grading Option

Replace Course Grading Option
Matriculated graduate students may elect to repeat a course under the “Replace Course Grading Option.” The “Replace Course Grading Option” is available to matriculated graduate students as a one-time, single course option, subject to the approval of their adviser or department chair, and the Assistant Vice President for Graduate & Extended Learning. Under this option, when the course is repeated, only the second grade will be calculated in a student’s cumulative grade-point average.

Residence and Transfer Credit Policy
Residence credit is defined as credit earned in courses offered by New Paltz full-time or adjunct professors. Twenty-four semester hours of graduate study normally constitute the minimum residence credit requirement for graduate degrees.

A matriculated graduate student may transfer up to nine* (9) credits if:

• The course was taken at the graduate level at an accredited institution.
• A grade of B or better was earned in the course.
• The course may be no older than seven years.
• Graduate credits taken while an undergraduate may be transferred if the credits were not used to fulfill undergraduate degree requirements.

For transfer credits to be posted to the New Paltz transcript, these conditions must be met. The Office of Graduate & Extended Learning requires an official copy of the transcript, the course must be listed on an approved Plan of Study (or amended Plan of Study) and a New Paltz
equivalent course must be assigned by the department. The Graduate Credit Transfer Request form may be downloaded from our website at: http://www.newpaltz.edu/graduate/forms.html

Graduate Credits Taken While An Undergraduate At New Paltz, But Not Required For The Undergraduate Degree
On the recommendation of the department and with the approval of the Assistant Vice President for Graduate & Extended Learning, up to nine* (9) transfer credits may be applied to the degree providing that the course adheres to the conditions noted above.

* Some departments may accept fewer than nine (9) credits in transfer.

Second Degree at the Same Level
Under certain conditions, students may earn a second degree at the same level. Students may pursue a second master's degree once the first degree has been awarded. Petitions for a second degree are referred to the Assistant Vice President for Graduate & Extended Learning by the Department Chair of the discipline in which the second degree is proposed.

The following regulations apply:

1. The plan of study of the second degree must be substantially different from the plan of study of the first degree as to constitute, in the judgment of the faculties concerned, a new discipline.
2. At least two-thirds of the credits of the second degree, or a minimum of 24 credits, whichever is greater, must be credits that were not included in the first degree.
3. All relevant degree requirements, including residency requirements, must be satisfied for both degrees.

Thesis
Theses are required for some masters' programs. After approval by the thesis committee and the department chair, all theses are submitted to the Library for binding and/or cataloging. Only after the Library accepts the thesis and provides the student with the necessary acceptance letter for the Registrar's Office may the degree be granted. There is a $25 binding fee for M.A. and M.S. theses and a $10 fee for M.F.A. theses, which become part of the permanent collection and do not circulate. The procedure must be completed before awarding of the degree. Guidelines for the submission of a master's thesis to the Sojourner Truth Library are available on the Library's web site: http://lib.newpaltz.edu/policies/masters.html (http://lib.newpaltz.edu/policies/masters.html)

Basic Requirements for Theses

1. Thesis Basics
a. A thesis is generally intended to be a capstone experience for graduate students.
b. Theses involving the participation of or the collection of data from or about human subjects require prospective review and approval by the Human Research Ethics Review Board (HREB) prior to recruitment of or interaction with human subjects. An application must be submitted to the HREB in a time frame that allows adequate time for review and approval prior to the anticipated start of the research project.
c. Each program must develop its own written thesis guidelines, which it should disseminate to students and faculty in a systematic and clear way. These guidelines must be reviewed by the Graduate Council and should be consistent with the basic requirements described below.
d. Graduate programs can:
   i. Require a thesis of all students
   ii. Make a thesis optional for all students
   iii. Not offer a thesis

2. Thesis Credits and Registration
a. The Office of Graduate & Extended Learning permits theses of 3 or 6 credits.
b. Each program determines which of these credit options are available to its students.
c. Each program must have a clear procedure that indicates when a student is eligible to register for thesis. Further, programs must differentiate requirements for completing thesis course requirements from requirements for completing the thesis itself.

3. Thesis Advising
b. Each program must clearly inform students how to solicit and select a thesis adviser.
c. In some programs, advisers may be assigned to students. In others, students may solicit advisers.
d. If a student encounters difficulty obtaining a thesis adviser, the department chair and program/graduate coordinator must work with the student to resolve the issue.

4. Thesis Committees and Oral Defenses
a. The incorporation of thesis committees and oral defenses of thesis are up to individual programs.
b. The composition of a thesis committee (if any) and the planning, meeting, and review/defense schedules pertaining to the thesis are at the discretion of individual programs. These details must be communicated in writing, in a timely fashion, to the student, the adviser, the department chair, and filed with the Assistant Vice President for Graduate & Extended Learning.

5. Thesis Grading
a. Theses are graded using traditional A-F letter grades.
b. Thesis advisers assign thesis grades, though it is expected that they will listen to the input of the thesis committee (in programs where there is one).

6. Thesis Credits
a. Students can register for 3 or 6 credits of thesis at a time; for a 6-credit thesis, students may divide their credits into 3 or 6 credits per term, as necessary.
b. Thesis credits are graded on an "A-F" basis.
c. The "H" grade is assigned when the student is making good progress on the thesis, but is not finished within the semester the credits were taken.
d. Students with an "H" grade who are not taking any other classes must register for 1-credit of Continued Registration for every fall and spring semester that follows until the thesis is completed. If the student is working on the thesis during a summer session, the student must register for the 1-credit Continued Registration for that summer session, as well.

7. Thesis Completion Deadline
a. Students have until their degree deadline to complete their theses.
b. Students are urged to work with their advisers to devise a schedule that allows them to complete theses in a reasonable time period. Though individual situations vary, it is anticipated...
at SUNY New Paltz, we pride ourselves in equipping our students with advantage of our services.

military and veteran students. All current and prospective student
tuition assistance (TA); veteran scholarships; general questions

Time Limit for Completion of Degree

All requirements for a graduate degree, including transfer credits, must be
met within seven years of the completion date of the first course listed on
the plan of study. After that date, students’ matriculation status may be
cancelled. Some programs may specify a shorter period.

If the time limit expires, students must submit a Request for Extension of
Time to their program coordinator or department chair with a
projected completion date. If the department recommends approval, the
coordinator sends this request to the Assistant Vice President
for Graduate & Extended Learning for consideration. The Request for
Extension of Time form may be downloaded from our website at: http://www.newpaltz.edu/graduate/forms.html

NOTE: Students are expected to consult college publications to determine
deadlines for various procedures related to their academic programs. These include course withdrawals, graduation notification, registration, and payments.

Veteran and Military Services

The SUNY New Paltz Office of Veteran and Military Services (https://www.newpaltz.edu/veterans/) is honored to help support and guide military service members, veterans, and dependents with your experience in higher education. At SUNY New Paltz, your core values, experiences, and service are never overlooked. We are committed to the intellectual, personal, and professional growth of all our students. As a service member and veteran of 17 years, I take pride in being charged with helping you pursue your dreams and assist with guiding you down a path of success. I look forward to helping all of you join the talented community of learners and educators that provide extraordinary pathways for enrichment.

The Office of Veteran and Military Services is located in Student Union (SUB 100 C & D). We are staffed with a full-time Coordinator of Veteran Services and VA School Certifying Official. Our purpose is to provide assistance to all U.S. Service members, veterans, and dependents from application to graduation. Our services include, but are not limited to: assisting with all benefits covered under the various GI Bill® programs; military tuition assistance (TA); veteran scholarships; general questions regarding Department of Veteran Affairs’ issues; and free parking permits for military and veteran students. All current and prospective student veterans, service members, and their dependents are encouraged to take advantage of our services.

At SUNY New Paltz, we pride ourselves in equipping our students with not just a degree that will open doors to career opportunities, but also an education that inspires a lifelong passion for learning. We warmly welcome students of diverse backgrounds, cultures, perspectives, and ambitions. As a member of the armed forces, veterans, or dependents communal, you bring an invaluable level of excellence to the New Paltz community. We welcome you to our campus and look forward to helping you along this exciting journey.

Sincerely,

Jason F. Gilliland
Coordinator of Veteran and Military Services

Academic Appeals

Graduate Student Appeals Procedure

See: Graduate Appeals Procedures (http://catalog.newpaltz.edu/graduate/graduate-academic-policies-handbook/academic-policies-procedures/graduate-appeals-procedures/)

Undergraduate Academic Appeals Procedure

Academic Appeals & Appeal Procedure

The Committee on Academic Standing and Appeals is composed of seven faculty and non-voting ex officio representatives from Advising and Student Success and the Provost’s Office. The committee has the responsibility for hearing student appeals of alleged violations of academic policy and making recommendations to the Provost. A student may file a formal, written appeal before the committee only after attempting to resolve the appeal with the appropriate faculty or administrative persons. A grade appeal must be filed no later than one calendar year after the recording of the grade being appealed.

Appeal Procedure

The appeal system, which deals with inequitable application of academic policy, affords recourse to a student who has evidence, or believes that evidence exists, to show that an inappropriate grade has been assigned or other inappropriate formal academic action has been taken. For example, this may be a result of (a) mechanical error, (b) discrimination, (c) a violation of published academic policy, (d) allegation of academic dishonesty, or (e) error in judging the quality of the student’s work.

The following steps should be taken to initiate and process a grade appeal. Other kinds of academic appeals, involving the application of academic policy, must begin with the official whose decision the student is disputing. Whatever the nature of the case, it is imperative that the individual student recognizes the responsibility for taking the initiative in the appeal and for processing the appeal through each step of the procedure. It is the student’s choice whether or not to proceed to each step of the procedure.

Step 1 - The student must consult with the instructor concerning the problem. If a satisfactory resolution of the problem is not achieved and the student wishes to go to Step 2, the student must request a signed and dated acknowledgement of the consultation from the instructor. A handwritten note is sufficient.

Step 2 - The student must consult with the chair of the department offering the course or director of the office administering the policy. If a satisfactory resolution of the problem does not result from this consultation and the student wishes to go to Step 3, the student must
request a signed and dated acknowledgement of the consultation from the chair. A handwritten note is sufficient.

Step 3 - The student must go to the Dean of the School or College offering the course, or initiating the policy, and arrange a meeting with the academic Dean. If no satisfactory resolution is achieved after consultation with the academic Dean, the student may initiate Step 4.

Step 4 - The student should forward to the Committee on Academic Standing and Appeals an explanatory cover letter and any pertinent documents in the student’s possession.

Step 5 - The Committee on Academic Standing and Appeals will review the material submitted by the student and will ordinarily request from the Dean additional relevant material available to the academic Dean. After due consideration of the issues, the committee will decide whether further action is justified and the nature of such action. The committee at this step may request a consultation with the student; consultation should not be considered routine. If the committee decides that no further action is justified, it will so inform the student in writing.

If the Committee on Academic Standing and Appeals deems that action other than denial of the appeal is justified, it may request consultations with any of the individuals involved in the appeal or may request any other information needed for clarification of the issues.

Step 6 - The Committee on Academic Standing and Appeals will recommend to the Provost such action, as it deems appropriate to resolve the appeal. A copy of this recommendation will be forwarded to the student.

Step 7 - The Provost will have the ultimate authority in rendering a judgement in cases presented to him or her through the above process. The Provost may consult with whoever may be of assistance in arriving at a judicious decision. The Provost will inform the student in writing of the decision.

Students who have graduated must notify the Office of Records & Registration within one year of the official date of their graduation of any errors or pending changes in their academic record. Such changes must be in process by the time of this notification.

Course Cancellation Policy

If a course is cancelled for the semester, an automated email will be generated to all students registered for the class notifying them of the change.

Here is an example of the email that is sent:

From: workflow@newpaltz.edu  
To: xxxx@hawkmail.newpaltz.edu  
Sent: Tuesday, July 15, 2014 3:50:03 PM  
Subject: Important Notice: College Algebra CANCELED

The following course, for which you were registered, has been cancelled. Please go to http://my.newpaltz.edu/ to register for a new course or contact your advisor.

Fall 2014  
MAT152 College Algebra Section 07

This email was automatically generated. Please do not respond to the sender.

Dropping, Adding, or Withdrawing from Courses

DROPPING, ADDING, or WITHDRAWING FROM COURSES are often sensible steps to take. However, because these actions can affect progress toward degree, student status, financial aid eligibility and a host of other factors, students should always consult with their advisor(s) and other relevant student-services staff before making a change to their schedule.

Dropping or adding courses until the end of the course change period is relatively easy. Specific dates are published in each semester’s Academic Calendar, but the official course change period is scheduled for the first five days of classes and may be done in person at Records & Registration or online. Dropping or adding a course does not require the written approval of the student’s faculty advisor; although first semester freshmen students need to consult with Academic Advising. Courses may be added, provided that space is available in the classes, as determined by registration information. Students are responsible for printing a copy of their new course schedule to confirm the changes were made.

Students may withdraw from a course for any reason up to approximately two weeks after the mid-point of the semester. (Specific deadlines are published in the Academic Calendar: see "Last day for Course Withdrawal.") Note that students may not withdraw from INT175 Education of Underrepresented College Students and that special permission is required for students to withdraw from BLK175 and from ENG160 Composition I, ENG180 Composition II or their equivalents.

Prior to withdrawing from a course, students should consult Student Accounts regarding tuition liability and financial aid considerations. Course withdrawal requests must be initiated on or before the date designated in the Academic Calendar. Requests are processed online as follows:

- Students go to my.newpaltz.edu, select "Registration" from the Resources list, then "Request a Course Withdrawal." They select the course from which they wish to withdraw and submit the request, which is forwarded to the instructor. Students will receive an email confirming submission.

- After a course withdrawal request has been submitted, the instructor receives an email directing him/her to the course withdrawal link. The instructor reviews the request, provides the student’s last date of attendance, and forwards the request to the student’s advisor(s).

- Advisor(s) review the course withdrawal request and then forward it to Records & Registration. (For Composition, EOP and SMP courses, an early review is incorporated into this process, consistent with College policy.)

- The course withdrawal process is completed in Records & Registration. Students receive an email confirming their withdrawal from the course, and the $20 withdrawal fee is attached to the student’s account.

Students are responsible for printing a copy of their new course schedule to confirm the changes were made.
No record of course enrollment will appear on the transcript if a course is dropped during the official course change period. After that, a grade of "W" will be recorded for approved withdrawals from courses. A student who stops attending class without following the above procedures will receive a grade of "F" in the course.

Withdrawal from a course after the deadline is rarely permitted, and only for compelling, professionally certified, non-academic reasons such as unforeseen medical or financial problems. Requests for retroactive course withdrawals must be filed not later than one calendar year after the end of the semester or summer/winter session in which the course was taken. This process requires approval of the academic Dean under whose jurisdiction the course is offered.

The College reserves the right to require any student who has accumulated the number of credits required for a degree (120 credits for most programs; up to 126 credits for others) to only take courses that are needed to graduate. Withdrawals from courses at this point will not be allowed.

**Exam Proctoring**

Pursuant to Responsibility for administration and proctoring of all course examinations

SUNY New Paltz will assume responsibility for the administration and proctoring of all course examinations not normally administered and proctored within the traditional, in-the-classroom setting.

- If a course examination needs proctoring, SUNY New Paltz will supply the student with the necessary proctoring requirements.
- The student will be responsible for, but may request assistance from SUNY New Paltz’s Office of Graduate & Extended Learning to locate a credentialed proctoring site.

SUNY New Paltz will allow students to solicit a proctor from, but not limited to, the following agencies with appropriate staff:

- an accredited community college
- an accredited college or university
- an authorized vocational or technical school
- a military installation education office
- a high school, middle school or elementary school represented by a teacher or an administrator

If a service member is deployed, the member can request the deployed base education training site to proctor any of the SUNY New Paltz exams.

If such a request is denied, SUNY New Paltz will work with the student to ensure they are held at no harm. This may include, but not limited to:

- an opportunity to submit or make up missing course work to complete the course/program
- selection and completion of comparable course content as agreed by the presenter
- withdrawal from the course/program at no harm to the student

SUNY New Paltz will assume an associated costs for proctoring at an approved site.

**Housing**

Housing - Any resident who is a member of the U.S. Armed Services (Active Duty, Reserve, or National Guard) and is called to Active Duty, Activated, or Mobilized can be released from their Residence Hall License without penalty. Should a resident need to exercise this option, he/she must submit copies of supporting documentation, such as deployment and/or mobilization orders, to both the Office of Residence Life and the Office of Veteran and Military Services. Service members will be responsible for the cost of housing up to the date he/she is released from the Residence Hall License and officially checks out, or the beginning date of their orders, whichever is sooner.

**In-state Tuition Policy**

SUNY New Paltz’s Instate Tuition Policy for members of the U.S. Armed Services stationed in the State of New York and their Dependents

The payment of tuition and fees by any student enrolled at SUNY New Paltz who is a member of the Armed Forces of the United States on full-time active duty or a member of the National Guard, or a Reserve Component and stationed in this state, whether or not a resident of the state, shall be paid at a rate or charge no greater than that imposed for students thereat who are residents of this state.

SUNY New Paltz’s Instate Tuition Policy for members of the U.S. Armed Services NOT stationed in New York and U.S. Military Veterans

The payment of tuition and fees by any student enrolled at SUNY New Paltz who is a U.S. Service member not stationed in the state of New York or Veteran whom has had a discharge of any character other than dishonorable, whether or not a resident of the state, shall be paid at a rate or charge no greater than that imposed for students thereat who are residents of this state.

SUNY New Paltz’s Instate Tuition Policy for Dependents of the U.S. Armed Services NOT stationed in the State of New York or the Dependents of U.S. Military Veterans

Such policy shall further provide that the payment of tuition and fees by any student attending SUNY New Paltz who is a Dependents of the U.S. Armed Services NOT stationed in the State of New York or the Dependents of a U.S. Military Veteran and not a resident of the state, shall be paid at a rate or charge no greater than that imposed for students thereat who are residents of this state if eligible for one of the Department of Veteran Affairs GI BILL® programs.

Such policy shall further provide that the payment and fees by any student who is not a resident of New York State shall be paid at a rate or charge no greater than that imposed for students who are residents of the state if such student is enrolled in SUNY New Paltz and attending said institution or educational unit in accordance with the federal GI
BILL®s and in compliance with all applicable eligibility requirements thereof:

- A spouse or child using GI BILL® benefits in which they are eligible for, or;
- A spouse or child using transferred benefits who lives in New York State (regardless of his/her formal state of residence) and enrolls into SUNY New Paltz within three years of the transferor’s discharge from a period of active duty service of 90 days or more, or;
- A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (regardless of his/her formal state of residence) and enrolls into SUNY New Paltz within three years of the Service member’s death in the line of duty following a period of active duty service of 90 days or more.

If you have questions regarding your eligibility for instate tuition, please contact the Office of Veteran and Military Services at 845-257-3120.

**Procedure for Filing Instate Tuition**

Service members: If you are a Service member, and stationed in the state of New York, please provide a copy of your orders or memo from your Commander verifying your duty station to the Office of Veteran and Military Services. Once the Office of Veteran and Military Services reviews and verifies your supporting documentation, you will be granted in-state tuition.

Veterans: Please provide the Office of Veteran and Military Services a copy of your DD 214. The DD 214 will be used to verify your veteran and GI BILL® status. Once both of these have been validated, instate tuition should be granted.

Dependents (Spouse/Child): Proof of relationship to Veteran and/or Service member must be provided to the Office of Veteran and Military Services in order to receive instate tuition. Acceptable forms to show proof of relationship are as follows:

**LIST OF ACCEPTABLE DOCUMENTS TO VERIFY DEPENDENCY TO VETERAN AND/OR SERVICE MEMBER**

All documents must be UNEXPIRED. Student must supply one selection from List A and at least one selection from List B.

**LIST A**

**Proof of Military Service**

Supply ONE of the documents below to verify parent, and/or spouse's veteran and/or military service:

- DD214
- PCS Orders showing NYS as duty station
- Official memo from Commanding Officer verifying service
- U.S. Military ID Card
- U.S. Military Dependent’s ID Card
- Leave Earning Statement

**LIST B**

**Proof of Dependency Status**

Supply ONE of the documents below to verify proof of relationship to Veteran and/or Service Member:

- Marriage License
- Birth Certificate
- Tax Return
- Proof of Adoption
- DoD TOE Approval Letter

* There may be other source documents available that can verify military, veteran and/or dependent status. For those documents in question, please contact the Office of Veteran and Military Services.

** If the above documents are not available, please contact the Office of Veteran and Military Services to see if alternate source documents are available.

Please direct all inquiries to the Office of Veteran and Military Services at 845-257-3120/3124 or np-vms@newpaltz.edu

**Meal Plans**

**Meal Plans** - Any member of the U.S. Armed Services (Active Duty, Reserve, or National Guard) who is called to Active Duty, Activated, or Mobilized and is on a meal plan has the option to be refunded any unused portion from the beginning date of their orders. Should a U.S. Service Member meal card holder need to exercise this option, he/she must submit copies of supporting documentation, such as deployment and/or mobilization orders, to both the Office of Campus Auxiliary Services and The Office of Veteran and Military Services.

**Military Leave of Absence**

**Military Leave of Absence for Graduate Students**  
(Activations, Deployments, Mobilizations, Permanent Change of Station, Temporary Duty Assignment, Drill, and Unit Training Assemblies)

SUNY New Paltz acknowledges and appreciates the important contributions of our students who are currently serving in the United States Armed Services. In order to support these students, SUNY New Paltz, its Academic and Professional Faculty and the Office of Veteran and Military Services pledge to make every effort to provide reasonable accommodations to individuals who must be absent due to military obligations. (Note: Military Obligation is defined as, but not limited to; Activations, Deployments, Mobilizations, Permanent Change of Station, Temporary Duty Assignment, Drill, and Unit Training Assemblies).

Under the guidance of the Department of Education (ED) (34 C.F.R 668.18 & 34 C.F.R 688.8), SUNY Tuition, Fees and Charges Policy, SUNY’s Billing, Refunds, Collection and Write-offs Policy for Tuition, Fees, and Other Charges, Section 487b of the US Higher Education Act as amended in 2008, and SUNY New Paltz this policy ensures students shall not be penalized for class absences due to military obligations. Military-related absences will not constitute a class absence. SUNY New Paltz and its Academic and Professional Faculty will provide reasonable accommodations to complete assignments and other coursework. These accommodations may include, but are not limited to:
Both the student and the faculty member must agree that the length of the absence is reasonable given the type and structure of the course. The student and faculty member will agree upon a plan in writing that details expectations for successful completion of the course in question. If a faculty member offers the option of dropping a quiz/test grade, military related absences will not constitute the dropped quiz/test unless the student chooses. In situations where the length of absences is detrimental to the student’s ability to successfully complete the agreed upon plan, it may be within the student's best interest to take a military leave of absence. Should a student exercise this option, SUNY New Paltz will remove the course(s) from their transcript. All subsequent Financial Aid, GI BILL® funds, TA, etc...will be recalculated and returned to its original source.

Students’ responsibility
Students who are actively participating in the United States Military Reserve or National Guard are highly encouraged to provide each faculty member, as well as the Office of Veteran and Military Services, a copy of their Reserve and/or National Guard schedule during the first week of class each semester. In the event that the student must perform duties outside of this schedule, a signed memorandum from his/her Unit Commander must be provided with said dates of service and supplied to each instructor.

Military Leave of Absence for Extended Learning Students
Military Leave of Absence Policy (Activations, Mobilizations, Deployments, Monthly Reserve/Drill)

This policy speaks directly to those courses, programs, workshops, seminars, etc. that are offered to students for non-credit. (A certificate of completion may be awarded to certify the student’s participation in the course/program). These types of educational initiatives can be offered within a regular academic semester, on weekends, weekdays, etc. and have varying length of instruction. Registration, length of course/program, requirements, pricing and refund schedule are clearly indicated with promotional materials.

In the event that a participant leaves the course/program due to military obligations, depending on the length of the course/program and the amount of work still to come, the presenter and SUNY New Paltz staff will provide reasonable accommodations to make up missed work (if appropriate) with the expectation of successful completion of content.

In situations where the length of absences is detrimental to the student’s ability to successfully complete the course/program and remain current with the coursework, it may be within the student’s interest to withdraw from the course/program with a military leave of absence from the program at no harm to the student. A full refund would be offered to the student.

The student would be permitted to re-enter the course/program upon return to complete the required work to earn a certificate of completion (if that is offered as part of the program). If that is not possible (due to the length of the course/program), the student would be permitted to enroll in the next course/program provided that we receive adequate notice of their intention to enroll in the course/program.

Military Leave of Absence for Undergraduate Students
(Military Leave of Absence for Undergraduate Students
(Activations, Deployments, Mobilizations, Permanent Change of Station, Temporary Duty Assignment, Drill, and Unit Training Assemblies)

SUNY New Paltz acknowledges and appreciates the important contributions of our students who are currently serving in the United States Armed Services. In order to support these students, SUNY New Paltz, its Academic and Professional Faculty and the Office of Veteran and Military Services pledge to make every effort to provide reasonable accommodations to individuals who must be absent due to military obligations. Military-related absences will not constitute a class absence. SUNY New Paltz and its Academic and Professional Faculty will provide reasonable accommodations to complete assignments and other coursework. These accommodations may include, but not limited to:

- An opportunity to submit coursework on an alternative schedule agreed upon by the student and faculty member
- Selection of comparable coursework as assigned by the faculty member
- Complete coursework as an Independent Study, being given an incomplete grade for the course, or withdrawing from the course.

Both the student and the faculty member must agree that the length of the absence is reasonable given the type and structure of the course. The student and faculty member will agree upon a plan in writing that details expectations for successful completion of the course in question. If a faculty member offers the option of dropping a quiz/test grade, military related absences will not constitute the dropped quiz/test unless the student chooses. In situations where the length of absences is detrimental to the student’s ability to successfully complete the agreed upon plan, it may be within the student's best interest to take a military leave of absence. Should a student exercise this option, SUNY New Paltz will remove the course(s) from their transcript. All subsequent Financial Aid, GI BILL® funds, TA, etc...will be recalculated and returned to its original source.

Readmission Policy

GRADUATE READMISSION POLICY

Readmission following a student’s release or return from active duty or mobilization is handled through the Graduate Office. All students who leave in good standing and have not enrolled in a degree-seeking study at another institution are eligible to return without time limit unless there are
other encumbrances to their enrollment or when accreditation or other external policies impose time limits.

Graduate students must inform their advisor or department chair and the office of Graduate & Extended Learning when they receive the orders to report to active duty and when they seek readmission. Previous offers of assistantships and other financial aid are not automatically continued upon readmission, and graduate students must request consideration from the graduate program for such support when they seek readmission.

Applicants to the College who have accepted an offer of admission, but who have not yet registered for classes, are eligible to defer enrollment. They are permitted to enroll with the next entering class following discharge from active duty, provided the College receives adequate notice of the applicant’s intention to enroll. The applicant need not reapply for admission or pay an additional application fee.

UNDERGRADUATE READMISSION POLICY

Undergraduate Re-Enrollment Policy for Service Members
Re-enrollment following a student’s release or return from active duty or mobilization is handled through the Academic Advising Center. All students who leave in good academic standing who have been given a military leave of absence (ML) and have not enrolled in a degree-seeking program at another institution are eligible to return without time limit unless there are other encumbrances to their enrollment or when accreditation or other external policies impose time limits.

Deferred Enrollment for Newly Accepted Service Members
Applicants to the College who have accepted an offer of admission by submitting the Pre-Enrollment Deposit, but who have not yet registered in a degree program, are eligible to defer enrollment. They are permitted to enroll with the next entering class following discharge from active duty, provided the College receives adequate notice of the applicant’s intention to enroll. The applicant need not reapply for admission or pay an additional application fee.

Recruitment Policies

Graduate Recruitment Policy for Service Members, Veterans, and Dependents
Graduate Studies at SUNY New Paltz will ensure compliance with program integrity requirements consistent with the regulations issued by ED (34 C.F.R 668.71-668.75 and 668.14) related to restrictions on misrepresentation, recruitment, and payment of incentive compensation. This applies to the educational institution itself and its agents including third party generators, marketing firms, or companies that own or operate the educational institutions. As part of efforts to eliminate unfair, deceptive, and abusive marketing aimed at Service members.

Graduate Studies at SUNY New Paltz and its agents including third party lead generators, marketing firms, or companies that own or operate the educational institutions will:

• Ban inducements, including any gratuity, favor, discount, entertainment, hospitality, loan, transportation, lodging, meals, or other item having a monetary value of more than a de minimis amount, to any individual or entity, or its agents including third party lead generators or marketing firms other than salaries paid to employees or fees paid to contractors in conformity with all applicable laws for the purpose of securing enrollments of Service members or obtaining access to TA funds. Educational institution sponsored scholarships or grants and tuition reductions available to military students are permissible, and:

• Refrain from providing any commission, bonus, or other incentive payment based directly or indirectly on securing enrollments or federal financial aid (including TA funds) to any persons or entities engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance, and;

• Refrain from high-pressure recruitment tactics such as making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person, and engaging in same-day recruitment and registration for the purpose of securing Service member enrollments. Any questions regarding this policy should be directed to the Director of Graduate and Extended Learning – 845-257-3286.

Extended Learning Recruitment Policy for Service Members, Veterans, and Dependents
Pursuant to Promotion and Recruitment for Non-Credit Courses, Workshops, Seminars, Programs, etc.

SUNY New Paltz ensures compliance with program integrity requirements consistent with the regulations issued by ED(34 C.F.R. 668.71-668.75 and 668.14) related to restrictions on misrepresentation, recruitment, and payment of incentive compensation. This applies to the educational institution itself and its agents including third party generators, marketing firms, or companies that own or operate the educational institutions. As part of efforts to eliminate unfair, deceptive, and abusive marketing aimed at Service members.

SUNY New Paltz and its agents including third party lead generators, marketing firms, or companies that own or operate the educational institutions will:

• Ban inducements, including any gratuity, favor, discount, entertainment, hospitality, loan, transportation, lodging, meals, or other item having a monetary value of more than a de minimis amount, to any individual or entity, or its agents including third party lead generators or marketing firms other than salaries paid to employees or fees paid to contractors in conformity with all applicable laws for the purpose of securing enrollments of Service members or obtaining access to TA funds. Educational institution sponsored scholarships or grants and tuition reductions available to military students are permissible, and:

• Refrain from providing any commission, bonus, or other incentive payment based directly or indirectly on securing enrollments or federal financial aid (including TA funds) to any persons or entities engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance, and;

• Refrain from high pressure recruitment tactics such as making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person, and engaging in same-day recruitment and registration for the purpose of securing Service member enrollments in non-credit courses/programs.

Undergraduate Recruitment Policy for Service Members, Veterans, and Dependents
SUNY New Paltz is a member of NACAC, the National Association for College Admission Counseling. As a member institution of this...
organization we are bound to follow a code of ethics as related to the recruitment of all students, including Service members and their dependents.

NACAC’s Statement of Principles of Good Practice may be found here: http://www.nacacnet.org/about/Governance/Policies/Documents/SPGP_9_2013.pdf

In addition to NACAC’s Statement of Principles of Good Practice, SUNY New Paltz will ensure compliance with program integrity requirements consistent with the regulations issued by ED (34 C.F.R 668.71-668.75 and 668.14) related to restrictions on misrepresentation, recruitment, and payment of incentive compensation. This applies to the educational institution itself and its agents including third party lead generators, marketing firms, or companies that own or operate the educational institutions. As part of efforts to eliminate unfair, deceptive, and abusive marketing aimed at Service members.

SUNY New Paltz and its agents including third party lead generators, marketing firms, or companies that own or operate the educational institutions will:

• Ban inducements, including any gratuity, favor, discount, entertainment, hospitality, loan, transportation, lodging, meals, or other item having a monetary value of more than a de minimis amount, to any individual or entity, or its agents including third party lead generators or marketing firms other than salaries paid to employees or fees paid to contractors in conformity with all applicable laws for the purpose of securing enrollments of Service members or obtaining access to TA funds. Educational institution sponsored scholarships or grants and tuition reductions available to military students are permissible, and,

• Refrain from providing any commission, bonus, or other incentive payment based directly or indirectly on securing enrollments or federal financial aid (including TA funds) to any persons or entities engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance, and;

• Refrain from high-pressure recruitment tactics such as making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person, and engaging in same-day recruitment and registration for the purpose of securing Service member enrollments.

Any questions regarding this policy should be directed to the Dean of Undergraduate Admissions – 845-257-3212.

Transfer Credit

Graduate Student Transfer Credit Policy
See: Residence and Transfer Credit Policy (p. 110)

Undergraduate Student Transfer Credit Policy

• SUNY New Paltz will accept a maximum of 70 credits from an accredited two-year college and a maximum of 90 credits from an accredited four-year college or university.

• A maximum of 15 non-liberal arts credits may be awarded for coursework taken within government agencies, industry, the Armed Services or other non-collegiate settings. A request for review of such coursework should be submitted to the Office of Undergraduate Education or major or as required cognates if completed with a grade of C or better. (Note that courses with a grade of C may be eligible for transfer toward the major or required cognates, at the discretion of the appropriate academic department.)

• Courses other than transfer-path and SUNY-GER courses may be eligible for transfer credit toward the major with a grade of C- or better, at the discretion of the academic department concerned.

Transfer students with questions about how their credits are applied or who wish to petition for transfer credits to count toward General Education or major/minor requirements, may consult the Office of Academic Advising. Information about transfer credit equivalencies is available from the Office of Undergraduate Admission.

Transferring from outside SUNY: All courses with a grade of C- or better are eligible for transfer; however, each academic department reserves the right to determine the transferability of coursework that relates to a student’s major.

Submitting transcripts and score reports for transfer credit

Students are responsible for requesting transcripts and scores; these documents are not automatically sent from the prior school or testing center. (Note the submission deadline indicated below.) Students are also responsible for monitoring their records to see that credits have been received.

All newly matriculated students (freshmen and transfers) must submit to the Office of Undergraduate Admission all final, official college transcripts, AP exam scores, IB exam scores, CLEP exam scores, and other pertinent collegiate coursework no later than the first day of classes of the first semester at SUNY New Paltz. Pre-matriculation transfer credits and/or course waivers may not be accepted beyond this date. In addition, students who transfer New Paltz courses back to their community college to earn an A.A. or A.S. degree are not eligible to have the number of GE waivers changed.

Transfer credits post-matriculation

Permission must be received in writing from a chair or the Office of Academic Advising, in advance of taking the course, for a matriculated...
student to receive transfer credit at New Paltz. A grade of C- or better must be earned in the course to receive credit. Only the credits, not the grades, will transfer. The last 15 credits must be taken in residence. If there are compelling reasons to take some of the final 15 credits at another institution, a request for a waiver should be made to the Dean of the student’s major college. The student is responsible for having the official transcript sent to Records & Registration when the course(s) is/are completed.

Permission to take courses to meet general degree requirements (total credits, general education courses, upper division and liberal arts credits) is given by the Office of Academic Advising. To be acceptable, a course must be a liberal arts and sciences course aligned with the disciplines currently taught at New Paltz. Permission is not generally granted during the academic year if space in a suitable course is available at New Paltz. Upper-division students are generally expected to take upper-division courses. In addition, students who wish to take courses to meet general degree requirements in professional programs such as business, communication disorders, education, engineering, and nursing, must receive approval from the Dean of the appropriate school. Cross-registration, which is a specific way of taking transfer credits post-matriculation, also must conform to this policy.

Permission to take courses in the major (including prerequisite and cognate courses for the major) must be approved by the appropriate department chair.

**Tuition Assistance**

**Tuition Assistance (TA) Approved Eligible Course(s)**

If an eligible Service member decides to use TA, SUNY New Paltz will enroll him or her only after the TA is approved by the individual’s Service. Service members will be solely responsible for all tuition costs without this prior approval. This requirement does not prohibit SUNY New Paltz from pre-registering a Service member in a course in order to secure a slot in the course. If SUNY New Paltz enrolls the Service member before the appropriate Service approves Military TA, then the Service member could be responsible for the tuition. All Military TA must be requested and approved prior to the start date of the course. The Military TA is approved on a course-by-course basis and only for the specific course(s) and class dates that a Service member requests. If a military student “self-identifies” their eligibility and the Service has not approved the funding, then the Service member will be solely responsible for all tuition costs, not the Service.

**TA Eligible Courses. Courses will be considered eligible for TA if they are:**

- Part of an individual's evaluated educational plan; or

- Prerequisites for courses within the individual’s evaluated educational plan; or

- Required for acceptance into a higher-level degree program, unless otherwise specified by Service regulations.

**Procedure**

SUNY New Paltz Military Tuition Assistance (TA) processing procedure:

- Eligible Service members must be a SUNY New Paltz student, and may have to be matriculated. Service members are encouraged to check with their Branch for specifics

- Once accepted as a SUNY New Paltz student (either as Matriculated or Non-Matriculated), the Service member must upload his or her degree program into their perspective Service Branches TA system for approval

- Registering for course(s). To reserve a seat in a course, Service members must log into their banner account and register for their course(s)

- Once the Service member has selected their TA Eligible Course(s), the Service member must log into their perspective Branch of Services TA system and upload their course(s) for Service approval

- Please note: Each Service Branch may have different deadlines to request TA approval. Service members are encouraged to check with their perspective branch of service for such deadlines

- If degree program and course(s) are approved, the Service member and/or Service Branch will send the SUNY New Paltz Tuition Assistance Point of Contact either a TA voucher or roster of approved students

- If approved, the SUNY New Paltz TA Point of Contact will then bill the appropriate Service

- If not approved, the Service member will be notified by their Service's TA system and subsequently become responsible for the charges.

**Note 1:** The SUNY New Paltz’s TA Point of Contact does not get notified of disapproved students. Therefore, it becomes the responsibility of the Service member to notify the College TA Point of Contact of his or her disapproval

*Options for disapproved students:*

1. Contact your Service branch’s Tuition Assistance program manager for further options as it may be something as simple as changing your courses

2. Contact SUNY New Paltz’s Office of Veteran and Military Services for other potential financial aid options

**Note 2:** All students have up until the last day of the add/drop period to withdrawal from any or all courses with no financial liability

- The Office of Veteran and Military Services will review the registrations of all Service members utilizing Military Tuition Assistance, and send out email reminders to Service members ensuring they are completing their approval process beginning 30 days prior to the Service members TA approval deadline date.

- The Military TA is approved on a course-by-course basis and only for the specific course(s) and class dates that a Service member requests. If a military student “self-identifies” their eligibility and the Service has not approved the funding, then the Service member will be solely responsible for all tuition costs, not the Service.

Please feel free to contact the Office of Veteran and Military Services with any questions regarding the Military Tuition Assistance (TA) process.
Withdrawal from a Course

A student may withdraw from a course until the date specified in the academic calendar (https://www3.newpaltz.edu/calendars/) with the payment of a fee. A course withdrawal after that date will be permitted only for compelling non-academic reasons; students should consult with the Academic Dean of the faculty offering the course for detailed information.

- No record of course enrollment will appear on the transcript if a course is dropped during the course-change period.
- A grade of W will be recorded for course withdrawals initiated between the end of the course-change period and the course withdrawal deadline indicated on the academic calendar.
- A grade of F* will be recorded for any student who informally drops a course without following the procedure outlined above. The signature of the instructor and last date of attendance must be recorded on the withdrawal form.

Admission Requirements and Procedures

SUNY New Paltz offers more than 50 graduate programs of study interspersed among its five schools: the School of Education, the College of Liberal Arts and Sciences, the School of Fine and Performing Arts, the School of Science and Engineering, and the School of Business. Admission to graduate study is based on the applicant's academic and professional qualifications without regard to sex, race, color, age, disability, creed, or ethnic origin. The basic requirements for admission are: a baccalaureate degree from an accredited institution and a minimum cumulative undergraduate grade-point average of 3.00 on a 4.00 scale. There is a non-refundable application fee of $60.

Before submitting your application, please contact our Manager for Graduate Recruiting & Advising (https://www3.newpaltz.edu/directory/profile/alanamatuszewski/) with any questions regarding the application process, or if you would like to schedule an advising session. If you are ready to apply, please click here to APPLY NOW (http://www.newpaltz.edu/graduate/admissions/admissions-overview/).

Application Instructions

Our online application system allows students to manage their application process. Review the steps below for a quick overview of the process.

1. PREPARE ADMISSION CHECKLIST ITEMS
   To expedite a faculty review of an application, students may upload the following items:
   - Admission Essay
   - Student copies of transcripts* from every college/university attended
   - Student copies of standardized test scores*
   - Request letters of recommendation—after submitting the application, students will need to provide the name, and email address of their recommender in order to complete the request process.
   - Evidence of New York State teaching certification (if appropriate)
   - Art portfolio (if appropriate)
   - International student documentation
   - Resume/CV (if appropriate)
   - Program specific forms (e.g., Com Dis pre-requisite form, etc.)
   - Full admission REQUIRES the submission of official transcripts and test scores.

2. CREATE AN ACCOUNT
   - SUNY New Paltz students, alumni, faculty and staff must log into the application system using their New Paltz credentials (NPCUID).
   - NEW students may create an account by selecting the New User option and verifying their email address.
   - RETURNING users may access the application system using their email address and password that was included when creating their account.

3. SUBMIT YOUR APPLICATION
   - Once you have logged into the system, select the term that you would like to begin your program.
   NOTE: Certain programs restrict admission to a specific term. Please email gradstudies@newpaltz.edu (gradschool@newpaltz.edu) if you do not see the program that you would like to pursue.

4. CHECK YOUR APPLICATION STATUS
   - Log in as a Returning User (https://www3.newpaltz.edu/admissions/account/log-in/) to modify your application or monitor its status.

5. Order OFFICIAL transcripts and test scores be sent to:
   - SUNY New Paltz
   Graduate & Extended Learning
   800 Hawk Drive
   New Paltz, NY 12561-2442

Ready to Apply?

ONLINE APPLICATION CALENDAR
Online applications will be accepted according to the following schedule below.

December 1 - May 15  Fall/Summer Admission
August 1 - November 15  Spring Admission

PAYMENT
The online application requires a non-refundable payment of the $60 application fee by VISA, MasterCard or electronic check. An application review will not be conducted without the submission of the application fee.

QUESTIONS
Please contact us with questions via email gradstudies@newpaltz.edu (gradschool@newpaltz.edu) or via phone 845-257-3285.

International Students

Official Transcripts

International students should be prepared to submit a translation and evaluation of their transcript if requested by The Office of Graduate & Extended Learning. We accept translations and evaluations by members of the National Association of Credential Evaluation Services (www.naces.org (http://www.naces.org/)), including, but not limited to, the World Education Services or Educational Credential Evaluators, Inc.
Demonstrating Language Proficiency

Requirements

Prospective international students for whom English is not the native language, and any applicant whose undergraduate degree is from a country where English is not the main language of instruction are required to demonstrate English Language Proficiency. Review the chart below for methods of demonstrating language proficiency. **NOTE:** Individual departments may require a score higher than the minimum acceptable score, so students should consult their departments.

English Language Proficiency

Satisfactory Demonstration of Language Proficiency

<table>
<thead>
<tr>
<th>Language Proficiency</th>
<th>English Language Deficient</th>
</tr>
</thead>
<tbody>
<tr>
<td>Demonstration of English Proficiency may be demonstrated by providing evidence of meeting one of these criteria:</td>
<td>In the event that you cannot demonstrate English Language Proficiency and you are offered admission, you will be required to sit for a placement exam upon arrival at SUNY New Paltz. The exam may include:</td>
</tr>
<tr>
<td>- An official score of 80* on the TOEFL iBT, 85 for MA English, or an 90 if your major is Second Language Education (TESOL).</td>
<td>- A test of grammar, reading and listening comprehension,</td>
</tr>
<tr>
<td></td>
<td>- a writing sample.</td>
</tr>
<tr>
<td>- An official score of a 6.5* on the IELTS, or a 7.0 if your major is Second Language Education (TESOL).</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- An official score of 53* on the PTE Academic, 57 for MA English applicants, or 61 for Second Language Education (TESOL) applicants.</td>
</tr>
<tr>
<td></td>
<td>- A passing score on a proficiency test upon arrival on campus. (Only given to students who have been offered Conditional Admission.)</td>
</tr>
<tr>
<td></td>
<td>- A Certificate of English Language Proficiency from the Haggerty English Language Program at SUNY New Paltz.</td>
</tr>
<tr>
<td></td>
<td>- Official transcripts indicating a college degree from a U.S. institution. If the degree was earned more than three years prior to submission of a graduate application, then the student must provide acceptable TOEFL, IELTS, or PTE scores.</td>
</tr>
</tbody>
</table>

Contact the Center for International Programs via e-mail (international@newpaltz.edu (international@newpaltz.edu) ) for information financial documentation, the I-20 process, international student orientation, housing, advisement and registration.

Admission FAQs

How do I apply?

Our online application system allows students the ability to manage their application process. Review our Admissions Overview (http://www.newpaltz.edu/graduate/admissions/admissions-overview/) for directions on applying to a graduate program.

Where do I find application deadlines?

Online applications may be submitted between Dec. 1 and May 15 for Fall/Summer admission and Aug. 1 and Nov. 15 for Spring admission. Many departments have specified deadlines for admission or may only accept students once per year. Review the Programs (http://www.newpaltz.edu/graduate/programs/) page for your program’s specific application deadline.

Does SUNY New Paltz require standardized test scores for admission?

Certain programs require satisfactory scores on the MAT, GRE or GMAT exam for admission. Refer to the Programs (http://www.newpaltz.edu/graduate/programs/) page for your program’s specific exam requirements. Additionally, international students are required to submit satisfactory TOEFL, IELTS or PTE Academic exams scores for full admission. Refer to the International Graduate Student (http://www.newpaltz.edu/graduate/students/international/) page for more information.

Where can I find a description of the checklist items that I need to upload?

When reviewing your checklist, click on the item name and a description will appear in a pop-up box. If you have difficulty finding descriptions or need more information, please email us at gradstudies@newpaltz.edu (gradschool@newpaltz.edu).

I have completed the online application and uploaded all of my admission checklist items. Am I done?

No. Full admission requires applicants to submit OFFICIAL transcripts and test scores to:

- SUNY New Paltz
  Graduate & Extended Learning
How do I check the status of my application?
Log in as a RETURNING User (https://www3.newpaltz.edu/admissions/account/log-in/) to modify your application or monitor its status.

My application is under review by the faculty. When will I receive a decision?
Once the faculty render a decision regarding your application, the staff in Graduate & Extended Learning will update your status online. Admission decision letters are emailed to applicants daily at 5:30pm (EST). Make sure your email client accepts emails from gradstudies@newpaltz.edu (gradschool@newpaltz.edu).

Standardized Tests
Some departments (see appropriate program descriptions) require satisfactory test scores as part of the matriculation process.

Registration forms for the Miller Analogies Test (MAT) are available in the Graduate & Extended Learning Office (845) 257-3299 and online. (https://www.newpaltz.edu/media/regional-education/MAT%20Registration%20Form.Fill.EXT.pdf)

More information regarding the Graduate Management Admissions Test (GMAT) can be found online. (https://start.gmat.com/gmatregister/)

The Graduate Record Examination (GRE) general exam is no longer administered at SUNY New Paltz. Information on the GRE is available by calling 1-800-GRE-CALL or on the internet at: www.gre.org. (http://www.gre.org/) The GRE subject exams are still administered on the New Paltz campus through the Graduate & Extended Learning Office.

For additional testing information please visit the: https://www.newpaltz.edu/extendedlearning/test-information/. (https://www.newpaltz.edu/regionaled/test-information/.html)

Degree Applications
Students must file an application for their graduate degree or advanced certificate with the Office of Records & Registration (Wooster Hall 115) the semester prior to graduation. Beginning January 2020, students may apply for graduation via my.newpaltz.edu.

To obtain their degree, students must complete the courses in their program of study, including "incomplete" courses. Students should be advised that substitutions (course changes) require the written permission of the program adviser and the Assistant Vice President for Graduate & Extended Learning.

Upon completion of Education programs, SUNY New Paltz will recommend candidates to the State Education Department for certification. It is the responsibility of the State Education Department to issue the appropriate administrative credential or advice concerning initial/professional certification.

Tuition and Fees
NOTE: Matriculated graduate students must pay the graduate tuition rate for all courses regardless of the course level.

The most current tuition and fee rates, along with information about payment and payment arrangements, can be found on the web at: www.newpaltz.edu/student_accounts (http://www.newpaltz.edu/student_accounts/)

Full-Time Status Defined
Full-time status for matriculated graduate students is not set by the Office of Graduate & Extended Learning. The full-time classification may be met in different ways depending upon the reason a student is seeking this classification.

For Financial Aid Eligibility
Full-time status is defined as being registered for 12 or more credits. The total number of credits regardless of level is used when determining whether a student is full-time. Therefore, matriculated graduate students may take a mixture of undergraduate and graduate courses and still be considered full-time if they are registered for at least 12 credits.

For Matriculated Students
The College will consider the following categories as full-time enrollment:

• Student is registered for at least 12 credits per semester.
• Full-time GSEU TAs & GAs working 20-hours/week and registered for at least 6 credits per semester.
• Half-time GSEU TAs & GAs working 10-hours/week and registered for at least 9 credits per semester.
• Student has completed all coursework and is registered for H-grade thesis and one credit of continued registration in the current semester.
• Domestic student has completed all coursework and is registered for a zero credit comprehensive exam workshop.
• Student is taking 6 credits per summer session.

NOTE: Although the College may consider these students full-time working toward a degree, they may not meet Financial Aid’s eligibility requirements for full-time status. Check with Financial Aid about this matter.

For International Students
The Center for International Programs will consider the following categories as full-time for SEVIS:

• Computer Science and Electrical Engineering majors who are registered for at least 9 credits per semester
• All other graduate majors who are registered for at least 12 credits per semester
• Full-time GSEU TAs and GAs who are working 20-hours/week and registered for at least 6 credits per semester
• Half-time GSEU TAs and GAs who are working 10-hours/week and registered for at least 9 credits per semester

Graduate Opportunity Tuition Waiver Program (GOPW)
To be eligible for the Graduate Opportunity Program Tuition Waiver (GOPW) program, the College considers a graduate student who is registered for at least 9 graduate credits per semester full-time. However, these students are not considered full-time for financial aid eligibility.
Financial Aid

Financial Aid

Fall and Spring Office Hours
Monday through Friday  8:30am-5:00pm

Mailing Address
Office of Financial Aid
200 Hawk Drive
New Paltz, NY 12561-2437

Campus Location
Wooster Hall 124
Phone: 845-257-3250
Fax: 845-257-3568
Email: fao@newpaltz.edu

How to Apply

Students must file the Free Application for Federal Student Aid (FAFSA) each year as soon as possible after January 1. Although parents’ information may be required, it is the student’s responsibility to complete all application requirements for all aid programs. NOTE: Students must be sure to indicate “SUNY-College at New Paltz” in the college release section of the FAFSA, code # 002846.

The FAFSA is the form used to apply for Federal Pell Grants, Federal Stafford Loans, and the three “Campus-Based” programs. They are Federal Supplemental Educational Opportunity Grants, Federal Perkins Loan, and Federal College Work Study Program. For more graduate student information, access the financial aid website at: http://www.newpaltz.edu/financialaid/graduate.html (http://www.newpaltz.edu/financialaid/graduate.html)

Graduate Students

Financial aid is available to matriculated graduate students who are enrolled at least half-time. Graduate students usually receive Stafford loans. Alternative loans are available as well.

Student Employment

The College also offers part-time employment to students enrolled at the College. There are no income requirements; however, to be considered students should visit the Financial Aid Office for an information packet. Temporary service information is also available on the college web site.

New Paltz Time Payment Plan

The New Paltz Time Payment Plan allows you to make equal monthly payments toward the cost of tuition, fees, and on-campus room and board. By utilizing the Time Payment Plan, you and your family can incorporate the cost of college into the family budget for up to five months. This is not a loan. There is no interest charged. There are no hidden costs. Just add the $30.00 application fee to your first installment. Even if you are receiving scholarships or some financial aid, you may enroll in the Time Payment Plan. It is an easy way to pay the balance of your bill NOT covered by aid or other resources. As long as the amount due from you exceeds $500 for the semester we will accept a Time Payment Plan for the balance. Enroll online at my.newpaltz.edu (https://login.newpaltz.edu/cas/login?service=https://%3A%2F%2Fmy.newpaltz.edu%2F) .

Additional Graduate Funding

Diversity Fellowships

https://www.newpaltz.edu/graduate/funding/diversity-fellowships/

GOPW Tuition Waiver Program (GOPW)

The GOPW program provides a tuition waiver for former EOP/HEOP/SEEK students. The tuition waiver covers up to 9 credits of graduate tuition plus the college fee for each semester that the student is eligible for the award. To maintain eligibility, students must maintain a minimum 3.0 GPA and enroll in at least 9 graduate credits each term.

Sojourner Truth Diversity Fellowship (STF)
(SUNY Graduate Diversity Fellowship)

The Sojourner Truth Diversity Fellowship is open to applicants from all majors holding at least a 3.0 undergraduate GPA in pursuit of their initial master’s degree, a US citizen or permanent resident, matriculated in a graduate program at New Paltz; and adequately meeting the diversity criteria set forth within the application.

Scholarships by Discipline

https://www.newpaltz.edu/graduate/funding/scholarships-by-graduate-program/

Master in Business Administration (MBA) Scholarship

To recognize academic excellence and to prepare future administrators and public accountants, the State University of New York at New Paltz offers a limited number of scholarships to highly qualified applicants. Consideration will also be given to financial need.

MFA Ceramics Scholarship

The ANDRAH Merit Scholarship is a $10,000 tuition waiver designed to recognize the exceptional talent of an incoming MFA student in Ceramics. It is available to one student on a competitive basis each year.

MFA Scholarship

In an effort to encourage a diverse population of graduate students, SUNY New Paltz offers a one-year out-of-state tuition waiver to all incoming MFA students who are not residents of New York State. This allows non-resident students to pay regular in-state tuition rates, saving approximately $9,800 a year. MFA students must seek and be granted New York State residency during their first year to continue to receive the in-state tuition rate. This program is available to international students who are not US citizens and enrolled in one of our MFA programs for two years without applying for New York State residency. See Tuition & Fees Chart for rate.

MS Engineering Fellowship

This fellowship opportunity is designed to recognize academic excellence of incoming students matriculated in our MS in Electrical Engineering program. Students receive a 3-credit tuition waiver in exchange for 10 hours of research assistance per week. It is available to fifteen students on a competitive basis.
Research Funding

https://www.newpaltz.edu/graduate/funding/research-funding/rcpa-application/

Graduate Student Research and Creative Projects Award (RCPA)
The RCPA is an internal grant program for matriculated graduate students. The purpose of the program is to support and encourage research and creative projects that enhance the graduate students’ professional development as they pursue their master’s degree or Certificate of Advanced Study. All matriculated graduate students in good standing (cumulative GPA of 3.0 or higher) are eligible to apply for this grant. The maximum award is $400 per annum. The RCPA offers funding for projects that occur during the Fall semester and for projects that occur during the Spring and/or Summer semesters. Applications will be collected according to the following schedule:

- The deadline for Fall applications is October 1.
- The deadline for Spring/Summer applications is March 1.

Assistantships

https://www.newpaltz.edu/graduate/funding/taga.html

All-University Teaching Assistant/Graduate Assistant Program (TA/GA)
Assistantships are available to matriculated graduate students in good academic standing and who are making good progress toward the degree. The procedure for application for an assistantship, including the selection criteria, are established by deans and academic departments, and publicized by individual departments. Criteria for the award of an assistantship may include, but are not limited to: undergraduate grade-point average, standardized test scores, past experience or training, interest in the field of study, letters of recommendation, or personal interview.

The following departments offer assistantships during the academic year: Admissions, Art, Art Education, Business, Center for International Programs, Communication Disorders, Communications and Marketing, Computer Science, English, The Graduate School, Psychology, Samuel Dorsky Museum, and Student Activities and Union Services. Students interested in pursuing an assistantship should inquire at the department for specific application procedures. For more information, review https://www.newpaltz.edu/graduate/funding/taga.html

Rights and Responsibilities

- Depending on the type of aid received, students must meet the following general requirements to continue their eligibility. Specific program requirements are outlined in the applications.
- Meet satisfactory progress guidelines.
- Be in good academic standing.
- Not be in default of any prior student loan.
- File application(s) annually.
- Notify the Financial Aid Office, bank or lending institution or any agency that offers any type of aid of any change in enrollment status, financial circumstances, change of address or any other information as required by the aid program.
- Not be in default on any loan offered by the College.
- Not owe a repayment on any awards paid.
BECOME A TEACHER

It’s never too late to become an educator. SUNY New Paltz offers two pathways for non-certified students who have bachelor’s degrees in an approved academic discipline and who wish to earn a NYS teaching credential.

Childhood & Early Childhood Education
MST Childhood Education (grades 1-6) (p. 125)
MST Childhood & Early Childhood Education (Birth - grade 6) (p. 126)

Adolescence Education
MAT Adolescence Education (grades 7-12) (p. 127)
Specialize in: Biology, Chemistry, Earth Science, English, Mathematics, or Social Studies

Language Education
MSEd Second Language Education (TESOL) (all-grades) (p. 134)

MST in Childhood Education 1-6
Childhood Education 1-6 (020C)
Nataly Chesky, Coordinator; (845) 257-2872
chesky@newpaltz.edu

The School of Education offers students holding a baccalaureate degree an opportunity to earn a Master of Science in Teaching (MST) degree leading to NYS initial/professional certification in Childhood Education (1-6). The typical candidate for the MST degree will hold a baccalaureate degree in one of the liberal arts or sciences from an accredited college and will have a background in history, a foreign language, mathematics, English and science.

The program includes instruction in educational studies, developmentally appropriate practices, content pedagogy, research, and one semester of full-time student teaching. It can be completed in four semesters. Professional certification requires three years of successful teaching experience at the 1-6 grade level.

Acceptable Liberal Arts or Science Majors: Currently at SUNY New Paltz, teachable liberal arts or science majors registered with New York State are: art history, biology, black studies, English, French, geography, geology (earth science), history, mathematics, political science, and Spanish.

Admission Requirements
Candidates for admission to program need to:

• Hold a baccalaureate degree in an approved liberal arts or science area from a regionally accredited institution;
• Have earned an undergraduate grade point average of 3.0 or higher;
• Have completed:
  • six college credits of history including American History
  • six college credits or the equivalent in a foreign language
  • six credits of mathematics at the College Algebra level with a grade of “B” or better
  • six credits of English Composition with a grade of “B” or better
  • one laboratory science course, or two 3 credit science courses
• Complete an admission application available from http://www.newpaltz.edu/graduate/forms.html and provide one official transcript of all college/university course work;
• Submit two appropriate letters of recommendation on professional letterhead, no older than one year, from individuals who can attest to the candidate’s ability to do graduate work and/or to work with children;
• Earn a satisfactory score on the Miller Analogies Test or the Graduate Record Examination.

1 Acceptable Liberal Arts or Science Majors: Currently at SUNY New Paltz, teachable liberal arts or science majors registered with New York State are: art history, biology, black studies, English, French, geography, geology (earth science), history, mathematics, political science, and Spanish.

Total Credits 37

Requirements for Completion of the Degree
Candidates are required to:

• Develop a plan of study with an advisor upon matriculation;
• Complete prescribed course work and other requirements within five years of matriculation;
• Maintain a cumulative average of 3.0 or better, with no more than two grades below B-.

Certification Requirements

• Teacher Performance Assessment portfolio (edTPA)
• Content Specialty Test (CST) Multi-Subjects
• EAS (Educating All Students) test
• Completion of Child Abuse (mandated reporting) Seminar
• Completion of SAVE workshop
• Completion of DASA workshop
• Training in Health & Safety Education (EDI 095)
• Fingerprinting

MST in Childhood Education 1-6 and Early Childhood Education B-2

Childhood & Early Childhood Education (020E)
Nataly Chesky, Coordinator, (845) 257-2872
cheskyn@newpaltz.edu

The School of Education offers students holding a baccalaureate degree an opportunity to earn a Master of Science in Teaching degree in Childhood Education (1-6) and Early Childhood Education (B-2) leading to NYS initial/professional certification. The typical candidate for the MST will hold a baccalaureate degree in one of the liberal arts or sciences1 from an accredited college and will have a background in history, a foreign language, mathematics, and English and science.

The program includes instruction in educational studies, developmentally appropriate practices, content pedagogy, research, and one semester of full-time student teaching. It can be completed in four semesters. Professional certification requires three years of successful teaching experience at the B-2/1-6 grade level.

Admission Requirements

• Candidates for admission to program need to:
  • Hold a baccalaureate degree in an approved liberal arts or science area from a regionally accredited institution;1
  • Have earned an undergraduate grade point average of 3.0 or higher;
  • Have completed:
    • six college credits of history including American History
    • six college credits or the equivalent in a foreign language
    • six credits of mathematics at the College Algebra level with a grade of "B" or better
    • six credits of English Composition with a grade of "B" or better
    • one laboratory science course, or two 3 credit science courses
  • Complete an admission application available from http://www.newpaltz.edu/graduate/forms.html and provide one official transcript of all college/university course work;
  • Submit two appropriate letters of recommendation on professional letterhead, no older than one year, from individuals who can attest to the candidate's ability to do graduate work and/or to work with children;
  • Earn a satisfactory score on the Miller Analogies Test or the Graduate Record Examination.

Requirements for Completion of the Degree

Candidates are required to:

• Develop a plan of study with an advisor upon matriculation;
• Complete prescribed course work and other requirements within five years of matriculation;
• Maintain a cumulative average of 3.0 or better, with no more than two grades below B.

Certification Requirements
• Teacher Performance Assessment portfolio (edTPA)
• Content Specialty Test (CST) Multi-Subjects
• EAS (Educating All Students) test
• Completion of Child Abuse (mandated reporting) Seminar
• Completion of SAVE workshop
• Completion of DASA workshop
• Training in Health & Safety Education (EDI 095)

MAT - Master of Arts in Teaching
Adolescence Education (grades 7-12)
Biology (101B), Chemistry (104B), Earth Science (102B), English (103B), Mathematics (107B), Social Studies (109B)

The Master of Arts in Teaching (MAT) is a 39-48 credit program designed specifically for college graduates holding an appropriate liberal arts degree in biology, chemistry, English, French, geology or earth science, history, mathematics, social studies or Spanish who have not had formal background in education and who wish to prepare for a teaching career in adolescence education grades 7-12.

Upon successful completion of the program, candidates will be recommended to the New York State Education Department for Initial/Professional Certification.

* Please note the College will stop accepting admission to French (105B) and Spanish (110B) starting in fall 2019 (http://www.newpaltz.edu/adolescence-education/notice-of-program-suspension/).

Admission to Program Requirements
Applicants to the Master of Arts in Teaching programs must meet the following criteria:

1. A 3.0 or better GPA in all undergraduate course work
2. A 3.0 or better GPA in an appropriate undergraduate major
3. Acceptable GRE scores.
4. An undergraduate major comparable in breadth, depth and rigor to the New Paltz undergraduate major in the same field
5. Undergraduate course work that includes a broad and rigorous general education component
6. Undergraduate course work that includes 6 credits of a foreign language at a beginning level or 3 credits at an intermediate or advanced level. American Sign Language (ASL) is considered a language other than English.
7. Undergraduate course work that includes two English composition courses or their equivalent, each with a grade of at least B.
8. Applicants specializing in English must submit a 10-15 page academic writing sample.

Each applicant must also provide three current letters of recommendation and write a satisfactory statement indicating the reasons he/she wants to become a teacher.

Application Deadlines
March 1  Fall semester
October 1  Spring semester

Applications received after this date will be considered; however, enrollment is not guaranteed.

</table>

1 The MAT in Science Education comprises 39 credits and does not require graduate-level courses in the discipline. Rather, it incorporates 6 credits of discipline-specific pedagogy coursework. The MAT in French, Spanish and Mathematics Education comprises 45 credits and require at least 6 credits of graduate-level coursework in the discipline. The MAT in English Education and Social Studies Education comprises 48 credits including at least 9 credits of graduate-level coursework in the discipline. * Please note the College will stop accepting admission to the MAT programs in French and Spanish starting in fall 2019 (http://www.newpaltz.edu/adolescence-education/notice-of-program-suspension/)

2 Discipline-specific education coursework combines content and content-specific pedagogical methods.
English and social studies students will meet this requirement through a content-area course (e.g. ENGSXX or HISXX). Mathematics, science, and foreign language students typically will meet the requirement with an education or liberal-arts elective course.

Program Requirements
File a “plan of study” during the first semester after matriculation.

Complete prescribed course work and other requirements within five years after matriculation.

Deficiencies in the candidate’s undergraduate preparation in the subject area or major shall be remedied by early advisement with the Secondary Education advisor.

Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B-.

Student teaching with seminar (13 undergraduate credits).

Additional Requirements

• Culminating assessments are required (e.g., comprehensive examination, teaching portfolio, thesis). Students must attend two state-mandated workshops:
  a. Recognizing and reporting symptoms of child abuse
  b. Prevention of school violence (SAVE).

  These workshops can be taken at SUNY New Paltz campus.

  Students must obtain fingerprint clearance. Information packets can be collected in the office of the Department of Secondary Education in OMB 323.

• Students must have good moral character. Applicants for certification are asked to provide information about past convictions, misconduct, etc., on the application for a certificate, and the New York State Education Department is authorized to investigate complaints regarding an applicant’s past convictions or any acts which raise a reasonable question as to the individual’s moral character.

• Students must receive satisfactory scores on the New York State Teacher Certification Examinations. More information on these tests may be obtained at http://www.nystce.nesinc.com (http://www.nystce.nesinc.com/). Candidates in the French and Spanish programs must earn a B or better on all components of the department’s Assessment (Repeatable no more than three times).

• Candidates in the French and Spanish programs must earn a score of Advanced-Low level or higher on the ACTFL Oral Proficiency Interview (OPI) French/Spanish.

Students are responsible for their own transportation to field and student teaching placements and must be prepared to commute up to 45 miles, one way, to these placements.

Upon graduation, students will receive the Master of Arts in Teaching (MAT) degree. Students will have completed all academic requirements for both initial and professional certification and will be recommended for both certifications. Students will receive their professional certificate after they have completed three years of satisfactory secondary teaching experience in their discipline and notification of such to the State Education Department.

For information on obtaining a teaching credential in New York State, please visit the New York State Education Department web site at http://www.highered.nysed.gov/tcert. (http://www.highered.nysed.gov/tcert/)

MSEd in Childhood Education 1-6 - Early Childhood Specialization

Early Childhood Specialization (13EC)
Aaron Isabelle, Coordinator, (845) 257-2837
isabella@newpaltz.edu

Students enrolled in the Master of Science in Education Childhood Education 1-6 program may choose to specialize in Early Childhood Education. The planned outcome of the Early Childhood Education track is the increased understanding and use of the major concepts, principles, theories, and research related to development of young children, infancy to second grade. Principles and standards of the NAEYC (National Association for the Education of Young Children) serve as a guide for course development and completion. This specialization will enhance the student's understanding of how young children experience and process learning. This specialization will NOT lead to certification as an Early Childhood Education teacher.

Admission Requirements
Candidates for admission to the program need to:

- Hold a current elementary or childhood teaching certificate from New York State. A copy of this certificate must be submitted as part of the application process. (Note: Students may be accepted into the program "pending" receipt of their teaching certificate if the teaching certificate is being processed by NYSED or if the student is nearing completion of an approved teacher education program.)
- Have earned an undergraduate cumulative grade point average of 3.0 or higher;
- Complete an admission application available from The Graduate School and provide official transcripts of all college/university coursework: http://www.newpaltz.edu/graduate/forms.html
- Submit three letters of recommendation on professional letterhead from professionals addressing the competency of the candidate. At least one letter should come from a professor with whom the candidate has taken undergraduate course work;
- Earn a satisfactory score on the Graduate Record Examination (Note: all applicants who apply after August 20, 2015 will be required to take the GRE; prior to this date, the GRE was optional).

Pedagogical Core (12-15 Credits)
The pedagogical core is developed from the student’s choice of a specialization track and additional graduate education elective(s).

Possible courses to be selected with advisement:

- SPE520 Literacy and Reading Development - Birth - Kindergarten
- EED522 Play The Foundations of Literacy for Young children (B-K)
- EED716 Science, Math, and Engineering for Young Children
- EED585 Children's and Young Adult Literature

Total Credits: 36-39

1 This is a continuation of undergraduate content and aligned with specialization tracks. Courses will be selected with advisement from respective departments from one of the following content areas:

- Science, Mathematics, Technology
- Social Studies
- Languages other than English
- English/Language Arts

Students may also choose, under advisement, to substitute graduate electives in Liberal Arts or Science and/or Fine and Performing Arts (up to 6 credits) to continue in their undergraduate academic major.

2 Course required for students who have not had a previous course to prepare them to work with students with special needs.
Requirements for Completion of the Degree

Candidates are required to:

- Develop a plan of study with an advisor after matriculating into the program;
- Complete prescribed course work and other requirements within three years of matriculation;
- Maintain a cumulative average of 3.0 or better, with no more than two grades below B-;
- Complete "Dignity for All Students Act" (DASA) Training;

A typical four-semester program for a full-time student would consist of two summer sessions, one fall semester, and one spring semester. There is some flexibility in planning sequences of courses, depending on course availability.

MSEd in Childhood Education 1-6 - Reading/Literacy Education Specialization

Reading/Literacy Education Specialization (13RL)

Aaron Isabelle, Coordinator, (845) 257-2837
isabella@newpaltz.edu

Students enrolled in the Master of Science in Education Childhood Education 1-6 program may choose to specialize in Reading/Literacy. The planned outcome of the Reading/Literacy Education track is the enhanced ability to assist elementary children in developing essential skills in reading, writing, speaking, and listening. The NYS Common Core State Standards in ELA serve as a guide for course development and completion. **This specialization will NOT lead to certification as a Literacy teacher.** Students requiring certification as a Literacy teacher should enroll in either 030A: M.S. Ed. in Literacy Education, B-6, or 030B: M.S. Ed. in Literacy Education, Grades 5-12.

Admission Requirements

Candidates for admission to the program need to:

- Hold a current elementary or childhood teaching certificate from New York State. A copy of this certificate must be submitted as part of the application process. (Note: Students may be accepted into the program "pending" receipt of their teaching certificate if the teaching certificate is being processed by NYSED or if the student is nearing completion of an approved teacher education program.)
- Have earned an undergraduate cumulative grade point average of 3.0 or higher;
- Complete an admission application available from The Graduate School and provide official transcripts of all college/university coursework: [http://www.newpaltz.edu/graduate/forms.html](http://www.newpaltz.edu/graduate/forms.html)
- Submit three letters of recommendation on professional letterhead from professionals addressing the competency of the candidate. At least one letter should come from a professor with whom the candidate has taken undergraduate course work;
- Earn a satisfactory score on the Graduate Record Examination (Note: all applicants who apply after August 20, 2015 will be required to take the GRE; prior to this date, the GRE was optional).

**MSEd in Childhood Education 1-6 - Science, Technology, Engineering and Mathematics Specialization (STEM)**

**STEM Specialization (13ST)**

Aaron Isabelle, Coordinator; (845) 257-2837
isabella@newpaltz.edu

Students enrolled in the Master of Science in Education Childhood Education 1-6 program may choose to specialize in Science, Technology, Engineering and Mathematics (STEM). The planned outcome of the STEM track is the ability to enable children to successfully meet the demands of the highly technological world in which they are growing up and will need to find jobs. This includes nurturing critical thinking skills and problem-solving abilities by thinking/acting as scientists and engineers. The Next Generation Science Standards (NGSS) and the NYS Common Core State Standards (CCSS) in Mathematics serve as a guide for course development and completion. **This specialization will NOT lead to certification as a STEM Education teacher.**

**Admission Requirements**

Candidates for admission to the program need to:

• Hold a current elementary or childhood teaching certificate from New York State. A copy of this certificate must be submitted as part of the application process. (Note: Students may be accepted into the program "pending" receipt of their teaching certificate if the teaching certificate is being processed by NYSED or if the student is nearing completion of an approved teacher education program.)

Literacy Education (Birth-Grade 6 and Grades 5-12)

Kiersten Greene, Coordinator
Email: literacy@hawkmail.newpaltz.edu

The State University of New York at New Paltz offers a graduate program in Literacy Education (grades B-6 or 5-12) for students interested in becoming a literacy specialist. Successful applicants will have initial New York State teaching certification (in one of the areas below) and a baccalaureate degree from an accredited institution.

Additionally, we offer an accelerated program for students seeking a second master’s degree in literacy education. Successful second degree applicants will have earned a master’s degree in a related field within education and be certified in one of the areas below.

Acceptable NYS Teaching Certification Areas:

- Early Childhood (B-2) or Childhood Education 1-6
- Adolescent Education (Grades 7-12) or Adolescence/Middle Grades Education (all subjects)
- Special Education (B-2, 1-6, or 7-12)
- Speech and Hearing Handicapped
- Music Education
- Art Education

NOTE: Three years of teaching experience as a certified literacy teacher is required for professional certification.

Graduate Programs in Literacy Education

- MSEd in Literacy Education B-6 (p. 132)
- MSEd in Literacy Education Grades 5-12 (p. 133)

NOTE: Admission to our dual certification programs in literacy and special education has been temporarily suspended. Students should contact the department for alternative options.

MSEd in Literacy Education 5-12 and Certification in Adolescence Special Education

Admission to this program has been suspended.

MSEd in Literacy Education B-6

Admission Requirements

The following are minimum standards for admission. Meeting the minimum requirements does not guarantee admission to the program. Candidates for admission must:

- Complete an admission application available online at www.newpaltz.edu/graduate
- Provide one official copy of all transcripts of all previous college/university course-work from regionally accredited institutions, with a cumulative undergraduate grade point average (GPA) of 3.0 or higher;
- Provide evidence of initial/provisional or professional/permanent teaching certification in elementary education (B-2, Pre-K-6, Grades 1-6), or Secondary Education (Grades 7-12 or Adolescence/Middle

Grades Education, all subjects), or in Special Education, Speech and Hearing Handicapped, Music Education, or Art Education;
- Provide acceptable GRE scores*
- Request two recent (within two years), appropriate letters of recommendation, including at least two from college/university faculty on professional letterhead supporting the applicant’s potential to undertake graduate study;
- Submit a well-written essay of no more than 500 words describing your educational aspirations, experience working with students in educational settings, and how training in a master’s program in literacy education will help you achieve your personal and professional goals.

* Applicants with a GPA of at least 3.0 may apply and be provisionally accepted pending submission of GRE scores and NYS Teaching Certification. If accepted provisionally, candidates must submit GRE scores by the midpoint of their first semester of graduate study, and must submit evidence of NYS teaching certification by the end of their first semester of graduate study.

Application Deadlines**

November 1 For Spring admission
March 15 For Summer or Fall admission

** Although applications will be reviewed continuously, only those received by February 20th (Summer/Fall) and September 20th (Spring) can be guaranteed desired course scheduling.

Curriculum Requirements (030A)

All courses must be taken under advisement

Total Credits 36
Students who are interested in applying for the Literacy Education 030A, Literacy Education 030B, or the Master’s Literacy Education Program should contact the Literacy Coordinator literacy@hawkmail.newpaltz.edu

While 6 credits of coursework may be taken as a non-matriculated student and transferred into the program, taking classes as a non-matriculated student does not guarantee the transferability of credits into the program, nor does it guarantee admission to the program. After matriculation and with approval of your advisor and the AVP for Graduate & Extended Learning, you may transfer up to six graduate credits. Credits cannot be transferred after the plan of study is approved.

Requirements for Completion of Degree
Candidates are required to:

• Develop a plan of study with an advisor upon matriculation;
• Complete no more than 6 credits of course-work toward the degree prior to matriculation;
• Complete prescribed course-work and other requirements within five years of matriculation;
• Maintain a cumulative average of 3.0 or better. The Literacy Sequential Core courses require a B (84) or better to proceed to the next course in the sequence. If you do not earn a B (84), you can retake one course, one time.

MSEd in Literacy Education Grades 5-12
Admission Requirements
The following are minimum standards for admission. Meeting the minimum requirements does not guarantee admission to the program.
Candidates for admission must:

• Complete an admission application available online at www.newpaltz.edu/graduate
• Provide one official copy of all transcripts of all previous college/university course-work from regionally accredited institutions, with a cumulative undergraduate grade point average (GPA) of 3.0 or higher;
• Provide evidence of initial/provisional or professional/permanent teaching certification in elementary education (B-2, Pre-K-6, Grades 1-6), or Secondary Education (Grades 7-12 or Adolescence/Middle Grades Education, all subjects), or in Special Education, Speech and Hearing Handicapped, Music Education, or Art Education;
• Provide acceptable GRE scores*
• Request two recent (within two years), appropriate letters of recommendation, including at least two from college/university faculty on professional letterhead supporting the applicant’s potential to undertake graduate study;
• Submit a well-written essay of no more than 500 words describing your educational aspirations, experience working with students in educational settings, and how training in a master’s program in literacy education will help you achieve your personal and professional goals.

* Applicants with a GPA of at least 3.0 may apply and be provisionally accepted pending submission of GRE scores and NYS Teaching Certification. If accepted provisionally, candidates must submit GRE scores by the midpoint of their first semester of graduate study, and must submit evidence of NYS teaching certification by the end of their first semester of graduate study.

Application Deadlines**
November 1 For Spring admission
March 15 For Summer or Fall admission

** Although applications will be reviewed continuously, only those received by February 20th (Summer/Fall) and September 20th (Spring) can be guaranteed desired course scheduling.

Curriculum Requirements (030B)
All courses must be taken under advisement.

MSEd in Literacy Education with Certification in Literacy B-6 & Childhood Special Education 1-6

Admission to this program as has been suspended.

MSEd in Second Language Education - TESOL

Second Language Education (TESOL) (065)
Beth Clark-Gareca, Graduate Coordinator, (845) 257-2856
garecab@newpaltz.edu

In response to the regional need for professionals prepared to educate linguistically and culturally diverse students, SUNY New Paltz offers a Master of Science in Education in Second Language Education. This thirty-six credit program leads to certification (initial and professional) in English to Speakers of Other Languages (Pre K-12).

Admission Requirements

• One official transcript of all undergraduate and graduate course work; the baccalaureate transcript should be from a regionally accredited institution with a minimum 3.0 cumulative grade point average in the major, and a 3.0 cumulative GPA overall. Candidates must have completed a baccalaureate degree with a concentration in one of the liberal arts or sciences.

• An admission essay demonstrating experience and/or interest in working with culturally and linguistically diverse students.

• Satisfactory GRE scores.

• Satisfactory completion of twelve semester hours of study of a language other than English. All courses must be conducted in the target language.

• Three letters of recommendation.

• For international students, a minimum score of 90 on the internet-based TOEFL exam.

Total Credits: 36

Program Requirements

• File a “plan of study” during the first semester after matriculation.

• Any deficiencies in the candidate’s previous training shall be removed by early advisement with the Second Language Education program advisor.

• Completion of prescribed course work and other requirements within five years after matriculation.

• Maintain a cumulative grade point average of 3.0 or better with no more than two grades below B-.

• Successful completion of practicum during final semester of study.

Additional State Certification Requirements

In addition to degree requirements, candidates must meet several New York State certification requirements which include:

1. Attending a number of workshops, designed to assist teachers in
   a. preventing violence in the schools (S.A.V.E)
   b. recognizing symptoms of child abuse and neglect,
   c. providing a safe and supportive learning environment through the training for Dignity for All Students Act (DASA), and
   d. by completing the Health & Safety training.

2. Satisfying the New York State Certification Testing requirements, which include:
   a. Content Specialty Test (for initial certification)

3. Completing six semester hours on the undergraduate level in each of the following four content areas: English, mathematics, history, and science.

Special Education

Contact: (845) 257-2831

Master of Science in Education Special Education

Jane Sileo, coordinator, (845) 257-2835, sileoj@newpaltz.edu

The Department of Educational Studies of SUNY New Paltz offers master’s degree in Special Education. Teacher candidates pursue a program of study in Early Childhood Special Education (Birth – Grade
SPE514. Advanced Applied Behavior Analysis. 3 Credits.
Provides an application of the principals and concepts of behavior analysis to social behaviors. Topics include: applied behavior analysis (ABA), identifying and defining target behaviors, measuring behaviors, assessing behaviors, determining functions of behavior, using behavior change systems, selecting intervention strategies, and implementing and managing services.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE515. Ethical Considerations in Applied Behavior Analysis. 3 Credits.
Provides an overview of ethical considerations in the field of behavior analysis. Topics include: history of ethics, qualifications and responsibilities of being a Board Certified Behavior Analyst (BCBA), selection of interventions for clients, and implementation and evaluation of behavior change procedures.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE516. Methods of Instruction. 3 Credits.
Provides behavioral techniques to teach individuals academic, functional living, and communication skills. Topics include instructional objectives, chaining response prompting, incidental teaching, observational learning, preference assessment, naturalistic interventions, and verbal behavior.
Prerequisites:
• SPE 512 with a minimum grade of D- and SPE 513 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE517. Management Procedures for Severe Problem Behaviors. 3 Credits.
Learn how to evaluate severe problem behavior and intervene in order to decrease the occurrence of the problem behavior and teach individuals exhibiting these behaviors more socially appropriate behaviors. You will also consider ethical issues when evaluating interventions that target severe problem behaviors.
Prerequisites:
• SPE 512 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

SPE518. Autism Practicum. 3 Credits.
Provides candidates with the opportunity for hands on experience with assessing behaviors, creating behavior modification programs, and making decisions on current cases with individuals with autism under the supervision of a licensed behavior analyst.
Prerequisites:
• SPE 512 with a minimum grade of D- and SPE 513 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
SPE563. Multiple Intelligences in Inclusive Classrooms . 3 Credits.
Participants will develop understanding and skills in the use of multiple intelligences for planning and collaborating in instructional design, supporting students’ full participation, and working with colleagues and community.
Restrictions:
 • Must have the following level: Graduate

SPE565. Teaching in Inclusive Classrooms . 3 Credits.
Examines a variety of issues and strategies related to educating learners with disabilities in general education classrooms. It also is designed to provide students with an understanding of the nature and needs of exceptional children and youth from culturally and linguistically diverse backgrounds.
Restrictions:
 • Must have the following level: Graduate

SPE571. Teaching Communication Skills to Learners with Disabilities . 3 Credits.
Methods, materials, and procedures for increasing the communication skills of students with disabilities.
Restrictions:
 • Must have the following level: Graduate

SPE572. Tchg. Learners of Culturally/Linguistically Diverse Backgrounds. 3 Credits.
This course examines the academic and social challenges education poses faced by students from culturally and linguistically diverse backgrounds. Methods for implementing culturally relevant instruction and programs for all students will be discussed.
Restrictions:
 • Must have the following level: Graduate

SPE575. Technology in Special Education . 3 Credits.
This course is designed for educators who are interested in learning how to use educational technology with individuals with disabilities. Technology content dealing with ways technology can be employed to teach exceptional students will be discussed as well as other practical applications of educational technology.
Restrictions:
 • Must have the following level: Graduate

SPE593. Special Ed Selected Topic. 3-12 Credits.
Restrictions:
 • Must have the following level: Graduate

SPE594. Fieldwork in Autism Studies. 0 Credits.
Restrictions:
 • Must have the following level: Graduate

SPE595. Indep Study Special Ed. 1-12 Credits.
Restrictions:
 • Must have the following level: Graduate

SPE700. Educating Special Learners . 5 Credits.
This course will examine issues related to the education of learners with special needs, including the philosophical, historical, social, and legal foundations of special education; characteristics of learners with disabilities; employment and independence for learners with disabilities; and professionalism and ethical practices. The course will also offer students field-based experiences working with learners with disabilities in educational programs that address a wide range of academic, social, and transitional needs.
Restrictions:
 • Must have the following level: Graduate
 • Must have the following field(s) of study (major, minor or concentration):
   • Literacy Ed and Adol Spec Ed (029B)
   • Adol Special Ed and Lit Ed (059A)
   • Special Ed:Adolescence Ed. (060G)
   • Adol Special Ed and Lit Ed (059G)
   • Special Ed: Adolescence Ed (060A)
   • Special Ed: Childhood Ed (060C)
   • Special Ed: Early Childhood Ed (060E)
   • Literacy Ed and Child Spec Ed (029A)
   • Child Special Ed and Lit Ed (059C)

SPE701. Educational Assessment of Learners with Disabilities . 5 Credits.
This course explores critical issues in the educational assessment process and focuses on the use of informal and formal assessment strategies to identify and assess learners with disabilities. This course offers students field-based experience in assessing the educational performance of learners with disabilities.
Prerequisites:
 • SPE 700 (may be taken concurrently) with a minimum grade of B-
SPE702. Teaching Math, Science and Technology in Inclusive Classrooms. 3 Credits.
This course examines methods for planning, implementing, and evaluating instructional strategies for students with disabilities, particularly in the areas of math, science, and technology. It emphasizes differentiating instruction based upon learner characteristics, learning environment, curriculum and standards.

Prerequisites:
• SPE 700 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Adolescence Ed. (060G)
  • Special Ed: Early Childhood Ed (060E)
  • Special Ed: Adolescence Ed (060A)
  • Special Ed: Childhood Ed (060C)

SPE703. Research in Special Education. 3 Credits.
Reviews current issues in special education research. Students design and execute a research project addressing their interest.

Prerequisites:
• SPE 700 (may be taken concurrently) with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Literacy Ed and Adol Spec Ed (029B)
  • Adol Special Ed and Lit Ed (059A)
  • Special Ed: Adolescence Ed. (060G)
  • Adol Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060A)
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Early Childhood Ed (060E)
  • Literacy Ed and Child Spec Ed (029A)
  • Child Special Ed and Lit Ed (059C)

SPE706. Working with Learners with Emotional/Behavioral Problems. 3 Credits.
Students with emotional/behavioral problems will be studied through analysis of case studies.

Restrictions:
• Must have the following level: Graduate

SPE711. Educating Learners with Autism Spectrum Disorders. 3 Credits.
Provides an overview of the educational strengths and challenges of students with Autism Spectrum Disorders. Topics include: historical overview, major theories and trends, effective practices, and collaboration strategies.

Restrictions:
• Must have the following level: Graduate

SPE712. Learning Environments for Students with Autism Spectrum Disorders. 3 Credits.
This course will focus on planning and implementing safe, positive, supportive and universally designed learning environments. Teaching pro-social skills, and employing evidence-based best practices for including students with Autism Spectrum Disorders in general education settings will be included.

Restrictions:
• Must have the following level: Graduate

SPE722. Practicum in Special Education. 6 Credits.
This course provides students with the opportunity to teach childhood learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Adolescence Ed (060A)

SPE723. Teaching Students with Learning Disabilities. 3 Credits.
A study of students with learning disabilities including an emphasis on diagnosis and prescription. Different theories of learning disability are examined.

Restrictions:
• Must have the following level: Graduate

SPE728. Seminar in Special Education. 3 Credits.
Explores selected problems in the education of learners with disabilities.

Restrictions:
• Must have the following level: Graduate

SPE731. Literacy and Social Studies Inst. for Childhood Learners with Disabilities. 5 Credits.
This course will examine methods for planning, implementing, and evaluating instructional strategies for students with disabilities on the childhood level, particularly in the areas of literacy and social studies. Emphasis will be placed on methods for differentiating instruction based upon learner characteristics, learning environment, curriculum and technology considerations, and state, and national standards.

Prerequisites:
• SPE 700 (may be taken concurrently) with a minimum grade of B- and SPE 701 (may be taken concurrently) with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Childhood Ed (060C)
  • Special Ed: Early Childhood Ed (060E)
  • Child Special Ed and Lit Ed (059C)
SPE732. Learning Environments for Childhood Learners with Disabilities. 3 Credits.
This course will focus on planning and implementing safe, positive and supportive learning environments. Teaching prosocial skills, and employing best practices for including childhood learners with disabilities in general education settings will be included.
Prerequisites:
• SPE 700 (may be taken concurrently) with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Early Childhood Ed (060E)
  • Special Ed: Childhood Ed (060C)
  • Literacy Ed and Child Spec Ed (029A)
  • Child Special Ed and Lit Ed (059C)

SPE733. Practicum in Childhood Special Education. 6 Credits.
This course provides students with the opportunity to teach childhood learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
• SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Child Special Ed and Lit Ed (059C)
  • Special Ed: Childhood Ed (060C)
  • Literacy Ed and Child Spec Ed (029A)

SPE741. Literacy and Social St. Instr. for Adol. Learners w/Disabilities. 5 Credits.
Examines methods for planning, implementing, and evaluating instructional strategies for students with disabilities on the adolescent level, particularly in the areas of literacy and social studies. It emphasizes differentiating instruction based upon learners, environment, curriculum, and standards.
Prerequisites:
• SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Adolescence Ed. (060G)
  • Adol Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060A)
  • Literacy Ed and Adol Spec Ed (029B)
  • Adol Special Ed and Lit Ed (059A)

SPE742. Learning Environments for Adolescent Learners with Disabilities. 3 Credits.
This course will focus on planning and implementing safe, positive and supportive learning environments. Teaching prosocial skills, and employing best practices for adolescent learners with disabilities in general education settings will be included.
Prerequisites:
• SPE 700 (may be taken concurrently) with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Special Ed: Adolescence Ed. (060G)
  • Adol Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060A)
  • Literacy Ed and Adol Spec Ed (029B)
  • Adol Special Ed and Lit Ed (059A)

SPE743. Practicum in Adolescent Special Education. 6 Credits.
Provides students with the opportunity to teach adolescent learners with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
• SPE 700 with a minimum grade of B- and SPE 742 with a minimum grade of B-
• SPE 701 with a minimum grade of B- and SPE 741 with a minimum grade of B-
• SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Child Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060G)
  • Adol Special Ed and Lit Ed (059G)
  • Special Ed: Adolescence Ed (060A)
  • Literacy Ed and Adol Spec Ed (029B)
  • Adol Special Ed and Lit Ed (059A)

SPE750. Collaboration Strategies for Educators. 3 Credits.
Offers information, theories, resources, and guidelines to help educators enhance their ability to collaborate effectively with families, other professionals, and community members to support the teaching and learning processes.
Restrictions:
• Must have the following level: Graduate

SPE753. Practicum in Early Childhood Special Education. 6 Credits.
Provides teacher candidates with the opportunity to teach young children with disabilities in a school setting under the direction of a cooperating teacher and a university supervisor.
Prerequisites:
• SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-
• SPE 700 with a minimum grade of B- and SPE 701 with a minimum grade of B-
• SPE 731 with a minimum grade of B- and SPE 732 with a minimum grade of B-
SPE761. Working with Families of Students with Disabilities. 3 Credits.
An investigation of various problems confronting parents, siblings, and other members of the family of persons with disabilities. Such issues as schooling, personal-social adjustment, vocational adjustment, and independent living arrangements are addressed.
Restrictions:
- Must have the following level: Graduate

SPE793. Special Ed Selected Topic. 3-12 Credits.
Restrictions:
- Must have the following level: Graduate

SPE794. Field Experience Spec Ed. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Childhood Ed (060C)
  - Special Ed: Adolescence Ed (060A)

SPE795. Indep Study Special Ed. 1-12 Credits.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Childhood Ed (060C)
  - Special Ed: Adolescence Ed (060A)

SPE798. Young Children with Disabilities. 3 Credits.
This course examines current issues, research, and best practices to support successful programming for young children with disabilities (birth to eight years) and their families.
Prerequisites:
- SPE 700 with a minimum grade of D- and SPE 701 with a minimum grade of D-
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Special Ed: Early Childhood Ed (060E)

MSEd in Adolescence Special Education (Grades 7-12) with Certification in Literacy Education (5-12)
Admission to this program as has been suspended.

MSEd in Childhood Special Education (Grades 1-6) with Certification in Literacy Education (B-6)
Admission Requirements
You must submit:

- A completed graduate school application.
- Evidence of initial (provisional) certification.
- One official transcript of all undergraduate and graduate work providing evidence of a baccalaureate degree from an accredited institution with at least a 3.2 cumulative grade point average on a 4.0 scale.
- Satisfactory performance on Graduate Record Exam (GRE).
- A typed statement that describes your educational aspirations, experiences in working with students in educational settings, and how the training in the master’s program in Childhood Special Education 1-6 and Literacy Education B-6 will help you achieve your personal and professional goals. The response should be 300-400 words in length. The special education faculty will examine the writing sample with respect to content, clarity and organization of ideas, grammar, and style.
- Three letters of professional recommendation written on professional letterhead.
All letters must:
- Be dated and current;
- Address how long the writer has known you and in what capacity.
- Two letters should be written by faculty with whom you have taken a college level class. These letters of reference should address your academic performance and your ability to successfully complete a rigorous graduate program in Special Education. We prefer that these letters come from full-time faculty at a college or university.
- One letter should be written by one of the following individuals: a student teaching supervisor, a cooperating teacher, an administrator in a school, or a supervisor in an agency that is related to education. This letter of reference should address your ability to work with children.

Curriculum Requirements
The Childhood Special Education (1-6) and Literacy Education (B-6) program consists of 48 credit hours. You should take these courses in the sequence suggested by your academic adviser.

Program Requirements

- Develop a plan of study with an advisor upon matriculation;
- Complete prescribed course work and other requirements within five years of matriculation;
- Maintain a cumulative average of 3.0 or better, with no more than two grades below B-
- During the Literacy Content Core courses, students will compile a professional portfolio that will be presented at the end of the program.

Additional Requirements

- This program is also field-based. As a result, a significant amount of your teacher preparation program will be conducted in the professional field under supervision with students and cooperating teachers. The required practicum is offered during the spring and fall. Summer practicum is available to those meeting certain criteria. This is important to consider in planning your program since working in the field demands that you have time available to spend in schools, clinics, and classrooms. This may necessitate an adjustment of your daily schedule. You must have a 3.0 average in graduate courses and no more than two courses with a B- in order to enroll in the practicum course, SPE733.
- Deadlines for practicum and practicum application forms are available in the Educational Studies Office, Old Main Building 108.

Graduation Requirements

- A completed plan of study
- Certification Exams
- In order for SUNY New Paltz to recommend a student for certification you must pass the LAST, ATS-W, Multi-Subject Test, and Students with Disabilities Content Specialty Test.

MSEd in Special Education - Adolescence Special Education (Grades 7-12)

Adolescence Special Education (Grades 7-12) (060G)

Barbara Chorzempa, coordinator, (845) 257-2851, chorzemb@newpaltz.edu (sileoj@newpaltz.edu)

The Adolescence Special Education Program consists of at least 36 credit hours and leads to the Students with Disabilities Generalist 7-12 certificate. This NYS certificate requires that candidates have 6 credit hours in each of the following content areas: English, social studies, science, and math. Students who are deficient in any of these credits must fulfill them before graduation from the Adolescence Special Education master's program.

Students who enter the Adolescence Special Education Program with initial certification in a content area will also be recommended for an extension on their Students with Disabilities Generalist 7-12 certification in that content area. Extensions for the following areas are available:

- SWD- Biology (grades 7-12)
- SWD- Chemistry (grades 7-12)
- SWD- Earth Science (grades 7-12)
- SWD- Mathematics (grades 7-12)
- SWD- Physics (grades 7-12)
- SWD- Social Studies (grades 7-12)
- SWD- English Language Arts (grades 7-12)
- SWD- Languages other than English (grades 7-12)

American Sign Language, Cantonese, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Latin, Mandarin, Russian, Spanish

Admission Requirements

You must submit:

- Evidence of NYS initial certification in:
  - Adolescence Education grades 7-12 in one of the following disciplines: Biology, Chemistry, Earth Science, Physics, Social Studies, Mathematics, English Language Arts; or
  - Languages other than English grades 7-12 in one of the following areas: American Sign Language, Cantonese, Chinese, French, German, Greek, Hebrew, Italian, Japanese, Latin, Mandarin, Russian or Spanish.
- One official transcript of all undergraduate and graduate work providing evidence of a baccalaureate degree from an accredited institution with at least a 3.0 cumulative grade point average on a 4.0 scale.
- Satisfactory performance on Graduate Record Exam (GRE).
- Describe your personal and professional experience that led you to apply to the New Paltz Special Education program. How do you see the New Paltz Special Education program helping you advance toward your professional goals? The response should be 300-400 words in length. The special education faculty will examine the writing sample with respect to content, clarity and organization of ideas, grammar, and style.
- Three letters of professional recommendation written on professional letterhead.

All letters must:

- Be dated and current;
- Address how long the writer has known you and in what capacity;
- Two letters should be written by faculty with whom you have taken a college level class. These letters of reference should address your academic performance and your ability to successfully complete a rigorous graduate program in Special Education. We prefer that these letters come from full-time faculty at a college or university.
- One letter should be written by one of the following individuals: a student teaching supervisor, a cooperating teacher, an administrator in a school, or a supervisor in an agency that is related to education. This letter of reference should address your ability to work with adolescents.

Elective Courses (6 Credits)

- Select 3 credits of Electives in Diversity: 3 credits
- Select 3 credits of Electives in Collaboration: 3 credits

Total Credits: 36

Program Requirements

- Complete the prescribed course work and other requirements within five years after matriculation.
- Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B.

Additional Requirements

- NYS certification requires that candidates have 6 credit hours in each of the following content areas: English, social studies, science, and math. Students who are deficient in any of these credits must fulfill them before graduation from the Adolescence Special Education master's program.
- This program is field-based. As a result, a significant amount of your teacher preparation program will be conducted in the professional field under supervision with students and cooperating teachers. The required practicum is offered during the spring and fall. Summer practicum is available to those meeting certain criteria. This is important to consider in planning your program since working in the field demands that you have time available to spend in schools, clinics, and classrooms. This may necessitate an adjustment of your daily schedule. You must have a 3.0 average in graduate courses and no more than two courses with a B- in order to enroll in the practicum course, SPE743.
- Deadlines for practicum application forms are available in the Educational Studies Office, Old Main Building 108.

Graduation Requirements

- Certification Exam
- In order for SUNY New Paltz to recommend a student for certification you must pass the Students with Disabilities Content Specialty Test.

MSEd in Special Education - Childhood Special Education (Grades 1-6)

Childhood Special Education (Grades 1-6) (060C)

Jane Sileo, coordinator, (845) 257-2835, sileoj@newpaltz.edu

Applicants with NYS Initial Certification in Childhood Education 1-6 will complete 36 credit hours of course work. Upon successful completion of the program, teacher candidates are eligible for NYS Education Department initial certification in Childhood Special Education 1-6.

Admission Requirements

You must submit:

- Evidence of initial certification in Childhood Education 1-6.
- One official transcript of all undergraduate and graduate work providing evidence of a baccalaureate degree from an accredited institution with at least a 3.0 cumulative grade point average on a 4.0 scale.
- Satisfactory performance on Graduate Record Exam (GRE).
- Describe your personal and professional experience that led you to apply to the New Paltz Special Education program. How do you see the New Paltz Special Education program helping you advance toward your professional goals? The response should be 300-400 words in length. The special education faculty will examine the writing sample with respect to content, clarity and organization of ideas, grammar, and style.

MPS in Humanistic/Multicultural Education

Humanistic/Multicultural Education
Shannon McManimon, (845) 257-2828, mcmanism@newpaltz.edu

The State University of New York at New Paltz offers a 30-36 credit Master of Professional Studies (MPS) in Humanistic/Multicultural Education, which provides students with understandings and skills to promote social justice, restorative practices and equity in a wider variety of educational settings.

The program integrates intellectual/cognitive and social/emotional learning through an experiential and participatory process. Students increase self-knowledge and develop effective human relations and critical thinking skills. The program offers a self-reflective, process-oriented approach to diversity and issues of social justice. Students learn to work cooperatively with others to foster personal, institutional, and social change and promote more humane, democratic and inclusive classrooms, organizations, and communities.

Participants enrolled in the MPS will have the opportunity to:
- Heighten self-knowledge and personal awareness
- Facilitate large and small group processes
- Develop curriculum and program designs
- Integrate cognitive and social/emotional domains in teaching, learning, program planning and staff development
- Promote cooperative and inclusive groups

- Provide leadership for innovation and change in educational and human service settings
- Implement multicultural, gender-fair practices in their work settings and communities
- Foster personal, institutional and social change to promote diversity and social justice goals

The 30-Credit General Program (070G)

Prospective benefactors of this program of study include those working in community colleges and other educational settings, group homes, child care centers, social justice organizations, cooperative extension services, community-based recreation and education programs, youth agencies, women's and LBGTQ centers, hospitals, and other human service agencies that offer education as well as clinical services. Initially certified teachers in K-12 educational settings with an interest in multicultural/social justice education may apply to the program as well. Initially certified K-12 teachers seeking professional certification should speak with Program Coordinator, Shannon McManimon for more information.

The flexible 30-credit general program allows for the development of an individualized plan of study unique to varying professional goals by providing a wide variety of electives. The program can be tailored for persons working with special client groups providing the opportunity to focus their study in the following areas: Not-for-Profit, Higher Education, and International Community Growth and Change. Internship opportunities are available for interested students.

The 36-Credit Teacher Certification Track (070C)

The Teacher Certification Sequence of the program is available to special subject teachers (family/consumer science, health, music, physical education or technology) who are initially certified to teach in New York and are seeking professional certification. The program of study focuses on providing content and skills necessary for teaching the diverse student population of New York State. This program provides teachers effective instructional practices for actively engaging all students in developmentally appropriate and meaningful learning. Teachers graduate with knowledge and strategies to engage and challenge all students to reach their fullest potential—intellectually, emotionally, and socially.

In particular, the courses in the program address these areas: multicultural/gender fair education, cooperative learning, conflict resolution, group process, active learning, curriculum development, action research and teacher leadership for innovation and change.

Applications will be reviewed two times per year. Deadlines are:

- October 15 for spring semester matriculation
- April 15 for fall semester matriculation

Admission to Program Requirements

- One official copy of all undergraduate and graduate course work; the baccalaureate transcript should be from a regionally accredited institution with a minimum 3.0 cumulative grade point average. The degree should contain appropriate courses in the special subject area of certification.
- Initial or provisional New York State teacher certification IF using this degree to apply for professional teaching certification in Family/Consumer Science, Health, Music, Physical Education or Technology.
- Three letters of recommendation from individuals who have a professional relationship with the prospective student and can address the student’s potential for graduate work.
• A two-page letter describing how you expect the MPS Humanistic/Multicultural Program will help you meet your personal and professional goals. This can be integrated into the statement on the application form.
• An interview with a member of the faculty.

The 30-credit General Program (070G)
This flexible program allows for an individualized plan of study to meet the needs of various professional goals through its variety of electives. It serves:

• K-12 NYS Initially-Certified Teachers interested in multicultural education.
  (Students seeking professional certification should contact Program Coordinator, Shannon McManimon.)
• Human Service Professionals
• Not-For-Profit Professionals
• Higher Education Professionals

For interested students, the program offers the following areas of emphasis: Not-for-Profit, Higher Education, and International Communities/Change.

ADVANCE YOUR TEACHING CAREER

Already have a master’s degree?

Enhance your marketability with one of our Advanced Certificates.

**Advanced Certificate in School Leadership**
The Certificate of Advanced Study program in School Leadership (p. 145) is designed to prepare caring, critical, and reflective professionals to succeed as school leaders. The program leads to professional NYS certification as a School Building Leader and School District Leader and has been updated to better serve working teachers and other education professionals.

**Advanced Certificate in Multicultural Education**
The 15-credit Advanced Certificate in Multicultural Education (p. 146) is designed for teachers and other educational professionals who are interested in enhancing their cultural competencies. This post-master’s certificate program provides educators with the knowledge and skills needed for culturally-responsive teaching and leadership, as well as, approaches for creating socially-just educational settings. *This program does not lead to a NYS teaching certificate.*

**Advanced Certificate in Teaching English to Speakers of Other Languages**
This clinically-rich Advanced Certificate in Teaching English to Speakers of Other Languages (http://catalog.newpaltz.edu/graduate/education/second-language-education/advanced-certificate-tesol/#text) is designed for initially and professionally NYS#certified teachers who have an interest in working with multilingual learners. This convenient program allows teachers to complete fieldwork in their own classrooms, assigns a mentor teacher in their building, offers classes on Saturdays, and leads to NYS certification in teaching English to Speakers of Other Languages (ESOL) all grades.

**Certificate of Advanced Study: School Leadership - Joint School Building Leader**

**Admission Requirements**

- One official copy of all undergraduate and graduate course work; both the baccalaureate and master’s transcripts should be from regionally accredited institutions with a minimum 3.0 cumulative grade point average at the graduate level.
- A valid permanent/professional New York State teaching certificate.
- Three letters of recommendation from practicing school administrators.
- Proof from the school district of at least three years teaching experience prior to graduation.
- A completed graduate application.

Total Credits 60

**Program Requirements**

- File a “plan of study” with your assigned advisor within 90 days after matriculation. Matriculation must be completed prior to completing 6 credits.
- Complete prescribed course work and other requirements within five years of matriculation.
- Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B-.
- Complete an approved Child Abuse Seminar.
- Complete an approved S.A.V.E. Seminar (Those who take EDA775 will have satisfied the state’s requirements.)
- Passing of appropriate State Education Department leadership exam(s).

Upon completion of the CAS program and passing of SED exam(s), the College will recommend the candidate to the State Education Department for certification. The State Education Department grants certificates in September and February for those who apply through New Paltz.

**Internship**

SBL/SDL Intern: Student must complete the three core courses and one additional administrative elective course (under advisement) before applying for the internship.

All students applying for an Internship must submit the Internship Proposal Application to the department by the posted deadline (May 1st for Fall Semester Internship; December 1st for Spring Semester Internship). Prospective intern candidates will be notified by the Intern Coordinator regarding deficiencies or acceptance.
Advanced Graduate Certificate in Multicultural Education

Multicultural Education (071)

Shannon McManimon, (845) 257-2828, mcmanims@newpaltz.edu

The Office of Graduate & Extended Learning offers a post-master’s advanced certificate program in Multicultural Education. This 15-credit program is designed for childhood, adolescence and special subject teachers, as well as school guidance counselors and administrators who are interested in enhancing their cultural competencies in multicultural education.

Designed for professionals who already have their master’s degree, this certificate program enables educators to understand the ways in which race, gender, class, language, sexual orientation, religion, and physical/learning ability influence them as professionals, their students, and the educational process. In addition, it provides educators with the knowledge and skills needed for culturally-responsive teaching and leadership, and approaches for creating socially-just educational settings.

Admission Requirements

Applicants must submit:

- Evidence of interest in multicultural/social justice education.
- An official copy of all graduate transcripts indicating evidence of a master’s degree in education from an accredited institution with at least a 3.0 cumulative grade point average.
- Contact information for two school district officials, administrators, or colleagues who have agreed to provide a letter of recommendation.
- A 2-3 page personal essay describing your current educational initiatives in multicultural/diversity education and/or your goals for future endeavors for fostering greater appreciation of diversity in your classroom and school.

Online applications must be completed by:

November 1st         Spring admission
April 1st            Fall admission

Upon receipt of a completed application, the applicant will be contacted to schedule an interview with Dr. Nancy Schniedewind or Dr. Shannon McManimon to complete the application process.

Note: Graduate courses taken prior to admission to the Certificate Program cannot be applied to students’ plans of study for this program. All graduate courses will be taken at SUNY New Paltz.

Program Requirements

Students complete 15 graduate credits of course work which include a 3-credit introductory course, 9 credits of electives, and a 3-credit capstone course, and must achieve a 3.0 cumulative grade point average. At the completion of the program, a Certificate in Multicultural Education will be granted by the State University of New York at New Paltz.

Note: Graduate courses taken prior to admission to the Certificate Program cannot be applied to students’ plans of study for this program. All graduate courses will be taken at SUNY New Paltz.
## BROADEN YOUR OPPORTUNITIES

### Three Ways To Engage With English

**MA English**

**Work with Dedicated Faculty**

Students in our MA English program (p. 147) value the close mentorship they receive from our faculty, the camaraderie of the graduate student community, and the passionate discussion and thought they find in intimate graduate seminars—all of our courses enroll 15 or fewer students.

**MA English/MAT English Education**

**Broaden Your Teaching Career**

This dual master's degree program (p. 148) prepares students with a pedagogical foundation in adolescence education while also offering a thorough grounding in literary history and theory in preparation for careers in secondary or community college teaching, and other professional opportunities. **Students must already be enrolled in MA English or MAT Adolescence Education programs before applying to the MA/MAT program.**

**BA/MA English**

**Join a Select Cohort**

A community of BA/MA English (p. 148) students who are passionate about learning, prepared for an advanced curriculum and seeking to work alongside peers who are similarly engaged. Students must maintain a 3.5 GPA in undergraduate English courses to qualify.

### MA in English

A Master of Arts (MA) degree in English can be a passport to any number of careers where employers value communication and research skills, proficiency with digital technologies, and the ability to think critically to solve complex programs. Our MA English alumni work in publishing, journalism, education, marketing, law and politics, among other fields.

### Admission Requirements

- One official copy of a baccalaureate transcript from a regionally accredited institution with at least 36 credits in English, exclusive of freshman composition. (Applicants who present fewer than 36 undergraduate credits in English may remedy this deficiency by taking additional courses as recommended by the English graduate committee.)
- A 3.0 overall cumulative undergraduate grade point average. (Applicants whose undergraduate grade point average in English is less than 3.0 may be admitted on the basis of GRE scores.)
- A sample of the applicant’s critical writing, either one or two essays totaling about 10 pages in length.
- Three letters of recommendation
- International applicants must provide an internet-based TOEFL score of at least 85. GREs are recommended.

### Curriculum Requirements

All course selection is done in consultation with a faculty advisor.

**Select three courses of Literature Before 1800**

**Select three courses of Literature After 1800**

**Literary Criticism and Theory**

**Select three electives - to be chosen in consultation with your Advisor.**

**Culminating Experience**

- If pre-1800 texts are the majority.
- The Comprehensive Exam may also be fulfilled by a “culminating experience” as approved by the Director of Graduate Studies.

**NOTE:** The Thesis in English (ENG590) is an optional course which may be used to fulfill pre-1800, post-1800 or elective categories.
To Apply, students must:

1. Select the term when they plan to begin their second graduate degree program. For example, if students plan to graduate in May 2019, then they should select Fall 2019 as their entry term for the second degree.

2. Select the MA/MAT concentration code of their second graduate degree program

For admission information contact:
Graduate & Extended Learning at gradstudies@newpaltz.edu

To Apply, students must:

3. Upload an application essay explicating their reasons for seeking the additional degree.

4. Upload an internal transcript of graduate level coursework completed thus far at New Paltz.

5. Upload GRE score report if applicable (This requirement is waived for applicants with 3.5 GPA from their initial master’s.)

6. Request one additional letter of recommendation.

For a complete listing of graduate-level English courses, please visit: https://catalog.newpaltz.edu/graduate/course-descriptions/eng/

No more than six credits may be transferred from another institution. No more than six credits taken before admission to the MA program may be credited to the degree.

Assistantships

Teaching Assistantships are available for students in the MA program. The Assistantship pays a stipend plus tuition for two graduate English courses per semester; recipients of the Assistantship teach one section of Composition and enroll in two graduate English courses per semester. Teaching Assistants are supported through a maximum of 33 credits. Modern Theories of Writing, ENG515, is required and is usually taken in the first semester of the Assistantship. Applications are made through the English Department office.

A limited number of other stipendiary positions are sometimes available within the English Department and elsewhere on campus. Check regularly with the English Department to learn of these opportunities.

Program Requirements

- Complete prescribed course work within seven years after matriculation.
- Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B-
- Satisfactory performance on the English Department’s comprehensive examination or approved culminating experience.

MA/MAT in English

Our joint MA/MAT program is designed for students who wish to have the benefits of additional graduate study in English through the MA program and who wish to earn a New York State teaching credential (grades 7-12, English) through the MAT program.

The program is open to graduate students matriculated in the MA English or the MAT Adolescence Education: English program in good academic standing with a minimum 3.0 GPA without any grades of F (fail) or I (incomplete). Students are able to share 9 credits of English between the two degree programs and save more than $4000 in tuition.

For program information contact:
Dr. Cyrus Mulready, Graduate Program Director, Department of English
Dr. Mary Sawyer, Associate Professor, Department of Teaching & Learning

For admission information contact:
Graduate & Extended Learning at gradstudies@newpaltz.edu

BA + MA in English

The Five-Year Master Plan is a pathway to earning two powerful credentials, a Bachelor of Arts (BA) degree and a Master of Arts (MA) degree, in just five years. The BA/MA program in English is designed to provide a clear path for New Paltz students majoring in English Liberal Arts or Creative Writing to complete the MA degree in one year. Students in this program begin taking graduate courses during the senior year earning ten credits of graduate course work by the time they complete their BA degree. They are then able to complete the MA degree requirements by enrolling in ten credits during the subsequent fall and spring terms.

How does it work?

QUALIFY for early admission as junior majoring in English or Creative Writing by earning a 3.5 GPA in English courses and completing ENG 300 Seminar in Critical Practices.

APPLY online to the BA/MA program in English (major 204M) during the junior year via the Graduate Studies section of my.newpaltz.edu.

UPLOAD a personal statement explaining interest in the 4+1 program, a writing sample of no longer than 10 pages, contact information for two references (one of which must be from the English Department), and an unofficial transcript.

GET AHEAD by completing ten credits of graduate course work during the senior year and enjoy a tuition savings of $175/credit.

COMPLETE the MA degree program requirements in just one year.

Admission Requirements

During the junior year, students should meet with Professor Mulready to prepare for their graduate application:

Application Procedures

- Log into my.newpaltz.edu and select “Apply Now!” under the “Graduate Studies” section.
- Select the term when you would like to begin your graduate coursework and major code (204M).
NOTE: this program only admits for the fall term.
• Select "4+1 BA/MA English Program" as the intended curriculum.

Upload Checklist Items
To expedite a faculty review of an application, students may upload the following items:
• Personal statement explaining your interest in the 4+1 program in English
• Writing sample of no more than 10 pages in length
• Contact information for two references (one of which must be from the English Department)
• Student copies of transcripts* from every college/university attended
• Full admission REQUIRES the submission of official transcripts and test scores.

Check Your Application Status
• Check your application status via my.newpaltz.edu by selecting “View Application” under the “Graduate Studies” section.

Upon admission to the BA/MA program in English, the student’s undergraduate major code will be updated to 522M to reflect admission to the BA/MA Program in English. And, a new progress report will become available via my.newpaltz.edu reflecting 10 credits of graduate courses from the MA English plan below.

http://www.newpaltz.edu/psychology/counseling-graduate/mental_admission.html

The 60-credit Master of Science in Clinical Mental Health Counseling serves both students looking to become licensed as mental health counselors and those seeking to eventually proceed into doctoral programs. The curriculum covers mental health counseling practice and research, in addition to necessary coursework in human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program development, and professional orientation. Practicum and internship experiences provide unique, varied, and intense hands-on mental health counseling training experiences under supervision of licensed professionals.

The degree is registered with the New York State Education Department (NYSED) (http://www.nysed.gov/) as meeting the educational requirements for mental health counseling licensure in New York (http://www.op.nysed.gov/prof/mhp/mhclic.htm).

The M.S. in mental health counseling degree can be completed full-time in two years, including summer classes:

Admission to Program Requirements

The Counseling Graduate Programs’ Admissions Committee reviews applications. Please prepare the following items for inclusion in the online application process:

- Baccalaureate degree from an accredited institution
- Minimum grade point average of 3.0 for all undergraduate work or strong evidence of recent academic achievement.
- Successful completion of 9 undergraduate credits in the social sciences, including courses in inferential statistics and research methods.
- Satisfactory scores on the Graduate Record Examination (General test), preferably a combined verbal and quantitative score of 300.
- One official copy of transcripts of all undergraduate and graduate work.
- Statement of professional goals.
- Contact information for three individuals who have agreed to provide letters of recommendation.
- International students must meet these additional requirements for admission: http://www.newpaltz.edu/graduate/students/international/
- Please send OFFICIAL transcripts and GRE score reports to:

The Office of Graduate & Extended Learning, OM 127
SUNY New Paltz
800 Hawk Drive
New Paltz, New York 12561-2442

Application Deadline

The M.S. in Clinical Mental Health Counseling degree only admits students for the fall semester. Application review begins February 1 and continues until the class is filled.

This program leads to NYS licensure as a mental health counselor and can be completed full-time in two years, including summer classes:

Total Credits 60

Academic Good Standing, Transfer Credits, and Degree Deadline

- Students must maintain an average grade of B in graduate-level courses.
- The Counselor Education Graduate Program may accept up to nine credits of graduate work taken elsewhere in which a grade of B or better was earned.
- All degree requirements must be completed within five years after admission to degree candidacy.

Assistantships

Teaching assistantships are available to selected students each year. Current stipends are $5,000 per year plus a six-credit tuition scholarship per semester. Assistantship duties involve assisting in faculty teaching. Inquiries should be addressed to the Director of the Counselor Education Graduate Program. Other financial support is available to selected students each year in positions such as:

- Assistant in the Office of Psychology and Counseling Graduate Programs,
- Academic Advisor to undergraduate psychology students,
- Graduate Intern at the Career Advising and Development Center, and
- Technical Assistant at the Disability Resource Center.

For further information, contact the Office for Psychology and Counselor Education Graduate Programs.
MS in School Counseling

Overview (295)

Contact: (845) 257-3467 or (845) 257-3470

http://www.newpaltz.edu/psychology/counseling-graduate-program/mental_degree.html

The 60-credit Master of Science in School Counseling prepares students for certification as school counselors. The degree includes a core curriculum and specialization courses. The curriculum covers school counseling practice and research, in addition to necessary coursework in human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program development, and professional orientation. Practicum and internship experiences provide unique, varied, and intense hands-on school counseling training experiences that meet state certification requirements.

The degree satisfies New York State educational requirements for both provisional/permanent and initial/professional certification in school counseling, with SUNY New Paltz recommending graduates for certification. Detailed information on the certification of school counselors in New York is available from the State Education Department (SED) at http://www.highered.nysed.gov/tcert (http://www.highered.nysed.gov/cert/).

The degree can be completed full-time in two years (p. 152), including summer classes. Students may attend part-time (p. 152), but all degree requirements must be completed within five years after admission to degree candidacy.

Admission to Program Requirements

The Counseling Graduate Programs’ Admissions Committee reviews applications. Please prepare the following items for inclusion in the online application process:

- Baccalaureate degree from an accredited institution
- Minimum grade point average of 3.0 for all undergraduate work or strong evidence of recent academic achievement.
- Successful completion of 9 undergraduate credits in the social sciences, including courses in inferential statistics and research methods.
- Satisfactory scores on the Graduate Record Examination (General test), preferably a combined verbal and quantitative score of 300.
- One official copy of transcripts of all undergraduate and graduate work.
- Statement of professional goals.
- Contact information for three individuals who have agreed to provide letters of recommendation.
- International students must meet these additional requirements for admission: http://www.newpaltz.edu/graduate/students/international/
- Please send OFFICIAL transcripts and GRE score reports to:

- All degree requirements must be completed within five years after admission to degree candidacy.

### Assistantships

Teaching assistantships are available to selected students each year. Current stipends are $5,000 per year plus a six-credit tuition scholarship per semester. Assistantship duties involve assisting in faculty teaching. Inquiries should be addressed to the Director of the Counseling Graduate Program. Other financial support is available to selected students each year in positions such as: Assistant in the Office of Psychology and Counseling Graduate Programs, Academic Advisor to undergraduate psychology students, Graduate Intern at the Career Advising and Development Center, and Technical Assistant at the Disability Resource Center. For further information, contact the Office for Psychology and Counseling Graduate Programs.

### Advanced Certificate in Mental Health Counseling

(291)
(845) 257-3467 or (845) 257-3470
https://www.newpaltz.edu/psychology/counseling-graduate/

**Program Coordinator: Dr. Melanie Hill**

The 24-credit advanced certificate in mental health counseling is a bridge program that addresses the needs of two distinct cohorts, both requiring supplemental coursework and training to qualify for licensure as mental health counselors in New York State. Students with 36- or 48-credit degrees in mental health counseling will accrue the additional credits needed to meet the 60-credit education requirement for licensure, while those with 36-60-credit degrees in other areas of counseling (or a closely related helping-professions discipline) will acquire the specialized courses and fieldwork necessary to retrain as mental health counselors. All students complete the 9-credit practicum/internship sequence (COU530, COU771, COU772), which includes more than 600 hours of supervised mental health counseling experience, plus 15 additional credits based on review of their prior graduate transcripts and identification of specific courses needed to fulfill licensure requirements. Admission to the program is in the fall (deadline February 1st) and in the spring (October 15th).

Consistent with the mission of the State University of New York at New Paltz, the advanced certificate program provides students with a challenging, student-centered, and personalized learning environment that enables them to gain the knowledge, skills, and confidence to contribute productively to their profession and communities. For those professionals interested in "retooling" within the broad field of counseling, the advanced certificate program facilitates mid-career changes in specialization to meet professional goals and local and regional needs.

Graduates of the SUNY New Paltz M.S. in School Counseling degree require only 18 credits to complete this advanced certificate.
Admission Requirements

Please prepare the following items for inclusion in the online application process:

- Evidence of a Master’s degree in counseling or closely related mental health field from a regionally accredited institution with a minimum grade point average of 3.0 for all graduate work including a grade of "B" in at least five (5) of the prerequisite courses below:
  - Counseling Theories
  - Counseling Skills
  - Career Development, Counseling & Assessment
  - Multicultural Counseling
  - Psychopathology
  - Group Dynamics & Counseling
  - Couple & Family Counseling
  - Assessment
  - Human Growth & Development
- One official copy of transcripts of all undergraduate and graduate work.
- An admission essay which demonstrates how their academic, professional, and personal experiences make them strong candidates for re-specializing in mental health counseling.
- Contact information for three individuals who have agreed to provide letters of recommendation.
- International students must meet these additional requirements for admission: http://www.newpaltz.edu/graduate/students/international/
- Please send OFFICIAL transcripts to:
  The Office of Graduate & Extended Learning, OM 127
  SUNY New Paltz
  800 Hawk Drive
  New Paltz, New York 12561-2442

Application Deadline

Application review begins October 15 for Spring Admission and February 1 for Fall Admission and continues until the class is filled.

Applicants evaluated as having satisfactorily met the above requirements may be asked to interview as part of the admissions process.

1 SUNY New Paltz MS School Counseling alumni only need to complete three courses (9-credits).

Advanced Certificate in Trauma and Disaster Mental Health
(292) (Online Program)

Contact: (845) 257-2333

http://www.newpaltz.edu/idmh/grad.html

Program Coordinator: Dr. Karla Vermeulen

The Advanced Certificate in Trauma and Disaster Mental Health consists of 15 credits: three required core courses (Disaster Mental Health; Evidence-Based Assessment and Treatment for Trauma; and Assessment and Interventions with Children, Adolescents, and Families), plus two electives to allow students to focus on populations of interest. All courses are entirely online with the exception of COU565, Disaster Mental Health, which involves one weekend on the New Paltz campus during the summer. The certificate can be completed within one year, or extended to accommodate the student’s schedule.

The program is intended for two groups:

- Professionals who have already earned a Master of Arts, Master of Science, or higher degree in counseling, social work, or a related field
- Students who are currently enrolled in master’s- or doctoral-level counseling or social work program and who have already completed their first year of coursework or who can demonstrate completion of a graduate-level counseling theories and skills course

Matriculated students enrolled in the SUNY New Paltz M.S. in Clinical Mental Health Counseling and School Counseling programs may take up to three courses towards the Advanced Certificate in Trauma and Disaster Mental Health while enrolled, with those credits counting towards M.S. requirements. Following completion of their M.S., they may apply for the certificate program and take the remaining two courses to complete the Advanced Certificate.

Courses are taught by a combination of SUNY New Paltz faculty members who are affiliated with the Institute for Disaster Mental Health and by adjunct instructors with expertise in treating trauma in specific populations.

Admission Requirements

Minimum admission requirements are as follows:

1. One official copy of transcripts of all undergraduate and graduate course work.
The State University of New York at New Paltz

2. Minimum cumulative grade point average of 3.0 for all undergraduate and graduate coursework.
3. Successful completion of a graduate-level counseling theories and skills course.
4. Completed online application.
5. Statement of professional goals.
6. Resume or CV (only required for applicants who have already earned an MA, MS or higher degree)

1. Hybrid, delivered during the summer. Seven weeks online plus one weekend on the New Paltz campus.
2. Online, delivered every Spring semester.
3. Online, delivered every Summer.
4. Online, delivered alternate Spring semesters.
5. Online, delivered every Fall semester.

**Communication Disorders**

Contact: (845) 257-3620

**Master of Science in Communication Disorders (090S 090I)**

The Master of Science in Communication Disorders at SUNY New Paltz is registered as licensure-qualifying in New York State and is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association (ASHA), 2200 Research Boulevard #310, Rockville, Maryland 20850, 800-498-2071 or 301-296-5700. The program offers the following concentrations:

The program prepares students who have strong undergraduate backgrounds in Communication Disorders for a wide range of career opportunities and for doctoral study. There are two concentrations:

- # Speech and Language Disabilities (64 credits) 090I
- # Speech Language Pathology (61 credits) 090S

Both concentrations lead to eligibility for state licensure and ASHA certification in speech-language pathology. The concentration in Speech and Language Disabilities (090I) leads to a New York State teaching certificate as a Teacher of Students with Speech and Language Disabilities (initial TSSLD).

**Graduate Programs in Communication Disorders**

- MS in Communication Disorders - Speech and Language Disabilities Concentration (p. 159)
- MS in Communication Disorders - Speech-Language Pathology Concentration (p. 161)

**CMD500. Orientation Practicum. 1 Credit.**

Students will participate in an introductory graduate clinic. Graduate Clinicians will develop essential clinical practice skills. This course will provide students with scope of practice, prevention in SLP, implications of assessment, developing and modifying therapy plans (clinical decision-making), implementing therapy, data collection skills and clinical recommendations. Summer Session.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

**CMD501. Clinical Methods in Speech-Language Pathology 1. 2 Credits.**

Therapeutic procedures in the management of disorders of oral communication. First-level direct clinical experience working with clients in individual therapy programs at the New Paltz Speech-Language and Hearing Center. Planning of long- and short-term goals, development of lesson plans, selection of appropriate materials and clinical procedures, use of clinical instrumentation, ongoing diagnosis, and accurate written reporting of these experiences.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

**CMD502. Clinical Methods in Speech Language Pathology 2. 2 Credits.**

Therapeutic procedures in the management of communication disorders. Participation in the planning and procedures for SLP therapy including the evaluation of therapeutic progress.

Prerequisites:
- CMD 501 with a minimum grade of C-

Restrictions:
- Must have the following level: Graduate

**CMD503. Practicum in Speech Language Pathology: On-Campus Summer. 2 Credits.**

On-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD504. Phonological Disorders . 3 Credits.
Analysis of theories of speech sound acquisition and development over the lifespan, phonological processes and their impact on other language processes, and techniques for assessment and remediation of phonological disorders; phonetic transcription on linguistically different & disordered speech.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Speech and Lang Pathology (090S)
  • Communication Disorders Cert (790)
  • Speech and Lang Disabilities (090I)

CMD505. Child Language Disorders . 3 Credits.
An investigation of language pathologies, etiologies, assessment procedures and therapies for children.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD507. Seminar in Motor Speech Disorders . 3 Credits.
Etiology, diagnosis and clinical management of motor speech disorders.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD508. Neurophysiology of Speech and Language . 3 Credits.
Advanced study of the neuroanatomical structures and the neurological integrations necessary for speech, language and swallowing.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD509. Advanced Speech Science . 3 Credits.
Advanced overview of the relationships among speech production, the acoustic properties of the speech signal, and speech perception. Main topics include a review of anatomy and physiology of speech production, acoustic characteristics of vowels and consonants, acoustic cues for speech perception, and models of speech perception.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Communication Disorders Cert (790)
  • Communication Disorders (090)

CMD510. Professional Issues in Communication Disorders. 2 Credits.
Consideration of professional, ethical, and legal issues; structure of programs providing speech and language services in public schools and other settings; strategies for life-long learning and continuing professional development.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Communication Disorders Cert (790)
  • Communication Disorders (090)

CMD511. Aural Rehabilitation of Children and Adults . 3 Credits.
Social, emotional, and communicative impact of hearing impairment; (re)habilitation strategies for children including amplification, cochlear implants, auditory training, assistive technology and educational placement; rehabilitation strategies for adults including speech reading, auditory training and assistive technology; distance learning format.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Communication Disorders Cert (790)
  • Communication Disorders (090)

CMD512. Fluency Disorders. 3 Credits.
Modern theories, research findings and treatment methods related to the study of the nature, etiology and treatment of stuttering and other fluency disorders.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD513. Practicum in Speech Language Pathology: On-Campus. 1 Credit.
On-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD514. Practicum in Speech Language Pathology: Off-Campus Fall. 3 Credits.
Off-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD515. Practicum in Speech Language Pathology: Off-Campus Spring. 3 Credits.
Off-Campus Practicum Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD516. Adult Language Disorders. 3 Credits.
Nature and significance of language deficits and communicative disorders associated with aphasia, closed head injury, and dementia. Theoretical concepts and evaluative and therapeutic techniques are examined. Recent research findings analyzed.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD519. Swallowing Disorders . 4 Credits.
An introduction to the clinical and professional practice aspects of swallowing disorders, dysphagia, from the speech-language pathologist’s perspective.
Prerequisites:
- CMD 508 with a minimum grade of C-

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD520. Augmentative Communication Systems . 3 Credits.
Theory and practice of augmentative communication systems. Examines basic decision-making issues in the areas of assessment, device selection and intervention strategies for those unable to use speech as a primary mode of communication.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Communication Disorders Cert (790)
  - Communication Disorders (090)

CMD521. Early Intervention for Speech-Language Pathologists . 3 Credits.
A practical approach to early intervention and preschool special education as it relates to the speech-language pathologist: overview of federal and state regulations and their implementation; review of birth-five development across domains; multidisciplinary evaluations and treatment; documentation and record-keeping, service coordination; service provision in home, center, and inclusionary settings, and effective networking strategies.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Communication Disorders Cert (790)
  - Communication Disorders (090)

CMD522. Voice Disorders. 2 Credits.
Recent developments, research findings, and treatment methods related to the etiology and therapy of voice disorders.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD523. Language and Literacy Development . 3 Credits.
Explores the nature of language and literacy development and provides an introduction to modern theories, recent developments, research findings, and treatment methods related to language and literacy.
Restrictions:
- Must have the following level: Graduate

CMD524. Applied Language Sciences. 1 Credit.
Formal aspects of syntax and morphology as appropriate to the assessment and treatment of breakdowns in typical language production and comprehension. Syntactic terms used by language interventionists are reviewed and applied through practice exercises. Topics are addressed within the framework of Brown’s stages of developmental expectations.
Restrictions:
- Must have the following level: Graduate

CMD525. Advanced Diagnosis of Speech and Language Disorders . 3 Credits.
Theoretical and practical application of the scientific method to the diagnosis of speech, language, and voice disorders in individuals.
Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)
CMD526. Diagnostic Practicum in SLP. 1 Credit.
Guided clinical practice in diagnostic procedures in speech and language in an on-campus clinical setting, toward meeting requirements for ASHA certification. May be repeated for credit up to 2 times.

Prerequisites:
• CMD 525 (may be taken concurrently) with a minimum grade of C-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD527. Practicum in Speech Language Pathology: Specialty Clinic. 1 Credit.
Speciality Clinic Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD528. Practicum in Speech Language Pathology: Off-Campus Screenings. 1 Credit.
Off-Campus Screenings Procedures used in the examination, diagnosis, and treatment of communication disorders are studied and applied under supervision. Each student will plan and carry out a program of treatment for persons with communication disorders. Students analyze their clinical performance, set goals for improvement, and evaluate their progress. May be repeated for credit.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD529. Communication and Communication Disorders in Autism Spectrum Disorders. 3 Credits.
Designed to explore the nature of communication and communication disorders in autism spectrum disorders, emphasizing issues related to characteristics, diagnosis, etiology, and intervention of communication disorders across the lifespan.

Restrictions:
• Must have the following level: Graduate

CMD530. Practicum in Speech-Language Pathology in the Schools. 3 Credits.
Guided clinical practice in the therapeutic procedures for the prevention, assessment and management of communication disorders in an educational setting. Sufficient to meet requirements for initial New York State certification as Teachers of Students with Speech and Language Disabilities (TSSLD).

Prerequisites:
• CMD 501 and CMD 503 and CMD 506 and CMD 525 with a minimum grade of C- and CMD 526

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD532. Clinical Instrumentation Laboratory. 1 Credit.
Principals of assessment of speech and voice, including physiologic, acoustic, and perceptual measures. Students will acquire practical experience in performing voice assessments and in interpreting and reporting the results.

Prerequisites:
• CMD 509 with a minimum grade of C-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD550. Research Methods and Evidence Based Practice 1. 2 Credits.
The first of two research courses that introduce the research process, research techniques and research sources. Dual goals of the course are the enable students to write effective research proposals for questions they desire to answer and to understand and critically evaluate research reports they read.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD553. Research Practicum. 1 Credit.
A mentored forum for students to refine their own research interests while participating in clinical and non-clinical research specific to Communication Disorders. May be repeated for credit up to three times.
CMD570. Diagnostic Audiology Practicum for the SLP. 1 Credit.
Students will be introduced to diagnostic audiological environment and develop skills commensurate with Scope of Practice for Speech language Pathologist (ASHA Legislative Council on September 2, 2007, LC 09-07). Student will engage with patient in audiological evaluation techniques with specific focus on aural rehabilitation. Basic evaluation interpretation in a strictly supervised setting.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD593. Communication Disorders Selected Topic. 1-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

CMD594. Fieldwork In Communication Disorders. 1 Credit.
Restrictions:
• Must have the following level: Graduate

CMD595. Indep Study Communication Disorders. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

CMD599. Comprehensive Exam Workshop. 0 Credits.
Non-credit workshop for students who wish to devote the semester immediately following the completion of their coursework to prepare for the comprehensive exam.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Communication Disorders (090)

CMD799. Continued Registration. 1 Credit.

MS in Communication Disorders - Speech and Language Disabilities Concentration

Admission Requirements
• A baccalaureate degree from an accredited institution
• A minimum cumulative undergraduate grade point average (GPA) of 3.0 (4.0 scale)
• A college-level course in statistics with a minimum grade of 2.0 (4.0 scale)
• At least nine courses in communication disorders at the undergraduate level. Courses must be determined to be equivalent to the New Paltz minimum specified courses listed below, and must have been completed in the last 10 years. These courses may be in progress at the time of application but must be completed prior to entry into the program.
• Official results of the GRE general test with satisfactory test scores
• One copy of ALL official transcripts (including transfer schools)
• A non-refundable application fee of $60
• Three letters of recommendation from persons familiar with your recent professional/academic activity and qualifications. At least two must be from academic faculty
• A typed, 400-500 word graduate admissions essay
• An interview and proctored writing sample may be required

1 Must include 25 observation hours
2 Minimum of two courses

Additional Courses
In addition, students applying for the Speech Language Disabilities Program (090) must complete the following three courses, or their equivalents. These courses should be taken in advance but may be completed during graduate study.

• A course in the Foundations of Education, e.g., equivalent to EDS340 Sociological and Philosophical Foundations of Education (3 credits)
• A course in child or adolescent development, e.g., equivalent to EDS371 Child Psychology and Development (3 credits)
• A course in special education inclusion, e.g., equivalent to SPE350 Creating Inclusive Elementary School Classrooms or SPE385 Differentiating Instruction in the Secondary School (3 credits).
Alternatively, students may take SPE565 Teaching in Inclusive Classrooms (3 credits) after starting the graduate program

Other required courses for ASHA certification that should be taken in advance but may be completed during graduate study are listed below. A minimum grade of C (2.0) is required in each course.
• A college-level biological science course, preferably human or animal (3 credits)

• A college-level physics or chemistry course relevant to the field of Communication Disorders (3 credits)

• Two college-level social science courses (total of 6 credits)

• Manual communication proficiency is required for ASHA certification, and although there are a variety of ways to fulfill this requirement, we recommend a course or certificate in manual communication (such as American Sign Language)

Refer to the ASHA.org website for examples of courses that fulfill these requirements: ASHA Certification Courses

**Application Deadlines**

Applications Open - August 1
Applications Close - February 1

**M.S. in Communication Disorders - Speech and Language Disabilities Concentration 0901**

The Speech-Language Disabilities concentration comprises 64 credits and is recommended for students who wish to earn TSSLD certification and do not already have the NYS initial teaching certificate. This concentration leads to New York State teacher certification as a Teacher of Students with Speech and Language Disabilities (TSSLD), New York State licensure, and ASHA certification.

**Program Requirements**

Students must:

- File a “plan of study” during the first semester after matriculation
- Complete prescribed course work within four years after matriculation
- Maintain a cumulative average of 3.0 or higher, with no more than two grades below B-
- Successfully complete a comprehensive examination with written and oral components
• Demonstrate clinical competence by successfully completing the prescribed number of clinical contact hours. These will be between 325 and 375 clock hours depending on previous clinical experience.

**MS in Communication Disorders - Speech-Language Pathology Concentration**

**Admission Requirements**

- A baccalaureate degree from an accredited institution
- A minimum cumulative undergraduate grade point average (GPA) of 3.0 (4.0 scale)
- A college-level course in statistics with a minimum grade of 2.0 (4.0 scale)
- At least nine courses in communication disorders at the undergraduate level. Courses must be determined to be equivalent to the New Paltz minimum specified courses listed below, and must have been completed in the last 10 years. These courses may be in progress at the time of application but must be completed prior to entry into the program.
- Official results of the GRE general test with satisfactory test scores
- One copy of ALL official transcripts (including transfer schools)
- A non-refundable application fee of $60
- Three letters of recommendation from persons familiar with your recent professional/academic activity and qualifications. At least two must be from academic faculty
- A typed, 400-500 word graduate admissions essay
- A completed Prerequisites Form
- An interview and proctored writing sample may be required

**Code** | **Title** | **Credits**
--- | --- | ---
**Specified Courses (27 Credits)**
Anatomy and Physiology of Speech and Hearing | 3
Audiology | 3
Aural Rehabilitation | 3
Hearing and/or Speech Science | 3
Language Development in Children | 3
Diagnostic and/or Clinical Methods | 3
Phonetics | 3
Speech and/or Language Disorders | 6
Total Credits | 27

1 Must include 25 observation hours
2 Minimum of two courses

**Additional Courses**

In addition, students applying for the Speech Language Disabilities Program (090I) must complete the following three courses, or their equivalents. These courses should be taken in advance but may be completed during graduate study:

- A course in the Foundations of Education, e.g., equivalent to EDS340 Sociological and Philosophical Foundations of Education (3 credits)
- A course in child or adolescent development, e.g., equivalent to EDS371 Child Psychology and Development (3 credits)
- A course in special education inclusion, e.g., equivalent to SPE350 Creating Inclusive Elementary School Classrooms or SPE385 Differentiating Instruction in the Secondary School (3 credits). Alternatively, students may take SPE565 Teaching in Inclusive Classrooms (3 credits) after starting the graduate program

Other required courses for ASHA certification that should be taken in advance but may be completed during graduate study are listed below. A minimum grade of C (2.0) is required in each course.

- A college-level biological science course, preferably human or animal (3 credits)
- A college-level physics or chemistry course relevant to the field of Communication Disorders (3 credits)
- Two college-level social science courses (total of 6 credits)
- Manual communication proficiency is required for ASHA certification, and although there are a variety of ways to fulfill this requirement, we recommend a course or certificate in manual communication (such as American Sign Language)

Refer to the ASHA.org website for examples of courses that fulfill these requirements: ASHA Certification Courses

**Application Deadlines**

Applications Open - August 1
Applications Close - February 1

**M.S. in Communication Disorders - Speech-Language Pathology Concentration 090S**

The Speech-Language Pathology concentration comprises 61 credits and leads to New York State licensure and ASHA certification.

Professional Licensure Program in Creative Arts Therapy

The Department of Music at SUNY New Paltz offers a master's degree in Music Therapy. Music Therapy applicants pursue a program of study leading to candidacy for licensure as a creative arts therapist (LCAT) through the New York State Education Department Office of the Professions. Following completion of the 48-credit degree in Music Therapy, students must pass a professional licensing examination and complete 1500 clock hours of supervised clinical experience in order to qualify for Licensure as a Creative Arts Therapist in New York State.

Graduate Program in Music

- MS in Music Therapy (p. 165)

MUS521. Applied Music: Piano . 3 Credits.
Individual weekly lessons in piano. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per semester will be given. Offered every semester.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS522. Applied Music: Voice. 3 Credits.
Individual weekly lessons in voice. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per semester will be given. Offered every semester.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS523. Applied Music: Misc. 3 Credits.
Individual weekly lessons in a classical or jazz instrument. Lessons adapted to the needs of the student. A total of 15 hours of private instruction per semester will be given. Offered every semester.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS540. Foundations of Music Therapy . 3 Credits.
This course examines varied clinical theories in music therapy service delivery and procedures related to these theories. Students develop musical programming, assessment and treatment plans for clients with varied needs.
Prerequisites:
- (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS541. Repertoire in Therapy. 3 Credits.
Focuses on the music therapist's development of approaches to new repertoire for personal growth as a musician-therapist in order to better serve clients with diverse musical preferences and needs. Students develop personal philosophical statements relative to ongoing musical learning and prepare varied pieces for performance.
Restrictions:
- Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)
MUS542. Music in Counseling . 3 Credits.
A graduate level course for Music Therapists and Music Therapy majors designed to learn and practice verbal processing within the Music Therapy context. In addition, students will learn creative music therapy strategies in working with psychiatric clients and will develop a working knowledge of group dynamics.
Prerequisites:
• COU 540 (may be taken concurrently) with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS543. Music Therapy for Older Adults. 3 Credits.
A graduate level course for Music Therapists and Music Therapy majors. Clinical needs of the elderly will be explored, including the needs of the well elderly based on the research literature. Music Therapy techniques will be practiced, and students will expand their repertoire in working with clients.
Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS544. Medical Music Therapy Assessment and Treatment . 3 Credits.
Focuses on the common and diverse needs of clients in acute care and rehabilitation medical settings. Assessment and treatment goals and procedures for patients who are verbal or non-verbal will be presented. Students develop music therapy protocols to reduce anxiety indicators and increase desired behaviors by unit.
Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS545. Music Therapy in Special Education . 3 Credits.
Provides an overview of issues and practices in special education service delivery for music therapists. Course content includes: national and state educational policy directives, learning standards-based curricular development and clinical techniques for working in diverse settings with students with special needs in terms of assessment and treatment strategies.
Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS546. Improvisation for Therapy . 3 Credits.
Varied improvisational styles and techniques are presented. Students demonstrate improvisational skills in terms of melody, harmony and rhythm. Techniques include pentatonic, rhythmic, and harmonic improvisation on voice, drums, guitar and piano.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS547. Advanced Guitar for Therapists and Educators . 3 Credits.
This course will provide students with advanced guitar skills such as movable chords, jazz chords, lead guitar parts, and various accompaniment patterns unique to given styles and artists.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS548. Music Therapy Ensemble . 2 Credits.
This course provides students the opportunity to play and lead pre-composed and improvised musical activities in a variety of styles within a group context. Focus will be directed on leading clients with varying musical abilities, assigning instruments and the parts to be played according to the clinical needs of clients, and the synthesis of jazz, pop and pentatonic improvisation techniques into ensembles.
Prerequisites:
• MUS 546 with a minimum grade of B-

Restrictions:
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS549. Creative Arts Therapies with Autism Spectrum Disorder. 3 Credits.
A survey of the theory and practice of the New York State licensed creative arts therapies; art therapy, music therapy, dance & movement therapy, poetry therapy, and drama therapy, as specifically applied to clients with ASD.
Restrictions:
• Must have the following level: Graduate

MUS593. Music Selected Topic. 12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

MUS594. Fieldwork in Music . 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

MUS595. Indep Study Music. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
MUS742. Music Therapy Research and Program Evaluation . 3 Credits.
Students examine major research styles including quantitative, qualitative, and historical in order to develop a thesis proposal. Issues in program evaluation are discussed and models examined.
Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B-)

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS743. Fieldwork 1. 2 Credits.
Supervised continuing clinical experiences of work with groups and individuals at University - affiliated sites. Weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy.
Prerequisites:
• (MUS 240 with a minimum grade of B- and (MUS 340 with a minimum grade of B- and (MUS 480 with a minimum grade of B-)

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS744. Fieldwork 2. 2 Credits.
Supervised continuing clinical experiences of work with groups and individuals at University - affiliated sites. Weekly faculty-directed seminar covers critical issues pertaining to assessment, treatment and evaluation of music therapy.
Prerequisites:
• MUS 743 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS745. Music Therapy Internship I . 3 Credits.
Students will be placed in community settings such as local hospitals, schools, and rehabilitation programs to provide opportunities to practice advanced music therapy techniques with clients under the supervision of a Board Certified Music Therapist. Students must complete at least 125 hours of clinical practice.
Prerequisites:
• MUS 744 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS746. Music Therapy Internship II . 3 Credits.
This second semester course in the music therapy internship sequence places students in clinical settings such as hospitals, schools, and rehabilitation programs providing opportunities that expand the range of experiences resulting from working with a variety of populations and professionals who provide services to them. In addition to clinical work at their respective sites, students participate in a bi-weekly internship seminar held by their supervising academic instructors in which students engage in discussion about music therapy and clinical matters as well as present their clinical work and receive feedback from peers and supervising instructors.
Prerequisites:
• MUS 745 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS748. Thesis Seminar . 1 Credit.
Provides students with a forum to discuss issues related to the conducting of a thesis project. Topics covered will include legal issues and institutional policies regarding the conducting of research on human subjects.
Prerequisites:
• MUS 742 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS749. Thesis . 2 Credits.
This is a requirement of all graduate music therapy students. Theses may be conducted in a research project (i.e., evaluating the effects of music therapy on various client needs or outcomes), in a format to guide clinical practice (i.e., a manual of clinical interventions for an identified population), or as a program development project (i.e., creating a new music therapy program within the community).
Prerequisites:
• MUS 742 with a minimum grade of B-

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration): Music Therapy (285)

MUS793. Music Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

MUS794. Fieldwork in Music. 1-12 Credits.
MUS795. Indep Study Music. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate
You Must Submit

- A completed graduate school application
- One official transcript of all undergraduate and graduate work providing evidence of a baccalaureate degree in music (60 crs. in music) from an accredited institution with at least a 3.0 cumulative grade point average on a 4.0 scale
- A typed statement that describes your educational aspirations, experiences in working with persons with health impairments or handicapping conditions, and how the training in the master's program in music therapy will help you achieve your personal and professional goals. The response should be 300-400 words in length. The Music faculty will examine the writing sample with respect to content, clarity and organization of ideas, grammar and style.
- Three letters of professional recommendation written on professional letterhead. All letters must:
  a. be dated and current;
  b. address how long the writer has known you and in what capacity;
  c. address your suitability for graduate work in music therapy, referring to your academic abilities, ability to work with clients, others and your professional commitment;
  d. be written by individuals who have a professional relationship with you. It is mandated that at least one letter of recommendation is written by a professor who has direct knowledge of your academic abilities.
- Evidence of Music Therapy Board Certification (if applicable)

You Must Complete

- An audition on your major instrument
- Placement examinations on voice, piano accompaniment and guitar accompaniment
- Placement examination on sight reading

Deadlines for application to the Music Therapy master’s program can be obtained by contacting the Music Department at (845) 257-2700 or by visiting the Music Department’s website at: http://www.newpaltz.edu/music/

Program Requirements

Complete the prescribed course work and other requirements within five years after matriculation. Maintain a cumulative grade point average of 3.0 or better, with no more than two grades below B-

Advisement

You will be informed of your academic advisor and his/her office hours when you are accepted into the Music Therapy program. You should make an appointment immediately with your advisor to develop a comprehensive plan of study.

The comprehensive plan of study developed by you and your academic advisor officially outlines your degree requirements and eligibility for licensure as a creative arts therapist. Any changes in this plan of study will require prior approval from your academic advisor. Your academic advisor is available to assist you throughout your study and will serve as your guide during the program. It is important to maintain continuous communication with your academic advisor in order to facilitate your progress in the program.
Transfer Credit

With the approval of your academic advisor and the Assistant Vice President of the Graduate & Extended Learning Office, students can transfer up to 9 graduate credits. However, credits cannot be transferred after the Plan of Study is approved.

Please note: Courses taken prior to acceptance into the Music Therapy program may not be fully credited on your plan of study, even if taken at SUNY New Paltz.

Registering for Courses

Be sure to pre-register for your courses as outlined in the Plan of Study. You must meet with your advisor to discuss course work each semester. Pre-registration for the spring semester occurs in November and pre-registration for the summer and fall semesters occurs in April.

Change of Name and/or Address

Please notify the Music Department Office and the Records and Registration Office immediately if your name changes and/or if your address, telephone and/or email address changes.

Sample Program

The Music Therapy program consists of 48 credit hours for students with baccalaureate degrees in Music Therapy or the MT-BC. Students with other degrees in music must complete 15 credits of undergraduate work in Music Therapy and meet competencies in sight reading, voice, and piano and guitar accompaniment.

Course Work

Course work in music therapy is designed to offer sequential learning experiences that will develop clinical competencies for work as a Licensed Creative Arts Therapist. You should take these courses in the sequence suggested by your academic advisor.

MS in Psychological Science

Psychological Science (210)

(845) 257-3467 or (845) 257-3470

http://www.newpaltz.edu/psychology/graduate/psych.html

The Psychology Graduate Program offers a 39-credit Master of Science degree in Psychological Science. This research-based program exposes students to research in a variety of fields including social, cognitive, developmental, and clinical psychology. In addition, students learn advanced statistical and experimental and non-experimental methodological skills. The degree may serve as preparation for entry into a doctoral program or as additional training for those who plan to enter or continue work in applied areas of psychology with an emphasis on research.

Admission to Program Requirements

The Psychology Graduate Programs’ Admissions Committee reviews applications. Please prepare the following items for inclusion in the online application process:

- Baccalaureate degree from an accredited institution
- Minimum grade point average of 3.0 for all undergraduate work or strong evidence of recent academic achievement.
- Successful completion of undergraduate General Psychology, Statistics, and Research Methods in Psychology.
- Satisfactory scores on the Graduate Record Examination (General test), preferably a combined verbal and quantitative score of 300.
- One official copy of transcripts of all undergraduate and graduate work.
- Contact information for three individuals who have agreed to provide letters of recommendation.
- Statement of professional goals.
- International students must meet these additional requirements for admission: http://www.newpaltz.edu/graduate/students/international/
- Please send OFFICIAL transcripts and GRE score reports to:

  The Office of Graduate & Extended Learning, OM 127
  SUNY New Paltz
  800 Hawk Drive
  New Paltz, New York 12561-2442

Application Deadline

Applications are accepted for both fall and spring admissions. Review of applications begins February 15th (Fall) and November 1 (Spring), continuing until the cohort is filled.

Curriculum Requirements

Master’s degree candidates for the MS in Psychological Science must complete a minimum of 39 credits. Students must maintain an average grade of B in graduate-level courses. The department may accept up to nine credits of graduate work taken elsewhere in which a grade of B or better was obtained.

Admission Requirements
Applicants to the MBA program must submit:

- One official copy of all undergraduate (four-year degree) and graduate coursework, including a baccalaureate degree from an accredited institution.
- An undergraduate cumulative grade point average of 3.0 or higher (4.0 basis).
- Satisfactory test score of 450 or better on the Graduate Management Admissions Test (GMAT) or 300 or better on the Graduate Record Examination (GRE).
- Three current letters of recommendation
- Statement of objectives
- For international students, a Test of English as a Foreign Language (TOEFL) score of 80 on the internet based exam or higher is required prior to admission. Candidates with less than a 80 TOEFL score will be admitted to the English as a Second Language (ESL) program.
- Entering MBA students are expected to have competency in basic computer, quantitative, and oral and written communication skills. Students that need to acquire these skills will be advised to take additional credit or non-credit courses to obtain these skills. Any credits taken to obtain basic skills may not, however, be applied toward the MBA degree.
- Entering MBA students who have earned a “B” or better in any of the foundation courses approved to be equivalent to the corresponding courses at New Paltz may have these courses waived. In addition, up to nine credits of graduate coursework approved to be equivalent to the corresponding courses at New Paltz may be transferred into the MBA program.

Elective Courses (12 Credits)
Select 12 credits 1,2

Total Credits 36-45

1 Select four electives. The elective courses offered vary each semester. Please visit www.newpaltz.edu/classes (http://www.newpaltz.edu) for the schedule of classes.
2 A student may replace one elective course with one of the following:
   BUS 502 Internship & Career Practicum 3cr
   BUS 595 Independent Study 3cr
   BUS 587 Business Plan Contest 3cr

Academic Program Requirements and Curriculum

The MBA degree requires the completion of 36 to 45 credits depending on prior academic coursework. The MBA in Business Administration consists of foundation, core, and elective courses while the MBA in Public Accountancy includes foundation and core courses.

MBA degree requirements must be completed within seven years of acceptance into the program, with a cumulative average of no less than 3.0 (4.0 scale and with no more than two grades below a B-). All MBA courses must be completed with a grade of C or higher for progression in the program.

The foundation segment comprises seven courses that are designed to provide students coming from an academic discipline outside of business with the prerequisite knowledge required for successful completion of the core courses. The foundation courses must be taken before the core and elective courses and students must earn a “B” or better in each of these courses. Candidates with a B.S./B.A. in Business Administration or Accounting may receive waivers for some of the foundation courses, if they earned B or higher in those courses.

The MBA in Business Administration core includes includes eight core courses. Core courses are designed to provide students with key concepts and strategies that pervade the functional areas of business management today. They constitute the major common body of knowledge with which students develop critical thinking and analytical abilities in the business world. The courses in the core reflect our commitment to a well-rounded business background.

Students enrolled in the MBA in Business Administration program must take four elective courses. The elective courses provide flexibility in customizing the degree program to suit career goals. Electives
are offered in the areas of accounting, project management, finance, international business, marketing, and management. Students may also participate in an internship, independent study or the Business Plan Contest to fulfill one elective course requirement.

In addition, all MBA students must take a zero-credit Business Workshop at the beginning of the first semester at SUNY New Paltz, which consists of a general orientation, business writing session, and an ethics test.

**MBA in Public Accountancy (262)**

**Admission to Program Requirements:**

Applicants to the Public Accountancy program must submit:

- One official copy of all undergraduate (four-year degree) and graduate coursework, including a baccalaureate degree in accounting from an accredited institution.
- An undergraduate cumulative grade point average of 3.0 or higher (4.0 basis).
- Satisfactory test score of 450 or better on the Graduate Management Examinations Test (GMAT) or of 300 or better on the Graduate Record Examination (GRE).
- Contact information for three individuals who have agreed to provide letters of recommendation
- Statement of objectives
- For international students, a Test of English as a Foreign Language (TOEFL) score of 80 on the internet based exam or higher is required. A minimum of 168-170 on the internet based TOEFL is required for students who need in-depth knowledge in the rapidly changing and expanding technological environment. Students with TOEFL scores of 70-167 may be admitted to the English as a Second Language (ESL) program.
- Entering MBA students who have earned a "B" or better in any of the foundation courses approved to be equivalent to the corresponding courses at New Paltz may have these courses waived. In addition, upper-division credits of graduate coursework approved to be equivalent to the corresponding courses at New Paltz may be transferred into the MBA program.
- Entering MBA students who have earned a "B" or better in any of the foundation courses approved to be equivalent to the corresponding courses at New Paltz may have these courses waived. In addition, upper-division credits of graduate coursework approved to be equivalent to the corresponding courses at New Paltz may be transferred into the MBA program.

**Academic Program Requirements**

The MBA degree requires the completion of 36 to 45 credits depending on prior academic coursework. The MBA in Business Administration consists of foundation, core, and elective courses while the MBA in Public Accountancy includes foundation and core courses.

MBA degree requirements must be completed within seven years of acceptance into the program, with a cumulative average of no less than 3.0 (4.0 scale and with no more than two grades below a B-). All MBA courses must be completed with a grade of C or higher for progression in the program.

The foundation segment comprises seven courses that are designed to provide students coming from an academic discipline outside of business with the prerequisite knowledge required for successful completion of the core courses. The foundation courses must be taken before the core and elective courses and students must earn a "B" or better in each of these courses. Candidates with a B.S./B.A. in Business Administration or Accounting may receive waivers for some of the foundation courses, if they earned B or higher in those courses.

The elective courses provide flexibility in customizing the degree program to suit career goals. Electives are offered in the areas of accounting, project management, finance, international business, marketing, and management. Students may also participate in an internship, independent study or the Business Plan Contest to fulfill one elective course requirement.

In addition, all MBA students must take a zero-credit Business Workshop at the beginning of the first semester at SUNY New Paltz, which consists of a general orientation, business writing session, and an ethics test.

**MS in Electrical Engineering**

Graduate Coordinator: Dr. Damodaran Radhakrishnan
845-257-3772 or damu@newpaltz.edu

The Master of Science in Electrical Engineering provides a quality graduate program offered within a small setting, where students get individual attention. The program can be completed either full or part-time, and is designed to serve recent graduates and practicing engineers who need in-depth knowledge in the rapidly changing and expanding engineering environment.
areas of electrical engineering beyond what can be included in the traditional bachelor’s program.

THE PROGRAM

Students may individualize their program of study by selecting classes that fulfill their academic interests and professional needs. Focused coursework is offered in Microelectronics, Systems, Energy, or Computer Engineering. The program may be completed in as little as eight months.*

Accelerated Format

Students complete 30 credits of coursework and present at least three graduate engineering projects.

Research Focus

Students enroll in twenty-four credits of coursework and develop and defend a six credit thesis project.

Admission to Program Requirements

• One official copy of all undergraduate and graduate course work. A bachelor’s degree in Electrical Engineering or a closely related field from an ABET-accredited program.
• A minimum undergraduate cumulative grade point average of 3.0.
• Three letters of recommendation attesting to the applicant’s aptitude and promise for graduate study.
• English competency according to College procedures and standards. These include a TOEFL score of 80 on the internet-based exam, or a score of 6.5 on the IELTS exam and satisfactory performance on the campus-designed and administered English proficiency examination.

On a case-by-case basis, applicants who do not meet all of the conditions for admission may be granted conditional admissions status. These students may register as non-matriculated students for courses of a preparatory nature following the guidance of the Department. They can be considered by the Graduate School for matriculation after this prescribed preparatory work is completed.

The MS in Electrical Engineering degree comprises 30 credits. Students have the option to complete a thesis or take additional coursework and complete at least two graduate projects.

Plan of Study

A student's plan of study is developed by selecting graduate engineering courses offered by the department in electromagnetic fields and waves, telecommunications, electronics, computer and control systems depending on the students’ needs and interest.

Accelerated Format

This option allows students to complete their graduate degree in as little as 18 months. Students select 30 credits of coursework and complete at least three graduate projects.

Research Focus

This option allows students to select eight graduate courses (24-credits) and complete a 6-credit Electrical Engineering Thesis.

Program Requirements

• File a “plan of study” during the first semester after matriculation.
• Completion of prescribed course work and other requirements within seven years after matriculation.

• Maintain a cumulative average of 3.0 or better, with no more than two grades below B-

Five-Year BS in Electrical Engineering/MS in Electrical Engineering

The 5-year BS in Electrical Engineering + MS in Electrical Engineering program provides students with a fast-track Master of Science degree in Electrical Engineering. This program is open to SUNY New Paltz juniors who are in good academic standing and interested in pursuing a Bachelor of Science in Electrical Engineering.

Admission Requirements

To qualify for the BS in Electrical Engineering + MS in Electrical Engineering program, students must have completed the first semester of their junior year in residence at SUNY New Paltz with an overall SUNY New Paltz GPA of at least 3.0.

To apply, students should:

• Complete the online graduate application via my.newpaltz.edu (major 269)
• Upload an internal New Paltz transcript (they are free for NP students in my.newpaltz.edu)
• Provide the contact information for one faculty reference
• $60.00 graduate application fee

Curriculum Requirements

Accepted students are permitted to enroll in two 500-level graduate courses (six credits). These courses, in addition to satisfying students’ bachelor’s degree, will count toward their master’s degrees. The remaining 24 credits of the master’s requirement will be taken in the fifth year of study.

Program Requirements

Once admitted to the BS/MS program, students must maintain a 3.0 cumulative GPA in all courses through the senior year. In addition, students must earn a B or better in each of the two graduate courses that they take as undergraduates. Students not satisfying these requirements will be re-evaluated for continuation in the program.

Five-Year BS in Computer Engineering/MS in Electrical Engineering

The 5-year BS in Computer Engineering + MS in Electrical Engineering program provides students with a fast-track Master of Science degree in Electrical Engineering. This program is open to SUNY New Paltz juniors who are in good academic standing and interested in pursuing a Bachelor of Science in Electrical Engineering.

Admission Requirements

To qualify for the BS in Computer Engineering + MS in Electrical Engineering program, students must have completed the first semester
of their junior year in residence at SUNY New Paltz with an overall SUNY New Paltz GPA of at least 3.0.

To apply, students should:

- Complete the online graduate application via my.newpaltz.edu (major 268)
- Upload an internal New Paltz transcript (they are free for NP students in my.newpaltz.edu)
- Provide the contact information for one faculty reference
- $60 Graduate application fee

Curriculum Requirements

Accepted students are permitted to enroll in two 500-level graduate courses (six credits). These courses, in addition to satisfying students’ bachelor’s degree, will count toward their master’s degrees. The remaining 24 credits of the master’s requirement will be taken in the fifth year of study.

MS in Computer Science

SUNY New Paltz offers a flexible, 30-credit master’s degree program in Computer Science, designed to help students from all backgrounds advance to new careers in technology fields. Our mission is to prepare the next generation of application developers, start-up entrepreneurs and business analysts to thrive in a rapidly-changing world. The program offers:

Flexible Course Scheduling

Courses are offered both in flexible online formats and in-person at state-of-the-art facilities like our new Science Hall. The full program can be completed in less than two years.

Building 21st Century Skills

We are focused on teaching 21st century skills that are in demand in a wide range of professions, in areas like machine learning, software application engineering, artificial intelligence and data science.

Dedicated Faculty

Courses are rigorous enough to serve students with deep experience in computer science, led by faculty who are experts in their fields.

Responsive Curriculum

Our curriculum is constantly evolving in step with current trends in technology, emphasizing the skills that employers – especially in the Hudson Valley’s growing tech industries – need right now.

Accessible Format

Admission to the program is open to ALL majors. While many of our students enter the program with undergraduate degrees in computer science or related fields, others have come from fields as varied as Philosophy, Fine Arts, Journalism, Business and Biology.

Admission to Program Requirements

- One set of official transcripts for all undergraduate and graduate course work, including a baccalaureate transcript from a regionally accredited institution, indicating at least a 3.0 cumulative grade point average.
- Admission Essay
- Three letters of reference.
- Satisfactory TOEFL or IELTS scores for students who have a non-US degree.
- GRE and Resume are optional.

Curriculum Requirements

Graduate study in Computer Science enables students to individualize their program of study by pursuing ten computer science courses (30 credits) and passing a comprehensive exam, or completing eight courses (24 credits) and delving into a 6-credit thesis project. This flexibility allows students to explore conceptually-based classes, enhance technical skills through applied learning courses, stay abreast of current trends in the field through a wide range of special topics courses, and engage in research by pursuing an optional six-credit thesis.

Program Requirements

- File a "plan of study" during the first semester after matriculation.
- Complete prescribed course work within seven years after matriculation.
- Complete course work with a cumulative grade point average of 3.0 or better. No more than two grades below B- will count toward the degree.
- Pass the comprehensive examination or submit a thesis.
- Submit degree application (see the Graduation Information website (http://www.newpaltz.edu/registrar/graduation.html) for due date).
ESTABLISH A PROFESSIONALLY SUSTAINABLE ART PRACTICE

MFA in Studio Art (p. 171)
Specializations: Ceramics, Metal, Painting/Drawing, Photography & Related Media, Printmaking and Sculpture.

MSEd in Visual Arts Education (p. 184)
MFA Studio Art

Contact: (845) 257-3830

Master of Fine Arts
The nationally accredited MFA program offers varied and extensive opportunities for graduate study in a unique setting. Our location is just 90 minutes north of New York City in the historic Hudson River Valley, allowing access to cutting edge artists, historians, critics and curators.

The campus features expansive facilities, private and semi-private secure studios, and extensive computer labs and digital fabrication technologies. Additional exhibition spaces complement the prestigious Samuel Dorsky Museum of Art.

The intensive and selective two-year MFA program includes specializations in Ceramics (30CE), Metals (30ME), Painting and Drawing (30PD), Photography & Related Media (30PH), Printmaking (30PR), and Sculpture (30SC). The Art Department faculty members are dedicated teachers and practicing artists with significant national reputations. SUNY New Paltz is regularly included among the best schools in the Northeast and its Metals program has consistently been ranked among the best in the nation.

Financial assistance and tuition waivers are available. Students interested in a career in academia and pedagogical forms of collaboration have opportunities to assist and frequently teach their own undergraduate course.

Emphasis is placed on disciplinary rigor and interdisciplinary scholarship guided by committed conceptual inquiry. Our graduate program is more than a collection of students, faculty and facilities; we are a dynamic learning community engaged in and encouraging of authentic research, personal growth and a professionally sustainable art practice.

MFA in Studio Art (p. 182)
60 credit degree program offering specialized study in the following areas:

Ceramics
The Ceramics program cultivates the conceptual, technical, and professional growth of its graduate students by providing an environment balanced among pragmatic skill development, critical and theoretical dialogue, and intensive studio research geared toward a process of making and thinking, resulting in innovative and dynamic outcomes. We encourage students to have a strong sense of responsibility, self-reliance, and confidence. Faculty guide students in independent research and individual approaches to their practice. The curricular structure challenges students to critically evaluate their work within a material-specific and an interdisciplinary framework, as well as in theoretical and professional contexts. Students are encouraged to work with methodologies that explore the boundaries of the field while demonstrating an understanding of historic and contemporary ecologies. With private graduate studios within the program’s expansive 10,000 square foot facility, and access to a broad range of traditional and contemporary technologies, the program provides students with the resources and the latitude necessary to develop an authentic, significant contribution to the field. Web site: www.newpaltz.edu/ceramics (http://www.newpaltz.edu/ceramics/)

Metal
The Metal program is an active area of study that engages a wide variety of ideas, objects, images, and modes of making toward critical and dynamic outcomes. Students and faculty form a community of inquiry that seeks to expand the field’s discourse. The rigorous curriculum provides opportunities to explore the technical, aesthetic, and conceptual aspects of contemporary jewelry and metalsmithing in a state-of-the-art facility with faculty who are actively engaged artists and who exhibit and lecture internationally. The 10,000 square-foot studios supply equipment for working in a range of traditional and contemporary methods, instruction and access to expanding digital technologies, and designated private studio spaces for each student. Web site: www.newpaltz.edu/metal (http://www.newpaltz.edu/metal/)

Painting & Drawing
The Painting/Drawing program encourages the technical, conceptual, and professional development of its students through a balance of intensive studio experience and critical and theoretical dialogue. Students working in traditional, experimental, and multimedia formats are challenged to assess their work in a contemporary context. The program’s 10,000 square-foot facility in Smiley Art Building includes private 200 square-foot studios for each MFA student. Web site: www.newpaltz.edu/painting (http://www.newpaltz.edu/painting/)

Photography & Related Media
The Photography program engages students in an expanded field of artistic lens-based practice to critically interrogate and deepen their creative research within a vibrant community of artists. Photography is an ever changing field with a short and tumultuous history and immense and growing relevance in today’s shifting cultural and social context. We support our students in their process of independent experimentation as they hone their critical awareness, skills, and concept, and position themselves with their unique voice and vision in the field. The Photography program offers a range of state-of-the-art digital and analog facilities and equipment. Website: http://www.newpaltz.edu/photography/

Printmaking
The Printmaking program views the field expansively, honoring tradition while moving the medium ever forward through the use of digital, sculptural means to create two and three-dimensional and installation-based works. The program encourages students to formulate and articulate their philosophical and personal concepts and translate them into visual works, meeting these objectives by offering a mix of intensive studio experience with critical and theoretical dialogue. The printmaking studios are state-of-the-art facilities containing a full range of new and top-of-the-line facilities containing a full range of new and top-of-the-line...
ARS511. Introduction to Graduate Studio Research. 4 Credits.
ARS 511 is an intensive studio methods course in which students will both re-engage with their artistic practice as well as be introduced to a range of contemporary art making strategies.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Summer Intensive (050S)
  - Visual Arts Education (050A)
  - Interdisciplinary (050I)

ARS512. Graduate Studio Research I. 2 Credits.
In this online studio research course, students will earn and implement a range of visual research methods and techniques and apply them to their teaching practice as well as to their own studio work.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Summer Intensive (050S)
  - Visual Arts Education (050A)
  - Interdisciplinary (050I)

ARS513. Graduate Studio Research II. 2 Credits.
In this online studio research course, students will learn and implement a range of visual research methods and techniques and apply them to their teaching practice as well as to their own studio work.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Summer Intensive (050S)
  - Visual Arts Education (050A)
  - Interdisciplinary (050I)

ARS521. Ceramics I . 3 Credits.
Focus on the development of content within the student’s work. Research of ceramic history and processes. Examination of critical and theoretical ideas through readings, discussions, and critiques.

Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS523. Clay and Glaze Materials . 3 Credits.
Research of raw materials (clay and glaze), firing processes at several temperatures. The class stresses the individual research based on empirical techniques and calculations. The class is divided into equal parts of technical lectures and labs.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS524. Ceramic Sculpture . 3 Credits.
Emphasis on the execution of defined and personally developed ideas, through form, surface and color. Formal, critical, individual, and issues of material/process will be considered and discussed in relation to contents.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS525. Contemporary Issues in Clay . 3 Credits.
Seminar that focuses on the cognitive aspects of ceramics. The course will be comprised of: discussions, presentations, research, field experience, and professional practice as related to the medium.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS533. Metal I . 3 Credits.
Introduction to various theoretical and critical concerns in metal. Students work collaboratively and independently to develop aesthetic and procedural modes while gaining awareness of the field's expanding discourse.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS535. Problems in Metal I . 3 Credits.
Provides concentrated time to develop a progressive, critical dialogue regarding one's creative production, developing interests and avenues of exploration.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS541. Painting I . 3 Credits.
Advanced experimental study with emphasis on contemporary approaches to content, process, format, and materials. Studio experience is balanced with critical/theoretical dialogue. Students may register for up to two sections of painting per semester.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS551. Photography and Related Media I. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to content, process and materials. Focus on board artistic research combined with critical dialogue.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS552. Photography and Related Media II. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to content, process and materials. Focus on project development based on artistic research combined with critical dialogue.

Restrictions:
- Must have the following level: Graduate

ARS561. Printmaking I . 3 Credits.
Projects and individual study in advanced printmaking conceptions and techniques.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS562. Printmaking II . 3 Credits.
Projects and individuals study in advanced printmaking conceptions and techniques. Students may enroll in Printmaking I, II and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS571. Sculpture I . 3 Credits.
Projects and individual study in advanced sculpture conceptions and techniques.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS572. Sculpture 2 . 3 Credits.
Projects and individual study in advanced sculpture conceptions and techniques.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS573. Sonic Measures . 3 Credits.
Sonic measures is an advanced, interdisciplinary course which explores the realm of sound as material for imaginative expression and as support for other multimedia work in video installation and performance.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS574. Sculpture Situations. 3 Credits.
Sculpture Situations is an advanced course which addresses the contexts in which sculpture operates in contemporary art. The course investigates installation, site intervention/alteration, video art and performance.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS576. Site Projects. 3 Credits.
To provide ground-work for developing skills in preparation of proposals and grants, dealing with public art, architecture and environmental ideas in model form. For senior Art majors and graduate Art majors.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Visual Arts (277)
  - Sculpture (306)
  - Ceramics (301)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Studio Art (300)

ARS578. Artist Survival Skills. 3 Credits.
Seminar focuses on professional skills utilized by artists for survival in the field. Students investigate contemporary professional practices relevant to artists. Topics may include: grant writing, documentation of artwork, web presence, and exhibition opportunities.

ARS579. Contemporary Ideas in Sculpture. 3 Credits.
Seminar explores critical viewpoints relevant to the field of sculpture. Course is structured around readings from contemporary and historical sources, presentations, written and verbal responses, and field research.

ARS593. Art Studio Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS594. Fieldwork In Art. 0.5-12 Credits.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS595. Independent Study Art. 1-12 Credits.

Restrictions:
- Must have the following level: Graduate

ARS690. Studio Critique. 3 Credits.
Studio Critique facilitates regular, one-on-one interaction in each student's studio environment. The class focuses on a rigorous individual examination of research methodologies, material processes and conceptual inquiry.

Restrictions:
- Must have the following level: Graduate
ARS700. Graduate Critical Dialogues. 3 Credits.
An interdisciplinary class that will concentrate on critiques and discussions of student work. The class includes presentations, visiting artist dialogues professional practice, and the option to develop collaborative projects. Required elective for MFA students. Elective class for MA students, repeatable for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS705. Graduate Drawing . 3 Credits.
Individual and group projects on an advanced level employing a variety of subject matter and techniques. May be repeated for credit.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS706. Thematic Studio. 3 Credits.
This course focuses on individual thematic investigations in contemporary art practice and collaborative art making. Students will learn to create arts-based research engaged as studio art practice and modes for reflecting on art pedagogy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Visual Arts Education (050A)

ARS714. Studio Graduate Research III. 4 Credits.
ARS 714 is a 6-week summer course taken concurrently with Graduate Seminar and ARE 721. In this course, students will complete and mount their capstone studio exhibition.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)
  • Interdisciplinary (050I)

ARS725. Ceramics II . 3 Credits.
Students pursue a realm of inquiry and investigation at an advanced level. This inquiry assimilates technical and critical research the student has pursued as they work toward developing a cohesive body of work. May be repeated for credit. Students may enroll in Ceramics I, II, III and IV simultaneously.
Prerequisites:
• ARS 521 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Studio Art (300)

ARS726. Ceramics III . 3 Credits.
Continued advanced study as described in 09725, Ceramics I. Students may enroll in Ceramics I, II, III and IV simultaneously.
Prerequisites:
• ARS 521 (may be taken concurrently) with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Studio Art (300)

ARS727. Ceramics IV . 3 Credits.
Continued advanced study as described in 09725, Ceramics I. Students may enroll in Ceramics I, II, III and IV simultaneously.
Prerequisites:
• ARS 521 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Ceramics (301)
  • Studio Art (300)

ARS731. Metal II . 3 Credits.
Building on comprehension of the field’s historical, contemporary and critical discourse, students develop their research and consider their work in context to the broader field. Continuation of ARS533. Students may enroll in Metal I, II, and III simultaneously.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Metal (302)
  • Studio Art (300)
ARS732. Metal III . 3 Credits.
Students expand and further develop a research agenda conversant with the theoretical models of the discipline. Students may enroll in Metals I, II and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS734. Problems in Metal II. 3 Credits.
Students identify specific concerns in relation to their inquiry in metal, jewelry and objects, establishing material investigations and a range of studio outcomes. Students may enroll in Problems in Metal I, II and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS735. Problems in Metal III. 3 Credits.
Students further clarify the direction of their research, identify and develop strategies in their work as it pertains to subject matter, process, format, context, and imaging. Students may enroll in Problems in Metal I, II, and III simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Metal (302)
  - Studio Art (300)

ARS740. Book Arts . 3 Credits.
Book Arts is an interdisciplinary course, designed to introduce students to the concepts and techniques used in making artists’ books. Topics to be explored include the visualization of ideas in book form, the book as a physical object, the use of a variety of materials and forms, narrative progression and combining text and images. Traditional book formats and binding techniques will be taught, but emphasis will be on innovative uses of the book as a vehicle for ideas. This course is designed to be inter-disciplinary, and requires that students have prior experience in a variety of studio techniques so that those techniques can be used in the course.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)

ARS742. Painting II . 3 Credits.
Advanced experimental study with emphasis on contemporary approaches to content, process, format, and materials. Studio experience is balanced with critical/theoretical dialogue. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)

ARS743. Graduate Digital Painting Lab. 3 Credits.
Multi-media studio course introducing digital art studio practice focused on digital imaging and cross-media experimentation; builds on skills, techniques, and critique of digital art concepts like compositing, appropriation, collage, and remixing. Direct and transfer printing taught for varied substrates.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS745. Painting III . 3 Credits.
Individually planned studio research. Critical/theoretical discourse is combined with advanced technical and conceptual approaches to image development. May be repeated for credit. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)
ARS746. Painting IV. 3 Credits.
Individually planned studio research. Critical/theoretical discourse is combined with advanced technical and conceptual approaches to image development. May be repeated for credit. Students may enroll in Painting I, II, III and IV simultaneously. Students may register for up to two sections of painting per semester.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)

ARS750. 3 Credits.
Introduction to photographic studio lighting with strobes and hot lights, on-site lighting, and on-camera lighting. Creation of constructed images and related concept and creative project development.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS751. Photography and Related Media III. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to concept, process, and materials. Focus on conceptual and technical precision in project development combined with critical dialogue.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS752. Photography and Related Media IV. 3 Credits.
Advanced study of photography and related media with emphasis on contemporary approaches to concept, process and materials. Focus on modes of presentation and contextualization in project development combined with critical dialogue.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS753. Advanced Digital Color Print. 3 Credits.
Exploration of the role of technical and material research in photographic project development. Focus is on advanced digital image processing and printing techniques in relation to concept and content.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)

ARS754. Digital Video. 3 Credits.
Introduces digital video and audio capture and editing techniques. Explores the creative dimension of time-based media and related techniques through individual and/or collaborative experimental projects.

Restrictions:
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS758. The Large Format Image. 3 Credits.
Introduces the view camera and advanced black-and-white darkroom printing techniques as creative tools as well as high resolution scanning and large format digital printing from digitally captured or scanned images. Conceptual and technical development of related bodies of work.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS759. Photo Books and Installations. 3 Credits.
Exploration of the photographic image in context: mixed media, site specificity, image sequence. Conceptual and technical development of individual creative projects.
Restrictions:
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS760. The Document. 3 Credits.
Introduces strategies and concepts of documentary photography and related practices and engages with traditional and emerging forms of dissemination. Social, psychological, environmental, and/or political issues are explored through creative projects.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS761. Contemporary Issues in Photography. 3 Credits.
Explores visual culture and the evolving role and potential of lens based media. Focuses on artistic research strategies as the foundation of the conceptual and technical development of a related body of work.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS762. Printmaking II . 3 Credits.
Continuation of 09561. Students may enroll in Printmaking I, II and III simultaneously.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS763. Papermaking. 3 Credits.
Covers a variety of papermaking techniques. Course material will be presented by a variety of means, including demonstrations, Power Point presentations and slide lectures, field trips, visiting artists, reading assignments, research assignments, etc.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)
ARS764. Contemporary Ideas in Printmaking. 3 Credits.
Seminar explores critical viewpoints relevant to the field of printmaking. Course is structured around readings from contemporary and historical sources, discussion, presentations, field research, and the development of research projects and image based on presentations.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Visual Arts Education (050A)
  • Ceramics (301)

ARS765. Printmaking III . 3 Credits.
Projects and individual study in advanced printmaking conceptions and techniques. May be repeated for credit. Students may enroll in Printmaking I, II and III simultaneously.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS766. Monotype . 3 Credits.
This course will explore the fine art of monotype printmaking, a spontaneous process that combines drawing, painting and printmaking techniques. It results in a one-of-a-kind image that is developed on a flat plate with oil and/or water-based mediums, and then transferred to another source, usually paper.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS767. Media-Intervention . 3 Credits.
An exploration of a cross-disciplinary integration between printmaking and sculpture methods. It will lead to the production of works that capitalize on the potential of mixed media and experimental blends that are inherent to each option.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS768. Photo Silkscreen . 3 Credits.
This versatile process, Photo Silkscreen, will allow the student to transfer drawings or computer printouts on transparencies to their screens. Using water-based inks, the images will be printed on paper, fabric, plexiglass or a diverse range of other surfaces.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Printmaking (305)
  • Studio Art (300)

ARS771. New Media 3D + 4D. 3 Credits.
Students will explore the use of new digital media in the third and fourth dimensions by investigating digital video, DVD authoring, and interactivity/robotics. Students will spend equal time in the computer lab and sculpture studio.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS773. Sonic Measures . 3 Credits.
Sonic measures is an advanced, interdisciplinary course which explores the realm of sound as material for imaginative expression and as support for other multimedia work in video installation and performance.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Metal (302)
  • Painting-Drawing (303)
  • Printmaking (305)
  • Art Studio (256)
  • Ceramics (301)

ARS774. Sculpture Situations . 3 Credits.
Sculpture Situations is an advanced course which addresses the contexts in which sculpture operates in contemporary art. The course investigates installation, site intervention/alteration, video art and performance.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Studio Art (300)
  • Sculpture (306)
  • Art Studio (256)
ARS775. Sculpture Projects. 3 Credits.
Projects and individual studio research in advanced sculpture conceptions and techniques. May be repeated for credit. Students may enroll in Sculpture I and II simultaneously.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Ceramics (301)
  - Sculpture (306)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Studio Art (300)
  - Metal (302)

ARS776. Site Projects. 3 Credits.
To provide ground-work for developing skills in preparation of proposals and grants, dealing with public art, architecture and environmental ideas in model form. For senior Art majors and graduate Art majors.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Art Studio (256)

ARS780. Internship in College Art Studio Teaching. 3 Credits.
Student audits an undergraduate studio course and assists the instructor in planning and instruction. Internship includes a bi-weekly seminar exploring issues of college-level teaching in the arts. May be repeated for credit.

Restrictions:
- Must have the following level: Graduate

ARS782. Studio in Intermedia Design: VRL. 3 Credits.
Production and critique of studio work in graphic design and photography generated in response to the theory seminar. Assigned and self-directed projects or problem investigations relative to candidate's area of interest and research conducted in seminar. May be repeated for credit.

Restrictions:
- Must have the following level: Graduate

ARS784. VRL Studio. 3 Credits.
Specialized course studies in graphic design and photography related to study project of the candidate, elected from offerings of the graduate level. Approval of the candidate's advisory committee and approval of the instructor are required. May be repeated for credit, courses are non-sequential.

Restrictions:
- Must have the following level: Graduate

ARS785. Graduate Study in Design: VRL II. 3 Credits.
Specialized course study in graphic design and photography related to study project of the candidate, elected from offerings of graduate level. Approval of the candidate's advisory committee and approval of the instructor are required. May be repeated for credit, courses are non-sequential.

Restrictions:
- Must have the following level: Graduate

ARS788. MFA Thesis in Intermedia Design: VRL. 6 Credits.
Execution and presentation of a body of significant work in graphic design/photography as evidence of the candidate's level of accomplishment. Project selected in consultation with VRL faculty and thesis committee. Paper and slides required. Must be repeated once for credit.

Restrictions:
- Must have the following level: Graduate

ARS790. Thesis in Art Studio. 3-12 Credits.
Students complete and exhibit a body of creative work culminating the graduate degree. MAAS candidates complete one semester of Thesis for 3 credits. MFA candidates complete a total of 12 credits, Thesis I and II for 6 credits each. MFA candidates must convene a thesis committee. An artist statement and appropriate documentation of the thesis exhibition are submitted to the college library. Required form available in the Records and Registration Office.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Art Studio (256)
  - Ceramics (301)

ARS793. Art Studio Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.

Restrictions:
- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Art Studio (256)
  - Studio Art (300)
  - Sculpture (306)
  - Metal (302)
  - Painting-Drawing (303)
  - Printmaking (305)
  - Visual Arts Education (050A)
  - Ceramics (301)
ARS794. Fieldwork In Art Studio. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARS795. Independent Study Art. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARS799. Continued Registration. 1-6 Credits.
Restrictions:
• Must have the following level: Graduate

MFA in Studio Art

Admission to Program Requirements

- One official copy of all undergraduate and graduate course work; the baccalaureate transcript should be from a regionally accredited institution with a 3.0 cumulative grade point average (GPA). New Paltz is encouraging of interdisciplinary scholarship and we support applicants with degrees from non-studio areas who are able to demonstrate a strong body of work.

- Two letters of reference from former teachers or other professionals in the field familiar with the candidate’s qualifications who can support the candidate’s ability to do graduate work.

- A 300-500 word letter of intent that states the candidate’s goals for graduate study.

- Completion of the online application process requires

  - Uploading a 300-500 word artist’s statement discussing the candidate’s concepts, material processes, research methods and influences, and

  - Uploading a minimum of 20 images, the majority of which must be in the major field to which application is made.

  - Please note that we require a minimum of 12 individual pieces; additional detail photographs and installation documentation can be included. You may include external links to videos as part of your portfolio. Each work sample must be labeled with the title of work, medium, size, and date. Images can be labeled and ordered as they are uploaded. For good image quality and fast upload, we recommend jpeg images no larger than 1280 x 1280 pixels @ 72 ppi.

  - Each image should document a finished work, or present a detail or alternate view of a finished work. Please do not submit composite images that include explanatory text, preparatory drawings and comparisons with other pieces. Our online portfolio includes a label section and we encourage you to provide more details and context about your work there and in your artist statement.

Priority is granted to applications received by January 15. Applications will still be considered after this date as long as studio spaces remain available. We encourage potential applicants to check with the faculty to verify availability. In order to maintain a cohesive community we prefer admissions to take place for the Fall semester. We strive for a dynamic and highly qualified cohort and recognize that students often come from diverse backgrounds; exceptions to application requirements, deadlines and matriculation dates will be reviewed on a case by case scenario.

Select 6 courses (18 credits) of electives with approval by graduate coordinator

Total Credits 60

1 MFA students must complete 50% of their coursework in their area of specialization: ceramics, metal, painting & drawing, photography & related media, printmaking or sculpture.

2 MFA students are required to complete 50% of their coursework (30 credits) at the 700 level.

Transfer Credit
With the approval of your academic advisor and the Assistant Vice President of the Graduate & Extended Learning Office, students can transfer up to 6 graduate credits.

7. Library Documentation Process: To submit your thesis electronically, you will need to register for an account through the SUNY Digital Repository (DSpace) (https://dspace.sunyconnect.suny.edu/). Specific instructions will be reviewed during your third semester. Once you have completed this training session you will register (http://dspace.sunyconnect.suny.edu/register/) with your New Paltz email address and follow the instructions (https://library.newpaltz.edu/policies/masters.html#MFA) for submitting your thesis.

8. Your complete and approved thesis paper must be uploaded to DSpace by the time specified during the library training session. Failure to turn your thesis in on time will result in an H grade (hold) and delay your graduation. If you fail to complete the thesis exhibition or paper within one year the H grades turn into an F without recourse for change. If you did not complete your thesis exhibition or paper you must enroll in a 0 credit continued registration course until you thesis is approved. Please contact the graduate coordinator for information about how to enroll in this course.

---

**Graduate Program in Art Education**

- MSEd in Visual Arts Education (p. 186)

**ARE501. Graduate Readings in Art Education. 1 Credit.**

Presents contemporary and historic readings in art education. Includes antecedents to and examples of contemporary pedagogical approaches to learning and teaching in art.

**Restrictions:**

- Must have the following level: Graduate
- Must have the following field(s) of study (major, minor or concentration):
  - Interdisciplinary (050I)
  - Summer Intensive (050S)
  - Visual Arts Education (050A)
ARE517. Visual Arts Research I. 2 Credits.
Working concurrently with Graduate Studio Research I, students will write a written proposal for a body of artwork based on theories, practices and contexts of the visual arts and art education pedagogy.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE518. Visual Arts Research II. 2 Credits.
Students continue to probe the relationship between theory and practice as a core element in artistic and pedagogical research as a result of their exploration of research in Visual Arts Research I.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE519. Art and Pedagogy I: Contemporary Approaches. 3 Credits.
Students will utilize theoretical frameworks shaping contemporary art education practice to develop an expanded repertoire of contemporary pedagogical strategies for engaging students with making and discussing art.
Prerequisites:
• ARE 501 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE520. Winter Session Review. 1 Credit.
In this Winter session weekend course, students will synthesize and refine ideas for their body of artwork, Artist Statement, Journal, and classroom experience developed during the fall semester.
Prerequisites:
• ARE 517 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE593. Art Ed Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on a particular topic of interest. Descriptions are printed in the Schedule of Classes each semester. Selected topics courses may be used as elective credit and may be repeated for credit, provided that the topic of the course changes.
Restrictions:
• Must have the following level: Graduate

ARE594. Fieldwork in Art Ed. 3 Credits.
Restrictions:
• Must have the following level: Graduate

ARE595. Indep Study Art Ed. 0 Credits.
Restrictions:
• Must have the following level: Graduate

ARE701. Seminar in Art Education. 3 Credits.
This course will focus on the current directions and practices in art education, art and related disciplines. Attention will be given to the reflection on current practice of graduate students writing a comprehensive plan of study. This required course must be taken within the first six credits of graduate study.
Restrictions:
• Must have the following level: Graduate

ARE717. Research in Art Education. 3 Credits.
Designed as an introduction to research topics and methods in art education. Topics include: Identification of research problems, the literature review, conducting searches, and reading and interpreting research journal articles. Different types of inquiry – descriptive, quantitative, qualitative, philosophical and curriculum research – will be examined. This course is designed for students to complete individual scholarly reviews of the literature in the topic areas for this master’s thesis projects.
Prerequisites:
• ARE 701 with a minimum grade of D-
Restrictions:
• Must have the following level: Graduate

ARE721. Art and Pedagogy II. 3 Credits.
Students synthesize studio and pedagogical research and apply to the development of curriculum emerging from contemporary artistic practices. Includes designing curriculum and instructional strategies, organizing and presenting synthesis research in a public forum, and developing writing for publication.
Restrictions:
• Must have the following level: Graduate
• Must have the following field(s) of study (major, minor or concentration):
  • Interdisciplinary (050I)
  • Summer Intensive (050S)
  • Visual Arts Education (050A)

ARE790. Thesis in Art Education (3-6). 3-6 Credits.
Preparation and writing of a thesis under the guidance of the major professor. Required form available in the Records and Registration Office.
Restrictions:
• Must have the following level: Graduate
ARE793. Art Ed Selected Topic. 3-12 Credits.
Selected topics courses are regularly scheduled courses that focus on
a particular topic of interest. Descriptions are printed in the Schedule
of Classes each semester. Selected topics courses may be used as
elective credit and may be repeated for credit, provided that the topic of
the course changes.
Restrictions:
• Must have the following level: Graduate

ARE794. Fieldwork in Art Educat. 3 Credits.
Restrictions:
• Must have the following level: Graduate

ARE795. Indep Study Art Ed. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

ARE799. Continued Registration. 1-12 Credits.
Restrictions:
• Must have the following level: Graduate

MSEd in Visual Arts Education

Admission Requirements

The deadline for receipt of all admission materials for the M.S. Ed. in
Visual Arts Education program is April 15. Please prepare the following
items for inclusion in the online application process:

• One official copy of transcripts showing all undergraduate and
  graduate course work and earned degrees. A minimum of 3.0
  cumulative grade point average is required for admission.
• Evidence of New York State initial certification in art education.
• Contact information for two school administrators or personnel who
  will write you a letter of recommendation
• A current resume or CV indicating at least one year of teaching
  experience.
• A paper which presents your art teaching philosophy with examples
  from current practice.
• Statement descriptive of area(s) of interest such as curriculum,
  pedagogy, philosophy, reform, or society as it relates to art education
  on which the applicant wishes to focus for graduate studies.
• A portfolio of personal and student studio work.
• Satisfactory GRE scores.

Program Requirements

MSEd in Visual Arts Education students must complete a total of 30
credits, mount a final show of work, and complete a piece of scholarly
writing suitable for submission to a peer-reviewed professional journal.
Courses in this program may not be taken out of sequence.
BA in Chemistry + MAT in Adolescence Ed: Chemistry

We've developed this program in response to popular demand from students and parents who have called for a pathway to fulfilling jobs in education and science, and to school districts who report an increasing number of full-time job openings in STEM disciplines. Graduation from the Five-Year Master Plan empowers students with options to choose the career they find most fulfilling, whether that means becoming a science teacher, working as a chemist, or pursuing a PhD.

How does it work?

ENROLL in the Five-Year Master Plan and begin taking foundational science courses as a first-year student.

MAINTAIN a 3.0 GPA as you take embedded education courses and pursue your Bachelor of Arts (BA) degree in Chemistry.

QUALIFY for early admission to the graduate program during your junior year.

EARN your BA degree in four years, while taking education courses to prepare for your accelerated graduate program.

COMPLETE the MAT program, including all student teaching requirements in just one year.

Undergraduate Major Declaration

To participate in the BA/MAT program in Chemistry, interested undergraduates should:

1. Submit a Declaration of Major/Change of Major form indicating the BA/MAT program in Chemistry (major 50CH) to the office of Records and Registration (Wooster Hall, rm. 115).
2. Meet with Professor Millham to begin selecting courses. Maintain a GPA of 3.0 and take the Graduate Record Exam (GRE) general exam in the spring of your sophomore year to fulfill admission requirements for the graduate program.

Early Admission to Graduate Program

During their junior year, students finalize their early admission to the Master of Arts in Teaching program:

• Log into my.newpaltz.edu and select “Apply Now!” under the “Graduate Studies” section.
• Select the fall term when you would like to begin your graduate coursework and major code (104C).

NOTE: this program only admits for the fall term.

• Select “BA Chemistry/MAT Adolescence Ed: Chemistry Program” as the intended curriculum.

Upload Checklist Items

To expedite a faculty review of an application, students may upload the following items:

• Admission Essay
• Student copies of transcripts* from every college/university attended
• Student copies of GRE scores*

* Full admission REQUIRES the submission of official transcripts and test scores.

Check Your Application Status

To check your application status, visit my.newpaltz.edu by selecting “View Application” under the “Graduate Studies” section.

### BA in Geology + MAT in Adolescence Ed: Earth Science

We've developed this program in response to popular demand from students and parents who have called for a pathway to fulfilling jobs in education and science, and to school districts who report an increasing number of full-time job openings in STEM disciplines. Graduation from the Five-Year Master Plan empowers students with options to choose the career they find most fulfilling, whether that means becoming a science teacher, working as a chemist, or pursuing a PhD.

**How does it work?**

**ENROLL** in the Five-Year Master Plan and begin taking foundational science courses as a first-year student.

**MAINTAIN** a 3.0 GPA as you take embedded education courses and pursue your Bachelor of Arts (BA) degree in Geology.

**QUALIFY** for early admission to the graduate program during your junior year.

**EARN** your BA degree in four years, while taking education courses to prepare for your accelerated graduate program.

**COMPLETE** the MAT program, including all student teaching requirements in just one year

### Undergraduate Major Declaration

To participate in the BA/MAT program in Geology, interested undergraduates should:

1. Submit a Declaration of Major/Change of Major form indicating the BA/MAT program in Geology (major 51ES) to the office of Records and Registration (Wooster Hall, rm. 115).
2. Meet with Professor Millham to begin selecting courses. Maintain a GPA of 3.0 and take the Graduate Record Exam (GRE) general exam
in the spring of your sophomore year to fulfill admission requirements for the graduate program.

**Early Admission to Graduate Program**
During their junior year, students finalize their early admission to the Master of Arts in Teaching program:

- Log into my.newpaltz.edu and select "Apply Now!" under the "Graduate Studies" section.
- Select the fall term when you would like to begin your graduate coursework and major code (102E).
- Select "BA Geology/MAT Adolescence Ed: Earth Science Program" as the intended curriculum.

**NOTE:** this program only admits for the fall term.

**Upload Checklist Items**
To expedite a faculty review of an application, students may upload the following items:

- Admission Essay
- Student copies of transcripts* from every college/university attended
- Student copies of GRE scores*

* Full admission REQUIRES the submission of official transcripts and test scores.

**Check Your Application Status**

**Total Credits**: 121-122
**Five-Year BS in Electrical Engineering/MS in Electrical Engineering**

The 5-year BS in Electrical Engineering + MS in Electrical Engineering program provides students with a fast-track Master of Science degree in Electrical Engineering. This program is open to SUNY New Paltz juniors who are in good academic standing and interested in pursuing a Bachelor of Science in Electrical Engineering.

**Admission Requirements**

To qualify for the BS in Electrical Engineering + MS in Electrical Engineering program, students must have completed the first semester of their junior year in residence at SUNY New Paltz with an overall SUNY New Paltz GPA of at least 3.0.

To apply, students should:

- Complete the online graduate application via my.newpaltz.edu (major 269)
- Upload an internal New Paltz transcript (they are free for NP students in my.newpaltz.edu)
- Provide the contact information for one faculty reference
- $60 Graduate application fee

**Curriculum Requirements**

Accepted students are permitted to enroll in two 500-level graduate courses (six credits). These courses, in addition to satisfying students’ bachelor’s degree, will count toward their master’s degrees. The remaining 24 credits of the master’s requirement will be taken in the fifth year of study.

**Program Requirements**

Once admitted to the BS/MS program, students must maintain a 3.0 cumulative GPA in all courses through the senior year. In addition, students must earn a B or better in each of the two graduate courses that they take as undergraduates. Students not satisfying these requirements will be re-evaluated for continuation in the program.

**Five-Year BS in Computer Engineering/MS in Electrical Engineering**

The 5-year BS in Computer Engineering + MS in Electrical Engineering program provides students with a fast-track Master of Science degree in Electrical Engineering. This program is open to SUNY New Paltz juniors who are in good academic standing and interested in pursuing a Bachelor of Science in Electrical Engineering.

**Admission Requirements**

To qualify for the BS in Computer Engineering + MS in Electrical Engineering program, students must have completed the first semester of their junior year in residence at SUNY New Paltz with an overall SUNY New Paltz GPA of at least 3.0.

To apply, students should:

- Complete the online graduate application via my.newpaltz.edu (major 268)
- Upload an internal New Paltz transcript (they are free for NP students in my.newpaltz.edu)
- Provide the contact information for one faculty reference
- $60 Graduate application fee

**Curriculum Requirements**

Accepted students are permitted to enroll in two 500-level graduate courses (six credits). These courses, in addition to satisfying students’ bachelor’s degree, will count toward their master’s degrees. The remaining 24 credits of the master’s requirement will be taken in the fifth year of study.

**Program Requirements**

Once admitted to the BS/MS program, students must maintain a 3.0 cumulative GPA in all courses through the senior year. In addition, students must earn a B or better in each of the two graduate courses that
they take as undergraduates. Students not satisfying these requirements will be re-evaluated for continuation in the program.
The academic departments below only offer graduate classes. They do not offer full degree programs.

- Anthropology (https://www.newpaltz.edu/anthropology/)
- Art History (http://catalog.newpaltz.edu/graduate/fine-performing-arts/art-history/)
