Housed within the Department of Art, the Art Education program leads to a Bachelor of Science degree in Visual Arts Education. The program develops artist-teachers with a strong sense of artistic thinking and practice and an engagement with the diverse cultural contexts of young people, schools, and society.

In addition to core courses addressing pedagogy, historical, and contemporary issues in art education, and art making in a range of settings with diverse audiences, the Art Education program provides students with a rigorous concentration in studio art, courses in art history, art criticism, psychology, and the social and philosophical foundations of education in the United States. Students receive a minimum of 100 hours of fieldwork in art education settings prior to entering student teaching. Fieldwork settings include area schools and the [Saturday Arts Lab](#).

Upon successful completion of the Art Education program, including at least 60 liberal arts credits, students are eligible for New York State initial certification to teach visual arts in public schools at all grade levels. (For detailed information about teacher certification, visit the [Education Program & Certification Advisor](#) page on the School of Education website.)

A minimum grade point average of 2.75 is required for admission to the Art Studio program, which is a prerequisite for the Art Education program. A minimum grade point average of 3.0 is required for admission to Art Education, and students must earn a grade of B- or better in all Art Education (ARE) courses.

Notice to Persons Who Have Prior Felony Convictions

State University of New York (SUNY) policy prohibits SUNY New Paltz admission applications from inquiring into an applicant's prior criminal history. Students who have previously been convicted of a felony are advised that their prior criminal history may impede their ability to complete the requirements of certain academic programs and/or to meet the licensure requirements for certain professions, including the program in Visual Arts Education.

Individuals with prior criminal histories are advised to seek advice and guidance from the chair of the academic department regarding the impact of a criminal record on meeting the requirements of the major/professional licensure or certification prior to declaring the major.

Visual Arts Education (BS) Program Learning Outcomes

By the time they graduate, Art Education majors will be able to:

- Use knowledge of issues in contemporary art, design, teaching, and technology to develop meaningful art educational curricula and experiences for children, youth and families.
- Promote social inclusivity and critical thinking through practices that are culturally responsive, environmentally responsible, student-centered and standards-based in local and global contexts.

- Use appropriate information from diverse sources to support evidence-based teaching and assessment.
- Develop and articulate context-sensitive, self-reflective practice as researchers, artists, and teachers.
- Participate in a strong professional learning community with faculty, colleagues, mentors and students in meaningful and supportive relationships.
- Build professional networks to support the practice of lifelong learning.
